POLICE DEPARTMENT ORDERS.

General Order No. 1,458.

The following circular received from the Licensing Board for the City of Boston is published for the information of the department:

"LICENSING BOARD, CITY OF BOSTON,
24 PROVINCE STREET, BOSTON.

April 2, 1951.

Notice to Holders of All Licenses.

All persons holding a license issued by the Board are hereby warned that the sale or possession on licensed premises of any obscene or indecent newspaper, magazine, book, pamphlet, print or picture, is strictly forbidden by the Board, and may result in revocation of the license.

Notice to Holders of Lord's Day Licenses.

All persons holding licenses to keep open their places of business on the Lord's Day for the sale of fruit, ice cream, soda water, or confectionery, are hereby warned that such licenses do not authorize the sale of groceries, canned goods, provisions, or other merchandise. Violation of the provisions of chapter 136 of the General Laws relative to the observance of the Lord's Day may result in revocation of any such license.

MARY E. DRISCOLL,
WALTER R. MEINS,
TIMOTHY F. TOBIN,
Licensing Board for the
City of Boston."

Licensed places shall be inspected immediately and prosecutions made when it is found that the law is being violated.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,459.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer, effective at the close of business Monday, April 30, 1951.

In view of this operation of law, after April 30, 1951, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Charles H. Dolan, Traffic Division.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,460.

Patrolman Morgan F. O'Loughlin of Division 4 is commended and granted three days' extra vacation for meritorious police work performed on April 28, 1951.

In the early morning hours while checking doors on his route, Patrolman O'Loughlin detected a slight sound coming from the premises of a grocery company on Harrison avenue. Upon further observation, a man who had been crouched behind a counter fled to the rear of the store. The officer immediately ran to the nearest signal box and

requested assistance. He then returned to the store and made a check of possible exists. At this point he observed a man some distance away climbing over a wire fence and passing a cash box to a second man. Taking a circuitous route, the officer with drawn revolver came upon one of the men as he emerged from the rear of a building and placed him under arrest.

Subsequent investigation disclosed that an entrance had been effected by forcing a padlocked skylight on the roof. Two small canvas bags containing cash were recovered on the ground in the rear of the store, and within were found gloves, flashlight and tire irons which had been used to force open a safe.

It was also learned that the prisoner is awaiting arraignment on indictments for assault with intent to murder and assault and battery with a dangerous weapon, as well as breaking and entering and larceny in this city and several adjoining cities.

The commissioner is pleased to commend Patrolman O'Loughlin for his alertness and devotion to duty and the prompt and efficient measures he took to effect the arrest of this dangerous criminal.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN BROOKSIDE AVENUE, WARD 11, FROM GREEN STREET TO BOYLSTON STREET; CORDEN STREET, WARD 11, FROM WALNUT AVENUE TO WASHINGTON STREET; HAVERFORD STREET, WARD 11, FROM CORNWALL STREET TO GERMANIA STREET; HAWTHORNE STREET, WARD 11, FROM CEDAR STREET TO HIGHLAND STREET; KENSINGTON STREET, WARDS 11 AND 12, FROM KINGSBURY STREET TO ELMORE STREET, AND WEST WALNUT PARK, WARD 11, FROM COLUMBUS AVENUE TO AMORY STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Brookside avenue, Ward 11, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Brookside Avenue, Ward 11, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 16, 1951, with a certified check for TWENTY-EIGHT HUNDRED (2,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY AUDITOR CHARLES J. FOX SENDS TO PAYROLL CLERKS AND DEPARTMENT HEADS OUTLINE OF MANNER AND METHODS BY WHICH NEW ROLLS ARE TO BE PREPARED IN KEEPING WITH INSTRUCTIONS FROM MAYOR HYNES INAUGURATING SALARY INCREASES—SOME CHANGES IN METHODS OUTLINED TO FACILITATE WORK.

In keeping with the instructions issued by Mayor John B. Hynes in connection with the salary increases to be inaugurated on June 6, City Auditor Charles J. Fox has issued the following instructions to heads of departments and payroll clerks:

AUDITING DEPARTMENT.

BOSTON, May 4, 1951.

GENERAL SALARY INCREASES.

Skeleton preliminary rolls to be used in connection with the general salary increase announced in Mayor's Office Circular Letter No. 5 will be available for distribution on May 25 for rolls that

BOSTON MAKING EXTENSIVE PLANS TO SHARE IN CLEAN-UP, PAINT-UP CAMPAIGN—PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND SPEAKS AT CHAMBER OF COMMERCE GATHERING.

George G. Hyland, Commissioner of Public Works, announced at the meeting of the Boston Chamber of Commerce Clean-Up, Paint-Up, and Fix-Up Campaign Committee at the Hotel Statler that the City of Boston had purchased four new pieces of street-cleaning and flushing equipment, two of which would be ready for the campaign which begins May 21 and runs through May 31. He also announced that the city had purchased 100 new waste receptacles that would be placed throughout the city at strategic points during the campaign.

Among the city officials who spoke and pledged the full cooperation of their departments to the Chamber of Commerce annual Clean-Up, Paint-Up, and Fix-Up Campaign were: Dennis C. Haley, Superintendent of Schools; Dr. John H. Cauley, Health Commissioner; Frank R. Kelley, Park Commissioner; William Arthur Reilly, Traffic Commissioner; Herman Carp, Real Estate

SALARY INCREASES FOR CITY AND COUNTY EMPLOYEES PROMISED BY MAYOR JOHN B. HYNES GO INTO EFFECT ON JUNE 6 FOR THOSE ON WEEKLY BASIS AND JUNE 1 FOR THOSE PAID MONTHLY OR SEMIMONTHLY—MAYOR, IN CIRCULAR LETTER, ISSUES RULES AND INSTRUCTIONS TO HEADS OF CITY AND COUNTY DEPARTMENTS—RATE IS \$5 PER WEEK FOR THOSE ON WEEKLY PAYROLLS AND \$22 PER MONTH FOR THOSE PAID MONTHLY OR SEMIMONTHLY—SALARIES FIXED BY STATUTE OR ORDINANCE NOT INCLUDED.

Mayor John B. Hynes has issued the following circular letter setting forth the rules to govern the inauguration of the increase in pay he is granting the employees of the City of Boston. This increase has been established at \$5 per week or \$22 per month and will go into effect on June 6 for the employees on weekly payrolls and on June 1 for those on monthly or semimonthly roles. This increase will apply to all employees except those whose salaries are fixed by statute or ordinance. In announcing the date the increase becomes effective, Mayor Hynes has issued the following circular letter to heads of city and county departments:

CIRCULAR LETTER NO. 5.

Office of the Mayor,
City Hall, Boston.

April 30, 1951.

To Heads of City and County Departments.

GENTLEMEN:

You are hereby authorized to provide a \$5 per week increase for all permanent employees paid weekly and a \$22 per month increase for all employees paid monthly or semimonthly, exclusive of those whose compensation is fixed by statute or ordinance. Temporary employees with continuous service in excess of one year may also participate in the general increase. In order to simplify payroll procedure, this adjustment is to be effective June 6, 1951, for weekly paid employees, and June 1, 1951, for semimonthly and monthly paid employees.

Instructions concerning the procedure to be followed in the establishment of this increase will be found on the following pages.

Respectfully,

JOHN B. HYNES, Mayor.

INSTRUCTIONS FOR CITY DEPARTMENTS.

Forms to be used in listing this increase in compensation will be the regular Civil Service Form 62-A for all departments, except the Public Welfare Department, which will use Form 62. Secure these forms from the Budget Department. Each set will consist of six forms. The instructions contained on the reverse side of the forms may be followed in detail, with the exception that six forms (one original and five carbons) are to be returned to the Budget Department.

Employees' names should be listed in the same order as they appear on departmental payrolls. If a department has more than one payroll, start the listing with the payroll having the lowest code number and follow in numerical sequence with the remaining rolls. The code number of each payroll should be shown at the beginning of each list of names.

REPORT OF CASIMIR F. SHEA, DIRECTOR OF FINE ARTS, ON ATTENDANCE AT NATIONAL ARTS ASSOCIATION CONVENTION IN NEW YORK CITY, MARCH 28 TO 31, 1951.

The following is the report of Casimir F. Shea, Director of Fine Arts, on his attendance at the Convention of the National Arts Association:

Boston, April 23, 1951.

DR. DENNIS C. HALEY,

Superintendent of Public Schools.

DEAR DR. HALEY:

I wish to express appreciation for the opportunity granted me to attend the National Art Education Association Convention held in New York City March 28 to 31.

Four regional associations, the Eastern, Pacific, Southeastern, and Western, affiliates of the National Art Education Association, met for the first time as a national group.

Preconvention meetings for art directors of cities of over 200,000 population discussed problems of administration, art programs in elementary, junior high, and high schools, and aims and philosophy of art education to meet the needs of today. These discussions were informative and helpful to educators whose problems were the same, though the representatives came from all parts of the United States.

The theme of the convention was "This Is Art Education." The aim of the National Art Education Association is to make the essential and basic values of art education available to all American youth.

The convention exhibits were informative and inspiring and included the exhibit of the International School Art Program, in cooperation with the American Red Cross, and exhibit "Growth Through Art," used at the mid-Century White House Conference on Children and Youth, Columbia University, showed art work by children of the New York City elementary schools, also of the public schools of Hammond, Indiana, on the high school level. The Metropolitan Museum of Art showed ways in which museums aid in providing art materials for use in art appreciation courses in the schools.

A number of leaders in the field of education spoke at meetings. Among them were Earl J. McGrath, United States Commissioner of Education, who emphasized the intrinsic value of study in the fine arts and its place in education; Victor Lowenfeld, University of Pennsylvania; Lyman Bryson, Columbia University; Irvin Edman, Columbia University, and Manuel Barkhan, Ohio State University, discussed art education from many varied and interesting points of view. Group discussions for art teachers representing all classroom levels were popular, under the leadership of persons who had keen understanding of the problems under discussion.

The National Art Education Association 1951 Convention was a success, both as to large attendance and outstanding high quality of the program offered.

Sincerely yours,

CASIMIR F. SHEA,
Director.

EXTENSIVE PLANS BEING MADE FOR CLEAN-UP CAMPAIGN.

(Continued from page 473.)

Commissioner; George P. Donovan, Superintendent of Public Buildings; John V. Stapleton, Fire Chief, and Captain Andrew Markard, Dean of the Police Academy. Others who spoke were: Harry J. Blake, President of the Boston Chamber of Commerce; J. Ralph Stout, Campaign Chairman; Herbert Clapp, President, Boston Retail Trade Board; E. J. Kittle, President, New England Paint, Varnish, and Lacquer Association. James H. Walsh, Managing Director of the Boston Chamber of Commerce, presided.

Commissioner Hyland, in describing the new cleaning and flushing equipment, stated that each piece of equipment will carry 2,000 gallons of water, sufficient to clean a mile of streets with each load. He said that all of the new equipment would be here by June.

One of the big impediments to cleaning the streets these days, he said, is the 24-hour parking that exists in some of the congested areas of the city. He said that because of this condition it is difficult to keep the streets clean in those areas. He is now using 600 men daily, including 100 men with pushcarts, in his efforts to keep the streets of Boston clean. More than 200 tons of litter are removed from the 710 miles of Boston streets daily.

The Commissioner lauded the Chamber of Commerce for its initiative and civic enterprise in launching the annual Clean-Up, Paint-Up, and Fix-Up Campaign. He said that it was most encouraging to him in his work and pledged the complete co-operation of his department in making the campaign a success.

Harry J. Blake, President of the Chamber of Commerce, praised Mayor Hynes and his department heads for their efficiency and achievement in making Boston one of the cleanest and healthiest communities in the world.

CITY AUDITOR OUTLINES MANNER AND METHODS TO BE FOLLOWED ON PAYROLLS.

(Continued from page 473.)

are paid on Wednesday and Thursday, and on May 29 for all other rolls. On these skeleton rolls, the following columns will be blank: "Salary, Wages or Other Compensation," "Amount," "Boston Retirement Board," "State-Boston Retirement System," "Withholding Tax Amount," and "Total Net Amount."

Blue Cross deductions will be shown on the skeleton rolls in order to establish a new Blue Cross net amount figure. Clerks are requested to subtract the amount shown in the "Blue Cross" column from the amount in the "Total Net Amount" column and enter the difference in the "Remarks" column. This latter figure will be used to set up new master cards in the Payroll Division but it will not affect in any way the amounts to be paid as of June 13.

On payrolls where deductions are being made for "Union Dues" the following special instructions should be observed. Enter the amount of the deduction above the Blue Cross figure, if any. Make certain that the amount of the dues is deducted in determining the figure ap-

pearing in "Total Net Amount" column. If employee is a member of Blue Cross, the amount to be entered in the "Remarks" column should be the figure regularly appearing in the "Total Net Amount" column plus the union dues deduction less the Blue Cross deduction. If the employee is not a member of Blue Cross, then there should be entered in the "Remarks" column the regular "Total Net Amount" plus the union dues deduction.

Permanent changes appearing on the rolls for the week ending June 5 will not be reflected on the skeleton rolls for the week ending June 12 and will, therefore, have to be listed again on this latter roll.

Under no circumstances should any temporary payroll changes be listed on the rolls for the week ending June 12, and permanent changes should be kept at the lowest possible minimum. Because of the work involved in the preparation of these rolls, any changes other than those involved in the general increase will complicate the task of the Central Payroll Division and may interfere with the prompt payment of the rolls.

Preliminary rolls should be returned in accordance with the following schedule:

1. Rolls payable on Wednesday, June 13, to be returned to Room 60 not later than June 7.
2. Rolls payable on Thursday, June 14, to be returned not later than June 8.
3. Rolls payable on Friday, June 15, to be returned not later than June 11.
4. All other rolls to be returned not later than June 12.

It is important that you conform to the dates set forth above, in order that the payrolls be paid according to schedule.

VACATION ADVANCES.

Because of the general increase, vacation advances will be suspended during the period the rolls providing for this increase are being prepared. The last weekly payroll on which a vacation advance of two weeks will be allowed is the payroll for the week ending May 22, 1951. A vacation advance for one week may be placed on the payroll for the week ending May 29, 1951. No further advances will be allowed until the payroll for the week ending June 19, 1951.

CHARLES J. FOX,
*City Auditor and Auditor
of the County of Suffolk.*

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., have been directed to perform the following extra work under the contract for sheet asphalt pavement in Beechcroft street, Brock street, and Turner street, dated November 16, 1949.

In Beechcroft street, after completion of sidewalk subgrade, construct three driveways at \$50 per driveway.

In Brock street (1) remove and dispose of a 36-inch stump found in sidewalk, including labor, material, and equipment, for the lump sum of \$75; (2) after completion of sidewalk subgrade, construct new driveway, including the removal and cutting of the existing edgestone, the setting of new corners, and the excavation and regrading of driveway, for the lump sum of \$50.

In Turner street, after completion of sidewalk subgrade, construct one driveway for the lump sum of \$50.

Estimated cost of extra work, \$325.

SALARY INCREASES FOR CITY AND COUNTY EMPLOYEES IN EFFECT JUNE 6.

(Continued from page 473.)

The use of these civil service forms will obviate the necessity of repeating the procedure to secure Mayor's approval. This will necessitate an original signature of each department head on the original form and the first carbon copy. *This is important.* In the event that more than one form is necessary, all forms but the last may be cut off directly above the approval data, on the double line, and each form may be numbered consecutively in the upper right-hand corner. When the forms have been completed, assemble them into sets and send them (six complete sets) to the Budget Department.

CHANGE IN COMPENSATION LISTING.

In connection with the general salary increase, it has been decided to eliminate the listing on payrolls of all annual salaries and to show in the "Salary, Wages or Other Compensation" column the same figure as now appears in the "Amount" column. This change is being made, first, to have available a column which may at a later date be used for additional payroll deductions, and, second, to eliminate the necessity in 1952 and subsequent leap years of using a special rate table in computing the compensation of annual salaried employees who are paid weekly.

The proposed change will be effected in the following manner. For annual salaried employees, enter on Civil Service Form 62-A in the column numbered "1" the present annual rate of compensation. In the next column numbered "2" enter (a) for weekly paid employees an amount equal to the present weekly payment increased by \$5; (b) for semimonthly paid employees an amount equal to the present semimonthly payment increased by \$11; (c) for monthly paid employees an amount equal to the present monthly payment increased by \$22. For example:

NAME	TITLE	PERMANENT BASIC SALARY RATE		EFF. DATE OF INCR.
		PRIOR TO PRESENT INCREASE	INCLUDING PRESENT INCREASE	
		1	2	
(a) Jane Doe	Clerk	\$1800	\$39.52	6-6-51
(b) John Worker	Bookkeeper	\$1800	\$86.00	6-1-51
(c) John Doe	Machine Op.	\$1800	\$172.00	6-1-51

SLIDING SCALE INCREASES.

All increases of this character, which for weekly paid employees are effective subsequent to June 5 and for monthly or semimonthly paid employees are effective subsequent to May 31, should be entered on Form 62-A. This means that the name of an employee who is entitled to receive a sliding scale increase subsequent to the effective date of the general increase will appear twice on the civil service form. The sliding scale increase should appear immediately following the general increase. For all eligible employees the

amount appearing in column "1" on the second line should be the same amount appearing in column "2" on the preceding line. In column "2" on this second line enter (a) for weekly paid employees an amount \$1.92 in excess of the amount appearing in column "1" on the second line; (b) for semimonthly paid employees an amount \$4.17 in excess of the amount appearing in column "1" on the second line; (c) for monthly paid employees an amount \$8.33 in excess of the amount appearing in column "1" on the second line. For example:

NAME	TITLE	1	2	3
Jane Doe	Clerk	\$1800	\$39.52	6-6-51
(a) Jane Doe	Clerk	\$39.52	\$41.44	8-13-51
John Worker	Bookkeeper	\$1800	\$86.00	6-1-51
(b) John Worker	Bookkeeper	\$86.00	\$90.17	9-15-51
John Doe	Machine Op.	\$1800	\$172.00	6-1-51
(c) John Doe	Machine Op.	\$172.00	\$180.33	10-7-51

INSTRUCTIONS FOR COUNTY DEPARTMENTS.

The preceding authorization of the Mayor as applied to county employees includes only those employees whose salaries are fixed in accordance with the Compensation and Classification Plans for the Officers and Employees of Suffolk

County. Because the county employees do not come under civil service, it is requested that each county official prepare a letter addressed to the Mayor (original and four carbons), and forward this letter to the Budget Department. Following is a sample of the required letter:

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

In accordance with the salary adjustment authorized in your Circular Letter No. 5, dated April 30, 1951, I recommend for your approval the increases in salaries for the following employees of this department:

NAME	TITLE	PRESENT SALARY	PROPOSED SALARY	EFFECTIVE DATE
------	-------	----------------	-----------------	----------------

Very truly yours,

(Signature)

Title

The instructions appearing in the previous sections concerning the listing of names, compensation changes, and sliding scale increases effective subsequent to the dates of the general increase should be observed in preparing county letters.

Puritan Compressed Gas Corporation. —See Form 497 attached hereto (to proposal) and made a part of the proposal,

in regard to cylinder values and cylinder loan terms.

S. S. White Dental Manufacturing Company.—Prices are for contents only of cylinders or tanks. Tanks are loaned and must be returned to the contractor within a reasonable time and not exceeding one year from date of shipment. Lost tanks will be charged at the following prices: D size, \$9 each; E size, \$10.50 each; G size, \$31.50 each.

Linde Air Products Company.—In reference to Items 1, 2, and 12, no extra charge will be made for the return of empty cylinders when delivered to the seller's truck at the time deliveries of full cylinders are made. The buyer shall return each cylinder when empty to the distributing station of the seller from which the same was shipped, and not later than 90 days after its delivery to the buyer, provided, that if any loaned cylinder (except oxygen cylinders, used for oxygen therapy purposes) is not returned within 30 days from date of shipment, the seller reserves the right to make a demurrage charge of 3 cents per cylinder per day for all time over 30 days that such cylinder is out of seller's possession, which demurrage charge the buyer agrees to pay on demand. Demurrage shall be calculated on a quantity basis without regard to individual cylinders, and separately for each receiving point. The buyer shall pay promptly on demand to the seller at the seller's then established valuations and rates for loss of or damage to any of said cylinders or fittings resulting from any cause, after delivery thereof to the buyer and until returned to the seller.

Upon varying dates as indicated the Mayor approved contracts with business firms, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, April 27, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with public advertising and to award a contract to James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services in connection with repairs and renewals to coils, valves and controls, ice making plant in basement of Kitchen Building, Boston City Hospital, at a cost not to exceed the sum of \$10,000, the architect to be paid a fee equal to 10 per cent of the actual cost of the work subject to the provisions of the contract for said services.

Because of the technical nature of the services required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M. D.,
President.

PARK DEPARTMENT.

BOSTON, May 2, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

For many years it has been the custom of the Park Department to plow a section of the Cummings Estate, Woburn, for vegetable gardens to be planted and cared for by school children of Boston. The Cummings property is under the care and custody of this department. Each year children from various sections of the city are taken out to the Cummings Estate at certain times during the summer season to plant and tend their gardens. The children and the gardens are under the supervision of Henry C. Wendler of the Boston School Department.

For the past two years the cost of transporting the children—by bus for children in some sections of the city and by railroad for those living in the vicinity of the North Station—was paid by the Park Department from the Randidge Trust Fund Income. The buses were hired from the Metropolitan Transit Authority on a service order from the Park Department and were paid directly through the Park Department. Railroad fares were paid by the School Department under their own order numbers. Later, the Park Department reimbursed the School Department from the Randidge Trust Fund Income for this expenditure, upon presentation of paid vouchers. This arrangement had the approval of the City Auditor.

The School Department has requested us to make the same arrangements this year. This garden program is a very worth-while endeavor and one which pro-

vides great enjoyment for the underprivileged children of the city.

We therefore request your approval of our request to provide transportation by bus and railroad to the Cummings Estate in Woburn during the summer season of 1951 and to pay the cost of same as explained above. The total cost is not to exceed \$1,500 and is to be paid from the Randidge Trust Fund Income.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, April 27, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Public Buildings Department has submitted a requisition for two (2) Meteor Pontiac ambulances. The Meteor Sales of New England submitted an informal quotation for these ambulances as per specifications.

Within recent months, the above company was awarded a contract for furnishing similar ambulances to the Boston City Hospital because they had submitted the lowest price on a publicly advertised bid.

Owing to this fact, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Meteor Sales of New England, 77 Summer street, Lynn, Mass., on the basis of the prices submitted in the quotation. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$10,425, less trade-in allowance on 1941 ambulance, as is, \$200, making total delivered price \$10,225, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 30, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On March 19, 1951, bids on proposals for furnishing Class "A" castings to the Public Works Department were to be publicly opened and read in this office. However, no bids were received.

Permission is therefore requested to dispense with further publicly advertising for prices and award a contract, without public advertisement, to Warren Pipe Company of Massachusetts for furnishing 235,920 pounds of "A" castings to the Public Works Department at a total amount of \$31,240.02, net. This company has been a supplier to the City of Boston for the past several years and therefore it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, April 30, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted several requisitions to this office for parts for Worthington Gamon Meters.

Authority is requested to dispense with publicly advertising for prices and award

a contract, without public advertisement, to Worthington Gamon Company, manufacturer of the parts requested. Owing to the fact that this company manufactures the meter parts, it is my opinion that no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$11,824.65, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 1, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for one (1) new 1951, Model 98, four-door Oldsmobile sedan, maroon color, to be delivered as soon as possible.

The Brodigan Motors, Inc., who submitted an informal quotation on the type of car requested, has one available for immediate delivery. Inasmuch as prompt delivery is absolutely necessary, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Brodigan Motors, Inc.

Total amount of contract will be:

List price, \$3,130.40; less taxes, \$131; net total delivered price, \$2,999.40.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 2, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for the following:

Two only 17-cubic foot R I L "Frigidaire" refrigerators and two only ice containers for above.

Inasmuch as Commercial Refrigeration Company is the exclusive agent for "Frigidaire" equipment in this area and can offer quick and efficient service at all times, authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to this company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,082, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

ADDITION TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition in the contract of M. S. Kelliher Company, dated December 30, 1949, for the erection of a new headquarters and maintenance garage building on Southampton street:

Addition No. 19.

Furnish labor and material for making up aluminum letters to read "Lighting Plant No. 2"; also, aluminum panel for attachment of letters, to be placed over door of fire station on Massachusetts Avenue side of building, \$420.

Original contract, \$1,684,932; additions, Nos. 1-19, inclusive, \$57,799.34; total contract with additions, \$1,742,731.34; deductions, Nos. 1-8, inclusive, \$40,105; total contract with additions and deductions, \$1,702,626.34.

PROCEEDINGS OF CITY COUNCIL.

Monday, April 30, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Hannan.

Rabbi Hyman J. Routtenberg of Congregation Agudath Israel, Dorchester, was escorted to the rostrum.

INVOCATION BY RABBI HYMAN J. ROUTTENBERG.

O Sovereign Ruler of the universe in Whose hands rests the destiny of men, look down from Thy holy habitation on our beloved country and in Thy mercy guide it and preserve it in safety and happiness. Vouchsafe for it all manner of good. Give it of Thy bounty the dew of heaven and of the fullness of the earth. Give us the purpose to dwell in harmony and in peace with one another and to keep one another's well-being for the good of their common land. Make our country ever loyal to those sublime principals of liberty of thought, of conscience of action, with which it so bravely began its career as a nation.

We beseech Thee, O Lord our God, despite the darkness of our earth, to illuminate our souls with Thy light and Thy truth. Kindle our hearts with a spark of Thy divine love so that we may fulfill Thy sacred will to bring about our salvation by sympathy, good will, and peace among all the nations of the earth.

Bestow Thy blessings upon the members of the City Council of our beloved City of Boston, upon its Mayor, and all its constituted authorities. Be with them. Direct and guide them in their counsels and undertakings. Grant them the gift of unbending rectitude and wise-hearted statesmanship, that they advance the welfare of our metropolis and always uphold her honor, safeguarding the well-being and happiness of our citizenry. Instruct them in Thy law that they may administer the affairs of our municipality in justice and in equity, so that peace, security, happiness, and prosperity may forever abide in our midst. Amen.

The salute to the Flag was given by the members.

Severally referred to the Committee on Confirmations.

ASSIGNMENT OF NUMBERS TO CANDIDATES ON ELECTION BALLOT.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Election Commissioner relative to your order of March 19, 1951, requesting the assignment of numbers on the forthcoming ballot in the Fall election to the various candidates, so that each candidate will have a number beside his name, signifying his position on the ballot.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Election Department, April 25, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
Council order passed March 19, 1951, and reading as follows has been received:
"Ordered, That his Honor the Mayor direct the Board of Election Commissioners to assign numbers on the forthcoming ballot in the Fall election to the various candidates so that each candidate will have a number beside his name signifying his position on the ballot."

This is to advise you that on Wednesday, April 18, 1951, I appeared at the State House before the Committee on Cities and made this recommendation. This meeting was being held to hear Senate Bill No. 610 which is an act to amend, revise, and clarify certain sections of the act which provides the Plan A form of government in the City of Boston. I felt that this was the opportune time to make such recommendation.

Very truly yours,
Board of Election Commissioners,
JOSEPH RUSSO, Chairman.

SPEEDY CONSTRUCTION OF NEW PLAYGROUND, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Park Department relative to your order of April 23, 1951, requesting that immediate steps be taken to lay out and construct the new playground on Veterans of Foreign Wars Parkway, bounded by Bruce street and Russett road, Ward 20.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 27, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office, with attached enclosure, City Council order dated April 23, requesting that immediate steps be taken to lay out and construct the new playground on Veterans of Foreign Wars Parkway, bounded by Bruce street and Russett Road, Ward 20.

As of the present moment all of the property at this location is not as yet in the custody of the Park Department. Some of the area is coming through the John Hancock Insurance Company, and other parts are owned privately. We have no money within our budget at the present time for the development of such a large area.

We have it under consideration for future development, and if and when the funds are appropriated and we have acquired full title to the property, we will be glad to consider the development of it as a playground.

Very truly yours,
FRANK R. KELLEY, Chairman.

NAMING OF PLAYGROUND IN HONOR OF HENRY GILLEN.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Park Department relative to your order of April 23, 1951, requesting the naming of the new playground on Veterans of Foreign Wars Parkway, bounded by Bruce street and Russett road, Ward 20, in honor of the late Henry Gillen, a veteran of World War I, in recognition of his many years of activity in bringing happiness and pleasure into the lives of thousands of children throughout our city and state.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, April 27, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
I am in receipt of a memo from your office with attached enclosure, City Council order dated April 23, requesting the naming of the new playground on Veterans of Foreign Wars Parkway, bounded by Bruce street and Russett road, Ward 20, in honor of the late Henry Gillen, a veteran of World War I, in recognition of his many years of activity in bringing happiness and pleasure into the lives of thousands of children throughout our city and state.

We will be pleased here in the Park Department to give this request every consideration, but until such time as we have full title to all of the property, and it has been developed in a satisfactory manner, it would not be proper to name the area.

However, we have taken due recognition of the order of Councilor Bryan, and we will record it on the records of the Park Commission that the first request for the naming of this area is for the late Henry Gillen.

You may be sure that this request will receive every consideration.

Very truly yours,
FRANK R. KELLEY, Chairman.

To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of April 9, 1951, requesting that the matter be looked into of constructing an underpass connecting Hyde Park avenue with Washington street, Roslindale, in the vicinity of Claxton street, for the convenience of the parishioners of churches in the district.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 26, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 9, 1951:

"Ordered, that the Commissioner of Public Works be requested, through his Honor the Mayor, to look into the matter of constructing an underpass connecting Hyde Park avenue with Washington street, Roslindale, in the vicinity of Claxton street, for the convenience of the parishioners of churches in the district."

I have had a conference concerning the above-referenced matter with Councilor McCormack and representatives of interested groups in the Forest Hills area. Arrangements have been made with the Boston Planning Board to have said Board and this department undertake a joint study of the feasibility and practicability of providing for the construction of the above-referenced underpass which will serve pedestrians only, as it is a physical impossibility to provide for a vehicular underpass in the above-referenced area.

It is our intention to keep Councilor McCormack informed of the progress of the above-referenced study, which we hope will be completed within the next five or six weeks.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 16, 1951, requesting a conference with a view to alleviating the restrictions on night street parking in suburban areas, due to the fact that there are no garage facilities for these cars.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 23, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated April 16, 1951, Requesting That a Conference Be Held Between the Mayor and the Traffic Commissioner with a View to Alleviating the Restrictions on Night Street Parking in Suburban Areas, Due to the Fact That There Are No Garage Facilities for These Cars.

Dear Sir:
With reference to the above Council order I wish to report that I have discussed this subject with the Fire Commissioner and his Chief of Department and Deputy Chiefs.

This matter has been discussed at several meetings of this Commission, and no conclusion has been reached up to the present time.

An opinion has been requested from the Corporation Counsel to determine whether, in his opinion, it would be legal for us to make such rules and regulations as might be necessary to permit all-night parking on certain streets. We are awaiting this opinion before taking any action.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

TRAFFIC LIGHTS AT WASHINGTON STREET AND GROVE HALL.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 16, 1951, requesting the immediate study of the advisability of placing traffic lights at Washington street and Grove Hall.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 23, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated April 16, 1951, Requesting That a Study Be Made of the Advisability of Placing Traffic Lights at Washington Street and Grove Hall.

Dear Sir:
With reference to the above Council order I wish to report that a survey was made of this area and our engineers report that, because of the layout of the Grove Hall traffic pattern, traffic lights could not be effectively operated at this location.

An additional island was constructed at Grove Hall for the primary purpose of affording a safety point for pedestrians.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

TRAFFIC LIGHTS AT HUNTINGTON AND LONGWOOD AVENUES.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 16, 1951, requesting the erection of traffic lights at the intersection of Huntington and Longwood avenues, Ward 10.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 23, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order Dated April 16, 1951, Requesting the Installation of Traffic Lights at the Intersection of Huntington and Longwood Avenues, Ward 10.

Dear Sir:
The intersection of Huntington and Longwood avenues is on a list of locations to be considered for the installation of traffic signals as soon as money is made available for this purpose.

All of the funds now on hand have been committed to previously approved areas.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

RELIEF OF TRAFFIC CONGESTION AT ANDREW SQUARE.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 23, 1951, requesting that immediate steps be taken to relieve temporarily the traffic congestion at Andrew Square, until such time as the State Department of Public Works can start work on its overpass or underpass at this location.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 27, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Re: Council Order of April 23, 1951, Requesting that Immediate Steps Be Taken to Relieve Temporarily the Traffic Congestion at Andrew Square, Until Such Time As the State Department of Public Works Can Start Work On Its Overpass or Underpass at This Location.

Dear Sir:
The Traffic Commission has already sent to the Street Commission a proposal for the removal of the island at Andrew Square as a temporary relief to congestion until such time as a major improvement is obtained.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

TRAFFIC LIGHTS AT PARK AND WASHINGTON STREETS, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 23, 1951, requesting that traffic lights be put on the corner of Park street and Washington street, Dorchester, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
April 27, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Dear Sir:
In response to Council order of April 23, 1951, requesting that traffic lights be put on the corner of Park street and Washington street, in Dorchester, this matter has been under consideration for a considerable period of time, the original request being from City Councilor Farin.

A reply has been submitted to the Council under date of April 25, the same date as the Council order, reporting that after long consideration and study the installation of traffic lights at Park and Washington streets is not warranted at this time.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

EXCHANGE OF LANDS BETWEEN CITY AND GIUSEPPA SEMINARA.

The following was received:

City of Boston,
Office of the Mayor, April 23, 1951.
To the Honorable City Council.
Gentlemen:

I enclose correspondence received from Lee M. Friedman, Vice President of the Trustees of the Public Library of the City of Boston, relative to an exchange of lands between the City of Boston and Giuseppa Seminara at Delmont street, Dorchester, site of the newly established branch library in that district.

I enclose a form of order for adoption by your Honorable Body and recommend its early passage.
Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Library Department, March 27, 1951.
The Honorable Mayor and City Council of the City of Boston.

Gentlemen:
At a meeting of the Trustees of the Public Library of the City of Boston held March 16, 1951, it was voted that a certain parcel of land shown as Parcel B and more fully described in said vote, a copy of which vote is hereto attached, held by the City of Boston for library purposes, is no longer required for any public purpose, and it was further voted at said meeting that the Mayor

and the City Council of the City of Boston be notified that said parcel of land be exchanged for another parcel of land adjoining said Parcel B and shown as Parcel A. The parcel proposed to be exchanged contains 105 square feet of land, and the parcel proposed to be acquired contains 146 square feet of land.

The Trustees of the Public Library believe the exchange to be in the interest of the City of Boston because the city will be acquiring land with a frontage on Delmont street in exchange for a smaller parcel of land with no frontage on any public way. It is therefore respectfully requested that the proper steps be taken to accomplish the proposed exchange of lands.

Respectfully,
THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON.
by LEE M. FRIEDMAN, Vice President.

Board of Trustees,

March 16, 1951.

Voted, That a certain parcel of land, containing 105 square feet shown as Parcel B on a plan marked "City of Boston, Adams street, Delmont street, Oakton avenue, Dorchester, December 17, 1950, James W. Haley, Chief Engineer, Street Laying-Out Department," is no longer required for any public purpose; and

Voted, That said Parcel B, hereinafter referred to, be conveyed to Giuseppa Seminara upon delivery by said Giuseppa Seminara of a deed to the City of Boston of 146 square feet of land shown as Parcel A on the plan hereinafter referred to; and it is further

Voted, That the President or the Vice President be, and he hereby is, authorized to notify the Mayor and Council of the City of Boston of the contents of this vote.

A true copy.
Attest: MILTON E. LORD,
Clerk pro tem.

City Council.

Whereas, The City of Boston is the owner in fee of a certain parcel of land hereinafter described; and

Whereas, Giuseppa Seminara is the owner in fee of a certain parcel of land hereinafter described; and

Whereas, It is deemed to be to the mutual interest and advantage of the City of Boston and the said Giuseppa Seminara to transfer to each other the said parcels of land hereinafter described; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver an instrument in writing, satisfactory in form to the Corporation Counsel of the City of Boston, whereby all of the City of Boston's right, title, and interest in and to a certain parcel of land hereinafter described and shown as Parcel B on a plan hereinafter referred to, to Giuseppa Seminara in consideration of said Giuseppa Seminara's transferring all of Giuseppa Seminara's right, title, and interest in and to a certain parcel of land hereinafter described and designated as Parcel A on a plan hereinafter referred to.

Parcel A.—A certain parcel of land situated on the northerly side of Delmont street, Dorchester, bounded and described as follows:

Southerly by Delmont street, five and 66-100 (5.66) feet; westerly by land of the City of Boston, fifty-one and 87-100 (51.87) feet; and easterly by land of Giuseppa Seminara, fifty-one and 40-100 (51.40) feet; containing 146 square feet of land, more or less.

Parcel B.—A certain parcel of land containing approximately 105 square feet, bounded and described as follows:

Westerly by land of the City of Boston, sixty and 69-100 (60.69) feet; northeasterly by land of Giuseppa Seminara, twenty-nine and 23-100 (29.23) feet; and southeasterly by land of Giuseppa Seminara, thirty-one and 86-100 (31.86) feet.

The above-described parcels of land are shown as Parcel A and Parcel B on a plan marked "City of Boston, Adams street, Delmont street, Oakton avenue, Dorchester, December 17, 1950, James W. Haley, Chief Engineer, Street Laying-Out Department."

Referred to the Committee on Public Lands.

APPROPRIATION FOR AUTOMATIC TRAFFIC CONTROL SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I am in receipt of a request from the Traffic Commissioner that additional funds in the amount of \$100,000 be made available for the installation of traffic signal lights at approximately 30 locations in the city. I am advised by the City Auditor that there is available in the "Sales of City Property" account a sufficient balance which may be utilized for the purpose requested by the Traffic Commissioner.

I submit herewith an order providing for the appropriation of \$100,000, to permit further extension of traffic control signal lights, and respectfully recommend adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

April 25, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With the installation of traffic lights during the coming months, we shall use up the available appropriation designated by you for this purpose.

Realizing that the problem of answering the demands and needs for traffic lights in the City of Boston is only half-met, I respectfully request that you give consideration to the appropriating of the sum of \$100,000 so that plans and contracts can be established to provide traffic signals at approximately 30 locations in the City of Boston.

Although it is unlikely that these 30 signals can be installed and placed in operation by December 31, 1951, present conditions seem to indicate that in order to meet the need which exists we should start the necessary work as soon as possible.

Making allowances for the time required to make the plans and specifications, receive estimates of costs, receive necessary cable and supplies, award and execute contracts, it may be seen that an appropriation at this time would prove effective by making possible in 1951 the installation of a large number of necessary traffic signals.

If favorable circumstances permit, it might be possible that these installations could be completed this year, but that fact depends entirely upon how soon we are able to go forward under a new appropriation.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of one hundred thousand dollars (\$100,000) be, and the same hereby is, appropriated from the special account, "Sales of City Property," to be expended under the direction of the Traffic Commissioner as follows:

Automatic traffic control signals in various sections of the city..... \$100,000

Referred to the Executive Committee.

EXTENSION OF SEWER AND SURFACE DRAINS.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1951.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Commissioner of Public Works concerning a sanitary sewer and surface water drain in Boston and in Brookline. The communication explains in detail the agreement which must be signed between the City of Boston and the Town of Brookline concerning this sewer and drain.

I therefore forward to your Honorable Body an order authorizing the execution of an agreement between the City of Boston and the Town of Brookline, and I respectfully recommend adoption of the order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
April 30, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At the present time the City of Boston has, in the rear of the southeasterly side of Beacon street, at Cleveland Circle, Brighton, a sanitary sewer and surface water drain extending from the Boston-Brookline line to Prendergast avenue. The Prendergast avenue end of that sewer and drain is but a short distance from the Walter F. Cassidy Playground. The existing drain in the playground is merely an old brook, covered over some years ago with stone slabs. The channel of the brook has often proved of insufficient size to provide proper drainage for the area, with the result that periodic flooding has been experienced. To the south of the playground lies Eliot street, Brookline. Brookline officials have recently come to recognize that the sewers and drains in Eliot street are inadequate to care for the sewage and drainage of the Eliot street section of Brookline.

Conferences between Brookline and Boston officials with respect to the problem have made it clear that it would be to the mutual advantage of Boston and Brookline if said sanitary sewer and surface water drain were extended from Prendergast avenue, Boston, to a point on the Boston-Brookline line, near Eliot street, Brookline. Transmitted herewith is a copy of a plan prepared under date of April 11, 1951, by Walter A. Devine, Brookline town engineer, showing the location of the proposed extension more specifically. Boston will acquire the necessary rights and easements in and for the entire extension and construct the section thereof shown on the plan as Section C-D. Brookline will construct the other sections, i.e., Section B-C and Section D-E—such Sections B-C and D-E to become, upon construction, the property of the City of Boston, with the understanding that Brookline may discharge sewage and drainage

into the existing sewer and drain and all sections of the extension thereof. It is estimated that the total cost of the entire extension will exceed \$250,000, of which, it is expected, the City of Boston will have to pay approximately \$50,000 for the necessary rights and easements and the construction of Section C-D. Inasmuch as the extension will enable the abandonment of the old covered brook channel and the elimination of all of its disadvantages, it is readily apparent that from Boston's point of view the project is most expedient.

I have been advised by the Corporation Counsel that the transaction between the City of Boston and the Town of Brookline should be embodied in an agreement authorized by the City Council. I therefore respectfully recommend to your Honor that the enclosed order enabling such an agreement be transmitted to the Council for adoption.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Commissioner of Public Works, with the approval of his Honor the Mayor, be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver an agreement between the City of Boston and the Town of Brookline, providing substantially as follows:

Whereas, The proper officers of the City of Boston and the Town of Brookline have determined that an extension of a certain existing sanitary sewer and surface water drain from its present termination at or near Prendergast avenue, Boston, to the line between Boston and Brookline, near Eliot street, Brookline, substantially as shown on the Town of Brookline plan annexed hereto entitled, "Plan to Accompany an Agreement Between the City of Boston and the Town of Brookline, Showing Right of Way for Drainage Purposes (Scale: 1 inch=50 feet), April 11, 1951, Walter A. Devine, Town Engineer," would be of benefit both to the City of Boston and the Town of Brookline; and

Whereas, The City of Boston, at its own expense, is about to acquire the necessary rights and easements in land for such extension and to construct and maintain the section thereof shown on said plan as Section C-D;

Now, Therefore, In consideration of the right herein granted by the City of Boston, the Town of Brookline does hereby covenant for itself, its successors and assigns; that at its own expense and without cost to the City of Boston, the Town of Brookline will design, construct, and forever maintain, all to the satisfaction of the Commissioner of Public Works of the City of Boston or whatever board or officer may for the time being have charge of sanitary sewers and surface water drains of the City of Boston, the sections of said extension shown on said plan as Section B-C and Section D-E—such sections B-C and D-E, upon construction, to become and be the property of the City of Boston; and

In consideration of the covenant herein made by the Town of Brookline, the City of Boston does hereby grant to the Town of Brookline a perpetual right, to be exercised in common with said City of Boston, to discharge sewage into the aforesaid existing sanitary sewer and all sections of the aforesaid extension thereof, and to discharge surface water into the aforesaid existing surface water drain and all sections of the aforesaid extension thereof.

Referred to the Executive Committee.

RENT INCREASES IN LOW-COST HOUSING PROJECTS.

Coun. ANSEL offered the following:

Resolved, That the Boston City Council, in meeting assembled, protests the unwarranted and unjustifiable increases in the low-cost housing projects which, according to an order of the Boston Housing Authority, affective increases will take place June 1. These increases will provide undue hardship to the tenants now living in the low-cost units, and that a protest is hereby lodged by the members of the Boston City Council to the public housing authorities in Washington, with a request that increases be held up until a complete study is made and until a public hearing as to the advisability of these increases be officially held by the authorities, and that a copy of this protest be sent to officials of the public housing authority in Washington, D. C., to members of the Boston Housing Authority, and to members of the New England delegation to Congress for such action as they may deem appropriate.

The resolution was adopted under suspension of the rules. On motion of Councilor Cook, the foregoing vote was reconsidered. On further motion of Councilor Cook, the resolution was referred to the Executive Committee.

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of eighteen hundred and twelve dollars be allowed and paid to Mary A. Kelley, widow of William A. Kelley, a member of the Fire Department who died on October 16, 1950, on account of injuries received in the performance of his duty, said annuity being made up of allowances as follows:

For the widow, Mary A. Kelley, so long as she remains unmarried, \$1,500 a year.

For the following-named child during such time as he is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$312 a year: James M. Kelley, born September 2, 1936,

provided, however, that if the widow remarries, the annuity for said child shall be \$520 during the remainder of the time aforesaid, the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The report was accepted, and the order was passed.

LEASE OF LOUIS PRANG SCHOOL.

Coun. SULLIVAN and F. P. TRACEY offered the following:

Ordered, That the School Committee be hereby authorized to lease to the American Veterans of World War II, Roxbury Crossing Post 120, the Louis Prang School, Bartlett street, Roxbury, upon such terms and conditions as said committee may deem advisable.

Passed under suspension of the rules.

BANNING OF VEHICLES ON ROADS IN PLAYSTEAD AREA.

Coun. P. A. TRACY offered the following:

Be It Ordered, That the Park Commissioner and the Police Commissioner be instructed, through his Honor the Mayor, to prohibit the use of the roads in the Playstead area of Franklin Park, by both commercial and private vehicles and to erect the necessary signs to enforce this prohibition, in order that the lives and safety of the mothers and children who use this area may be protected.

Passed under suspension of the rules.

USE AND OCCUPANCY OF HASTINGS HOUSE.

Coun. P. A. TRACY offered the following:

Whereas, It is proposed to change the use and occupancy of the building located at 215 Forest Hills street, Jamaica Plain, now known as the Hastings House, from a maternity hospital to one which will treat patients suffering from tuberculosis and other contagious diseases, and

Whereas, This neighborhood can rightfully be considered a densely populated area, inhabited by many Boston taxpayers and rent payers, and having a large quota of small children; and

Whereas, A hospital handling tuberculosis and other contagious disease patients, located in such a neighborhood, would constitute a distinct threat to the health, welfare and safety of people living in the vicinity; therefore be it

Ordered, That his Honor the Mayor instruct the Building Commissioner and Health Commissioner to deny any petition seeking such change.

Passed under suspension of the rules.

RESURFACING OF BEAVER STREET, HYDE PARK.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Beaver street, Hyde Park, at the earliest possible opportunity.

REPORT OF COMMITTEE ON CLAIMS.

Coun. McCOLGAN, for the Committee on Claims, submitted the following:

Report on petition (referred April 23) of William F. McGoldrick to be reimbursed for amount of execution issued against him on account of his

acts as a member of the Fire Department—recommending passage of accompanying order:

Ordered, That the sum of one hundred thirty-one dollars and twenty-five cents (\$131.25) be allowed and paid to William F. McGoldrick in reimbursement for amount of execution issued against him on account of his acts as a member of the Boston Fire Department, said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

The report was accepted, and the order was passed.

WELCOME TO PRIME MINISTER BEN GURION OF ISRAEL.

Coun. LANIGAN offered the following:

Resolved, That the City of Boston, through his Honor the Mayor, extend its greetings to Prime Minister Ben Gurion of Israel upon his arrival in our city on May 16, and that the President of the City Council appoint a committee of three members to welcome him and to conduct him on a tour of the historical spots in our city.

The resolution was adopted under suspension of the rules.

Coun. FARIN in the chair.

COMMENDATION OF SPONSORS OF SOAP BOX DERBY.

Coun. RAMSEY offered the following:

Whereas, Children of juvenile age compete with handmade vehicles for prizes in the Soap Box Derby, which provides amusement for these children and keeps them out of any possible mischief for a period of approximately two to three months; therefore, be it

Resolved, That the Committee on Juvenile Delinquency of the Boston City Council highly commends the Chevrolet Automobile Company and the Boston Herald-Traveler for the fine work they are doing on behalf of the children in conducting the Soap Box Derby, which is an annual event.

Coun. WENZLER doubted the presence of a quorum. The roll was called with the following result:

Present—Councilors Ansel, Beades, Chase, Farin, Hurley, Lanigan, McColgan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—15.

The resolution was adopted under suspension of the rules.

OBTAINING APARTMENTS IN VETERANS' HOUSING PROJECTS.

Coun. SHANLEY offered the following:

Ordered, That his Honor the Mayor direct a letter to the Boston Housing Board and also to the State Attorney General and Federal Attorney General relative to giving a press statement as to the alleged rumors throughout the city that people are supposedly having to pay money to get into the veterans' housing projects in the City of Boston, and ask people who have evidence of such payments to come forward in person to the above-mentioned proper authorities so that proper steps be taken in this matter.

Passed under suspension of the rules.

Adjourned at 4.43 P.M., on motion of Councilor P. A. Tracy, to meet on Monday, May 7, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

MORE CITIES ADOPT RETIREMENT PLANS.

Retirement systems now are in effect for some or all municipal employees in 981 of the 1,072 cities over 10,000 population. During the past five years the number of cities covering all their employees has increased from 341 to 649, according to *The 1949 Municipal Year Book*. Of the cities over 10,000 with no retirement plans, 97 per cent have less than 25,000 population. The survey in the *Year Book* reveals a marked shift away from retirement plans for special groups such as policemen or firemen towards general plans for all city employees.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Hackensack road, West Roxbury district, as a highway, from Risley road to Hackensack Circle, under the order of the Board of May 1, 1951, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Nonantum Footway, Brighton district, as a highway, from Tremont street to Nonantum street, with the name of Rev. James J. Murphy Footway, bounded and described as follows:

A footway named Rev. James J. Murphy Footway is hereby laid out from Tremont street to Nonantum street, and ordered constructed.

For the making of the aforesaid improvement an easement for footway purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Neil D. Mackay and Catherine M. Mackay, bounded:

Southerly by Nonantum street, ten and 24-100 feet; westerly by other land supposed to belong to said Mackay *et al.*, ninety-two and 49-100 feet; northerly by land hereinafter described as taken from Fitzpatrick *et al.*, ten and 1-100 feet; and easterly by land supposed to belong to Sheehan *et al.*, ninety and 63-100 feet, containing nine hundred and sixteen square feet, more or less.

A parcel of land, supposed to belong to James Fitzpatrick and Harriett M. Fitzpatrick, bounded:

Northerly by Tremont street, ten and 16-100 feet; easterly by land supposed to belong to McNamara *et al.*, eighty-eight and 78-100 feet; southerly by land hereinbefore described as taken from Mackay *et al.*, ten and 1-100 feet; and westerly by other land supposed to belong to said Fitzpatrick *et al.*, ninety and 90-100 feet, containing eight hundred and ninety-eight square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Rev. James J. Murphy Footway, as hereby laid out, is bounded:

Northerly by Tremont street, ten and 16-100 feet; easterly by the easterly line of said footway as hereby laid out, one hundred seventy-nine and 41-100 feet; southerly by Nonantum street, ten and 24-100 feet, and westerly by the westerly line of said footway as hereby laid out, one hundred eighty-three and 39-100 feet.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the laying out and construction of Rev. James J. Murphy Footway, Brighton district, from Tremont street to Nonantum street, under the order of the Board of April 17, 1951, in the amounts

hereinafter respectively set against them, and awards said amounts therefor.

Twenty-eight catch basins and connections and one (1) drop inlet in Courtney road, Eastwood Circuit, Hackensack road, John Alden road, Meshaka street, Northdale road, Risley road, and Lyall street, in the West Roxbury district, at an estimated cost of \$6,950.

A catch basin in Malden street, near westerly corner of Harrison avenue, in the Boston Proper district, at an estimated cost of \$510.

A catch basin in Washington street, near southerly corner of Malden street, in the Boston Proper district, at an estimated cost of \$960.

A catch basin in Harrison avenue, near westerly corner of Malden street, in the Boston Proper district, at an estimated cost of \$750.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for the extension of the time of completion of the contract with Perrin Seamans & Co., Inc., for furnishing and delivering ash hoists to 26 Norman street, Boston, from April 30, 1951, to June 30, 1951. This extension was requested because of difficulty in securing steel material.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with General Ship and Engine Works, Inc., 336 Border street, East Boston, for making emergency repairs to operating machinery of the Chelsea Street Bridge, over the Chelsea River, to July 6, 1951. This extension was requested for the reason that the new steel castings required for completing the work had to be recast.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN ALBANY STREET, HUDSON STREET, AND KNEELAND STREET, AROUND NEW CHINESE MERCHANTS BUILDING, AND IN VARIOUS LOCATIONS OF THE CITY, LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Albany street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Albany Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 23, 1951, with a certified check for FIVE HUNDRED (\$500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, May 21, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949

LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Burt street, Ward 17, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Burt Street, Ward 17, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, MAY 23, 1951, with a certified check for TWENTY-FIVE HUNDRED (2,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY HALL, BOSTON, MASS., May 7, 1951.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock M., Eastern Daylight Saving Time, Tuesday, May 22, 1951, for the purchase of all but no part of the following described coupon serial bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{2}$ of one per cent; no bid to be less than par and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

CITY OF BOSTON, LONG ISLAND VIADUCT LOAN, ACT OF 1949, \$1,000,000.

Order of City Council of Boston of August 16, 1949. Payable \$50,000 annually, April 1, 1952, to April 1, 1971, inclusive.

CONSTRUCTION OF BUILDINGS, ACQUISITION OF LAND, ETC., \$1,000,000.

Order of City Council of Boston of July 8, 1948, effective July 29, 1948. Payable \$50,000 annually, April 1, 1952, to April 1, 1971, inclusive.

CITY OF BOSTON PARKING FACILITIES LOAN, ACT OF 1946, \$2,000,000.

Order of City Council of Boston of December 17, 1946. Payable \$100,000 annually, April 1, 1952, to April 1, 1971, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of April and October in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city. (Total interest for the duration of the loan from April 1, 1951, less the amount of premium bid.)

The bonds will be dated April 1, 1951, and will be ready for delivery on or about June 21, 1951. Delivery of the bonds will be made either in Boston or in New York City at the option of the purchaser. Interest will begin April 1, 1951, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Daniel M. Driscoll, City Treasurer, Boston 8, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied either by a cashier's check or by a certified check in the amount of \$40,000, drawn on a Boston or New York City National Bank or Trust Company, the check made payable to the City of Boston, Daniel M. Driscoll, City Treasurer. The check of any bidder to whom an award is made, will be retained as part payment for the loans awarded. All other checks will be returned.

Accrued interest from April 1, 1951, to date of delivery, is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Tuesday, May 22, 1951, at 12 o'clock M., Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

MAYOR OPENS PLAYLAND ON COMMON FOR CHILDREN OF PRESCHOOL AGE—INVITES MOTHERS TO BRING OFFSPRING TO PLACE FOR CARE WHILE ERRANDS AND OTHER BUSINESS DEMANDS ARE PURSUED—EXPERT CORPS OF NURSES AND TEACHERS ON HAND FOR AID ON EACH WEEKDAY.

MAYOR HYNES WELCOMES PRIME MINISTER OF ISRAEL DAVID BEN-GURION TO BOSTON AS CITY'S GUEST—SENDS WARMEST AND MOST FRATERNAL WISHES OF CITIZENS OF BOSTON TO CITIZENS OF NEW AND VIGOROUS STATE—HAS DISTINGUISHED VISITOR AS BREAKFAST GUEST.

In welcoming David Ben-Gurion, Prime Minister of Israel, to Boston, Mayor John B. Hynes spoke as follows:

Boston is delighted to have David Ben-Gurion, the Prime Minister of the first great State of Israel, as its guest.

During your brief visit here, sir, we know you will find in this community men and women of every racial strain—kindred spirits—who believe, as you do, in the dignity of man, and who, we know, will help you in the great work you are doing in Israel.

Here in this city the United States of America was born and baptized. We live in close association with recollections of those early days and we therefore have a great appreciation of the tremendous problems of your new nation and the tremendous task you have taken upon yourself.

Welcome to our city. We greet you, and through you we send our warmest and most fraternal best wishes to your fellow workers and your fellow citizens of the new and vigorous State of Israel.

MAYOR JOHN B. HYNES PAYS GLOWING TRIBUTE TO 25 MOST NOTED AND DISTINGUISHED WOMEN OF UNITED STATES DURING BANQUET IN THEIR HONOR AT HOTEL STATLER—WOMEN OF ACHIEVEMENT HONORED BY CHAMBER OF COMMERCE AND CITY OF BOSTON DURING BRILLIANT ASSEMBLY—TOP PERSONAGES IN ALL IMPORTANT WALKS OF LIFE FETED FOR ACCOMPLISHMENTS—WIDE FIELDS OF ENDEAVOR OTHER THAN GOVERNMENT AND POLITICS.

At the dinner to the Women of Achievement at the Hotel Statler on Tuesday, Mayor John B. Hynes paid the distinguished guests the following tribute:

Boston, which last year was the proud host to 50 outstanding business and industrial leaders of the so-called stronger sex, is equally as proud tonight to be host to 25 outstanding ladies of the sex which is, among other things, mystifying, edifying, electrifying, and myth-defying—for no longer can it be even suggested that women are members of the weaker sex. That appellation is an old wives' tale designed to enrapture and eventually capture the unsuspecting fat-headed male of the species.

Surely, tonight there can be no doubt of women's place in this world. The emancipation of women is no longer a figure of speech—it is an incontroverted fact, which is disputed only by that thin, wavering line of recalcitrant, rebellious, rear rank, retreating males.

MAYOR NAMES NEW MEDICAL DIRECTOR OF LONG ISLAND HOSPITAL.

Mayor John B. Hynes on May 14 approved the appointment of John B. Andosca, M.D., to the position of Medical Director of the Long Island Hospital, effective May 14, 1951. The appointment was submitted to Mayor Hynes by Institutions Commissioner John R. McGillivray, on the recommendation of the Medical Advisory Board of the hospital. Dr. Andosca will succeed James V. Sacchetti, M.D., who left recently to take a position in the Middle West.

Dr. Andosca is a graduate of Boston College, and received his medical education in London, England. Prior to his appointment to this position he was Medical Director of the Cambridge Sanatorium. He was first resident physician and executive assistant of the Boston Sanatorium from 1936 to 1950. He is an assistant professor in medicine at Harvard Medical School, Fellow of the American College of Physicians, and the Massachusetts Trueman Society.

The Medical Advisory Board recommended Dr. Andosca because of his experience and education. They feel his appointment will add impetus to the various programs that are being formulated to bring added medical care and comfort to the patients at the hospital.

The achievements of man are many, but nothing man has ever done could have been achieved were it not that woman has willingly gone into the valley of the shadow to make those achievements possible. These few lines of doggerel seem to sum it up:

"They talk about a woman's sphere as though it had a limit;
There's not a place in earth or heaven,
There's not a task to mankind given,
There's not a blessing or a woe,
There's not a whispered yes or no,
There's not a life or birth.
That has a feather's weight of worth
Without a woman in it."

To these distinguished ladies here tonight I extend the respect and admiration of the citizens of Boston. We hail you, and we salute you, for what you have done and what you are doing to make this world a little brighter, a little better, a little more bearable for all of us poor creatures who are here on this mortal coil because old Mother Eve could not resist the apple and old Father Adam could not resist Mother Eve.

'O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!'

MAYOR HYNES OPENS PLAYGROUND FOR CHILDREN ON COMMON.

(Continued from page 505.)

youngsters, presented under the direction of Frank R. Kelley, chairman of the Park Commission.

Playland, which is maintained by the city as a place for mothers to "check" their children while they shop or go to the "movies", will sport a number of improvements this year. In addition to a big tent there will be added a number of large multicolored lawn umbrellas to shelter the "small fry" from the sun during the heat of the summer days. There will also be a number of attractive flags and pennants hung about the enclosure to give it a lively, holiday appearance.

Playland will be open daily from 9 A.M. to 5 P.M. as in former years. According to Mayor Hynes, it will be kept open longer on shopping days if needed. Experienced recreational leaders, "the official baby sitters," will be present to accept the children and to guide and protect them while they are in their charge. The usual swings, slides, and other playland equipment will be available.

Present with Park Commissioner Kelley to inspect Playland, to discuss plans for its formal opening, and to arrange for the repainting of the fence and equipment were: Herbert J. Clapp, president of the Boston Retail Trade Board; J. Ralph Stout, chairman of the Chamber of Commerce Clean-Up, Paint-Up, and Fix-Up Campaign; James H. Walsh, managing director of the Chamber of Commerce; and Col. Paul Hines, the Mayor's industrial advisor and director of the campaign.

Playland is gradually becoming a valuable Boston summer institution. Thousands of mothers "checked" their children there last summer while they did their shopping or attended the "movies." News of the enterprise has reached national proportions. Several letters have been received by the Park Department from leading cities seeking information. Representatives of Wilkes-Barre, Pennsylvania, made a study of it with a view toward establishing a similar playland in that city.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, May 14, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to all city employees who are duly elected Delegates and Alternates of the United Spanish War Veterans in order that they may attend their State Encampment at Brockton, on June 15, 16, 17, 1951.

Respectfully,

J. B. HYNES, Mayor.

MAYOR HYNES ISSUES LEAFLET TO SCHOOL CHILDREN AND PARENTS IN SPRING CLEAN-UP CAMPAIGN.

Mayor John B. Hynes has announced the issuance of an official city leaflet designed to stimulate wider interest among the property owners in the 1951 Boston Clean-Up, Paint-Up, and Fix-Up Campaign. The drive, which is sponsored by the City of Boston and the Chamber of Commerce, is scheduled to be held during the period of May 21-31, inclusive. The Mayor and Harry J. Blake, president of the Chamber, are honorary chairmen, and J. Ralph Stout is chairman.

The leaflet, which will be distributed through the schools, is addressed to the parents. It is a four-page buff affair printed in blue ink and adorned on the front with the city seal. The salutation consists of the words: "An Important Message for Parents." It is signed by the Mayor.

It reads: "It's here again, Clean-Up, Paint-Up, Fix-Up time, May 21-31. Boston will take on a fresh and spirited sparkle if you will join the Clean-Up, Paint-Up, and Fix-Up Campaign. Won't you join with the City of Boston and the Chamber of Commerce in this annual campaign for a cleaner, brighter, and more beautiful city?"

"What you can do at home," reads the next subheading. "Clean your alley-way or backyard, basement, attic, furnace. Keep attic and basement free of accumulation of unnecessary combustible material to prevent fires.

"Paint inside and outside your house. Make your home attractive. Paint beautifies and prevents decay and protects your investment.

"Fix roofs, steps, windows, electrical appliances and fixtures, plumbing fixtures, window shades, porch and lawn furniture.

"Plant flower boxes or gardens, grass plots, and shrubbery.

"Remember: Put out all refuse to be collected by the city on regular rubbish collection days.

"We all want to live in a clean city. We all want our city to be clean, because it is our city. So, help make conditions better where you work and in your neighborhood. But begin at home. Clean up, paint up, fix up."

DAVID BEN-GURION DAY PRO- NOUNCEMENT.

Mayor Hynes, previous to Ben-Gurion's arrival in Boston, made public the following pronouncement: The City of Boston, the birthplace of American liberties, hereby designates Wednesday, May 16, 1951, as David Ben-Gurion Day, in honor of the illustrious Prime Minister of the State of Israel, and in tribute to his genius and his accomplishments in the remarkable progress and growth of the world's newest nation, the State of Israel.

TRANSFER OF APPROPRIATION.

The Mayor has approved the following request for transfer of appropriation:

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

CITY PLANNING BOARD.

BOSTON, May 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On April 12, 1951, at a meeting of the City Planning Board, the following vote was taken:

"That Adams, Howard and Greeley, City Planning Consultants, 84 State street, Boston, be engaged by contract, to cover a period of seven and one-half months at a total cost of \$2,500, providing for furnishing to the Board assistance and guidance in conducting its master plan, redevelopment, and zoning studies for the city."

Therefore, if this meets with your approval, it is respectfully requested that your approval be given for the awarding of the proposed contract to Adams, Howard and Greeley, Consultants, to cover a period of seven and one-half months, for the furnishing of the above-mentioned services at a cost not to exceed \$2,500.

It is felt that in view of the nature of the professional services involved nothing would be gained by publicly advertising for bids for this work.

Respectfully,

THOMAS F. McDONOUGH,
Chairman.

PARK DEPARTMENT.

BOSTON, May 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

It is necessary that we make immediate arrangements to spray trees in all sections of the city, particularly the many hundreds of elm trees for which Boston is famous. Our inspection shows that in order to offset infestation from the elm beetle this work should be done now.

We asked for quotations from the larger tree concerns in Boston who do this type of work, and the low quotation received was from the Superior Tree Service, Inc., 15 Littlejohn street, Arlington. They have agreed to furnish a truck with a hydraulic sprayer and three men to operate truck and sprayer, at a cost of \$9.25 an hour. This is an exceptionally low price, being \$1.75 an hour less than what was paid one year ago for the same work. The spray material, either arsenate of lead or D.D.T., will be furnished by this department.

We feel that the price quoted is unusually fair and that in order to expedite the work, we would like to award the contract without advertising to Superior Tree Service, Inc., as this company has the proper equipment and personnel for doing the work. They have done exceptionally satisfactory work here in the past, and we feel that nothing can be gained by advertising for bids.

The cost of this work is not to exceed \$10,000 and will be charged to the special appropriation, "Dutch Elm Disease, Spraying, Removing, etc." (1-31-'43).

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

BOSTON, May 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We have had considerable success in the last few years in spraying large tree areas in the city by aeroplane. By this method it is possible to get the work done in a short space of time, covering areas that are easily accessible by aeroplane, such as Franklin Park, George Wright Golf Course, the larger cemeteries, etc.

In the past the work has been done by the Eastern Tree and Landscape Corporation, 280 Bridge street, Dedham, who have the aeroplane and the necessary equipment for doing this work. To do the spraying by regular truck and hand labor would cost a considerable sum of money. We will spray an area of approximately 885 acres, on which the contractor will use 6 per cent D.D.T. solution in oil.

The approximate price for the spraying will be \$1.80 an acre, or a total cost not to exceed \$1,600.

I believe that nothing would be gained by advertising, and I therefore respectfully request that we be allowed to enter into a contract with Eastern Tree and Landscape Corporation for the spraying of certain large tree-covered areas in the city at a cost not to exceed \$1,600, to be charged to the special appropriation, "Trees Afflicted with Dutch Elm Disease, Removal of" (1-31-'43).

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

BOSTON, May 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

For a number of years the Mills Automatic Merchandising Corporation, 247 Atlantic avenue, Boston, has had a license from this department for the maintenance of coin-operated weighing machines in buildings of the Park Department, for which they have paid an annual fee of \$350. The present license expires on June 30, 1951.

The weighing machines are not the property of the Park Department but are owned by the Mills Company. As it would be difficult to find another company with the necessary machines, and as our business relations with the Mills Company have always been very satisfactory, the Board of Park Commissioners believes that nothing would be gained by advertising for bids on this concession.

The Board therefore requests your approval to renew the license held by the

Mills Automatic Merchandising Corporation for the maintenance of weighing machines in Park Department buildings, for a period of three years from July 1, 1951, to June 30, 1954, at an annual fee of \$350.

Respectfully yours,
FRANK R. KELLEY, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, May 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I hereby request your Honor's permission to engage the services of John M. Gray, Architect, 175 High street, Boston, for architectural services in connection with the erection of a new municipal building on Tremont street in the Mission Hill district of Roxbury, and being property formerly numbered 1475 to 1493 Tremont street.

The estimated cost of the above work is \$850,000, and the architect is to be paid a fee of 6 per cent of the actual cost of the work, subject to the provisions of the contract for said services.

Sincerely yours,
GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I have designated the following firms of contractors to effect repairs to artificial stone sidewalks in locations where openings have previously been made by public service corporations:

District No. 1, Walsh Company, Inc., 55 Perham street, West Roxbury.

District No. 2, J. F. Stack & Co., 25 Huntington avenue, Boston.

District No. 3, Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain.

District No. 4, John F. Shea & Co., Inc., 41 Hollingsworth street, Dorchester.

These contractors are engaged in this so-called patch paving work at the present time and, in many streets, the sidewalk areas opened by the Water Division, in connection with the maintenance of the water system, should also be repaired by the above-referenced contractors concurrently with the patching work being done for public service corporations. Most of the sidewalk openings made by the Water Division have been temporarily patched with bituminous material, and they are very unsightly and, in many instances, present a hazard to pedestrians. Generally speaking, it would not be good policy to designate one contractor to patch sidewalks for public service corporations, and another contractor to patch sidewalk areas opened by the Water Division of this department. The business-like approach is to designate one contractor to do all the necessary patch paving work for public service corporations and also for the Water Division.

The schedule of prices for which the above-referenced contractors are doing this work for the public service corporations is fair and reasonable for this type of work, and I do not believe that it will be practical for the city to publicly

advertise for proposals for the sidewalk patching work. The above-referenced contractors have agreed to do the sidewalk patching work for the Water Division at a rate of 60 cents a square foot, which is 5 cents a foot less than that charged to the public service corporations. Incidentally, the sidewalk repair work was formerly included in the four district contracts that provide for excavation and related work in connection with water breaks. Last year I eliminated the patching item from these contracts, because the work was not to my satisfaction, but, more particularly, because the unit cost in two of the districts was 70 cents a square foot, and the average cost in the four districts was 62½ cents a square foot. The latter-referenced unit costs were obtained in January of 1949 as the result of publicly advertising for proposals. You will note that the above-referenced agreed price is less than the average price that was obtained on publicly advertised bids over two years ago.

I therefore respectfully request that you approve the awarding of contracts, without publicly advertising for proposals, to the above-referenced contracting firms for effecting repairs to artificial stone sidewalks in locations where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

It is understood that the work in District 1 will not exceed \$3,000, and that the work in Districts 2, 3, and 4 will not exceed \$7,000, for each district. It is further understood that the total sum of \$24,000, for the four contracts will be charged to the budget of the Water Division of this department.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As a result of the abandonment of gas street lighting facilities in various sections of this city, approximately two tons of damaged gas burners have accumulated. The department has no further use for these burners, and they should be disposed of as junk.

Therefore, in accordance with the provisions of section 14 of chapter 3 of the Revised Ordinances of 1947, I respectfully request your approval to dispose of the above-referenced damaged burners at the current market price for junk. The proceeds from this sale will be in excess of \$100, but not over \$500.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time the brick sidewalks in that section of H street, South Boston, extending from East Broadway to Emerson street, are in a deplorable condition and should be removed and replaced with artificial stone.

I am desirous of having this improvement effected by Charles Todesca of 100 Roslindale avenue, Roslindale, at

the same unit prices that are in effect in the current contract that said Todesca has with the City of Boston for artificial stone sidewalk work in the East Boston district. Mr. Todesca has agreed to do the work in South Boston at the same unit prices and under the same provisions of the existing contract. The present contract was awarded to the above-referenced contractor on November 27 of last year, as the result of publicly advertising for proposals. The current unit bid price of 33 cents a square foot in the current contract is lower than publicly advertised bids received recently for similar work. It obviously, therefore, is to the advantage of the city to award a contract for the above-referenced section of H street, without publicly advertising for proposals.

I respectfully request therefore your approval to the awarding of a contract, without publicly advertising for bids, to Charles Todesca of 100 Roslindale avenue, Roslindale, in the estimated amount of \$2,300, for artificial stone sidewalk work in that section of H street, South Boston, extending from East Broadway to Emerson street, with the understanding that the work will be done on the basis of the unit bid prices and provisions of the existing contract that the above-referenced contractor has in the East Boston section.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the existing brick sidewalks in Watson street, South End, are in a very poor condition and, in my opinion, should be replaced with artificial stone.

I am desirous of having this improvement effected by the Atlantic Roads Company, Inc., of 350 Medford street, Charlestown, at the same unit prices and under the provisions of the existing contract that said contractor has for bituminous concrete pavement in Carver street, City Proper, and other designated streets.

The current contract was awarded on November 9 of last year, as the result of publicly advertised proposals which were opened in this office on last October 25. There is no advantage in publicly advertising for bids for this work at the present time, because the current unit prices in the existing contract are, in general, lower than the prices that we have received for similar work recently, after publicly advertising for bids.

I respectfully request therefore your approval to the awarding of a contract, without publicly advertising for proposals, in the estimated amount of \$1,200, to Atlantic Roads Company, Inc., 350 Medford street, Charlestown, for effecting sidewalk improvements in Watson street, South End, with the understanding that the work will be done at the unit prices and in accordance with the provisions of the above-referenced existing contract.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, May 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted requisitions to this department for X-ray equipment to be delivered immediately to the X-Ray Department of the hospital.

Since this equipment is urgently needed, permission is requested to dispense with publicly advertising for bids and make awards to the lowest bidders on informal quotations. Total amounts of awards will be as follows:

Atlantic X-Ray Company, Inc., \$2,290, net; Picker X-Ray Corporation, \$725, net.

Both these companies can make immediate delivery on the equipment to be awarded to them and therefore it is my opinion that by making the awards as requested the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted requisitions for the following to be delivered immediately: 150 bolts of gauze (soft compress) and 480 dozen diapers, Curity layette cloth, 21 by 40.

Inasmuch as there is not sufficient time to publicly advertise for bids, informal quotations were solicited among the various dealers. All companies submitted the same prices. Authority is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to E. F. Mahady Company.

Total amount of contract will be \$4,806, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CHANGES IN CONTRACT.

INSTITUTIONS DEPARTMENT.

M. Solimando has been ordered to make the following changes in the contract dated November 20, 1950, for alterations to Administration Building, Long Island Hospital:

Additions.

Change radiation and piping in treatment room and replace old radiation in Corridor No. 3 with Vulcan radiation, complete with all connections; P. J. Riley estimate, \$392.65.

Furnish and install new A.C. breaker, junction box, additional cabinets, piping and wiring for X-Ray Department; M. B. Foster Electric Company estimate, \$358.

Furnish and install 4-inch vent stack above first floor line and run to top floor for future fixtures; Powers and Mehegan Company estimate, \$200—\$950.65.

Scrape and repair all walls and ceilings, size and paint with two coats the walls of the following rooms: tailor shop, laundry sorting, clothing storage, medical records, business records and office.

Paint all ceilings of above rooms with two coats of water paint and paint all walls and ceilings of battery room with one coat of water paint; M. Solimando's estimate, \$980.

Total additions, \$2,025.71.

Summary of Contract.

Original contract, \$134,370; change order No. 1, add \$1,801.82; change order No. 2, add \$2,025.71; total amount of contract to date, \$138,197.53.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., have been directed to omit and substitute the following extra work under the contract for sheet asphalt pavement in G street, N street, Pacific street, and Willow court (contract dated September 13, 1949).

Items ordered are in Pacific street, from East Fourth street to Thomas park.

Omit: 280 cubic yards of excavation, at \$.50 a cubic yard—\$140; 600 square yards of bituminous macadam base at \$1.10 a square yard—\$660; 660 square yards of sheet asphalt pavement at \$1.20 a square yard—\$792.

Substitute: 47 tons of sheet asphalt wearing surface at \$8.25 a ton—\$387.75; 35 tons of asphalt binder at \$7.25 a ton—\$253.75.

Estimated cost of omitted work, \$1,592; estimated cost of substituted work, \$641.50; estimated decrease in cost, \$950.50.

Dooley Brothers, Inc., have been directed to omit and substitute the following work under the contract for sheet asphalt pavement in G street, N street, Pacific street, and Willow court (contract dated September 13, 1949).

Items ordered are in Willow court, from Boston street to Massachusetts avenue.

Omit: 606 square yards of bituminous macadam base, at \$1.10 a square yard—\$666.60; 700 square yards of sheet asphalt pavement, at \$1.20 a square yard—\$840.

Substitute: 109 cubic yards of concrete base, at \$12 a cubic yard—\$1,308; 50 tons of sheet asphalt wearing surface, at \$8.25 a ton—\$412.50.

Estimated cost of substituted work, \$1,720.50; estimated cost of omitted work, \$1,506.60; estimated increase in cost, \$213.90.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time for completion of contract dated January 29, 1947, with J. A. Singarella Company for alterations and additions to Thorndike Building, Boston City Hospital, from January 15, 1950, to May 15, 1951.

This further extension is requested because of delays to contractor beyond his control.

Sanatorium Division.

Approval has been given for the words "120 days from date of approval of the contract by his Honor the Mayor," appearing in the contract between the City of Boston and the Perfection Grate and Stoker Company, dated October 18, 1950, to be stricken out and

the words, "June 15, 1951," to be substituted in their place.

Contract is for furnishing and installing new oil-burning equipment at the Sanatorium Division.

PARK DEPARTMENT.

Carriere Construction Company has been granted an extension of time until May 15, 1951, for the completion of the contract for drainage and grading at the George Wright Golf Course, West Roxbury, Mass.

John F. Shea Company, Inc., has been granted an extension of time until May 15, 1951, for the completion of the contract for construction of animal sheds at the elk range, Franklin Park Zoo.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Charles A. Maguire & Associates for engineers' services for master highway plan from April 15, 1951, to June 1, 1951 (contract approved October 18, 1950).

This extension is requested because the contractor has encountered further delay in securing necessary data for the completion of the final report.

POLICE DEPARTMENT ORDERS.

General Order No. 1,464.

The following-named police officers of this department, attached to Division 8 (Harbor Police), are hereby appointed assistant harbor masters:

Sergt. Hubert R. Darcy, Patrolman John Necco, Jr., Patrolman Irving H. McKinnon.

Assistant harbor masters will perform all duties required by law as assistant harbor masters, under the direction of the harbor master commanding Division 8.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,465.

The resignation of Patrolman Joseph D. Wall of Division 16 having been presented, it is hereby accepted, to take effect Sunday, May 20, 1951, at 7.45 o'clock A.M.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,466.

A trial board, consisting of Capts. Francis W. Russell, Edward L. Twohig, and John H. Cloran, having heard by reference a complaint made by Capt. Leo C. J. Masuret of Division 16, against Patrolman James B. Harrington of Division 16, charging him with violation of the rules and regulations of the Police Department, has reported to the commissioner a finding of guilty as charged.

Therefore, It is hereby ordered that the said Patrolman James B. Harrington perform two hundred ten hours' punishment duty.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 19.

I. THEODORE P. CRESEY.

It is with deep regret that the Acting Fire Commissioner announces the death, on May 2, 1951, of Ladderman Theodore P. Cresey of Ladder Company 33. Ladderman Cresey was appointed to the department December 14, 1917.

The funeral was held from the Harold L. O'Neil Funeral Home, 405 Washington street, Dorchester, at 10 A.M., Saturday, May 5, 1951, followed by services at St. Matthew's Church, Dorchester, at 11 A.M.

The Acting Chief of Department assigned a detail to act as funeral escort and some members of Engine Company 54 and Ladder Company 33 were excused from duty to attend the services.

II. EXAMINATION FOR PROMOTION TO LIEUTENANT.

Notice has been received from the Department of Civil Service that an examination for promotion to the grade of lieutenant in the Boston Fire Department will be held on July 27, 1951.

The examination is open to permanent firemen in the Boston Fire Department who have been employed in this grade, after certification for at least three years prior to date of examination.

Subjects and weights of examination are as follows: Experience, 1, practical questions, 4, total 5. Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Application blanks may be obtained from the office of the Fire Commissioner, 60 Bristol street, Boston. When completed applications should be sent to the Division of Civil Service, Room 148, State House, Boston, Mass. Applications must be placed on file not later than Friday, July 6, 1951.

Applicants who are absent on military duty may be allowed to take this examination provided that they make request at the time of filing application and that the necessary arrangements for the proper conduct of the examination can be made. Under the provisions of chapter 708 of the Acts of 1941 as amended, persons unable to compete in a competitive promotional examination because of absence in military or naval service may be given a qualifying promotional examination if request in writing is made within six months after the termination of such service.

Applicants will be notified of the time and place of examination at a later date.

III. REV. DENIS F. LYNCH SCHOLARSHIP.

Notice has been received from the Rev. D. A. Keane, S.J., principal of Boston College High School, that on Saturday, June 2, 1951, at 9 A.M., in the High School Building, on James street, there will be a special examination for the Rev. Denis F. Lynch Scholarship founded by members of the Boston Fire Department in memory of their late chaplain.

This is a scholarship awarded to a son of a member of the Boston Fire Department (or son of a retired or deceased member) who obtains the highest average in the annual scholarship examination. The winner is entitled to one year of free tuition at Boston College High School.

IV. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of A. D. T. Company in this department:

Signal 817, Farrington Manufacturing Company, 25 Williams street. (Sprinkler.) Apparatus to respond: Engine 42, Ladder 30, District Chief 12. Nearest box is 255.

V. HIGH COMMENDATIONS.

At 9.22 P.M., April 22, 1951, the department responded to an alarm from Box 2163 for a fire in the dwelling house at 48 Munroe street, Roxbury. The fire had made considerable headway before the arrival of the department, evidently due to a delay in sounding of the alarm. A number of children were trapped in the building, requiring immediate and heroic action on the part of members of this department to save their lives.

Ladderman William J. Fleming of Ladder Company 4 entered a second floor rear window over a makeshift ladder and made his way through a heavy concentration of smoke and heat through one bedroom to a second bedroom where he found two small children. He carried the children to the window and passed them to a member of his company on the ladder. Returning for a further search, he found a baby about six months old in a carriage. He groped his way back to the ladder, and as he was half way down, the whole back part of the building burst into flame. The rescue work was performed at great personal risk and but for Ladderman Fleming's perseverance and no thought of his own safety, the children surely would have perished.

Ladderman William W. Sparrow of Ladder Company 23 climbed a ladder to the attic of the building and reaching through a window, he groped around and found a small boy on a bed. He removed the child with great difficulty because of the intense heat and smoke issuing from the attic window. Ladderman Sparrow's efforts were made without regard to his personal safety and undoubtedly saved the child from suffocation.

Hoseman Terrence J. McGonagle of Engine Company 24 entered the second floor and on his hands and knees groped his way through various rooms which were involved in heavy concentration of smoke and heat. Through his perseverance and without thought of his own safety, he found a small child on the floor in a front bedroom. He picked the child up and groped his way to the front stairs and thence to the street. From all indications it appears that Hoseman McGonagle was responsible for saving the life of the child.

Hosemen John O. Doldt and John G. Moriarty of Rescue Company 2 donned masks and proceeded to the attic by the way of the front stairs. They searched through the attic at great personal risk due to the heavy concentration of smoke and heat until they found two small children on the floor. Each man picked up a child, groped his way back to the stairs and carried them to the street. The children were removed to the City Hospital where they were found to have suffered first and second degree burns. It appears that were it not for the efforts of Hosemen Doldt and Moriarty, the two children would have died.

At 9.33 P.M., Sunday, April 22, 1951, the department responded to an alarm from Box 2153 followed by a second alarm at 9.39 P.M., for a fire in the six-family dwelling house at 26 and 28 Otawa street, Roxbury. Upon arrival of the apparatus, the building was found to be heavily charged with smoke and flame.

Lieut. Emilio F. Marino of Ladder Company 12 climbed over a ladder to the third floor of No. 28, broke a window and after several attempts was able to make his way through heavy smoke and heat into a room where after a search, he found an unconscious boy on the floor. He carried the boy to the window and down the ladder where he collapsed. The rescue was performed by Lieutenant Marino at great personal risk and undoubtedly saved the boy's life.

The Acting Fire Commissioner is pleased to highly commend the foregoing officer and men for the heroic work performed by them and their cases are referred to the Board of Merit for further consideration.

The Acting Fire Commissioner also wishes to commend all officers and men who performed duty during these fires, as the efforts of all concerned undoubtedly prevented a heavy loss of life.

VI. COMMENDATIONS.

Hoseman Arthur J. Reardon of Engine Company 17 is hereby commended for responding to and working at fire, Box 3411, on May 1, 1951, while off duty.

Ladderman Frederick J. Brady of Ladder Company 4 is hereby commended for responding to and working at fire, Box 3195, two alarms, on May 4, 1951, while off duty.

By order of Acting Fire Commissioner JOHN V. STAPLETON.

DANIEL MARTELL,
Acting Chief of Department.

General Order No. 20.

ANNUAL COMMUNION SUNDAY.

The Eighth Annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments, will be held in St. James Church, Harrison avenue, Boston, at 9 A.M., Sunday, May 20, 1951.

The Celebrant of the Mass will be department chaplain, Very Reverend Monsignor Henry J. O'Connell; the sermon will be given by Right Reverend Monsignor Charles D. McInnis, Pastor of Our Lady of the Presentation Church, Brighton.

The guest speaker for the breakfast will be Attorney Edward B. Hanify. The toastmaster will be Fire Commissioner Michael T. Kelleher. His Excellency, Governor Paul A. Dever, and his Honor, Mayor John B. Hynes, will be present.

Upon completion of the Mass, members will form again outside the church and march from there to the First Corps Cadet Armory, Columbus avenue and Arlington street, where the Annual Communion Breakfast will be held.

Regulation uniform with sack coat and white gloves shall be worn on this occasion. Members without uniforms may wear the department cap with civilian suit and no gloves.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members who desire to participate in the Annual Communion Sunday exercises are privileged to exchange time.

Members may have their sons accompany them at the Mass and at the breakfast.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department, inducted during the past year, it will be an opportunity to meet their spiritual leader and to make new contacts and friendships in the department during the breakfast. The committee earnestly requests that all members off duty make every effort to attend the Mass and the breakfast. It is particularly requested that members possessing uniforms should wear same, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

A delegation of New York City firemen will be present at the Mass and breakfast. The New York firemen will arrive in Boston on Saturday, May 19. Members of this department are requested to extend every courtesy to our guests during their stay in this city. Deputy Chief James J. Kane, liaison officer to Chaplain O'Connell, will be host of the department to visiting guests and delegations.

COMMUNION BREAKFAST COMMITTEE.

Capt. John E. Broughton, Ladder Company 24.

Capt. John A. O'Neill, Engine Company 23.

Lieut. John C. Kabachus, Fire Prevention Division.

Lieut. Gerard E. McGowan, Fire Prevention Division.

HOSPITALS COST \$13,000 PER BED.

Average construction costs for general hospitals built under the hospital survey and construction program of the United States Public Health Service range from \$15.61 per square foot for 17 hospitals with from 26 to 35 beds to \$19.43 for two hospitals with from 126 to 150 beds. The general floor area per bed ranges from 604 square feet to 639 square feet, respectively. These figures include the cost of construction of the building and fixed equipment. The total cost of these hospitals, including all equipment and professional fees, but not per bed, including all costs, from \$11,256 to \$14,475, respectively. The average including the site, brings the corresponding figures per square foot up to \$18.56 and \$21.36, respectively, and the cost per bed for 105 general hospitals, including all costs except sites, is \$12,910.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 7, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Hannon.

The City Council had as guests two Sisters and a group of students from Holy Cross Academy in Brookline.

Monsignor Richard J. Haberlin, Pastor of St. Peter's Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY MSGR. RICHARD J. HABERLIN.

Almighty and Eternal God, Creator and Savior of mankind, we adore Thee in Thy majesty, and to Thee we consecrate our thoughts, our words, and our deeds, that always whenever we may think of Thee, we may speak of Thee to dedicate our lives to Thy great honor and glory.

With hearts truly grateful, we offer Thee our thanks for all Thy kindness to our beloved America in this, her hour of trial.

We implore Thy tender solicitude for her welfare. In an especial manner, we commend to Thee, unlimited Benefactor and Protector, our Chief Executive, our Congress, our Governor, our legislators, our Mayor, and our City Council. Guide them in the right with Thy spirit of counsel and direct all their deliberations with the law of Thy divine wisdom, that their decisions may tend to promote happiness and perpetuate to us the blessings of liberty.

Bless, we beseech Thee, Almighty of Heaven and Earth, the citizens of this, our own dear United States, and banish from our hearts all spirit of evil. Enlighten our understanding and purify our intentions, that our purposes may merit Thy kindly approbation.

Direct our actions by Thy holy inspiration, that we as a nation may render a stewardship of love, of justice, and of charity, and be a blessing to all other nations.

For this we pray, Most Sovereign Father, humbly and devotedly, through the merits of Jesus Christ, Thy Son, who livest and reignest forever and ever. Amen.

The salute to the Flag was given by the members.

Coun. SULLIVAN in the chair.

The Sisters and the students from the Holy Cross Academy then left the Chamber.

Coun. CANTWELL in the chair.

NAMING OF INTERSECTIONS IN HONOR OF VETERANS.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.

Gentlemen:

I submit herewith nine orders for the naming of various intersections in the city in honor of veterans of World Wars I and II and the Korean action.

The Committee to Memorialize Veterans after due consideration has recommended the naming of the various sites as set forth in the accompanying orders.

I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully

J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
May 3, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans held this day, it was voted to designate the following intersections, as follows:

James J. Abdon Square, Whiting and Warren streets, Roxbury district, in honor of Pvt. James J. Abdon, killed in action in Korea.

Marat C. Euscher Square, Dennis and Moreland streets, Roxbury district, in honor of Sergt. Marat C. Euscher, killed in action in France, 1945.

Gilbert J. Schlesinger Square, Wellington Hill street and Ormond street, Dorchester district, in honor of 1st Lieut. Schlesinger, killed in action over Germany, 1945 (Pilot, 527 Bombing Squadron, 379th Bomber Group).

Lower Mills Memorial Post, V. F. W. Square, River and Temple streets, Dorchester district, named in honor of the deceased veterans of this Post.

Brownie, George and Sheffie Abraham Square, Dwight street and Shawmut avenue, Boston Proper district, in honor of three brothers who died in the service of their country.

Notice of the aforementioned vote has been forwarded to the City Council for appropriate action.

Respectfully submitted,

L. W. COSTELLO, Secretary.

Ordered, That the space at the junction of Whiting and Warren streets, Ward 12, be named James J. Abdon Square in honor of James J. Abdon, killed in action in Korea.

Referred to the Executive Committee.

OFF-STREET PARKING IN SUBURBAN LIMITS.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of April 23, 1951, requesting that an appearance be made before the Executive Committee at its next meeting in reference to off-street parking in the suburban limits of the City of Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Real Estate Commission, May 4, 1951.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Re: Communication of April 25, 1951.
Dear Mr. Shannon:

In response to the order of the City Council that the Board of Real Estate Commissioners be requested to appear before the Executive Committee at its next meeting with reference to off-street parking in the suburban limits of the City of Boston, please be advised that, as Chairman, I have been designated by the Board to appear in its behalf at the pleasure of the Executive Committee of the City Council.

Very truly yours,
HERMAN CARP, Chairman.

Placed on file.

RECONSTRUCTION OF CAMBRIDGE AND WASHINGTON STREETS, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 23, 1951, requesting that a contact be made with the chief engineer of the State Department of Public Works for a conference relative to expediting the road program for reconstruction of Cambridge street and Washington street in Brighton, under the provisions of chapter 90, so that work may start in the very near future.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 3, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 23: "Ordered, That the Public Works Commissioner be directed, through his Honor the Mayor, to contact the chief engineer of the State Department of Public Works for a conference relative to expediting the road program for reconstruction of Cambridge street and Washington street in Brighton, under the provisions of chapter 90, so that work may start in the very near future."

The State Department of Public Works and this department are working in close cooperation in making the necessary surveys and preparing the plans and specifications in connection with the highway reconstruction program to be undertaken in various sections of the city during the current year, under the provisions of chapter 90 of the General Laws.

Both this department and the state department are experiencing a shortage of qualified highway engineers, but despite such a condition, I feel reasonably certain that the reconstruction of the above-referenced streets in the Brighton section will be completed during the current year. At this time, however, I cannot guarantee the completion of the work on these streets, but, as stated, I feel reasonably certain that the highway improvements will be completed as scheduled.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

MODERN ARC LIGHTS ON DORCHESTER STREET.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your

order of April 23, 1951, requesting the installation of modern arc lights on Dorchester street, South Boston, this being a heavily traveled and poorly lighted street.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 3, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 23:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install modern arc lights on Dorchester street, South Boston, this being a heavily traveled and poorly lighted street."

I have requested the Boston Edison Company to make an immediate survey of the above-referenced street and to prepare a plan showing the locations of any additional lights that should be installed.

As soon as said plan has been submitted to me, you may be assured that I shall do everything within reason to order the installation of as many additional lights as are needed on Dorchester street.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

GRANOLITHIC SIDEWALKS, G STREET.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of April 23, 1951, requesting the installation of granolithic sidewalks on that part of G street, Ward 7, which has not been completed.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 3, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of April 23:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic sidewalks on that part of G street, Ward 7, which has not been completed."

You may be certain that consideration will be given to including the above-referenced sidewalk improvement work in the current year's sidewalk reconstruction program. The department is doing everything within reason to replace, with artificial stone, all existing brick sidewalks in the South Boston, East Boston, and Charlestown areas, and a substantial start was made on such a program last year, and we contemplate continuing such a program to the limit of the budgetary appropriations available.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

PARKING ON ONE SIDE OF STREETS IN RESIDENTIAL DISTRICTS.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of April 23, 1951, requesting a hearing to be held by the Traffic Commission, relative to parking of vehicles on one side of the street in residential areas.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
May 2, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of April 23, 1951, requesting that a hearing be held relative to authorization for parking on one side of the street in residential areas, I wish to report that we will be glad to conduct such a hearing upon receipt of further specifications as to the particular questions to be answered at this hearing and the extension of the area to which the Council order applies.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

USE AND OCCUPANCY OF BUILDING AT 215 FOREST HILLS STREET.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of April 30, 1951, requesting that any petition seeking to change the use and occupancy of the building located at 215 Forest Hills street, Jamaica Plain, now known as the Hastings House, from a maternity hospital to one which will treat patients suffering from tuberculosis and other contagious diseases be denied.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, May 3, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

This will acknowledge your communication of May 2, enclosing City Council order of April 30, 1951, requesting that "any petition seeking to change the use and occupancy of the building located at 215 Forest Hills street from a maternity hospital to one which treats patients suffering from tuberculosis and other contagious diseases be denied."

I am advised by the Building Department of the City of Boston that an application has been received by the Building Commissioner for a change of occupancy from a maternity hospital to a hospital for chest diseases, at 215 Forest Hills street.

I am further advised by the Building Department that they have submitted a question to the Corporation Counsel to determine whether or not it is mandatory to hold a hearing to authorize this change of occupancy. This question was submitted because on a previous date (in 1911) a license to operate a maternity hospital was granted for that location. The Building Department will advise me when an answer is received and, at that time, your Honor will likewise be informed.

Yours respectfully,
JOHN H. CAULEY, M.D.,
Health Commissioner.

Communications placed on file.

PRESENTATION OF PLAQUE TO THOMAS A. YAWKEY.

Coun. LANIGAN offered the following: Whereas, Thomas A. Yawkey, owner of the Boston American League Baseball Club, has spent over \$5,000,000 in an effort to give Boston a pennant winning team; and

Whereas, In 1946, his Boston Red Sox Club brought the first pennant to Boston in 23 years and failed by the narrowest of margins to win others during the past few years; and

Whereas, Through his financial investment in the Boston Red Sox Baseball Club and his constant endeavors to make it the best club in the American League, he has aided materially in bringing considerable business to Boston; therefore, be it

Resolved, That the Boston City Council, in conjunction with the Mayor, arrange for a date in the very near future on which to present Thomas A. Yawkey with a plaque in appreciation for his splendid sportsmanship over a long period of years.

The resolution was adopted under suspension of the rules.

MARINE PARK IMPROVEMENTS.

Coun. WENZLER offered the following:

Ordered, That the Metropolitan District Commission be requested, through his Honor the Mayor, to replace the flagpole which was taken down by them in Marine Park; also to place all the benches in proper condition, to rake all broken glass out of the sand, and to have a sign placed on the convenience station for the benefit of the public.

Passed under suspension of the rules.

Passed under suspension of the rules.

NONCONFORMING USE OF BUILDING AT 81 WESTMINSTER AVENUE.

Coun. P. A. TRACY offered the following:

Whereas, The vicinity of Westminster avenue and Walnut avenue, in the Roxbury district of Boston, is a residential area; and

Whereas, The erection of an office warehouse and painting contractor's shop at 81 Westminster avenue is a nonconforming use which will be most detrimental and injurious to the neighborhood; therefore be it

Ordered, That his Honor the Mayor be requested to direct the Building Commissioner to revoke the permit granted on April 13, 1951, allowing the occupancy of 81 Westminster avenue (also known as 317 Walnut avenue, rear) as an office warehouse and painting contractor's shop; and be it further

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to revoke any permits issued by his department for driveway openings, etc., leading to said premises for such occupancy; and be it further

Ordered, That no permits be granted by any city department with regard to nonconforming uses of said premises without first notifying the residents living in the vicinity and holding a public hearing on same.

Passed under suspension of the rules.

WILTSHIRE AND HATHERLY ROADS AS ONE-WAY STREETS.

Coun. SHANLEY offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make Wiltshire and Hatherly roads one way for the safety of the children in that district.

Passed under suspension of the rules.

Coun. WENZLER in the chair.

OPEN-AIR PARKING SPACES.

Coun. RAMSEY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to prepare promptly for consideration of the City Council an ordinance which shall require for the conducting and maintaining of any open-air parking space in the city a license subject to such rules and regulations as shall more adequately consider the convenience, safety, and rights of the public, and shall be less a fire hazard than present rules and regulations permit; and be it further

Ordered, That such form of ordinance, and the rules and regulations to be promulgated thereunder, shall

(1) Forbid the parking of more than 6 motor vehicles in any 1,000 square feet area;

(2) Forbid the parking of more than 12 motor vehicles in any 3,000 square feet area;

(3) Forbid the parking of more than 18 motor vehicles in any 5,000 square feet area;

(4) Require the clear designation of lanes of ingress and egress for all cars parked in licensed open-air parking space areas;

(5) Require that lanes of ingress and egress shall be kept free and clear at all times so that any motor vehicle parked or stored on any open-air space area may be readily moved, in case of fire or other emergency, without the necessity of moving other motor vehicles;

(6) Require the filing of plot plans with all applications for open-air parking licenses, to include the following information:

a. Location, street, and number;

b. Dimensions of lot boundaries;

c. Gross area;

d. A clearly defined division of the area into blocks representing the proposed positions of parked motor vehicles when the area is fully utilized;

e. Clear location of unblocked lanes of ingress and egress between parking spaces on such lot and the public way;

and be it further

Ordered, That the following fees be established under chapter 148, section 56, of the General Laws, Tercentenary Edition, with the power vested in the Mayor under chapter 297 of the Acts of 1931.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the relocation, widening, and extension of Autumn street, Roxbury district, as a highway, over Autumn street and Deaconess road, Roxbury, with the name of Autumn street or some other distinctive name, bounded and described as follows:

The highway named Autumn street is hereby relocated, widened, and extended over a portion of Deaconess road to Riverway, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to New England Deaconess Hospital, bounded:

Westerly by Autumn street, twenty-one and 79-100 feet; easterly by Deaconess road, twenty-one and 79-100 feet; and southerly by other land supposed to belong to said hospital, twenty-nine and 4-100 feet on a curve of fifteen feet radius, containing one hundred and nine square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Autumn street as hereby relocated, widened, and extended is bounded:

Westerly by another part of Autumn street, forty-five and 55-100 feet; northerly by the northerly line of Autumn street as hereby relocated and extended, seventy-seven and 44-100 feet on a curve of forty feet radius; easterly by the easterly line of Autumn street as hereby relocated and extended, thirty-two and 45-100 feet; southeasterly by Riverway, fifty-six and 69-100 feet; westerly by the westerly line of Autumn street as hereby relocated and extended, fifty and 83-100 feet; and southerly by the southerly line of Autumn street as hereby relocated and widened, twenty-nine and 4-100 feet on a curve of fifteen feet radius.

Voted, That this Board determines that the undermentioned estate sustains damages by the making of the public improvement consisting of the relocation, widening, and extension of Autumn street, Roxbury district, over a portion of Deaconess road to Riverway, as a highway, under the order of the Board of April 16, 1951, in the amount hereinafter respectively set against it, and awards said amount therefor.

New England Deaconess Hospital, 109 square feet, \$1.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening and construction of Starr Lane, West Roxbury district, as a highway, at Seaverns avenue, bounded and described as follows:

The highway named Starr Lane is hereby widened at the westerly corner of Seaverns avenue, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Edward P. Cleary, bounded:

Northerly by the southerly line of Starr Lane as it existed previously to this widening, nineteen and 64-100 feet; easterly by the westerly line of Starr Lane as it existed previously to this widening, thirty-one and 98-100 feet on a curve of twelve and 42-100 feet radius; southerly by Seaverns avenue, four and 51-100 feet; westerly by the westerly line of Starr Lane as widened under this order, by two measurements, eleven and 73-100 feet on a curve of seventeen and 3-100 feet radius and thirteen and 75-100 feet on a curve of ten and 20-100 feet radius; southerly by the southerly line of Starr Lane as widened under this order, eleven and 6-100 feet on a curve of twenty-three and 65-100 feet radius; and again southerly by the southerly line of Starr Lane as widened under this order, fourteen and 67-100 feet, containing seventy-six square feet, more or less.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Starr Lane as hereby widened is bounded:

Northerly by the southerly line of Starr Lane as it existed previously to this widening, nineteen and 64-100 feet; easterly by the westerly line of Starr Lane as it existed previously to this widening, thirty-one and 98-100 feet on a curve of twelve and 42-100 feet radius; southerly by Seaverns avenue, four and 51-100 feet; westerly by the westerly line of Starr Lane as hereby widened, by two measurements, eleven and 73-100 feet on a curve of seventeen and 3-100 feet radius and thirteen and 75-100 feet on a curve ten and 20-100 feet radius; and southerly by the southerly line of Starr Lane as hereby widened, by two measurements, eleven and 6-100 feet on a curve of twenty-three and 65-100 feet radius and fourteen and 67-100 feet, containing seventy-six square feet, more or less.

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Starr Lane, West Roxbury district, as a highway, at the westerly corner of Seaverns avenue, under the order of the Board of April 23, 1951, in the amount hereinafter respectively set against it, and awards said amount therefor.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT AND SEWERAGE WORKS IN UTICA STREET, WARD 3, FROM KNEELAND STREET TO 450 FEET SOUTHWESTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement and sewerage works in Utica street, Ward 3, from Kneeland street to 450 feet southwesterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement and Sewerage Works in Utica Street, Ward 3, from Kneeland Street to 450 Feet Southwesterly," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of FRIDAY, JUNE 1, 1951, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN JOYCE ROAD, WARD 18, FROM WOOD AVENUE TO GEORGE STREET; NEWACRE ROAD, WARD 18, FROM WASHINGTON STREET TO GARFIELD AVENUE; PINWOOD STREET, WARD 18, FROM TAUNTON AVENUE TO BIRCHCROFT ROAD; ROSEGLAN ROAD, WARD 18, FROM BIRCHCROFT ROAD 210 FEET NORTHEASTERLY; SUMMER STREET, WARD 18, FROM SUMMER STREET 550 FEET NORTH OF PARROTT STREET; AND IN VARIOUS LOCATIONS OF THE CITY, LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Joyce road, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Joyce Road, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of FRIDAY, JUNE 1, 1951, with a certified check for THIRTY-FIVE HUNDRED (\$3500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(May 19.) Commissioner of Public Works.

DEPARTMENT OF CIVIL DEFENSE.

PROPOSALS FOR INSTALLING AIR RAID WARNING EQUIPMENT.

Proposals may be obtained at the office of the Department of Civil Defense, second floor, 14 Somerset street. At this room the bids will be opened and read Monday, May 28, 1951, at 12 M. The bidder must leave his proposal with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Air Raid Warning Equipment Installation." The successful bidder must furnish a faithful performance bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The undersigned reserves the right to reject any or all proposals and to award the contract as he deems for the best interest of the city.

HOSPITAL DEPARTMENT.

PROPOSALS FOR NEW SCREENS, REWIRING AND REPAIRS TO WINDOW SCREENS, PORCH SCREENS, AND GRILLES FOR BUILDINGS OF BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for new screens, rewiring and repairs to window screens, porch screens, and grilles for buildings of Boston City Hospital, giving a bond of a surety company satisfactory to the Board of Trustees therefor in the sum of the full amount of the contract.

Only proposals obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., signed by the bidders and left before 2 P.M., Eastern Daylight Saving Time, Thursday, May 31, 1951, at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., with a certified check for \$500, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bid must be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, Boston, Mass., before the time of opening the bids.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is attached to the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Subbids shall be filed at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., on or before 12 o'clock noon, Eastern Daylight Saving Time, May 28, 1951, and shall be submitted in accordance with notice to subbidders contained in the contract documents of the specifications and shall be accompanied by a certified check of not less than 3 per cent of the amount of the subbid, but in no event less than the sum of one hundred dollars (\$100).

The Board of Trustees reserves the right to reject any or all proposals. Plans and specifications may be obtained at the office of the Architects and Engineers, James H. Ritchie and Associates, 38 Newbury street, Boston, Mass., after 9 A.M. on Tuesday, May 22, 1951.

A deposit of \$25 will be required for a complete set of plans and specifications, said sum to be refunded on return of drawings and specifications. Mutilation of the plans or specifications will be deemed sufficient cause for the forfeiture of the said deposit.

SMALL, SWEET COURTESIES OF LIFE MAKE FOR BETTER WORLD TO LIVE IN, MAYOR JOHN B. HYNES TELLS ASSEMBLY OF CATHOLICS, PROTESTANTS, AND JEWS AT ANNUAL DINNER—POINTS TO THESE AS MAKING FOR REAL UNDERSTANDING AND BROTHERLY AFFECTION—GOAL MAY BE CLOSER THAN WE THINK, HE POINTS OUT.

At the annual dinner of the Massachusetts Committee of Catholics, Protestants, and Jews at the Hotel Statler on Thursday, May 17, Mayor John B. Hynes spoke as follows:

I would like to offer a brief little thought here tonight—a little thought about the little things of life—the little courtesies which can help make the way a little smoother for our fellow men.

Life itself is made up of many little things, and, all too often, it is the minor irritations, the fancied slights, the petty grievances which prompt us, to wreak unhappiness and heartbreak upon others.

LEADING MEN IN BUSINESS AND CIVIC LIFE CALLED TO OFFICE OF MAYOR TO DISCUSS PLANS FOR POSSIBLE BENEFITS TO ACCRUE TO CITY FROM SALE OF BACK BAY PROPERTY BY BOSTON & ALBANY RAILROAD—MANY POSSIBILITIES FOR CIVIC BENEFIT IF CITIZENS MAKE USE OF OPPORTUNITIES THUS OFFERED.

Mayor John B. Hynes has addressed the following communication to 15 of the leading businessmen and men in civic life, inviting them to a conference at his office in City Hall on Thursday, May 31, to explore the potentialities and possible benefits to the city to accrue from the sale of the land in the Back Bay owned and to be abandoned by the Boston & Albany Railroad Company. The letter reads as follows:

“DEAR SIR:

The recent announcement by the officials of the Boston & Albany Railroad Company that the Exeter Street Yards

DEDICATION OF DETENTION HOME BY YOUTH SERVICE BOARD ANOTHER EFFORT TO INVEST IN GOOD CITIZENSHIP, MAYOR JOHN B. HYNES TELLS AUDIENCE AT EXERCISES—CHILDREN OF TODAY, AS LEADERS OF THE FUTURE, NEED EVERY SERVICE CITIZENS CAN OFFER TO ENHANCE THEIR PHYSICAL, MENTAL, AND SPIRITUAL LIVES—EFFORTS MAY REDOUND TO GREATER GOOD OF CITY, STATE, AND NATION.

At the opening of the Detention Home by the Youth Service Board on Tuesday, May 22, Mayor Hynes delivered the following address:

In the fall of 1947, while I was Acting Mayor, Judge Connelly and Associate Judge Rubenstein of the Boston Juvenile Court brought to my attention the urgent need of detention facilities for the placement of children who could not be returned to their homes immediately after arrest or during continuances in court.

There was necessity for holding many of them overnight or for longer periods in order to understand their problems and their needs. In too many instances the facilities available were not equipped to keep these children, and therefore some had to be held in police stations, lockups, and jails, as well as in mental hospitals.

It was pointed out how vitally necessary it was to the various courts to have proper facilities pending the time final disposition of the cases of these children could be made, because their best interests and the best interests of the community were at stake.

MAYOR HYNES HIGHLY COMMENDED FOR EFFORTS TO END DISCRIMINATION IN FAMILIES ADMITTED TO HOUSING PROJECTS—OFFICIAL OF FAIR PRACTICES COMMISSION PLEASSED TO NOTE MAYOR'S SUCCESS.

The following communication has been received at the office of the Mayor:

THE COMMONWEALTH OF MASSACHUSETTS,
COMMISSION AGAINST DISCRIMINATION,
41 Tremont Street, Boston, Mass.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

As you requested, I am sending you another brief report on the public housing situation. You will recall that in my letter of March 16 I expressed the feeling that the Boston Housing Authority was cooperating with us satisfactorily.

(Continued on page 535.)

Lack of Quarters Shocking.

It came as a shock to me to learn that many children from twelve to seventeen years of age, who had come into conflict with the law, were being confined for care, custody, and study, because of lack of suitable detention quarters, in police stations, mental hospitals, and jails. Holding such children in such a manner seemed to me to be an archaic way of meeting the needs of these impressionable, unfortunate children. I learned to my horror that during 1945, 112 such children, whose average age was fourteen years six months, had been detained for varying periods of time in detention surroundings that were wholly inadequate, and that the entire method of handling children for temporary periods was the same method used with hardened and vicious adult criminals.

MAYOR HYNES' ADDRESS AT DEDICATION OF DETENTION HOME BY YOUTH SERVICE BOARD.

(Continued from page 533.)

This method of holding adolescent offenders was flagrantly contrary to the modern concepts of child care and protection and to the philosophy which over the years prompted us in this state to found special schools and homes for our wayward and delinquent youngsters. In 1847, through the founding of Lyman School, we provided a place for the custody of children apart from adult criminal offenders.

Our juvenile court system was one of first in this country—in fact, in the world and the Boston Juvenile Court is known for its work throughout the world. I am proud to say Boston is providing this new facility to help our courts and other agencies rehabilitate the children of this great city.

This is the first detention study home for delinquent and wayward children in this Commonwealth. Now in Boston, in one more instance, by the founding of this detention home, we recognize the responsibility which was placed on us through law, which provided "that the care, custody, and discipline of the children brought before the court shall approximate as nearly as possible that which they should receive from their parents, and that as far as practicable they shall be treated not as criminals, but as children in need of aid, encouragement, and guidance."

Following the recommendations of Judge Connelly and Judge Rubenstein, I called upon the Law Department of the City of Boston to draw up the necessary legislation, which has resulted in the founding of this center which we are gathered here today to dedicate. I am most proud and happy for my humble part in this great accomplishment. I realized how the building of the new Suffolk County Court House had been financed, and I therefore recommended to the Law Department that this should be a joint undertaking of the City of Boston and the Commonwealth of Massachusetts, and funds were so appropriated.

During my present term as Mayor of Boston I have agreed each year to continue Boston's financial responsibility in financing the purchase, renovation, and maintenance of this essential child-care center.

HAPPY AT DEDICATION.

And so, I was only too happy through this legislation, and finally through its realization in this beautiful building, to serve what I consider the prime interest of any city—our children. It is gratifying to me in my position to know that, though this detention home is established primarily for the use of children appearing before the courts of the City of Boston, it may well prompt other sections of this Commonwealth to provide similar facilities for their children.

I felt at the time Judge Connelly raised the question of the urgency of detention quarters that such a step was a natural amendment to the legislation setting up the entire Juvenile Court procedure. It is inconceivable that the recognition of the vital necessity of such an agency has been so long in coming. The inability of privately supported agencies, like the Children's Aid Association, to carry the burden of temporary placement of children has raised the emer-

gency which necessitated the founding of this center which we dedicate today. It is a plain public responsibility that we accept.

The City of Boston has always been lavish in its expenditures for its children. We are proud of our parks, our playgrounds, our health centers, and our schools. This dedication today is a crystallization of still another effort to invest in good citizenship. As children of today will be the leaders of the future, every effort that we bend in supplying services that will enhance their physical, mental, and spiritual lives will redound to the greater good of our city, state, and nation.

MAYOR HYNES COMMENDED FOR EFFORTS TO END DISCRIMINATION IN HOUSING PROJECTS.

(Continued from page 533.)

Since that time I have had weekly conferences with representatives of the Authority and have checked on each occasion the racial and religious distribution in the tenant selection for the South End and Commonwealth projects. I am pleased to note that of the 108 units filled in the South End project, 12 are occupied by colored families. Of the 281 units filled in the Commonwealth project, 1 is occupied by a colored family at the present time.

I am not discouraged, however, by this proportion in the latter project. About two weeks ago, when we noted that there were no colored families, out of approximately 200, at Commonwealth, we arranged with the Boston Housing Authority to interview the colored families who had applied for housing and who were eligible for the Commonwealth project. We did this because we were not certain that these families had not been influenced to express preference for the so-called segregated projects or that they even had information about the availability of the new projects under either the state or federal program.

As a result of these interviews which were conducted last week, we found that 24 families, out of 28 who were eligible, are very willing to be housed in the Commonwealth project. It is my understanding that the authority will take the necessary steps to assign units to these families at Commonwealth. It is my further understanding that in three or four weeks another survey of the colored families eligible for Commonwealth, whose cases will be completed at that time, will be made.

I think that there is little doubt that the Boston Housing Authority is at the present time doing all that is being asked of it to cooperate with this Commission, and to see to it that there is neither discrimination nor segregation in the Boston public housing program.

For your material assistance in this matter, I want to express again my deep appreciation to you. With kind personal regards,

ELWOOD S. MCKENNEY,
Commissioner.

REPAIR WORK ON SUMNER TUNNEL.

Public Works Commissioner George G. Hyland closed the Sumner Tunnel to all use Friday morning, May 25, from two to four o'clock, so that the Public Works Department could do some repair work in the roadway of the tunnel.

of that company would be abandoned and sold seems to me to present a challenge to our city and to business interests.

This large area of land in the downtown section of our city, comprising approximately 28 acres, lends itself to many possibilities. It might well be that the development of this large area will have a profound and lasting effect on our city. It is therefore of the utmost importance that we give this matter the combined consideration of the various interests in our city.

On Thursday, May 31, at 10 A.M., I am calling a meeting of a group of representative citizens in my office in order to explore the potentialities of the land to be vacated. I would like it very much if you will attend this meeting or, if you are unable to be present, send a representative.

Respectfully,

JOHN B. HYNES,
Mayor."

Those invited to attend the meeting include:

Ralph Binney, president, Boston Chamber of Commerce.

Daniel Bloomfield, Retail Trade Board.
Harold Plotkin, president, Back Bay Association.

Thomas McDonough, chairman, City Planning Board.

Paul Hines, industrial advisor to the Mayor.

Philip Kramer, labor advisor to the Mayor.

Dudley Harmon, managing director, New England Council.

Henry J. Bridges, president, A. F. of L.

Ray Spofford, president, Boston Real Estate Exchange.

William Belanger, president, 73 Tremont Street.

John Sullivan, Boston & Albany Railroad, South Station.

O. Kelly Anderson, president, New England Mutual Life Insurance Company.

Paul Clark, president, John Hancock Insurance Company.

Charles B. Kellogg, secretary, New England Council.

Richard S. Robie, general chairman, New England Council.

BOSTON'S FINANCIAL CONDITION RATED HIGH.

The following is an excerpt from Moody's Bond Survey, May 14, on Boston's bond situation:

"Boston, Massachusetts, is continuing its modest postwar capital improvement and rehabilitation program by sale of \$4,000,000 of bonds. The city's needs are not great in most respects, but as an old metropolis it faces a greater than average traffic problem. Half of the proceeds of this loan will be used for parking facilities; additional projects will probably involve new borrowings in the future. Boston's net debt is low, however, and in view of the city's improving fiscal policies obligations of the city are satisfactory for general investment purposes."

MAYOR'S ADDRESS BEFORE COMMITTEE OF CATHOLICS, PROTESTANTS, AND JEWS.

(Continued from page 533.)

It is often the little things — the hasty insulting remark, the rude action, the hot-tempered words that lead to deep misunderstandings, even to crimes of violence.

Our lives are made up of a succession of little things, but if we remember that it is the little courtesies along the way which make life more pleasant for our neighbors, then we are, unconsciously, but most effectively, putting into effect the basic principles of our country — the basic principles of equality and opportunity — and we are making a worth-while contribution to human brotherhood.

It is the small, sweet courtesies of life which, in their aggregate, will make this world a better world for all of us. It is the little things, the thoughtful little things we do or say, multiplied and compounded, which will bring us to the goal of real understanding and brotherly affection. If we think big and we act big, and yet, do not forget the small, sweet courtesies in our everyday life, we shall reach our goal of human understanding and brotherly affection far sooner than we think.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, May 15, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to duly accredited delegates to attend the 71st Annual Session of the Massachusetts Catholic Order of Foresters, to be held at the New Ocean House, Swampscott, on Monday, May 21, and Tuesday, May 22, 1951.

Respectfully,

J. B. HYNES, Mayor.

FIREMEN'S MEDAL OF HONOR FUND.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, May 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your Honor's approval is requested for the establishment of the Patrick J. Kennedy Medal of Honor Fund in the Fire Department.

Permission is also requested to accept securities in trust from Hon. Joseph P. Kennedy to provide for an annual income to cover the cost of the medal.

The fund is to be established in the memory of the late Patrick J. Kennedy, who was formerly a Fire Commissioner of the City of Boston. The medal is to be awarded annually to a fireman in the Boston Fire Department for an act of outstanding heroism in connection with his duties as a member of the Fire Department.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

BUDDY POPPY SALE PRO- NOUNCEMENT.

On May 22 Mayor John B. Hynes issued the following pronouncement:

Whereas, The annual sale of Buddy Poppies by the Veterans of Foreign Wars of the United States, an organization chartered by the Congress, has been officially recognized and endorsed by the President of the United States and the Veterans Administration; and

Whereas, The proceeds of this worthy fund raising campaign are used exclusively for the benefit of disabled and needy veterans and the widows and orphans of deceased veterans; and

Whereas, The basic purpose of the annual sale of Buddy Poppies by the Veterans of Foreign Wars is eloquently reflected in the desire to "Honor the Dead by Helping the Living"; therefore

I, John B. Hynes, Mayor of the City of Boston, do hereby recognize the patriotic merits of this cause by urging the citizens of this community to contribute generously to its support through the purchase of Buddy Poppies, on the days set aside for distribution of these symbols of loyalty in this city. I urge all patriotic citizens to wear a Buddy Poppy on Memorial Day, as mute evidence of our gratitude to the men of this country who have risked their lives in defense of the Freedoms which we continue to enjoy as American citizens.

AMERICAN LEGION MEMORIAL DAY PROGRAM.

Mayor John B. Hynes is to deliver "Address of the Day" at Joint American Legion Memorial Day Program at Mount Hope Cemetery, May 30, at 11 A.M.

This annual program to pay tribute to departed comrades of World Wars I and II is carried on jointly by William E. Carter Post 16, Mattapan Post 128, George K. Menichios Post 324, James E. Welch Post 56, William L. Harris Post 196, All Dorchester Post 154, and Navy Post 297 of Boston.

A parade will precede the exercises commencing at Mattapan Post Legion Hall on Babson street to Walk Hill street to Mount Hope Cemetery. The parade marshal is Stephen Douglas, Commander of Carter Post. Chief of staff is George Simmons of Carter Post. Parade adjutant is Joseph Hurley of William L. Harris Post.

The exercises at Mount Hope Cemetery will include, besides the address by Mayor Hynes, invocation by Rabbi David B. Alpert, chaplain of Boston City Hospital, and recitation by Miss Joanne Hines, winner of State Legion Oratorical Contest.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon May 11 the Mayor approved a contract with Donato Antonellis for egress alterations in various schools in Group A-5.

Bids, opened May 10, were as follows:

Donato Antonellis, \$50,127; M. Solimando, \$52,732; P. J. Cantwell & Son, \$55,870; D. A. Rossano Construction Company, Inc., \$56,553; Martin J. Kelly Company, Inc., \$58,393; Beacon Construction Company, \$58,794; Michael Racioppi, \$61,437; Construction Units Inc., \$61,908; A. J. Martini, Inc., \$66,685; R. A. Buccella & Sons, Inc., \$76,341.

Upon May 16 the Mayor approved a contract with Tru-Lite Manufacturing Company, for delivering automatic emergency lighting units to 26 Norman street.

Bids, opened May 15, were as follows:

Tru-Lite Manufacturing Company, \$3,465, 2 per cent, 10 days; Allied Electric Supply, Inc., \$3,517.50; Gem Electric Supply Company, \$3,618.

INSTITUTIONS DEPARTMENT.

Upon May 17 the Mayor approved a contract as requested in the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Monday, March 26, 1951, bids were publicly opened by the Institutions Department for installation of elevators in the Nichols and Morris Buildings, Long Island Hospital, Boston Harbor. The following bids were received:

Construction Units, Inc., \$52,000; M. Solimando, \$54,892; Peabody Construction Company, \$55,835; Parkman Construction Company, \$61,717; J. A. Singarella, \$71,000.

The lowest subbidder for the painting work was John W. Egan Company in the amount of \$425. They have requested permission to withdraw their bid inasmuch as they made an error in estimating. A copy of their letter is attached. Because of the substantial variation in the amounts of the painting bids there is reason to believe that the John W. Egan Company erred in bidding.

Therefore, permission is requested to substitute the next lowest painting subbidder, Max Cahn, whose bid is in the amount of \$1,210.

This necessitates an adjustment of \$785 in the total amount of the Construction Units, Inc., original subbid proposal of \$35,171 to \$35,956.

In view of the foregoing, your permission is respectfully requested to award a contract to the Construction Units, Inc.,

in the adjusted price of \$52,785, which sum reflects the \$785 increase explained above.

Respectfully yours,

VERONICA C. NAGLE,
Acting Commissioner.

JOHN W. EGAN COMPANY,
3 ALBION PLACE, NEWTON CENTER.
May 4, 1951.

COMMISSIONER OF INSTITUTIONS, Room 1109, City Hall Annex.
Attention: Mr. John R. McGilivray,
Commissioner.

DEAR SIR:

We are requesting the release of our bid for the painting work in connection with the installation of new elevators in Morris and Nichols Buildings, Long Island Hospital.

Our estimator figured to touch-up stairways, where damaged by new construction. Re-examination of the specifications disclosed that all existing stairs are to be painted two coats which accounts for the discrepancy in our figure.

Very truly yours,

JOHN W. EGAN.

PUBLIC WORKS DEPARTMENT.

Upon May 11 the Mayor approved a contract with Susi & DeSantis Company, Inc., for laying water pipes in Arlington, Elm, Oak, Park, and Westminster streets, Hyde Park, at an estimated cost of \$13,867. The work to be done under this contract is to be completed September 15. The following bids were received May 9:

Susi & DeSantis Company, Inc., \$13,867; Joseph Capone & Son, \$15,045; C. Russo, Inc., \$15,800; H. DiTullio & Sons, Inc., \$16,892; James A. Freaney, Inc., \$17,643; Baker & Co., Inc., \$18,517.50; R. A. Buccella & Sons, Inc., \$23,861.50; James D'Amico, Inc., \$24,745.

Upon May 14 the Mayor approved a contract with Adams Asphalt Company for bituminous concrete pavement in Anderson street, Ward 5; Granby street, Wards 5 and 21; Joy street, Ward 3; Kilmarnock street, Wards 5 and 21; and Sherborn street, Ward 5; at an estimated cost of \$27,457.50. The work to be done under this contract is to be completed October 1. The following bids were received May 9:

Adams Asphalt Company, \$27,457.50; S. J. Tomasello Corp., \$27,932; National Contractors Company, Inc., \$29,262; James D'Amico, Inc., \$30,512.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

Sanatorium Division.

Boston, May 1, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On October 18, 1950, your Honor approved a contract between the city, acting by the Trustees of the Boston City Hospital, and Perfection Grate and Stoker Company of Springfield, Mass., in the amount of \$34,165, providing for the furnishing and installation of new oil burning equipment at our Sanatorium Division. The contract was awarded by your Honor, without further advertising, on August 31, 1950, although the work

had in fact been publicly advertised, for the reasons that: the Awarding Authority had not accepted this firm's proposal within thirty days from its date; the amount of the actual award, \$34,165, was less than the figure appearing in this contractor's original proposal, which latter sum was lower than that of the only other bidder's; and a readvertising, in view of existing conditions, would not have been to the ultimate advantage of the city.

On February 8, 1951, at the request of the Sanatorium officials, the Stone & Webster Engineering Corporation inspected the installation at the center boiler and advised that it was ready for test. Following the test run of several days duration, this engineering firm examined the furnace floor, found it to be in an unsatisfactory condition and on March 20, 1951, recommended that the floor be replaced. In addition, the engineers suggested that the hollow tile under the floor be cleaned, and replaced, if found defective.

The contractor now proposes to remove the present floor and to construct a new floor, area 88 square feet, consisting of one course 4½-inch Big Savage first quality fire brick lining, laid on edge; one course 2½-inch corundum L. W. 20, 2,000° insulating brick; and ½-inch asbestos millboard laid on the tile. Also contractor will clean the hollow tiles and replace any which are broken or defective.

The cost of furnishing and installing the 88 square feet of 4½-inch fire brick lining will be at the subbid unit price therefor of \$4.25 per square foot, or a total of \$374. The remainder of the labor and material will be provided by the contractor at no cost to the city.

The Stone & Webster engineers have advised that the contemplated floor construction is standard for normal operating conditions and they are confident that it will be satisfactory.

In all probability, it will be found necessary to replace the floors in the remaining two boiler units when ready for and subjected to tests. The contractor will construct new floors in the remaining two boiler units, as outlined herein, for the same unit total price, namely, \$374, when and if the same is recommended by Stone & Webster, Inc., and approved by the assistant plant superintendent.

In view of the foregoing, your permission is respectfully requested to dispense with public advertising and to amend the aforesaid contract amount in the sum of \$374 to cover the cost of the new floor in the center boiler, plus an additional \$748 to cover the total cost of a new floor in each of the remaining two boilers, should this additional work become necessary. The proposed amendment will result in a total addition to the contract price of \$1,122, thereby creating a new contract cost not to exceed the sum of \$35,287.

Respectfully yours,

MARTIN J. ENGLISH, M. D.,
President, Boston City
Hospital Trustees.

LIBRARY DEPARTMENT.

Boston, May 10, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to our invitation, sealed proposals for certain gardening work, at ten branch libraries, were received and opened at the office of the trustees at

12 o'clock noon on April 17, 1951. The following landscape and gardening companies were invited to submit bids:

Anthony J. Brando, Frost & Higgins Company, T. J. Godvin Landscaping Company, Little Tree Nurseries, Littlefield-Wyman Nurseries.

The only company to actually submit a bid was the Little Tree Nurseries of Rowley, Mass., who submitted the following quotations:

Brighton Branch Library, \$315; Connelly Branch Library, \$132; East Boston Branch Library, \$215; Faneuil Branch Library, \$100; Jeffries Point Branch Library, \$163; Mattapan Branch Library, \$150; Hyde Park Branch Library, \$186; Parker Hill Branch Library, \$95; West End Branch Library, \$220; West Roxbury Branch Library, \$187. Total, \$1,763.

This is a figure which is over the amount beyond which there must ordinarily be public advertising. Inasmuch as five companies were invited to submit bids and only one bid was submitted, it appears that no useful purpose would be served by publicly advertising for bids.

The Trustees have voted as follows:

"That there be awarded to Little Tree Nurseries, Central street, Rowley, without public advertising, a contract for certain landscaping and gardening work at 10 branch libraries in the total amount of seventeen hundred and sixty-three dollars (\$1,763)."

Your permission is therefore respectfully requested for dispensing with public advertising and for awarding to Little Tree Nurseries a contract for the work in the amount of \$1,763.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

by LEE M. FRIEDMAN,
Vice President.

PUBLIC BUILDINGS DEPARTMENT.

Boston, May 14, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of public advertising, and to award a contract to the Portland Elevator Company, Inc., 133 Oliver street, Boston, for furnishing and installing armature in elevator motor of east elevator in City Hall at a cost not to exceed the sum of eleven hundred and twenty-five (1,125) dollars.

This armature is to be removed from company storage, tested, repainted, and put in A-1 condition. Motor coils are to be removed and cleaned, tested and baked. If in testing coils, it is found they have either a short or open circuit, the department is to be advised about same and cost of repairing it. Field coils are to be reinstalled with armature supplied in motor to insure it to be in A-1 condition.

The Portland Elevator Company originally installed this motor and have an armature in storage which has never been used. In view of these facts, it is my opinion that the best interests of the city will be served in awarding this work to the above mentioned company, and that nothing could be gained by publicly advertising for bids.

Respectfully,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

BOSTON, May 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On April 13, 1951, your Honor approved my written request for permission to hire a one and one half-ton truck, including an operator, as required through the year, from Robert D. Ford, 23 Monson street, Dorchester, Mass.

As indicated in my previous communication, the aggregate cost of hiring this equipment exceeds \$1,000, and, in fact, it now appears that the total expenditure for this purpose, for the remainder of the year, will be approximately \$2,600.

Therefore, I would now like to amend my prior letter at this time and respectfully request your permission for the award of a contract, without advertising, to the aforesaid, Robert D. Ford, for the period April 2, 1951, to December 31, 1951, providing for the furnishing of a one and one half-ton truck to this department, including the operator, plus oil and gasoline, as may be required and ordered, at a cost per hour of \$2.50. The total amount to be expended under the contract shall not exceed the sum of \$2,600.

In my opinion, nothing is to be gained by publicly advertising for bids since this contractor's rate is fair and reasonable and because for a considerable period of time, he has been so efficient, cooperative and dependable in furnishing the subject facility to the city.

Respectfully yours,

GEORGE P. DONOVAN,

Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 14, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

On May 9, 1951, bids were received, after publicly advertising for same in the *City Record*, issue of April 28, 1951, for bituminous concrete pavement in Autumn street, Deaconess road, Pilgrim road, all in Ward 4. As the result of this public advertisement, two proposals were received for doing the work: Adams Asphalt Company, for an estimated amount of \$24,450, and the S. J. Tomasello Corporation, for an estimated amount of \$24,810.50.

The low bidder, Adams Asphalt Company, has already been awarded a contract in the amount of \$37,837 for highway work in East Boston and I am recommending, under even date, that another contract involving highway work in the amount of \$27,457.50, be awarded to said company. I feel that the above-referenced two (2) contracts are all that should be awarded to that company at this time. The firm has done no work for this department since 1942 and, therefore, when it submitted the low bid on the East Boston streets, I made inquiries of its representatives and others concerning the work done by this company in recent years; its financial condition, qualifications, etc.

As the result of such inquiries, I felt that they were reasonably qualified to undertake the East Boston contract and the contract in the amount of \$27,457.50 that I am recommending today. However, I am definitely of the opinion that no other contracts should be awarded to that company until it proves its capabilities and qualifications through the actual performance of work for the department.

The bid of the second bidder, S. J. Tomasello Corporation, is only \$360.50 higher than that of the low bidder, so that the difference in the bids is of minor importance. The second bidder is an established Boston contractor who has satisfactorily completed numerous highway contracts for the department over the past twenty years and it is my unqualified opinion that the interests of the city will be best served if this contract is awarded to the S. J. Tomasello Corporation.

For reasons contained herein I respectfully recommend that a contract for bituminous concrete pavement in Autumn street, Deaconess road, and Pilgrim road in Ward 4, be awarded to the S. J. Tomasello Corporation, the second bidder, in the amount of \$24,810.50. The work to be performed under this contract is to be completed on or before October 1, 1951.

GEORGE G. HYLAND,

Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, May 4, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 30 bales of sheet wadding, 36 by 36, to be delivered immediately.

Inasmuch as it is absolutely essential that the materials be delivered as soon as possible, permission is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Union Wadding Company, the only bidder who submitted a price on an informal quotation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,479, net.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

BOSTON, May 4, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this department for three (3), only, 3-Gang Ideal power units with equipment as specified.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to R. E. Jarvis Company, the local distributor for the equipment requested. This company has been the only supplier of the mower units for the past several years, and therefore it is my opinion that no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$2,370, less 2 per cent cash discount for payment within fifteen days.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

BOSTON, May 8, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Paving Division of the Public Works Department has submitted a

requisition to this office for fourteen (14) atlases for the various city yards.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to G. W. Bromley & Co., 522 Fifth avenue, New York, New York. This company was the only vendor that responded to an informal request for prices. It is therefore my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,400, net.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

BOSTON, May 10, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On September 11, 1950, your Honor approved a contract with White Motor Company for furnishing two street flushers to the Public Works Department. This contract automatically expired on December 31, 1950, despite the fact that no delivery had been made on the street flushers.

The Public Works Department is still desirous of purchasing the street flushers and therefore it is requested that authority be granted me to dispense with further publicly advertising for bids at this time and award a contract, without public advertisement, to the White Motor Company who can make delivery now and has agreed to do so at the same price as their contract of last year even though the present list price of the two flushers is approximately \$2,000 more.

Total amount of contract will be \$23,739.98, less trade discount, \$3,242.50, less trade-in allowance, \$3,200, making a net total of \$17,297.48.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

BOSTON, May 10, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Automotive Division of the Public Works Department has submitted a requisition to this office for one 2-door Ford sedan with equipment as specified.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Bowers Motor Sales, Inc., the lowest bidder on informal requests for prices. This company can make immediate delivery of the above vehicle and therefore it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Total amount of contract will be \$1,253, net.

Respectfully yours,

JOHN V. MORAN,

Superintendent of Supplies.

BOSTON, May 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition for one F-1 Ford half-ton panel truck and one F-3 three quarters-ton express body truck. The Traffic Commission has requested immediate delivery on the above.

The Bowers Motor Sales, Inc., submitted an informal quotation on the above trucks. This company has these trucks available for immediate shipment and, therefore, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Bowers Motor Sales, Inc.

Approximate total amount of contract will be \$3,731, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACTS.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Inc., has been directed to perform the following extra work under the contract for redecking the Boylston Street Bridge, over the Boston & Albany Railroad, dated September 6, 1950:

Furnish and place two coats of heavy hot asphalt along the curb sticks and ends of truss planking, both sides of roadway; furnish and place a new angle on end of floor beam (to be welded to end of beam); drill two holes in masonry for two 1-inch bolts with expansion sleeves and encase new bolts and angles in concrete, all as directed. Estimated cost of extra work, \$520.

James A. Susi has been directed to perform the following extra work under the contract for bituminous concrete pavement in Como road, Constance road, and Rumford road, dated October 13, 1950:

In Constance road, remove, relocate and set approximately 70 linear feet of edgestone at \$1.25 per linear foot, caused by the change of alignment of the roadway to meet proposed new street line. Estimated cost of extra work, \$87.50.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 14, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY presiding, and all the members present. The Reverend Joseph A. Brandley, Pastor of St. Brendan's Catholic Church, Dorchester, was escorted to the rostrum.

INVOCATION BY REVEREND JOSEPH A. BRANDLEY.

Almighty God, the Lord and Ruler of all things created, to whom all things owe their existence, by whose wisdom they are directed, by whose power they are sustained, by whose delegation kings reign and rulers dispense justice, we humbly beg Thy blessing on this honorable assembly to which Thou has entrusted in great measure the welfare and happiness of our beloved city. We ask Thy blessings on all their deliberations because all power is from Thee and all lawfully constituted authority speaks in Thy name.

May Thy heavenly spirit of wisdom, counsel and fortitude guide all their deliberations and guide and direct all who rule, that we may be all led along the paths that lead to Thee, the goal and object and aspiration of our great and honorable city of which, as in the past, we can always be truly proud. Amen.

The salute to the Flag was given by the members.

APPOINTMENT BY THE MAYOR.

IMPROVEMENTS AT SOUTH BOSTON BEACHES.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of the Metropolitan District Commission relative to your orders of April 9, 23, 30, 1951, relative to all drinking fountains in the South Boston area, and repairing of benches; replacement of a flagpole at City Point; also life saving boats being available when the beaches are opened.

Respectfully,
J. B. HYNES, Mayor.

Commonwealth of Massachusetts,
Metropolitan District Commission,
20 Somerset Street, Boston,
May 8, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your request from the City Council order of April 25, requesting the replacement of a flagpole which was taken down at City Point, at the present time there are no funds available under this item in our budget. If funds are made available in the budget as of July 1, we will take bids for the erection of the flagpole.

Your City Council order of April 11, relative to drinking fountains, all drinking fountains in South Boston area, under the control of this commission, are in good order. As to repairing the benches, a contract will shortly be advertised for this.

Your City Council order of May 2, relative to boats, life saving boats will be available when the beaches are opened.

Very truly yours,
WILLIAM T. MORRISSEY, Commissioner.

REMOVAL OF CERTAIN VOTING BOOTHS, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Election Commissioners relative to your order of April 2, 1951, requesting that plans be made to have the booths, at Precinct 6, on Sharp street, and at Precinct 20, on Stone terrace, in Ward 17, removed and place these in a permanent building so that the workers may have water and various other facilities.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Election Commissioners,
May 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Council order passed April 2, 1951, and reading as follows has been received:

"Ordered, That the Election Commissioners be requested, through his Honor the Mayor, to make plans to have the booths, at Precinct 6, on Sharp street, and at Precinct 20, on Stone terrace, Ward 17, removed and place these in a permanent building so that the workers may have water and various other facilities."

Please be advised that our man in charge of polling places has made a very careful survey of both of these precincts and reports that in place of the booth in Precinct 6, we could use the Dorchester High School for Girls, Talbot avenue and Washington street; and in place of the booth in Precinct 20, we could use the Woodrow Wilson School, Hurleroff avenue and Alicia road.

We are pleased to cooperate with Councilor Farin and trust that these changes will be satisfactory to him. If not, we would suggest that he get in touch with this Board as soon as possible and we will be very willing to consider any recommendations he might have for adequate polling places for these two precincts.

Very truly yours,
BOARD OF ELECTION COMMISSIONERS,
JOSEPH RUSSO, Chairman.

BUSES ON CITY POINT-DUDLEY STREET LINE.

The following was received:

City of Boston,
Office of the Mayor, May 14, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of April 30, 1951, requesting the replacement of the trolley cars on the City Point-Dudley Street line with modern buses, thereby relieving the traffic congestion in South Boston and particularly in Andrew square.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
May 9, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Study has been made in regard to order of the City Council of April 30, requesting the replacement of the trolley cars on the City Point-Dudley Street line with buses.

The Transportation Department reports that it would require eight additional manpower, 127 additional miles weekly, and a cost annually of \$43,000, more than the present service, without materially reducing traffic congestion, as more trips would go through Andrew Station than at present by cars.

Very truly yours,
EDWARD DANA,
General Manager.

Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of May 7, 1951, requesting to have Alice Gallagher Park, formerly known as Chandler's Pond, placed under the mosquito control activities of the department.

Sincerely,
J. B. HYNES, Mayor.

City of Boston,
Park Department, May 10, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated May 7, requesting to have the Alice Gallagher Park, formerly known as Chandler's Pond, placed under the mosquito control activities of the department.

This matter has been referred to the Deputy Commissioner and I have asked him to make arrangements for the spraying of the area.

Very truly yours,
FRANK R. KELLEY, Chairman.

POLICE DEPARTMENT ORDERS.

General Order No. 1,467.

The following-named person is hereby appointed a permanent patrolman in this department and is assigned as follows, effective Thursday, May 17, 1951, at 10 o'clock A.M.:

Eugene A. Baril, to Division 13.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

General Order No. 1,468.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of accidental disability, the

following-named police officer, effective at the close of business, Thursday, May 31, 1951.

In view of this operation of law, after May 31, 1951, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Eugene T. Kane, Division 10.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

General Order No. 1,469.

We have been requested by the Armed Forces Day Committee to pay a tribute in honor of our nation's fighting men who have been killed in Korea, and those who are still engaged in the fighting there, by maintaining a minute of silence at twelve o'clock noon on Saturday, May 19, 1951.

All members of the department will join in this tribute by observing a minute of meditative silence at that time.

Members of the force on street duty will, as far as possible, request both pedestrian and vehicular traffic to halt for a period of one minute for this observance.

The Acting Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

General Order No. 1,470.

The Police Commissioner having heard the complaint of Capt. John H. Cloran of Division 9, against Patrolman John J. Murnane of the same division, on Friday, May 18, 1951, at Police Headquarters, charging him with violation of the rules and regulations of the Police Department, has made a finding of not guilty.

Therefore, It is hereby ordered that complaint against the said Patrolman John J. Murnane be dismissed.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

General Order No. 1,471.

The Police Commissioner having heard the complaint of Capt. Francis W. Russell of Division 10, against Patrolman Joseph E. Farrell of the same division, on Friday, May 18, 1951, at Police Headquarters, charging him with violation of the rules and regulations of the Police Department, has made a finding of guilty.

Therefore, It is ordered that the said Patrolman Joseph E. Farrell be suspended for a period of ten days, effective as of Monday, May 14, 1951, at 5.45 o'clock P.M., and at the expiration of which time he shall perform two hundred ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Police Commissioner.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Rivermoor street, West Roxbury district, as a highway, from Gardner street to Veterans of Foreign Wars Parkway, bounded and described as follows:

An extension of the highway named Rivermoor street is hereby laid out, from Gardner street to Veterans of Foreign Wars Parkway, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Gardner street, by two measurements, thirty and 51-100 feet and one hundred nineteen and 92-100 feet; northerly by the northerly line of said extension of said Rivermoor street as hereby laid out, by nine measurements, one hundred twenty-nine and 78-100 feet on a curve of one hundred thirty-nine and 64-100 feet radius, twenty-four and 87-100 feet, one hundred twenty-three and 65-100 feet on a curve of one hundred and sixty-five feet radius, one hundred twenty-three and 74-100 feet, seventy and 86-100 feet on a curve of two hundred sixty and 9-100 feet radius, eighty-seven and 44-100 feet on a curve of three hundred seventy-six and 42-100 feet radius, one hundred ninety-two and 85-100 feet, one hundred thirty-three and 26-100 feet on a curve of nine hundred forty-nine and 72-100 feet radius, and two hundred thirty-five and 62-100 feet; easterly by Veterans of Foreign Wars Parkway, forty and 60-100 feet; southerly by the southerly line of said extension of said Rivermoor street as hereby laid out, by eight measurements, two hundred twenty-eight and 69-100 feet, one hundred thirty-eight and 87-100 feet on a curve of nine hundred eighty-nine and 72-100 feet radius, one hundred ninety-two and 85-100 feet, ninety-six and 73-100 feet on a curve of four hundred sixteen and 42-100 feet radius, eighty-one and 76-100 feet on a curve of three hundred and 9-100 feet radius, one hundred twenty-three and 74-100 feet, ninety-three and 67-100 feet on a curve of one hundred and twenty-five feet radius, and thirty-four and 49-100 feet; and easterly by the easterly line of said extension of said Rivermoor street as hereby laid out, twenty-eight and 71-100 feet on a curve of twelve feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Rivermoor street, West Roxbury district, as a highway, from Gardner street to Veterans of Foreign Wars Parkway, under the order of the Board of May 7, 1951, and awards no damages therefor.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS, PAINTING, ETC., AT THE SUMNER TUNNEL VENTILATION BUILDINGS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs, painting, etc., at the Sumner Tunnel ventilation buildings. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs, Painting, etc., at the Sumner Tunnel Ventilation Buildings," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 6, 1951, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 162 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PROPOSALS FOR THE CONSTRUCTION OF A GATE HOUSE.

Sealed bids for the construction of a Gate House at the Moon Island approach of Long Island viaduct in Boston, Mass., will be received by the Commissioner of the Institutions Department, at the City Hall Annex, Room 1109, until 12 NOON (Daylight Saving Time), on Thursday, June 7, 1951, and then in said offices opened publicly and read aloud.

The contract documents, including specifications and drawings, may be obtained at the office of the Commissioner upon payment of \$5 for each set, for which refund will be made to bidders only.

Each bid must be accompanied by a certified check for the sum of two thousand dollars (\$2,000). Attention of bidders is called particularly to the requirements as to conditions of employment to be observed and minimum rates to be paid under the contract. No bid may be withdrawn within thirty days after the date of opening thereof. A performance bond in an amount equal to 100 per cent (100%) of the contract price will be required. The right is reserved to waive any informalities in or to reject any or all bids.

All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(May 26.) Commissioner of Public Works.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR THE CLEANING OF AIR SUPPLY SYSTEM AND EXHAUST SYSTEM IN THE CENTRAL LIBRARY BUILDING.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for the cleaning of air supply system and exhaust system in the Central Library Building.

Proposals will be received until 12 o'clock noon, Tuesday, June 5, 1951, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Boston Public Library, Copley square, Boston. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred dollars (\$200), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, May 28, 1951, at the business office of the Boston Public Library, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

MAYOR HYNES PAYS GLOWING TRIBUTE TO SECRETARY OF LABOR MAURICE J. TOBIN AT DINNER IN HONOR OF 50TH BIRTHDAY AT STATLER HOTEL—POINTS TO ACHIEVEMENT DURING PERIOD SINCE FIRST ENTERING POLITICS AND PREDICTS STILL GREATER HONORS—TELLS OF ACCOMPLISHMENTS AS MAYOR AND GOVERNOR—POINTS TO SUCCESS AS ENCOURAGEMENT TO OTHERS WHO BEGAN LIFE AS HUMBL Y.

At the Hotel Statler dinner honoring Secretary of Labor Maurice J. Tobin, on Saturday, May 26, Mayor John B. Hynes spoke as follows:

As I stand here and look out over this great gathering of friends of Secretary of Labor Maurice J. Tobin, my thoughts go back over memory's lane to other days and other years when the man we are honoring tonight was advancing up the ladder of public life.

(Continued on page 587.)

AMERICA IS SIGNIFICANT IN THINGS OF THE SPIRIT MORE THAN IN PHYSICAL SENSE, AND NEVER SHOULD THE GIFTS OF A DIVINE POWER BE FORGOTTEN, MAYOR HYNES TELLS ASSOCIATION OF EDISON WAR VETERANS AS HE SHARES IN THEIR MEMORIAL DAY EXERCISES—ASKS THAT OLD MEMORIES NEVER BE ALLOWED TO FADE.

The following is the Memorial Day address by Mayor Hynes before the Association of Edison War Veterans:

Your Commander, General Regan, has told me that this annual observance by the Association of Edison War Veterans dates back to the years just after the First World War. I think it both touching and inspiring that you do not permit old memories to fade away and die.

Few of the Edison men and women here today may have known personally those Edison men who gave their lives for their country in 1917 and 1918, but

WHEN WE FORGET THAT OUR RIGHTS ARE PREDICATED ON THE DIVINE CONCEPT, WE WILL HEAD INTO THE BLACK NIGHT OF SELF-DESTRUCTION—MAYOR JOHN B. HYNES WARNS FELLOW CITIZENS AND CIVILIZATION DURING MEMORIAL DAY ADDRESS AT MOUNT HOPE CEMETERY IN SERVICES COMMEMORATING SACRIFICES OF OUR HEROIC DEAD—SAYS WE NO LONGER LIVE IN ISOLATED COMPARTMENT OF A CROWDED, TROUBLED WORLD, NOR CAN WE, FROM OUR CORNER OF THE EARTH, WATCH WORLD COMMIT ITSELF TO A LIVING DEATH.

Following are the remarks of his Honor the Mayor, John B. Hynes, on Memorial Day, May 30, at Mount Hope Cemetery exercises:

On this Memorial Day, as on other Memorial Days that have passed, we think of those who have gone before us in this world—of the contributions they made to society, of the sacrifices they underwent, of the imprint they left in the sands of time.

More especially do we think and pray for our parents and our loved ones and for all those who answered the call to the colors and, in time of national peril, were stalwart guardians of our priceless heritage of freedom.

To all our gallant comrades, to all the heroic men of yesteryear, to all those from the Revolutionary War to the Korean War who listened to the mournful sound of Taps as it echoed in the evening breeze—and now no longer here—we say, on days such as this, may your sacrifices and your deeds never be forgotten, may God always keep you in the Valhalla of the brave.

MAYOR'S CIVIC IMPROVEMENT COMMITTEE MEETS TO PLAN PROGRESSIVE STEPS IN SOLUTION OF PROBLEMS.

The Mayor's Committee on Civic Improvement, established in January by Mayor John B. Hynes, conducted a public meeting at the Jeremiah E. Burke School, 60 Washington street, Dorchester, on Thursday, May 31, at 8 P.M.

Henry Leen, Chairman of the Committee, stated that the meeting was set up to tell interested citizens about the Mayor's Committee's program and also to invite constructive suggestions for handling religious and racial tension problems and for strengthening civic unity.

Mayor Hynes delivered the principal address. Mr. Leen presided. D. Leo Daley, Executive Director of the Mayor's Committee, outlined the Committee's projects; Edward Cooper,

World Shrinking.

The world in which we live is shrinking. We are no longer the isolated oasis of free men as we were 100 or even 25 years ago. Whether we like it or not, there cannot be a hell of epidemics elsewhere in the world, or economic chaos elsewhere in the world, or starvation elsewhere in the world, or the scourge of war elsewhere in the world, and remain, in this country, completely aloof.

We no longer live in an isolated compartment in a crowded, troubled world. We cannot stand behind and watch the world commit our present civilization to a living death, and hope to enjoy security and peace in our own little corner of the earth. The core of the world's troubles today are centered in the refusal of man to accept the teachings of the Creator of Man.

MAYOR'S MEMORIAL DAY ADDRESS AT MOUNT HOPE CEMETERY.

(Continued from page 585.)

Our own doctrine of natural rights has survived because the founders of our country set them forth in our Constitution and in the Declaration of Independence as coming from God Himself and they have survived because we have been willing to fight for our survival.

The day when we forget that our rights are predicated on the divine concept — that day we will head in the black night of self-destruction.

Lincoln reminded us that only under God could this nation or any nation be free. We believe in this fundamental concept. We believe in it and we fight for the right to continue to believe in it. If we do not falter in this belief, if we do not turn our faces away from the divine light, we shall save ourselves, and we shall save the world from total destruction.

AMERICA WANTS NO WAR.

For the right to be free men, as God willed it, men have suffered and died from the dawn of history and are suffering and dying today in Korea.

America does not want war. It has never wanted war. We want to live in peace with our neighbors and with the world. It is however, abundantly clear that we can attain the objectives of peace only by being so strong that our potential enemies will not dare attack us. The undeclared war now being fought in Korea is grim notice to the men in the Kremlin that we are strong, and that we will fight.

The men in Moscow might use other communist-controlled countries to do their dirty work, but they will not lead their own nation into a war they believe they cannot win. They will not attack us if they know we are strong enough to repulse that attack and that the consequences to them and their nation will be disastrous.

But like all the bullies, if they believe our guard is down, if they believe we do not have the means or the will to fight — we may find that they will seek to destroy us, our cities and our citizens.

Our first lines of defense are in Korea, in Japan, and in Germany. But our second line of defense is here at home in our factories and in the plants which represent our great industrial might. Our duty as citizens of this great free land of America is to make certain that our first lines of defense are strong and that our second line of defense is equally as strong. Only by this exhibition of strength can we convince the men in the Kremlin that we will not succumb, that we will not be submerged in the murky waters of atheistic communism.

War is always horrible, and the price of war is always a terrible price, but, only by going through the awful horrors and paying the awful price of war may we preserve our civilization, defeat ungodliness, and eventually bring peace to the world.

To all who have fought for God and for country, to all who have fought that others might live as free men, our prayers go upward today, that they may in this, and in the world to come, be close to the heart of the Eternal Judge.

MAYOR'S CIVIC IMPROVEMENT COMMITTEE HOLDS MEETING.

(Continued from page 585.)

Chairman of the Committee's research subcommittee, reported on facts of tension situations received by the Mayor's Committee; and Police Commissioner Thomas F. Sullivan had a representative of the Police Department on the program.

"The executive board members express the hope that similar meetings can be held in other sections of Boston later on," Mr. Leen commented. "We recognize the importance of working closely with the citizens in all walks of life. We feel the most effective way to reach large numbers of people is to set up neighborhood meetings and thus to work out our problems on a face-to-face friendly basis."

In establishing the Committee on Civic Improvement in January, Mayor Hynes set forth the committee's purposes as follows:

1. To help reduce those incidents to the barest minimum.
2. To foster good will among various groups.
3. To recommend an effective educational program.
4. To search out the causes for tensions.
5. To examine into a method of eradicating these causes.
6. To espouse a method of discouraging vandalism on the part of juvenile offenders.

MAYOR PAYS GLOWING TRIBUTE TO MAURICE J. TOBIN, SECRETARY OF LABOR.

(Continued from page 585.)

I remember the night in 1928, when he decided that politics were not for him and that his future lay in some other profession. He had run for Congress against the fabulous George Holden Tinkham, had made a strong showing but had been defeated. Things looked so dark then to the young Maurice J. Tobin that he decided to forsake public life. It was three years before his friends persuaded him to run for the School Committee.

RECALLS CAMPAIGN.

I recall the mayoralty campaign of 1937 that was financed on a shoestring. There was the night when we were \$2 short of having enough money to pay for the radio time that had been engaged—even after everyone had emptied out their pockets. We got the \$2 a few moments before Maurice Tobin was to go on the air with a major radio speech.

It was my privilege to work closely with Maurice Tobin during his seven years as Mayor of Boston. Sometimes the things a man does in public life are all too quickly forgotten, but I sincerely believe that one of Maurice Tobin's greatest accomplishments was in saving the City of Boston from possible bankruptcy and in reducing its debt the amazing total of \$50,000,000 in a seven-year period.

In the time that I have been Mayor and have struggled with the city's financial problems, the magnitude of that achievement has increased many times

in my eyes. Maurice J. Tobin will be remembered by many people for many things, but the people of Boston should never forget that by dint of tremendous effort and at the risk of his own political future he saved their city from financial disaster.

MANY ACCOMPLISHMENTS FOR FELLOW CITIZENS.

I know of the progressive legislation which Maurice Tobin was responsible for having enacted into law during his two years as Governor of this Commonwealth. I know of the many things he has done for working men and women in different sections of the country during his service as Secretary of Labor. I recognize the honor that was bestowed upon him when he was chosen to serve in the cabinet of the President of the United States.

But I would venture a guess that if Maurice Tobin were asked what public service in his brilliant career has given him the greatest personal satisfaction, his reply would be the job that he performed for his home city during seven difficult and trying years as its chief executive.

This is the birthday party in honor of a young man who is walking evidence that ours is the land of opportunity. He was the son of humble, hard-working parents who came to this country from Ireland. As a youngster he sold newspapers on the streets of this city to help increase the family finances. He had no silver spoon, and the road he climbed was not a smooth one.

Yet, he has attained the highest public honors within the gift of the people of his home city and his native state. Today he represents our section of the country in the presidential cabinet.

We who worked with him in his early career are proud of the great success that has come to him. We know that it didn't come easy. We know in some of the offices he has held there was more grief than glory. Maurice Tobin richly deserves every victory, every honor, that has been his back through the years. However, any reference to his career would not be complete without a special tribute to Helen, his charming, attractive wife who worked at his side, who campaigned with him and who provided him with the encouragement and the inspiration when the odds against him loomed large.

In closing, may I express my own pride at being here tonight to join in this wonderful tribute to Maurice J. Tobin. He has been a great Mayor, a great Governor, a great Secretary of Labor, a great American, and a great friend.

MAYOR HYNES PARTICIPATES IN MEMORIAL DAY EXERCISES WITH ASSOCIATION OF EDISON WAR VETERANS.

(Continued from page 587.)

none of us should ever forget that they fought and died for a cause that was as noble and as worthwhile then as it is today — the preservation of our American Republic, which Abraham Lincoln once called "the last, best hope of earth."

Meeting today, in the Year of Our Lord 1951, with World War I a generation behind us, and the stirring events of World War II beginning to fade after the lapse of six momentous years, it is appropriate to spend a little time in solemn reflection on the meaning of Lincoln's words.

NO LAND MORE FAVORED.

There has never been a time in the century and three-quarters of our history as a nation when Americans should be more appreciative of the blessings which Almighty God has conferred upon this nation. No people in all history have been favored as we have been. Ours is a beautiful land in a physical sense, with its majestic mountains, its fruited plains, its shining beaches, pleasant woodlands, mighty rivers, and lovely lakes, but America is even more significant in the things of the spirit.

The men who wrote the Declaration of Independence paid reverent tribute to their God in the very opening lines of that noble document, and as a people we have never forgotten what we owe to the Creator Whose assistance they so stirringly invoked.

To protect the precious liberties on which our Republic was founded, Americans of every generation have been willing to fight and to die. The rich red blood of the best of American youth has flowed freely on a hundred battlefields, just as today it is being shed on the mud-filled roads of a far-off land called Korea, which until recently was only a dot on the map of the world to most of us, and nothing more.

MEET IN SOLEMN HOUR.

We meet in a solemn hour in world history. The great issue before the people of the world has been reduced to the simplest terms. We are in a battle with men who believe in God and the things of the spirit on one side, and on the other are men who deny God and glorify materialism. Our enemy of today not only uses the most terrible instruments of modern warfare, but is attempting to poison the minds of more than half the world and to convince them that the things of the spirit are meaningless. In place of God, in Whom our forefathers placed their trust, and to Whom we pray in our own churches and temples, they would substitute something which they call the state—not the free and benevolent type of government which we in America enjoy, but a cruel, despotic, tyrannous government which would deny the individual even the liberty to think.

These are indeed times that try men's souls. But it is heartening to know that, in spite of differences of opinion as to our foreign policy, in spite of political differences, there is no doubt as to America's basic unity on this greatest of issues. We will fight, to the death if necessary, to preserve the freedoms which are inherent in the American way of life.

In the preservation of the spiritual quality of the American people, I think this annual Memorial Day observance has had an important part. The day came into being as a direct result of our first great trial as a nation—the war between the states, which ended in 1865. The Grand Army of the Republic determined that the men who had died at Antietam, at Fredericksburg, at Gettysburg, and in the wilderness should not be forgotten. By happy choice they selected a day late in the month of May, when America had fully awakened to the annual miracle of spring.

TRIBUTE TO G. A. R.

The men of the Grand Army brought their lilacs and daisies to the graves of departed comrades, fired a volley above them, and then stood at attention while a bugler played the beautiful and stirring notes of "Taps."

Some of us are old enough to remember a time when those men of the Grand Army were still active, still marching behind the colors at Memorial Day parades, and, even as children, we were better Americans after we, too, had paraded and spread our flowers at the base of a soldiers' monument. The men of the Grand Army are gone now. Even the men of World War I are aging, and no longer march with a springing step.

Yet it is thrilling to know that tomorrow gray-haired men will don Legion uniforms; they will take the long trek to the cemetery; and they will say a silent prayer above the grave of a comrade who may have died in a wheat field above the Marne, or in the Argonne, or in Belleau Wood 33 years ago. Behind them in the parade will be younger men who will pay tribute to comrades who fell at Guadalcanal, at Omaha Beach, or in the assault which carried our victorious troops across the Rhine.

If America ever lets Memorial Day die, and if we start to think of it as merely another holiday dedicated to recreation, I think we shall deserve to lose "the last, best hope of earth," so I commend the men and women of the Association of Edison War Veterans and their fellow workers, who have gathered here today. Let us resolve, in memory of those who have gone before us, and for the continued strength of our Republic, to stand united for God and for country—no matter what the cost—no matter what the sacrifice.

In closing may I express the hope that a generation hence, when many of us will have passed from the scene, Boston Edison's men and women will continue to assemble on the eve of Memorial Day and pay their tributes of affection and respect to those who gave the last full measure of devotion to the preservation of our beloved America.

BOOKLET ISSUED UNDER DIRECTION OF MAYOR HYNES AS AID IN CLEAN-UP CAMPAIGN.

A sixteen-page illustrated booklet, published through the co-operation of the Health, Public Works, Building, and School Departments and the parochial schools, has been issued by the City of Boston, under the direction of Mayor Hynes, as a means of further stimulating the 1951 "Clean-up, Paint-up, Fix-up Campaign" of the Boston Chamber of Commerce.

"I am calling upon every man, woman, boy and girl in the city," reads Mayor Hynes' introductory message, "to co-operate with me to the fullest extent in a permanent program to make Boston not only a clean community, but the cleanest community in the country."

"Through the years Boston has been known as a center of culture and refinement," the message continues. "Its historic shrines make it annually the mecca of thousands of visitors from all parts of the globe. It is for all of us to carry on the fine and noble traditions that have placed Boston in the forefront of the great cities of the world."

"In the present emergency there are intensely practical reasons for good community housekeeping. The carelessness of the few may place in serious jeopardy the health, safety, and general well-being of the many. Start with your own home and enlist the co-operation of your neighbor."

"With regard to sanitation and the protection of life and property, the laws of the Commonwealth and the ordinances of the city are stringent and specific. For your protection the city must insist upon full compliance with all regulations affecting the public health and safety." The Mayor's message concludes, "Your cooperation is asked in meeting our community obligation. I know you will do your part."

Several thousand copies of the booklet have been turned over by George B. Hyland, Public Works Commissioner, to Dennis C. Haley, Superintendent of Schools, for the use of teachers in all grades. It is the hope of both Commissioner Hyland and Superintendent Haley that the substance of the booklet can be made a permanent part of the schools' civics courses, on all levels of the school system.

VEHICLES PROMISED FOR CIVIL DEFENSE EMERGENCY ACTIVITIES.

"Five thousand vehicles of all types have already been promised to Boston Civil Defense emergency activities and are being assigned, with their drivers, to assembly areas throughout the city," Joseph L. Malone, Boston's Civil Defense Director recently declared.

These vehicles are approximately five-sixths of the total City of Boston requirements under the Transportation Division.

A total of 6,521 emergency vehicles has been sought by Boston Civil Defense, after compiling results from a survey of emergency requirements of each civil defense division.

All vehicles, from multi-ton tractor-trailers to bicycles, have a definite and vital use in the Civil Defense plans.

Over 3,500 vehicles, principally panel trucks, are assigned to the Medical Division and designated as ambulance-type vehicles. With the addition of two litters and straps to hold them, each of these trucks will be used for the transportation of seriously injured persons from mobile first-aid stations to hospitals and emergency medical bases located in high school and college buildings.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, May 17, 1951.

To Heads of All Departments.

GENTLEMEN:

Last year I recommended the establishment of a comprehensive Capital Improvement Program and instructed the City Planning Board to prepare such a program as an annual procedure.

As of December, 1950, the City Planning Board submitted to me a report in this regard setting forth in tabular form the results of their efforts for that year. With a few exceptions, a list of projects, only, was submitted by departments without regard to the information requested on the forms, such as financial considerations and plan preparation. Also the projects were received too late in the year to permit of their being considered with regular budget allocations for the year 1951.

The primary purpose of this program is to make available to the Mayor and the Budget Commissioner a well-

balanced program of capital improvements that shows the city's most urgent capital requirements in order of their priority. Such a program, revised annually, will make available to each department the tentative programs of all other departments, providing an over-all view of the city's capital improvement program, so that informed decisions can be made and a joint program initiated. In addition, the formulation of such a program is becoming established as a necessary requirement by the federal government preparatory to the making of any capital grants.

This year I have again requested the City Planning Board to prepare the capital improvement program for the years 1952-57. I am directing that department heads give their full co-operation to the City Planning Board by immediately taking steps to revise their program of last year; by designating some person, if necessary, with whom a representative of the City Planning Board may confer on the procedures of this year's program; and by preparing to submit, not later than September 1, a program of projects in accordance with instructions and forms to be distributed by the City Planning Board.

Very truly yours,

JOHN B. HYNES, Mayor.

NEW RENTS IN HOUSING PROJECTS IN EFFECT JULY 1.

Early in May, the Boston Housing Authority notified tenants in its state-aided housing developments at Broadway, South Boston, Camden street, Roxbury, and Faneuil street, Brighton, of new rents that would be effective as of June 1, 1951.

Subsequently, there was protest from tenants and from certain public officials that these rent schedules should be revised.

After hearing all complaints and after a thorough investigation and conferences with public officials and the State Housing Board, it was decided by all concerned that the schedules adopted were justifiable and all that could be achieved under the law as written.

Elected officials are of the opinion, however, that certain changes in legislation, if enacted, can be effective in affording some relief from the rent schedules proposed.

In view of this, and in order to allow these public officials to see if the legislation can be worked out, the Boston Housing Authority has agreed to postpone the effective date of the new rent schedule on the three developments involved, from June 1, 1951, to July 1, 1951.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A complaint was received of sewage flowing over rear yard at 5 Otisfield street, Roxbury. An investigation established that the trouble was due to a broken sewer in Elm Hill park causing most of the sewage from 17 houses in Elm Hill park to flow through the ground and onto rear yard of 5 Otisfield street. Elm Hill park is a dead end and about 15 feet higher in elevation than Otisfield street. There is a retaining wall on the Otisfield rear lot line. There is also a heavy wall built of paving block at the dead end of Elm Hill park which crosses the broken sewer, and its weight may be a factor that caused the sewer to collapse.

As the flow of a large quantity of sewage over private land constituted a health menace, I engaged John F. Shea Company of 41 Hollingsworth street, Mattapan, to make the necessary sewer repairs, to do which it was necessary to underpin and brace the wall at the dead end of Elm Hill park. It has been found necessary to relay about 25 feet of 12-inch pipe sewer, 15 feet of 10-inch pipe surface drain, two catch basins and two house connections.

Your approval is requested to enter into an unadvertised contract with John F. Shea Company at an estimated cost

of \$1,600, on a stock and time basis for making the emergency repairs outlined above.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

FIRE DEPARTMENT ORDERS.*General Order No. 23.***I. MAYOR'S CHARITY FIELD NIGHT.**

His Honor, Mayor John B. Hynes, desires that all city employees give their customary generous support to the Annual Charity Field Night for the Special Welfare Fund, to be held at Braves Field on Monday evening, July 9, 1951. Each member of the department who purchases a ticket is contributing aid for various charitable purposes for which the city, under existing law, is unable to make direct contributions. A program of sports and vaudeville has been arranged for the evening; also circus acts and a baseball game. A Cadillac and a Chevrolet will be awarded to the holders of the lucky ticket numbers.

Tickets have been popularly priced at \$1, including federal tax. In order that members of the department may give their assistance to the cause, tickets have been placed in the hands of every district chief and division head today. These officials are requested to interview each member of their commands as to his wishes in purchasing tickets.

All returns must be made to Miss Margaret W. Plunkett in the office of the Fire Commissioner on or before Thursday, July 5, 1951. Delivery of money at Headquarters may be made on any weekday, except Saturday, between the hours of 9 and 11 A.M. Returns should be made as quickly as possible before July 5.

Members purchasing tickets should fill out the top stub attached to each ticket and give it to the district chief or division head, who will return all stubs to the Fire Commissioner's office not later than July 5, 1951. Thus, the purchasers will participate in the drawing for the two automobiles.

The Fire Commissioner is anxious that members of the department support his Honor the Mayor in this most worthy endeavor.

Inasmuch as the Field Night will be given publicity through the medium of radio and press, the public may desire to purchase tickets at fire stations. A few tickets should be kept on hand in each station for this purpose.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

POLICE DEPARTMENT ORDERS.*General Order No. 1473.*

LAND-TAKING IN HYDE PARK.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of approximately 16,024 square feet of land on Summit street and in the rear of Neponset avenue, Hyde Park district (as an addition to the Fairmount School lot), for school purposes.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published April 21, 1951, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Department of School Buildings of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Board of Street Commissioners of said city to take for said city, for school purposes, the land hereinafter described, in that part of Boston, formerly Hyde Park; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for school purposes, the following-described parcels of land, including the trees, buildings, and other structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Enrico Collari, bounded:

Southeasterly by Summit street, fifty-nine feet; southwesterly by land supposed to belong to Tarrant *et al.* and to Calvin *et al.*, one hundred and forty-nine feet; northwesterly by land hereinafter described as taken from Morrissey *et al.*, fifty-nine feet; and northeasterly by land supposed to belong to the City of Boston, one hundred and forty-nine feet, containing eighty-seven hundred and ninety-one square feet, more or less.

A parcel of land, supposed to belong to Francis J. Morrissey and Alice M. Morrissey, bounded:

Southeasterly by land hereinbefore described as taken from Collari, fifty-nine feet; southwesterly by other land supposed to belong to said Morrissey *et al.*, fifty feet; northwesterly by land hereinafter described as taken from Hodgkinson, fifty-nine feet; and northeasterly by land supposed to belong to the City of Boston, fifty feet, containing twenty-nine hundred and fifty square feet, more or less.

A parcel of land, supposed to belong to Martha E. Hodgkinson, bounded:

Southeasterly by land hereinbefore described as taken from Morrissey *et al.*, fifty-nine feet; southwesterly by other land supposed to belong to said Hodgkinson, fifty feet; northwesterly by land hereinafter described as taken from McAfee, fifty-nine feet; and northeasterly by land supposed to belong to the City of Boston, fifty feet, containing twenty-nine hundred and fifty square feet, more or less.

A parcel of land, supposed to belong to Arabella C. McAfee, bounded:

Southeasterly by land hereinbefore described as taken from Hodgkinson, fifty-nine feet; southwesterly by other land supposed to belong to said McAfee, twenty-four and 13-100 feet; northwesterly by the same, fifty-nine feet; and northeasterly by land supposed to belong to the City of Boston, twenty-three and 8-100 feet, containing thirteen hundred and ninety-three square feet, more or less.

Said lands are shown on a plan marked "City of Boston, Summit Street, Neponset Avenue, Williams Avenue, Hyde Park, January 4, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking in fee of land on Summit street and in the rear of Neponset avenue, Hyde Park district, for school purposes, under the order of the Board of May 23, 1951, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Enrico Collari, 8,791 square feet and building, \$1.

Francis J. and Alice M. Morrissey, 2,950 square feet, \$1.

Martha E. Hodgkinson, 2,950 square feet, \$1.

Arabella C. McAfee, 1,393 square feet, \$1.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of a parcel of land containing approximately 31,000 square feet, situated at the northeasterly corner of Columbus avenue and Bragdon street, Roxbury district, for Fire Department purposes.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published April 21, 1951, in the *City Record*, and has given the public hearing, notice of which was given in said order; and

Whereas, The Fire Department of the City of Boston, with the approval of the Mayor, has selected, designated, and requested the Board of Street Commissioners of said city to take for said city,

for Fire Department purposes the land hereinafter described, in that part of Boston formerly Roxbury; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for Fire Department purposes, the following-described parcels of land, including the trees, buildings, and other structures standing upon or affixed thereto:

A parcel of land, owners unknown, bounded:

Southwesterly by Bragdon street, one hundred sixty and 70-100 feet; northeasterly by land hereinafter described as taken from New England Hospital for Women and Children, by two measurements, fifty and 67-100 feet and one hundred ten and 40-100 feet; and southwesterly by other land of said owners unknown, one and 47-100 feet, containing five hundred and forty-eight square feet, more or less.

A parcel of land, supposed to belong to New England Hospital for Women and Children, bounded:

Westerly by Columbus avenue, seventy-five feet; northerly by other land supposed to belong to said New England Hospital for Women and Children, two hundred sixty-nine and 75-100 feet; southeasterly by the same, two hundred forty-five and 6-100 feet; and southwesterly by land hereinbefore described as taken from owners unknown and by Bragdon street, by three measurements, one hundred ten and 40-100 feet, fifty and 67-100 feet, and nine and 1-100 feet, containing thirty thousand two hundred and ninety-nine square feet, more or less.

Said parcels are shown on a plan marked "City of Boston, Columbus Avenue-Bragdon Street, Roxbury, April 25, 1951, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking in fee of land situated in Columbus avenue and Bragdon street, Roxbury district, for Fire Department purposes, under the order of the Board of May 25, 1951, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Owners unknown, 548 square feet, \$1.
New England Hospital for Women and Children, 30,299 square feet, \$1.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 21, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Yerxa.

The Reverend Dr. Andrew Richards of the Second Church in Dorchester, Congregational, was escorted to the rostrum.

INVOCATION BY REV. DR. ANDREW RICHARDS.

Eternal and Ever-Gracious God, our Eternal Father, Thou who rulest in equity and declarest righteous Judgment, look down upon the Council of this city legally convened with a spirit of accord, purity, and justice, that all false counsel and evil influences may be absent, that the service of the people may be directed with wisdom and integrity according to Thy will. So guide and prosper with Thy blessing whatsoever may be devised and ordered here that it may redound to the honor and welfare of this great city and the peace and prosperity of this Commonwealth, and to the glory of Thy Holy Name. Amen.

The salute to the Flag was given by the members.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

UNUSED STREETCAR RAILS, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, May 21, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the general manager of the Metropolitan Transit Authority relative to your order of April 9, 1951, requesting a consultation regarding the possibility of covering or removing the unused streetcar rails on Bunker Hill street and on Chelsea street, Charlestown.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
May 17, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Referring to your letter of April 11, with order of the City Council regarding covering or removing the unused streetcar tracks on Bunker Hill street and on Chelsea street, Charlestown, we have no objection to these tracks being covered over by the city at such time as it proposes to resurface the roadways.

Yours very truly,
EDWARD DANA,
General Manager.

NEW FENCING AT JOHN GREENLEAF WHITTIER SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, May 21, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Acting Superintendent of Construction in the Department of School Buildings relative to your order of May 7, 1951, requesting the installation of about 60 feet of fencing on the side (east) of the John Greenleaf Whittier School lot.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Department of School Buildings,
May 14, 1951.

Mr. Thomas Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This will acknowledge your correspondence dated May 9, 1951, by which request of City Council for new fencing at the John Greenleaf Whittier School was referred to this office.

Please be advised that consideration has been given the request and erection of the fence has been ordered as of this date.

Very truly yours,
EDWARD M. O'FLAHERTY,
Acting Superintendent of Construction.

PROCURING LAND OWNED BY RAILROAD AS PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 21, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of February 12, 1951, requesting a conference as to the possibilities of procuring the land owned by the railroad which is bounded by Bismarck street, Cummins Highway, and Greenfield road, and making it a play area for the children of that district.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, May 16, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting a conference as to the possibilities of procuring the land owned by the railroad (New York, New Haven & Hartford) which is bounded by Bismarck street, Cummins Highway, and Greenfield road, and making it a play area for the children of that district.

A communication from the railroad states that this land is presently being held pending whether or not the State Market Authority will require this area for a market location.

As the matter now stands the railroad is not in a position to inform this department whether it would be possible to obtain this land.

We are keeping this matter under consideration, and if at any time the land is free and clear then we might consider it for a playground.

Very truly yours,
FRANK R. KELLEY, Chairman.

The New York, New Haven & Hartford
Railroad Company,
March 8, 1951.

Dear Sir:

This will acknowledge your letter of February 14, 1951, advising that the City Council requested the Mayor and the Park Commissioner of the City of Boston to confer with the New Haven Railroad as to the possibility of procuring railroad land between Greenfield road and Cummins Highway on Bismarck street, Boston, for use as a playground area.

We are presently holding this land for possible railroad use, pending the ascertaining of the full requirements of the State Market Authority for a new market location on railroad property in the Southampton Street, Boston, area. Should the market be established in the Southampton Street area, it would undoubtedly involve substantial rehabilitation of railroad operating facilities together with railroad use of the Cummins Highway Property.

Accordingly, at this time we would prefer not to consider use of the property as contemplated by the City Council, but if it develops that the land is not required for railroad use we shall be pleased to reconsider when the above-mentioned situation has cleared.

Very truly yours,
B. W. THOMPSON, Real Estate Agent.

The following was received:

City of Boston,
Office of the Mayor, May 21, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of May 7, 1951, requesting the installation of granolithic sidewalks on West Seventh street, from F street to Dorchester avenue; on H street, from Broadway to East Second street; and on Emerson street, from Dorchester street to I street, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 14, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on West Seventh street, from F street to Dorchester avenue; on H street, from Broadway to East Second street, and on Emerson street, from Dorchester street to I street, Ward 6, and please be advised as follows:

West Seventh street, from F street to Dorchester avenue, will be placed on the list to be given consideration for the installation of cement sidewalks during the current year.

H street, from Broadway to East Second street, has been placed on the list to be given consideration for the installation of cement sidewalks during the current year.

Emerson street, from Dorchester street to I street, has been placed on the list to be given consideration for the installation of cement sidewalks during the current year.

VETERANS' BURIAL LOT IN MOUNT HOPE CEMETERY.

The following was received:

City of Boston,
Office of the Mayor, May 21, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Soldiers' Relief Commissioner and the Director of Veterans' Services, in which he requests that your Honorable Body take action on the proposal to provide a suitable lot in Mount Hope Cemetery for the burial of all residents of Boston who shall have served in the active service of the armed forces of the United States on or after June 25, 1950.

This request is similar to ones made in 1920 and 1942 for veterans of World Wars I and II.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Department of Veterans' Services,
May 17, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Sir:

I have received the following order:

"Ordered, That the original order passed by the City Council on May 10, 1920, and amended on June 3, 1940, and November 9, 1942, authorizing the Board of Cemetery Trustees to set aside a suitable lot, now known as World War Veterans' Lot, in Mount Hope Cemetery, be herewith further amended, to include the burial of residents of Boston who are veterans of the Korean Expedition, and their dependents, in the same order of priority and under the same provisions as specified for veterans of World Wars I and II.

In City Council March 19, 1951. Passed.
Approved by the Mayor March 20, 1951.

Attest: W. J. MALLOY,
City Clerk."

Under the state laws administered by this office relative to men in the service, there is no differentiation between those who actually served in Korea and those who are not in the theater of operations. Federal laws recently enacted have given the same benefits to veterans, and their dependents where the veteran has died, regardless of the place in which the veteran served. Veterans of World War I and World War II are eligible for burial whether or not their service was on foreign soil. The above order could be construed to limit burial to those who are actually serving in Korea, and, since the reference in the order is made to veterans of World War I and World War II, I felt that it was the intention of the order to regard all service in this time of emergency on the same basis as if war had actually been declared. In the event such is the intention, it would clarify and perfect it for administrative purposes if substitution was

made for the words "are veterans of the Korean Expedition." In place thereof, insertion could be made of the following:

"Shall have served in the active service in the armed forces of the United States on or after June 25, 1950, and prior to such date as shall thereafter be determined by Presidential Proclamation or concurrent resolution of the Congress."

Respectfully,
FRANCIS X. COTTER, Commissioner.

Ordered, That the original order passed by the City Council on May 10, 1920, and amended on June 3, 1940, November 9, 1942, and March 19, 1951, authorizing the Board of Cemetery Trustees to set aside a suitable lot, now known as World War Veterans' Lot, in Mount Hope Cemetery, be herewith further amended to include the burial of all residents of Boston who shall have served in the active service of the armed forces of the United States on or after June 25, 1950, or prior to said date as shall thereafter be determined by Presidential Proclamation or concurrent resolution of the Congress, and their dependents, in the same order of priority and under the same provisions as specified for veterans of World Wars I and II. Referred to the Executive Committee.

ACTION OF HOUSING AUTHORITY ON RENT INCREASES.

Coun. McCOLGAN offered the following: Whereas, The announced rent increases to tenants in housing projects are of deep concern to hundreds of families throughout the city; and

Whereas, As a result of a hearing before the Housing Authority, tenants were led to believe that a decision would be reached by said Housing Authority in regard to a delay in rent increases; and

Whereas, This hearing was followed by a resolution unanimously adopted by this Body requesting a delay in rent increases; and

Whereas, A copy of this resolution was forwarded to the Boston Housing Authority; and

Whereas, No action has been taken by the Authority on this serious matter; therefore be it

Resolved, That the Boston City Council, in meeting assembled, go on record requesting immediate action by the Boston Housing Authority on the matter of rent increases; and be it further

Resolved, That his Honor the Mayor request that the Boston Housing Authority release a statement relative to the action which was taken by them at their meeting on last Wednesday; and be it further

FILM AT KEITH MEMORIAL THEATRE.

Coun. P. A. TRACY offered the following:
Whereas, Recent investigations throughout the nation have revealed a tremendous increase in the vicious drug traffic among the youth of high school age; and

Whereas, The cooperation of all agencies, both public and private, is required in order to bring those responsible for such crimes to task; and

Whereas, Censorship of the movies is a matter which should be determined by experts qualified in that field; nevertheless, be it

Resolved, That the Boston City Council, in meeting assembled, hereby records itself in favor of requesting the officials of the Keith Memorial Theatre of Boston to re-examine the moral implications involved in the projected showing of a film in which one of the principals is being publicized in a manner which defeats the program developed by decent-minded citizens to protect the youth of America from being ensnared in the mire of this evil; and be it further

Resolved, That the Boston City Council request his Honor the Mayor to confer with the officials of this theater, not for the purpose of censoring said film, but to advise them of their failure to cooperate with the program designed to bring this problem under control; and be it further

Resolved, That a copy of this resolution be forwarded to the officials of the Keith Memorial Theatre.

The resolution was adopted under suspension of the rules.

COOPERATION WITH PRESIDENT OF THE UNITED STATES.

Coun. McCOLGAN offered the following:
Whereas, We the people of these great United States of America are faced with and are in fact in the embryonic stage of a grave international situation imperiling our life, liberty, and pursuit of happiness; and

Whereas, Such a situation calls for the full co-operation of each and every man, woman, and child, regardless of race, color, creed, or political affiliation; and

Whereas, Some selfish-minded individuals grasping at straws are attempting to create political issues out of foreign policy decisions; and

Whereas, Such attempts are imperiling our national security; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, goes on record urging full cooperation with our President in this hour of emergency; and be it further

Resolved, That this Body condemns the action of individuals, both in and out of political life, who are trying to use this emergency to further their own selfish interests and thereby imperiling our national security; and be it further

Resolved, That a copy of this resolution be forwarded to the President of the United States and both branches of Congress.

The resolution was adopted under suspension of the rules.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land as follows for sewerage purposes:

Ordered, That this Board, deeming it necessary, does hereby order that the sewerage works hereinafter described be constructed and does hereby take for said city for its sewerage works the lands, rights, and easements hereinafter described. Said sewerage works to be constructed are as follows:

172 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 172 linear feet of 24-inch sanitary sewer in an easement through land of the Metropolitan Transit Authority granted to the City of Boston by said authority;

207 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 207 linear feet of 24-inch sanitary sewer in Chestnut Hill avenue and Beacon street;

120 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 120 linear feet of 24-inch sanitary sewer in an easement hereinafter described through land of the City of Boston (Walter F. Cassidy Playground);

340 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit, 152 linear feet of 24-inch sanitary sewer, 188 linear feet of 21-inch sanitary sewer in an easement hereinafter described through land of the City of Boston (Walter F. Cassidy Playground);

80 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 80 linear feet of 21-inch sanitary sewer in an easement hereinafter described through land of the City of Boston (Walter F. Cassidy Playground);

68 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 68 linear feet of 21-inch sanitary sewer in an easement hereinafter described through land supposed to belong to Pilgrim Theatres Corporation;

91 linear feet of 5-foot 9½-inch by 5-foot 9½-inch storm drainage conduit and 91 linear feet of 21-inch sanitary sewer in an easement hereinafter described through land supposed to belong to the Boston & Albany Railroad.

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, supposed to belong to Boston & Albany Railroad, New York Central Railroad Company, lessee, bounded:

Southerly by Boston-Brookline boundary line, thirty-two feet; westerly by other land supposed to belong to said railroad, ninety-one and 82-100 feet;

northerly by land hereinafter described as taken from Pilgrim Theatres Corporation, thirty and 30-100 feet; and easterly by other land supposed to belong to said railroad, eighty-eight and 97-100 feet, containing twenty-two hundred and sixty square feet, more or less. The said easement taken in said railroad being subject to the use of said railroad for all railroad purposes.

A parcel of land, supposed to belong to Pilgrim Theatres Corporation, bounded:

Southerly by land hereinbefore described as taken from Boston & Albany Railroad, thirty and 30-100 feet; westerly by other land supposed to belong to said Pilgrim Theatres Corporation, sixty-five and 14-100 feet; northerly by land hereinafter described as taken from City of Boston, thirty-four and 79-100 feet; and easterly by other land supposed to belong to said Pilgrim Theatres Corporation, seventy-two and 21-100 feet; containing seventeen hundred and seventeen square feet, more or less.

A parcel of land, supposed to belong to the City of Boston (Walter F. Cassidy Playground—Park Department assenting), bounded:

Southerly by land hereinbefore described as taken from Pilgrim Theatres Corporation, thirty-four and 79-100 feet; westerly by other land supposed to belong to the City of Boston, two hundred eighty-five and 61-100 feet; northwesterly by the same, two hundred sixty-nine and 40-100 feet; northeasterly by Cleveland Circle, twenty-nine and 78-100 feet; southeasterly by other land supposed to belong to the City of Boston, two hundred seventy-four and 62-100 feet; and easterly by the same, two hundred fifty and 23-100 feet, containing thirteen thousand four hundred and ninety-seven square feet, more or less.

Said lands are shown on a plan marked "City of Boston, Plan No. 1356. Sewerage Works, Beacon Street, Chestnut Hill Avenue, Brighton, January 4, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that the undermentioned estates sustain damages by the taking of an easement for sewerage purposes and the construction of sewerage works in private land and in land of the City of Boston, between Boston-Brookline boundary line and Beacon street, under the order of the Board of May 18, 1951, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Boston & Albany Railroad, New York Central Railroad Company, lessee, 2,260 square feet, \$1.

Pilgrim Theatres Corporation, 1,717 square feet, \$1.

City of Boston, 13,497 square feet, nothing.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN BERNARD STREET, WARD 14, FROM HARVARD STREET TO TALBOT AVENUE; CRESTON STREET, WARD 14, FROM BLUE HILL AVENUE TO NORMANDY STREET; LORNE STREET, WARD 14, FROM HARVARD STREET TO BEYOND WILSON STREET; STANDISH STREET, WARD 14, FROM HARVARD STREET TO WEST PARK STREET, AND WILDER STREET, WARD 14, FROM WASHINGTON STREET TO GENEVA AVENUE, AND IN VARIOUS LOCATIONS OF THE CITY; LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Bernard street, Ward 14, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Bernard Street, Ward 14, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 13, 1951, with a certified check for THIRTY-THREE HUNDRED (3,300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(June 2.) Commissioner of Public Works.

INVITATION FOR PROPOSALS FOR PAINTING AND REPAIRING AT THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital, hereinafter referred to as the Awarding Authority, invite sealed proposals for painting and repairing at the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, June 13, 1951, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

Specifications may be obtained after 12 o'clock noon on Monday, June 4, 1951, at the office of the Assistant Superintendent of the Sanatorium Division, 249 River street, Mattapan district, Boston, Mass.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the amount of \$200, shall be submitted with each bid filed with the Assistant Superintendent of the Sanatorium Division.

The rate per hour to be paid those employed to do the work under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

A performance bond, issued by a surety company, satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to reject any and all bids and to waive any informalities in bidding if it be in the public interest to do so.

No bid of a bidder shall be withdrawn prior to thirty (30) days from the opening of the bids by the Awarding Authority.

PROPOSALS FOR FURNISHING JACKS AND HOISTS FOR FIRE DEPARTMENT.

Proposals may be obtained at Room 1001, City Hall Annex. At this room the bids will be opened and read Tuesday, June 12, 1951, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Jacks and Hoists." The successful bidder must furnish a faithful performance bond for approximately one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Superintendent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CHISWICK ROAD, WARD 21, FROM COMMONWEALTH AVENUE TO CHESNUT HILL AVENUE, AND COREY ROAD, WARD 21, FROM KELTON STREET TO SUMMIT AVENUE; AND SHEET ASPHALT PAVEMENT IN WASHINGTON STREET, WARD 21, FROM MONASTERY ROAD TO COMMONWEALTH AVENUE, AND IN VARIOUS LOCATIONS OF THE CITY; LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for bituminous concrete pavement in Chiswick road, Ward 21, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Chiswick Road, Ward 21, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 13, 1951, with a certified check for TWENTY-FIVE HUNDRED (2,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

REPORT OF THOMAS D. GINN, DIRECTOR, DEPARTMENT OF VOCATIONAL GUIDANCE, ON ATTENDANCE AT CONVENTION OF NATIONAL VOCATIONAL GUIDANCE ASSOCIATION, IN CHICAGO, MARCH 25 TO 29.

The following is the report by Thomas D. Ginn, Director of Vocational Guidance, on attendance at Convention of the National Vocational Guidance Association, Chicago, March 25 to March 29: I was chosen by the Greater Boston Guidance Association as one of the representatives to the national assembly. I attended both sessions on Monday and Wednesday. This was an important gathering as the assembly voted for unification with the American College Personnel Association. The National Association of Deans of Women did not approve the plan. Many people in both groups feel there is much to be gained by this amalgamation, while others feel the vocational guidance group, which is the oldest, should have maintained its own position in the sun in this great section of educational procedures.

Monday afternoon, March 26, at 1.30 P.M., four programs were offered. The panel I was on, "Counselor Problems in Large High Schools," was chairmanned by Director Mary D. Basso, Providence, Rhode Island.

INSTRUCTIONS TO DEPARTMENTS FOR FILING INFORMATION RELATIVE TO PLANS AND ESTIMATES FOR CAPITAL IMPROVEMENT PROJECTS.

In accordance with instructions from his Honor the Mayor, the City Planning Board is preparing a Capital Improvement Program for the years 1952 to 1957, inclusive. There are submitted herewith forms to be filled out by your department covering projects which you desire to have included in the program. These forms should be returned as promptly as possible, preferably by July 15, but in any event not later than August 15, 1951.

For those departments who returned completed forms last year the procedure is essentially the same, and involves only a revision of the 1951-1956 program in the light of conditions a year later.

Briefly, the purpose of this program is to determine the improvements needed by the city, to evaluate them as to their urgency and desirability, to coordinate each improvement with the planning of

MAYOR JOHN B. HYNES PAYS TRIBUTE IN SENTIMENT AND POETRY TO ANCIENT AND HONORABLE ARTILLERY COMPANY, COUNTRY'S OLDEST MILITARY ORGANIZATION AND BOSTON'S PRIDE, ON OCCASION OF ANNUAL ELECTION AND CELEBRATION—OVER 300 YEARS OF EXISTENCE NOTED IN MARCH FROM FANEUIL HALL TO COMMON AS THOUSANDS CHEER IN PATRIOTIC ADMIRATION.

At the annual election and banquet of the Ancient and Honorable Artillery Company on Monday, June 4, Mayor John B. Hynes spoke as follows:

Before the Boston Tea Party, before the Boston Massacre, before Concord and Lexington, before Bunker Hill, before the City of Boston that now is took form, and shape, and substance, the Ancient and Honorable Artillery Company was a living, breathing, vital part of this old community.

A full century before the age-old quest for freedom stirred the hearts of the Adamsses, the Paul Reveres, and the Hancocks, the Ancient and Honorable Artillery Company marched through the streets of the old town—through the narrow, crooked streets, up the winding, tortuous hills—firm of step, chins outthrust, pride in every movement, for were they not the first military company in this, the New World?

For over three hundred years this ancient company has been as much a part of the life and the history of our city and our nation as the ancient Boston Common, where the traditional exercises were held today.

MAYOR APPEALS TO SENATORS IN MATTER OF LIMITING HOUSING CONSTRUCTION FOR LOW-INCOME FAMILIES AS INJURIOUS TO CITY'S INTERESTS AND CITIZENS.

The following communication was sent from the office of the Mayor:

BOSTON, June 1, 1951.

SENATOR HENRY CABOT LODGE.
SENATOR LEVERETT SALTONSTALL.
United States Senate,
Washington, D. C.

Urge that you do all in your power to undo harm caused by recent house action in limiting public housing construction to 5,000 units for low-income families in next fiscal year. Also urge restoration of cuts in appropriations for public housing administration sufficient to permit this agency to operate in Boston and other key points. Boston has a substantial federally-aided program, essential for defense workers, veterans, and other low-income families, and necessary for Boston's immediate and long-range program. Will appreciate your cooperation.

JOHN B. HYNES,
Mayor of Boston.

Immortalized in legend, in folklore, in song, and in story, and in the cold, unromantic records of our War and Navy Departments, is the long, glorious story of gallantry in action, of fealty to the cause of freedom, stretching from the Revolutionary War to the present undeclared war in Korea. That story of faith in the right, that story of service and sacrifice, unbroken through the centuries, is the story, in essence, of the growth and strength of this, the greatest nation on earth.

Immortal as that story may be, yet, to me, something is lacking.

Deeds Recounted.

Why is it, I have often asked, that the history and deeds of the Ancient and Honorable Artillery Company have not been recounted, perhaps in fashion poetic, by some inspired genius, some creative mind, whose words would fire our imagination, ignite our patriotism, make our hearts swell with pride, as invariably happens when we read the stirring passages that tell of "The Charge of the Light Brigade."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES PAYS TRIBUTE TO ANCIENT AND HONORABLE ARTILLERY.

(Continued from page 605.)

It is beyond my poor powers to create such an imperishable, blood-quickenning masterpiece, but today, as I listened to the even, steady cadence of marching feet climbing the long, steep hill to the State House, I was prompted, though not inspired, to put into verse a feeble effort to immortalize the Ancient and Honorable Artillery Company.

I give it to you—with abject apologies to both the membership of the Company and to the long-deceased author of that legendary poem, "The Charge of the Light Brigade."

This abortive thing is entitled:

"THE MARCH OF THE ANCIENT BRIGADE"

Half a league, half a league,
Just half a league more

Up Beacon Hill marched the six hundred.

"Forward the Ancient Brigade!"

Not a man faltered.

As up the steep hill

Marched the six hundred.

"Forward the Ancient Brigade!"

Was there a man dismayed?

E'en though each soldier knew

Someone had blundered.

Theirs not to make reply, theirs not to
reason why,

Theirs but a silent sigh.

As up the steep hill

Marched the six hundred.

Skeptics to right of them, skeptics to left
of them.

Skeptics in front of them

Tittered and wondered.

But boldly they stormed the rim,

Up, to the hilltop's very brim.

Up, though their eyes grew dim,

Marched the six hundred.

Though gasping for air, there were none
in despair.

As stiffly they saluted Governor De-vair.

And how the town wondered,

And broke into cheers:

While good wives and mothers held back
the tears.

Doubters and skeptics swallowed their
jeers.

The hill was conquered

By the valiant six hundred.

Shouts to the right of them, shouts to the
left of them.

Shouts behind them

Volleyed and thundered,

Tormented and taunted as they left
Faneuil Hall.

And smirks of derision as they passed
City Hall.

But now the huzzas, as they reached the
Mall.

Over the top of Beacon Street,

Up that steep hill without a lost beat!

Oh, what a gallant, gallant feat,

By the Ancient six hundred!

When will their glory be assayed?

O, the brave march they made,

While all the town wondered!

Yes, honor the march they made,

Honor the Old Brigade.

Fearless of hill and grade,

Living heroes on parade,

Old soldiers who will never fade.

Ancient and noble six hundred!

INSTRUCTIONS FOR CAPITAL IMPROVEMENT PROJECTS.

(Continued from page 605.)

related improvements and with planning for the city as a whole, and to prepare, with regard to the funds that will be available for their construction, a schedule for undertaking the improvements. Thus, orderly progress can be made in effecting, as economically as possible, development of the city according to a comprehensive plan.

In listing capital projects the group definitions as listed in the Budget Department's "Standard Classification of Expenditures," have been followed. They include:

Equipment (only items of \$1,000, or more, are here required).

Structures and Improvements.

Land and Improvements.

Special Appropriations

or

Contracts for Construction (not otherwise classified).

Departmental estimates for individual projects must be submitted on the standard forms, additional copies of which will be furnished on request. Three copies of each sheet of the departmental estimates are to be made, the original and one copy of the estimate are to be delivered to the City Planning Board at 43 City Hall, one copy to be retained by the department. It is requested that projects be assembled in the following order.

1. Federal projects. All projects for which a loan or grant has been made or may be made prior to December 31, 1951, by the Federal Government.

2. Other authorized projects for which an appropriation has been made available or may be made available prior to December 31, 1951.

3. Projects for which only an approved, but not issued, appropriation will be outstanding as of December 31, 1951.

4. New projects arranged by departments in order of preference. In indicating these priorities consider the six-year capital program as a whole and include only such projects as in the interest of your department should be started not later than 1957.

Particular attention is here called to form Items 8 and 14. Under form Item 8 please check appropriate square indicating status of plan preparation. Under Item 14, state anticipated amounts of Federal or State grants, if any, and whether financing is to be by bond issue, straight budget appropriation, or other means.

In order to set up a close working arrangement, the Planning Board has delegated a member of its staff, Mr. Robert G. Davidson, as liaison agent to confer with representatives of other departments on matters of detail concerning the program.

Department heads are requested to notify the person in their departments, if other than themselves, with whom the Planning Board representative may confer regularly, and to fill out and return the enclosed card.

Later, in evaluating the program, conferences will be arranged with department officials to further determine specific recommendations and priorities.

Chairman, City Planning Board.

MAYOR HYNES ESTABLISHES "FREEDOM TRAIL" TO AID IN GUIDING VISITORS TO HISTORIC SPOTS.

Per instructions from Mayor John B. Hynes to the Traffic Commission, workers in the older sections of Boston will be agreeably surprised Monday morning as they hie themselves to work to discover "Freedom Trail" signs located at 30 prominent street corners pointing toward Old Boston's most famous historical shrines.

The purpose of the signs is to assist visitors to the city to find Boston's most historic spots in the most direct manner. The "Freedom Trail," as the route over which the signs are located will be officially known, starts at the State House, and winds along Park, Tremont, School, Washington, State, Congress streets, through Faneuil Hall square to North square and Charter street, the site of the historic Copp's Hill Burying Ground, where it will end.

Persons following the trail will pass such venerable places as the Boston Common, Park Street Church, Granary Burial Ground, King's Chapel, City Hall, Old South Meeting House, Old State House, site of Boston massacre, Faneuil Hall, Home of Paul Revere, Old North Church, and the Copp's Hill Burial Ground.

The signs are most attractive. They are 24 by 14 inches in size and are painted in the national colors. All of them are adorned with gold leaf figures of Paul Revere riding to "spread the alarm." Each bears the name of the nearest historic shrine with an arrow pointing toward it.

The signs were built under the personal supervision of Philip Desmond, chief engineer, Boston Traffic Commission, and designed and painted by Daniel A. McAuley, of the Commission.

The "Freedom Trail" will be dedicated by Mayor Hynes Monday noon, promptly at 12, at brief ceremonies to be held at the sign to be placed at the corner of School and Washington streets, pointing toward the Old South Meeting House.

SPECIAL AIR RAID SIREN TEST.

A special test demonstration of a giant, 40-horsepower air raid siren was held Friday, June 8, at 12.15, by the Boston Civil Defense Department and a New York Manufacturing Company.

Civil Defense Directors from cities and towns in Region 5 were asked by Joseph L. Malone, Boston's Civil Defense Director, to witness the demonstration. The siren was wired into the electrical circuit of the Christian Science Monitor Building on Norway street.

The special test was followed after fifteen minutes by a complete air raid test of all sirens and auxiliary whistles in the city.

CIRCULAR LETTER.

CITY OF BOSTON.

MAYOR'S OFFICE, May 28, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are approved delegates of the American Legion Auxiliary in order that they may attend their department convention to be held at the New Ocean House, Swampscott, Mass., on May 31, June 1, June 2, 1951.

Respectfully,

JOHN B. HYNES, Mayor.

REPORT OF THOMAS D. GINN ON ATTENDANCE AT NA- TIONAL VOCATIONAL GUIDANCE CONVENTION.

(Continued from page 605.)

Last Fall 100 counselors in large high schools were sent a questionnaire concerning the choice of areas to be discussed at this meeting. Eighty answers were received. The panel met Sunday afternoon for three hours and discussed procedures. The following areas received the most votes:

1. How to get the staff of the school interested in, and to secure the co-operation of teachers and administrators in a program of guidance services:

Co-operation between counselors, home-room teachers, subject teachers, deans.

Closer teacher-counselor-administrator relationship.

2. Role of the teacher in the guidance program:

Ways of working with teachers to improve classroom counseling.

Help home-room teachers to assume their share of counseling.

Place of classroom teachers in the guidance program.

The members of the panel were primed with problems in case the meeting lagged. Mr. Metcalf, a superintendent of schools, opened the meeting with a panel address showing the need for guidance and how it was met in his city. The other executives reiterated the increased need for guidance and the need for trained personnel to administer it. Miss Becker discussed the counselor load and spoke of a study along these lines which she has in process.

I answered the question, "Does group guidance increase or decrease the need for individual guidance?" I made it clear that many people in the field do not use the word "group guidance" but "group instruction." Often an individual has many of his problems answered in the guidance class; on the other hand, a boy or girl often has a feeling he would like to discuss his particular problem further with his counselor. I have had this experience many times. Nothing can take the place of the individual counseling interview; it is "the heart of the guidance program."

At the close of the meeting many informal groups met to discuss, with members of the panel, their own personal problems.

WORK TO BE DONE.

At the banquet Monday evening Dean Hilda Threlkeld, President, National Association of Deans of Women, made it clear that there was much work to be done in the field of guidance, and that we should all work together. Last year, at Atlantic City, the dean was chairman of a committee on unification and made a strong plea for it. However, on the following Wednesday her own group voted not to join in the plan for unification. Many deans felt the educational qualifications set up by one group were not really necessary for the successful performance of these duties.

The administration and supervision group held two meetings. I was invited to be chairman for next year. I refused and was then made chairman of the nominating committee to make recommendations to the trustees. After much persuasion, Miss Elizabeth Kenealy, Supervisor of Counseling, Los Angeles, Cali-

fornia, accepted the co-chairmanship with Miss Nina MacAdam of Miami, Florida. Having a local woman will make for a good meeting next spring in Los Angeles. Miss Barbara Wright of Minneapolis reviewed the work of this section for the last ten years; then a most interesting discussion followed for almost three hours with this outcome:

Directors and assistants are staff officers and not line officers. There must be no confusion about this point. The director may make recommendations to his assistant superintendent and through him to the superintendent of schools. It was the consensus of opinion that the director of a department should be able to make suggestions regarding the choice of new personnel and their placement in the system. Persons added to a department should be thoroughly prepared to do counseling and research work.

The chairman felt in closing that the meeting on administration and supervision had made a distinct contribution to the theme of the convention, "Personnel Resources for Improving Human Relations." At the second meeting of this group Miss Frances Wilson, of the Division of Education and Vocational Guidance in New York City, gave a fascinating report on the work being done in Grades I to VI. Next year they hope to have 15 full-time guidance counselors appointed at this grade level. Miss Wilson quoted from an unpublished report and she promised us copies in May.

Summary: New York Public Schools, Grades I to VI.

- 9 Psychiatrists (12 part time).
- 12 Psychologists.
- 23 Guidance co-ordinators go to different schools on a daily schedule to handle maladjusted pupils.
- 84 Social workers.
- 25 Teachers taking in-service training in guidance and assigned to the work.
- 15 Full-time trained counselors are planned for 1951-52.

Mr. Robert C. Taber, Director of Pupil Personnel and Counseling in Philadelphia, divided honors with Miss Mary P. Corre, Supervisor of Counseling Services in Cincinnati, in reporting the inside story of the White House Conference. There were thirty-eight (38) work groups; ninety (90) members in her group (guidance and placement, section III, group 12). Twenty-three vital recommendations were reduced to five:

- 1. A more comprehensive vocational service should be provided.
- 2. Schools not having a counselor should have a teacher assigned for this service.
- 3. Basic principles must be developed.
- 4. Committee should provide full employment.
- 5. More funds should be provided for guidance and placement.

On being questioned, Mr. Taber said they had 225 counselors in junior and senior high schools and 84 counselors in the elementary schools, at a cost of about \$1,000,000. He felt that the appointment of this trained group was one of the important factors in the last ten years, in Philadelphia, in helping solve educational problems. He also added that the counselors were in-service trained by a grant of \$10,000 from a private foundation. Mr. Taber made a plea for the solving of emotional problems at an early stage and returning a stable child to the community.

The question period was stimulating as one heard counselors from all parts of

the country sharing their experiences. This meeting alone was worth the trip to Chicago.

TRIPS SCHOOLS AND INDUSTRY.

The afternoon I spent in the United States Steel Mills in South Chicago was memorable. I made arrangements for this trip before leaving Boston. Mr. Ward called for us in a company car at one o'clock, and we had a four-hour tour of the plant, seeing the entire process. The Director of the Apprenticeship School and the Head of the Division of Accounts (a former teacher) were our guides. A short tour of the Merchandise Mart was another eye opener—the largest building of its kind in the world. Here wholesalers gather twice a year to order for the six months ahead. The conditions for displaying products are ideal.

Thursday afternoon I spent at Lane Technical High School. The building occupies one half of a thirty-acre lot. The course of study is similar to the one at Boston Technical High School. The shops and drafting rooms are well lighted and not crowded. The lunchrooms are all aboveground and offer real meals at modest prices. The library is a splendid big room. They use student assistants, unpaid, but if they serve satisfactorily for two years they receive a letter. This school has housed over 9,000 pupils.

Friday morning I journeyed to Amundsen High School on the north side. The school day runs from 8 A.M. to 3.12 P.M., with a full period for luncheon. Here again this building is set on one side of a large lot with a stadium in the rear.

Mr. Perry, the principal, told me about the general setup of his school. At the second period he took me to Mrs. Esther Barney's class in self-appraisal and careers—a one-semester elective course, meeting five times a week for pupils of Grades XI and XII. This group was made up of boys and girls who were a superior group and had elected this course last January. They were getting ready for a mid-term examination. A chairman was leading the discussion of problems that the various members raised. The teacher sat in the back of the room with me. Only twice did she need to break in to see that a point was clearly understood. It was an excellent example of a socialized recitation. Positive thinking was demonstrated and no parrot repetition of text book material. The group was familiar with tests and guidance magazines and books. There was a splendid file of material in the rear of this room. Each pupil had a folder containing his test results, his profile which he had made himself. These young people were self-reliant and showed a wholesome attitude toward life. One thing surprised me, not one boy had on a necktie or a coat or even a sweater. The girls were neatly dressed. The boys in uniform looked smart in their tan suits. The guidance rooms were ample, and cubicles were provided for counseling. Mrs. Barney taught five guidance classes, had three periods for individual counseling and proctored two study hours—a full day's work.

I want to thank the members of the Boston School Committee and Dr. Haley for making this trip possible. I brought back a wealth of material for the Boston guidance counselors, and much of it is already in use.

With sincere thanks,

THOMAS D. GINN,
Director of Vocational Guidance.

ARREST OF ZOO BIRD HOUSE VISITOR REGRETTED BY COMMISSIONER.

Park Commission Chairman Frank R. Kelley has issued the following statement concerning the zoo incident:

The Park Department deprecates the recent incident at the Franklin Park Zoo.

On Friday, June 1, I discussed this entire matter with Mr. Russell Grant, the head animal keeper of the zoo, and especially with regard to the regulation which forbids any vehicles, including bicycles, scooters, children on roller skates, baby carriages, strollers, or any other such vehicle, being brought into the Bird House.

This regulation has been in existence for many years and is a good one for the convenience and protection of the general public.

However, it is my opinion that Mr. Grant acted with haste by requesting the arrest of Mr. Slicer. Before taking such action Mr. Grant failed to consult with his superiors.

Mr. Grant has been an employee of the City of Boston for 12 years at the zoo and is one of the hardest-working employees of the Park Department. At no other time have I received any complaints concerning Mr. Grant, on the contrary I have received many commendable references with respect to his conscientious work.

Now that this matter has been given some publicity, may I request that the public observe the rules and regulations of the Park Department, which are posted in the Park Department, and which are in effect for the protection and convenience of the general public.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from heads of the various departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, May 24, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Subject to your Honor's approval, I will award a contract, without advertising, to J. F. Stack & Co., 25 Huntington avenue, Boston, Mass., for making repairs to the fire station occupied by Engine Company 15 at Dorchester avenue and Broadway, South Boston, Mass., for the sum of \$3,150.

At 12.15 A.M., May 16, 1951, the fire station was struck by a tractor trailer truck which caused considerable damage to the side of the building. Inasmuch as repairs should be made immediately and are of an emergency nature, bids for doing the work were requested from the following:

J. F. Stack & Co., 25 Huntington avenue, \$3,150; F. C. Dolan & Sons, 18 Aldworth street, Jamaica Plain, \$3,340; Construction Units, Inc., 294 Washington street, \$3,500.

The contractor will cut out all damaged brick work, remove damaged door, remove tile and plaster from inside wall of fire station, take out bent steam pipes, renew damaged brick work, install new door and new steam pipes, replaster the damaged wall and lay up new tile to match the present tile, repair electric switch and repair cracked beams under the sidewalk; also, paint the woodwork with two coats of paint.

In my opinion, no advantage would accrue to the city through publicly advertising this work inasmuch as it is of an emergency nature and should be completed as soon as possible. The cost of work appears to be reasonable, and it is doubtful that a lower bid could be obtained for performing the repairs through public advertising.

Respectfully yours,

M. T. KELLEHER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, May 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to Otis Elevator Company, 130 Clarendon street, Boston, Mass., for maintenance of twenty-three (23) Otis electric passenger elevators and two (2) Otis push-button dumb-waiters, located at Boston City Hospital, for the period commencing on or about May 25, 1951, to March 31, 1952, inclusive, at a monthly cost of \$1,705, the total cost for the contract period not to exceed the sum of \$17,050.

This company is in the unique position of having both manufactured and installed the elevators and dumb-waiters and has access to all the necessary parts, material, and employs the skilled personnel essential to properly carry out its services as provided for in the proposed contract and, in addition, at the present time, it has a contract dated May 15, 1951, with the City of Boston, through the Board of Trustees, for making repairs and renewals to the above-mentioned elevators and dumb-waiters.

As specified under the terms of the proposed contract, appropriate deductions will be made by the city from the monthly payments made to the contractor on account of any day or days in any particular month, during which any elevator or elevators, and/or either or both dumb-

waiters, become unavailable for their customary uses and hence temporarily not a subject for maintenance under the contract now proposed because of the contractor being actively engaged in carrying out its aforesaid repairs and renewals contract.

It is the opinion of the Board of Trustees that the interests of the city will best be served by awarding the contract, without advertising, to the Otis Elevator Company, and the Board is further of the view that, in the light of all of the circumstances, nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

BOSTON, May 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for bids and to award a contract to Westinghouse Electric Corporation, 10 High street, Boston, Mass., for maintenance of two A B See elevators located in the Pathological Building and two A B See elevators in the Thorndike Building, Boston City Hospital, commencing on or about May 25, 1951, and terminating on March 31, 1952, inclusive, at a cost of \$234 per month, the total cost for the entire year not to exceed the sum of \$2,340.

The firm which originally manufactured these elevators has since been acquired by Westinghouse Electric Corporation and as a result, the Westinghouse Electric Corporation has become thoroughly familiar with all equipment produced by their predecessors, including these elevators, and furthermore, it has access to all the vital parts and material necessary to properly carry out the services to be specified in the proposed contract.

At the present time, the Westinghouse Electric Corporation has a contract with the City of Boston, through the Board of Trustees, for making repairs and renewals to the above-mentioned elevators which activity can only increase its already superior knowledge of these facilities.

As specified under the terms of the proposed contract, appropriate deductions will be made by the city from the monthly payments made to the contractor on account of any day or days in any particular month, during which any elevator or elevators become unavailable for their customary uses and hence for maintenance under the contract now proposed, due to this contractor being engaged in carrying out its aforesaid repairs and renewals contract.

It is the view of the Board of Trustees that in the light of all of the circumstances as outlined above, nothing would be gained by publicly advertising for proposals for this work.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of May 15 of the current year you approved an order, that was previously passed in the City Council

under dates of April 30 and May 14, which authorized the City of Boston to execute and deliver an agreement between said city and the Town of Brookline, providing, in substance, for the mutual co-operation of both municipalities in connection with the installation of a concrete surface drain conduit and sanitary pipe sewers from a point in Boston, near Prendergast avenue, in the Cleveland Circle section of Brighton, to a point in Brookline, at Eliot street.

In connection with the above-referenced matter, the officials of the City of Boston, including the undersigned, and representatives of the Town of Brookline have held several conferences, during the past fifteen months, concerning the effecting of the above-desired improvement. It was agreed that both Boston and Brookline had a mutual and common interest in the project, and that the cost of the improvement should be assumed by both municipalities, although it was agreed that Brookline would pay the larger share, because of the greater benefit that said town would derive from the improvement.

It will be necessary to construct approximately 1,200 feet of 5-foot 9½-inch by 5-foot 9½-inch concrete conduit for surface drainage and the same length of 24-inch and 21-inch sanitary pipe sewer. Therefore, it was determined that a fair apportionment of costs would result if Brookline arranged for the construction of approximately 860 feet of conduit and sanitary pipe sewers, and if Boston arranged for the construction of the remaining 340 feet. It is estimated that the entire project will cost \$240,000 and that the cost involved in Boston's share of the project will approximate \$48,000.

On January 24 of 1951, the Town of Brookline, anticipating an early start on this project, opened publicly advertised bids for the work, and subsequently awarded a contract to the lowest bidder, Wes-Julian Construction Corporation, 850 Providence Highway, Dedham, in the amount of \$192,290. Based on the unit bid prices submitted by the above-referenced contractor, it is estimated that the cost of the work to be done by Boston will total \$47,840. It is our opinion that the unit bid prices submitted by Wes-Julian Construction Corporation, the lowest of five bidders, are fair, and, in our opinion, no lower prices would result if Boston publicly advertised for its part of the work at this time. I wish to point out that it is highly desirable to have one contractor do the entire project, as the section to be done by Boston is located between the two sections to be done by Brookline.

Your approval, therefore, is respectfully requested to the awarding of a contract, without publicly advertising for proposals, to the Wes-Julian Construction Corporation, in the estimated amount of \$47,840, based on the unit prices contained in the contract between said contractor and the Town of Brookline, for that part of the project referred to above. It is to be expressly understood that the work is to be done in accordance with the plan and details drawn by the Town of Brookline and marked, "Extension of Village Brook Channel and a Sanitary Sewer from Prendergast Avenue, in Boston, to Eliot Street, Brookline," and also in accordance with the standard specifications of the Boston Sewer Division.

As it is impossible to estimate the final cost of a project, all of our contract documents carry a provision to the effect "that the final contract sum shall not exceed the estimated contract sum (the amount arrived at on the basis of the

quantity estimates made for the purpose of the comparison of bids), plus 25 per cent thereof." While there are no comparisons of bids involved in the subject contract, the 25 per cent provision should be included in the contract in the same form in which it appears in our form of contract, with the reference to the comparison of bids deleted. It is possible that we might encounter more rock than anticipated or some of the other units of work might increase substantially, and it is my intention, therefore, to include the 25 per cent provision in the subject contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, May 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of April 23, 1951, your Honor approved my request for the award of a contract, without publicly advertising for bids, to the Brighton Construction Company Inc., for artificial stone sidewalks in H street, Wards 6 and 7, from East Fifth street to East Broadway. This contract was approved May 18, 1951.

Subsequent to your Honor's approval of this contract it was disclosed that the limits of the work to be performed should have read "H street, Wards 6 and 7, from East Sixth street to East Broadway."

Therefore, in view of the foregoing, your approval is requested to amend, without advertising, the contract to read as follows: Artificial stone sidewalks in H street, Wards 6 and 7, from East Sixth street to East Broadway.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, March 31, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For the past several years, the Harper X-Ray Company has supplied the various city departments with X-ray solutions on the basis of both quality and service.

In order to maintain the high quality of materials and service which are necessary in X-ray work, it is requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Harper X-Ray Company for the following X-ray solutions at the prices indicated:

Five gallon bottles 3½-minute developer at \$3.75 a bottle.

Five gallon bottles 5-minute developer at \$3.50 a bottle.

Five gallon bottles replenisher at \$3.95 a bottle.

Five gallon bottles mixer at \$3.25 a bottle.

Five gallon bottles shortstop at 75 cents a bottle.

Five gallon bottles dryer at 75 cents a bottle.

It is my opinion that by awarding the contract as requested the best interests of the city will be served. The period of the contract will be for delivery of materials as requested from April 1, 1951,

to June 30, 1951, inclusive. Approximate total amount of contract will be \$4,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for 300 boxes thromboplastin (Bacto).

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to T. J. Noonan Company, one of several tie bidders on informal quotations. This company can make immediate delivery of the above to the City Hospital. It is therefore my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$1,440, less 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for one (1) Harper stainless steel solution tank as per specifications.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Harper X-Ray Company, manufacturer of the above equipment. Inasmuch as this company manufactures the tank requested, it is my opinion that no advantage could be gained by publicly advertising for prices.

Approximate total amount of contract will be \$3,191.50, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this office for various quantities of Ramuc coatings to be used on Frog Pond.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Inertol Company, Inc., 618 Little Building, Boston. Inasmuch as this company has previously furnished the Ramuc coatings to the Park Department and they have been found most satisfactory, it is my opinion that the best interests of the city will be served by granting the above request of award.

Approximate total amount of contract will be \$1,738.20, less cash discount of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for

two (2) new 1951 Chevrolet suburban carryalls to be used in the Automotive Division. This department has requested immediate delivery of this equipment because it is urgently needed.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Kane Chevrolet Company, 286 Adams street, Dorchester, who has submitted an informal quotation. Inasmuch as Kane Chevrolet Company will have the carryalls available for delivery within a very short time, it is my opinion that the best interests of the city will be served by awarding the contract as requested.

Approximate total amount of contract will be \$2,835, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, May 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Penal Institutions Department has submitted a requisition for one (1) Tannewitz, Type PH, 30-inch handsaw, as per specifications.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to William H. Field Company, the authorized local dealer for the above equipment. Inasmuch as the manufacturer protects the local dealer with regard to price, it is my opinion that no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$1,579.21, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, May 17, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

The Court House Commission wishes to purchase for the Registry of Probate a special slope top desk 96 inches long, 31½ inches wide, and 57½ inches high, with five roller book stalls on top and two slide door cupboards underneath, for the sum of \$1,055.

Because of the shortage of steel, the Art Metal Construction Company, is the only steel case manufacturer which will construct this special type desk. The Commission, therefore, requests your permission to award the order for this desk, without bidding, to the Art Metal Construction Company, of 12 High street, Boston.

Respectfully yours,

COURT HOUSE COMMISSION,
by THOMAS P. McDAVITT,
Chairman.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Approval has been granted for a further extension of time from May 29, 1951, to July 31, 1951 (the contract having already been extended to May 29, 1951), to M. S. Kelliher Company for the performance of the contract for the erection of the new Fire Department headquarters and maintenance garage building on Southampton street. The contract dated

December 30, 1949, was to have been completed within twelve months, but due to work involved in connection with additions to the contract covering installations of lockers, pipe racks, counters, metal shelving, and lubricating tanks, the building has not been completed.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from April 15, 1951, to August 1, 1951, on contract of Rich Brothers Construction Company, Inc., for erection of transformer vault, Boston City Hospital, said contract having been approved October 3, 1950. This extension was requested because, due to present conditions, there was considerable delay in the delivery of materials necessary for the completion of the contract.

Approval has been given for a further extension of time from April 15, 1951, to August 1, 1951, on contract of Rich Brothers Construction Company, Inc., for explosion proofing and acoustical work in the Dowling Building, Boston City Hospital, said contract having been approved on October 28, 1949. This extension was requested because, due to present conditions, there was considerable delay in the delivery of equipment necessary for the completion of the contract.

Approval has been given for an extension of time from May 7, 1951, to August 7, 1951, on the contract of M. Solimando for addition to Dowling Building, Boston City Hospital, said contract having been approved August 7, 1950. This extension was requested because of contractor's difficulty in obtaining structural steel.

PARK DEPARTMENT.

John F. Shea Company, Inc., has been granted an extension of time until June 15, 1951, for the completion of the contract for construction of animal sheds at the elk range, Franklin Park Zoo, signed December 7, 1950.

F. C. Dolan & Sons Company have been granted an extension of time until June 15, 1951, for the completion of the contract for construction of a shelter and sanitary building at the Cummings Estate, Woburn, signed November 21, 1950.

Central Construction Company has been granted an extension of time until June 15, 1951, for the completion of the contract for sheet asphalt surfacing on Commonwealth avenue, signed October 13, 1950.

William P. Capone has been granted an extension of time until June 15, 1951, for the completion of the contract for concrete liners and grading at Mount Hope Cemetery, West Roxbury, signed April 13, 1951.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Beacon Piping Company for heating and other mechanical work at the Calf Pasture Pumping Station, from May 31, 1951, to August 10, 1951. This extension was requested for the reason that necessary materials have been delayed in arrival from manufacturers to the week of June 25, 1951.

Approval has been given for an extension of time for the completion of the contract with A. Orlando, Inc., 255 Con-

dor street, East Boston, for rebuilding Blakemore Street Bridge, over the New York, New Haven & Hartford Railroad, to June 15, 1951. This extension was requested because of a delay in receiving steel and other construction material required in the work.

AMENDMENT TO CONTRACT.

INSTITUTIONS DEPARTMENT.

P. J. Riley & Co., of Boston, have been allowed to amend the contract dated January 3, 1951, for additions and alterations to water piping and fixtures, Morris Building, Long Island Hospital, Boston Harbor, as follows:

By substituting as the date of completion of the work "June 22, 1951," in place of March 1, 1951. Delay is due to difficulty in securing required materials. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Orlando, Inc., has been directed to perform the following extra work under the contract for rebuilding Blakemore Street Bridge, over the New York, New Haven & Hartford Railroad, dated August 14, 1950.

Furnish and erect approximately 70 linear feet of 4-foot chain link fence on the northwesterly approach sidewalk of Blakemore Street Bridge, consisting of 2-inch mesh, No. 6 gauge; 2-inch posts with top and bottom rails; posts to be set in granite cap stone. This work to include removing and disposing of the present railing at this sight; alterations on same specified in contract to be omitted. Estimated cost of extra work, \$350.

FIRE DEPARTMENT ORDERS.

General Order No. 24.

I. CATHERINE E. MORRISON.

It is with deep regret that the Fire Commissioner announces the death, on May 21, 1951, of Catherine E. Morrison, janitress in the Headquarters Division.

Mrs. Morrison was appointed to the department September 15, 1943.

The funeral was held from the Daniel A. Wiles Funeral Home, 3 Dexter Row, Charlestown, at 8.15 A.M., May 25, 1951, followed by services at St. Mary's Church, Charlestown, at 9 A.M.

II. FIRE ALARM BOXES RENUMBERED.

Effective at 12 o'clock noon, Monday, June 4, 1951, the following three fire alarm boxes will be renumbered as given below:

Old No. 3557; new No. 3591; Circuit 30; location, River street, near Boston Sanatorium.

Old No. 12-3557; new No. 12-3591; Circuit 68; location, Boston Sanatorium, Domestic Building.

Old No. 13-3557; new No. 13-3591; Circuit 31; location, Boston Sanatorium, Admission Building.

Company commanders will make the above changes on the assignment card for Box 3557 and the correction on circuit cards No. 30, No. 68, and No. 31.

Designation for Fire Alarm Box 3591 (old No. 3557) will be changed to read as follows:

3591, River street and Ledgebrook road.

Company commanders will make this change in designation on the assignment card for Box 3591.

III. CORRECTION OF ERROR ON CIRCUIT CARD No. 69.

Circuit card No. 69 lists Box 13-3127. This box should have read 12-3127.

In General Orders, No. 22, c.s., company commanders were requested to delete from circuit card No. 69 Box 12-3127, which box number did not appear on the card.

Company commanders are therefore requested to delete from this card Box 13-3127 and insert in its place Box 12-3218.

IV. A. D. T. ASSIGNMENT.

Company commanders are requested to add the following signal number to running cards of the American District Telegraph Company in this department:

VII. UNITED CEREBRAL PALSY FUND.

Containers in which to deposit donations to the United Cerebral Palsy Fund are being issued to the department today, one can to each company.

Company commanders will have charge of the containers and are requested to

ask members of their commands to donate at least something to this worthy cause. All contributions, no matter how small, will be appreciated.

Thousands of children throughout the country are afflicted with this disease, and the money donated will be used in research work and medical treatment for these children.

Company commanders shall mark the company number on the side of the container, and all containers should be returned to Mr. John J. Walsh in the Fire Commissioner's office as soon as possible, but, in any event, on or before June 15, 1951.

VIII. NEW AUTOMATIC FIRE ALARM CARD.

A new assignment card dated May 24, 1951, for the Boston Automatic Assignment Book is being issued to the department today. This card will replace old page No. 14 in the Automatic Book, which should be returned to the Headquarters Division in the envelope provided on or before June 5, 1951.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

PROCEEDINGS OF CITY COUNCIL.

Monday, May 28, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair. Absent, Councilors Lane and McCormack.

The Reverend Richard H. Hichens of St. Angela's Roman Catholic Church, Mattapan, was escorted to the rostrum.

INVOCATION BY REV. RICHARD H. HICHENS.

We are come, O God the Holy Ghost, we are come before Thee, hindered indeed by our many and grievous sins, but especially gathered together in Thy Name. Come unto us and be with us; vouchsafe to enter our hearts; teach us what we are to do and whither we ought to tend; show us what we must accomplish, in order that, with Thy help, we may be able to please Thee in all things. Be Thou alone the Author and the Finisher of our judgments, who alone with God the Father and His Son dost possess a glorious Name.

Suffer us not to disturb the order of justice, Thou who lovest equity above all things; let not ignorance draw us into devious paths, nor partiality sway our minds, neither let respect of riches or persons pervert our judgment; but unite us to Thee effectually by the gift of Thine only grace, that we may be one in Thee and may never forsake the truth; inasmuch as we are gathered together in Thy Name, so may we in all things hold fast to justice tempered by pity, that so in this life our judgment may in no wise be at variance with Thee and in the life to come we may attain to everlasting rewards for deeds well done. Amen.

The salute to the Flag was given by the members.

PAINTING OF CROSSWALKS AND PARKING SPACES, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of May 21, 1951, requesting that all the crosswalks and parking spaces be painted in Ward 17, particularly in the business sections.

Respectfully,

USE OF SCHOOLS FOR RECREATIONAL PURPOSES.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of Public Schools relative to your order of November 20, 1950, requesting an immediate study of the advisability of opening up two school buildings in Ward 14 and throughout the city for the purpose of immediately inaugurating club programs and other such activities that will serve the social and recreational needs of the youngsters of our city.

Respectfully,

J. B. HYNES, Mayor.

The School Committee of
the City of Boston,
May 18, 1951.

Mr. Walter J. Malloy,
City Clerk.

Dear Mr. Malloy:

Thank you for forwarding to me a copy of the order of the City Council requesting the members of the Boston School Committee "to immediately study the advisability of opening up two school buildings in Ward 14 and throughout the city for the purpose of immediately inaugurating club programs and other such activities that will serve the social and recreational needs of the youngsters of our city."

No duly sponsored group has been refused available school facilities since the opening of the schools in September, 1950. This is in keeping with our regular custom of co-operating at all times with such civic groups.

The following school buildings in Ward 14 are being used for social and recreational activities on a regular schedule during the school year 1950-51: Jeremiah E. Burke High School, Monday and Wednesday evenings.

Solomon Lewenberg, Monday evenings.
Patrick T. Campbell, Tuesday, Wednesday, Friday, and Saturday evenings.

Sarah Greenwood, three afternoons a week.
Pauline A. Shaw, three afternoons a week.
Charles Logue, three afternoons a week.

In addition, these and other school buildings in Ward 14 are being used on specific nights by civic or social groups. Similar conditions regarding occupancy of school buildings, on a regular schedule and for specific nights, exist throughout the city.

If there are any civic or social groups in Ward 14 who wish to use available school facilities, we assure you of our co-operation.

For the information of the members of the City Council, I am pleased to enclose a list of our Boston public evening schools, sessions on Tuesday and Thursday evenings, seven to ten o'clock, subjects as listed. Also enclosed is a list of the Boston school centers, in session from seven to ten o'clock, two evenings a week.

Very truly yours,

DENNIS C. HALEY,
Superintendent of Public Schools.

REVOCATION OF PERMIT AT 81 WESTMINSTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Building Commissioner relative to your order of May 7, 1951, requesting that the permit be revoked that was granted on April 13, 1951, allowing the occupancy of 81 Westminster avenue (also known as 317 Walnut avenue rear) as an office warehouse and painting contractor's shop.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Building Department, May 18, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to the order of the City Council dated May 7, 1951, concerning premises at 81 Westminster avenue, also known as 317 Walnut avenue rear, Ward 12, I report as follows:

The building in question is more than fifty years old. It was erected presumably as a barn or carriage house and lies in the rear of the premises at 317 Walnut avenue. There is no record in this department which would indicate the age of the building. The atlases, however, show that as far back as 1919 it was used as a "workshop."

On August 4, 1949, an application was made by J. Arthur Montgomery, the then owner, for permission to change the occupancy from workshop to "office and warehouse — painting contractor." This permit was granted on August 16, 1949.

Since the construction of the building and its use as a workshop obviously antedated the passage of the Zoning Act, the then Building Commissioner had authority to grant such a permit.

On April 2, 1951, an application was filed by Charles Costa, manager, Aero Painting Company, for a permit for the same occupancy. Mr. Costa,

however, preferred that the premises be numbered 81 Westminster avenue, which number was certified by the Street Numbering Department. In view of the action of my predecessor, I had no option but to grant the permit, and this was done on April 13, 1951.

I have viewed the premises and find no evidence that it is being used for any purpose contrary to that which has been approved by this department. Consequently, I have no authority to revoke the permit.

Very truly yours,
HARRY J. KEEFE,
Building Commissioner.

TRANSFER OF APPROPRIATION TO FINANCE COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1951.

To the City Council.
Gentlemen:

In a report issued under date of April 27, the Finance Commission revealed the "confusion" which exists at the present time in the School Department with regard to the custodial service. The report pointed out that, while, since 1944, 27 schools had been closed, the school population has dropped from approximately 100,000 to approximately 90,000, and while there are 400 vacant classrooms in the school system, the amount appropriated for the salaries of custodians has jumped from slightly over \$1,000,000 to substantially more than \$2,000,000 in the same period. It also indicated that since 150 additional custodians have been added to the payroll following the establishment of a 40-hour work week, the work-load is unequally distributed, responsibility is more scattered than ever before, and "the cost of custodial service has reached a figure which is regarded by many conversant with the needs of the service to be scandalous." The report recommended that an intensive study of the custodial manpower requirements of the Boston schools be made and that a special appropriation of ten thousand dollars (\$10,000) be provided for this purpose.

Under date of May 2 I directed the report to the attention of the School Committee, indicating that I agreed with the Finance Commission that in order to secure an intelligent answer to the custodial problem there must first be a comprehensive investigation of the whole situation, and that I was willing to provide a special appropriation for this purpose. To date I have received no official reply to this offer, but I am advised that individually the members of the School Committee look with favor on the proposal. It would seem desirable that the findings of the proposed study should be available before the beginning of the next school year. In my opinion, therefore, an appropriation should be made available in order that the investigation may be started forthwith. In sponsoring the study, it is my intention to be fair to all parties at interest. It is my sole concern to see that the number of custodians needed in the schoolhouses of the city be determined scientifically and definitely and that a pay schedule be established which will be equitable both to custodians and to the city. To this end, I submit herewith a transfer order providing that a special appropriation in the amount of ten thousand dollars (\$10,000) be made available to the Finance Commission, the body established under the provisions of the City Charter to investigate matters relating to expenditures and methods of administration affecting the City of Boston. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Unclassified, 33-73, Reserve Fund, \$10,000, to the appropriation for General Government, 01-93, Finance Commission 2, Contractual Services, \$10,000.

Referred to the Executive Committee.

LEGISLATION RE UNEMPLOYMENT COMPENSATION.

Coun. WENZLER offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby favors the enactment of Senate Bill No. 659, the so-called Christopher Phillips Bill, as a means of protecting the State Unemployment Compensation Fund from raids by so-called "chiselers."

Referred to the Committee on Legislative Matters.

Later in the session on motion of Councilor Wenzler the order was recalled from the Committee on Legislative Matters.

On motion of Councilor Kinsella the order was rejected.

RECESS.

On motion of Councilor Beades the Council voted at 3.14 p.m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President HURLEY at 5.04 p.m.

CERTAIN INCREASED REALTY ASSESSMENTS.

President HURLEY called up No. 1 on the Calendar, viz.:

1. Order to instruct Board of Assessors not to increase assessments where minor repairs to realty have been made.

On motion of Councilor Cook the order was referred to the Committee on Rules.

EXECUTIVE COMMITTEE REPORTS.

Coun. RAMSEY, for the Executive Committee, submitted the following:

1. Report on order (referred today) that order passed May 7, naming junction of Thornton street and Harrison avenue in honor of Gaetano Carusone, be rescinded — that same ought to pass. The report was accepted, and the order was passed.

2. Report on message of Mayor and four orders (referred today) naming certain intersections in honor of veterans of World War II — that same ought to pass.

The report was accepted, and the orders were severally passed.

3. Report on order (referred today) that Commissioner of Public Works repair broken granolithic sidewalk at corner of Greenville and Dudley streets — that same ought to pass.

The report was accepted, and the order was passed.

4. Report on petition of Mabel R. B. Cresey (referred May 14) to be paid annuity on account of death of her husband, Theodore P. Cresey, late member of the Fire Department — recommending passage of following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of fifteen hundred dollars be allowed and paid to Mabel R. B. Cresey, widow of Theodore P. Cresey, a member of the Fire Department who died on May 2, 1951, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report on petition of Josephine E. Brennan (referred February 26) to be paid annuity on account of death of her husband, Robert F. Brennan, late member of the Fire Department — recommending passage of the following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of fifteen hundred dollars be allowed and paid to Josephine E. Brennan, widow of Robert F. Brennan, a member of the Fire Department who died on February 6, 1951, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

Report on petition of Mary C. Mulvey (referred December 11, 1950) to be paid annuity on account of death of her husband, Thomas H. Mulvey, late member of the Police Department — recommending passage of the following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of eighteen hundred and twelve dollars be allowed and paid to Mary C. Mulvey, widow of Thomas H. Mulvey, a member of the Police Department who died on November 18, 1950, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Mary C. Mulvey, so long as she remains unmarried, \$1,500 per annum.

For the following-named child, \$312 per annum, provided that it is determined by the City Auditor that said child is physically incapacitated for earning, and said payment to continue so long as said physical incapacity continues:

Joseph P. Mulvey, born December 12, 1930; provided, however, that if the widow remarries, the annuity for said child shall be \$520 during the remainder of the time aforesaid; the annuity to become effective upon the date of the approval of this order by the Mayor and to be charged to the appropriation for Police Department, Pensions and Annuities.

Report on petition of Gladys I. Murphy (referred April 30) to be paid annuity on account of death of her husband, Carroll S. Murphy, late member of the Fire Department — recommending passage of the following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of two thousand one hundred and twenty-four dollars be allowed and paid to Gladys I. Murphy, widow of Carroll S. Murphy, a member of the Fire Department who died on April 19, 1951, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Gladys I. Murphy, so long as she remains unmarried, \$1,500 per annum.

For each of the following-named children, during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated for earning, \$312 per annum:

Carroll S. Murphy, Jr., born July 15, 1933;

Marion I. Murphy, born October 8, 1936;

provided, however, that if the widow remarries, the annuity for each of the said children shall be \$520 during the remainder of the time aforesaid; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The reports were accepted, and the orders were severally passed.

5. Report on message of Mayor and ordinance (referred today) concerning salaries of certain officials — recommending reference of the ordinance to the Committee on Ordinances.

The report was accepted, and the ordinance was referred to the Committee on Ordinances.

REPAIRS AT COLUMBUS PARK AND STADIUM.

Coun. McCOLGAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to repair the backstops at Columbus Park, particularly the one in the center, and also to replace the broken seats in Columbus Stadium, South Boston.

Passed under suspension of the rules.

SUBMISSION OF NEW FIRE CODE.

Coun. BEADES and RAMSEY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to immediately submit to the City Council the proposed new fire code in order that the Council may take proper action on the matter.

Passed under suspension of the rules.

INFORMATION RE OPEN-AIR PARKING SPACES, ETC.

Coun. SHANLEY offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to appear before the City Council with a list of all open-air parking spaces under the jurisdiction of the City of Boston, and that an investigation be made by this Board as to the many violations presently being perpetrated, and that the licenses of the violators coming under the jurisdiction of the Board of Street Commissioners be revoked.

Referred to the Executive Committee.

Adjourned at 5.45 p.m., on motion of Councilor Ramsey, to meet on Monday, June 4, 1951, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN TREMONT STREET, WARD 9, FROM MASSACHUSETTS AVENUE TO 140 FEET EAST OF TEXAS STREET, AND IN VARIOUS LOCATIONS OF THE CITY; LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Tremont street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Tremont Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 20, 1951, with a certified check for FIVE THOUSAND (5,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(June 9.) Commissioner of Public Works.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 43

SATURDAY, JUNE 16, 1951.

No. 24.

MAYOR JOHN B. HYNES MAKES BOSTON'S HOME AND PROPERTY OWNERS HAPPY WITH ANNOUNCEMENT OF LOWERING OF TAX RATE TO \$62.80 — MUCH HIGHER RATE HAD BEEN FEARED DUE TO BURDENS FACED BY MUNICIPAL GOVERNMENT, HIGHER PRICES, INCREASED COSTS FOR SOME SERVICES, COST-OF-LIVING PAY INCREASES, AND INHERITED FINANCIAL BURDENS — FIRST LOWERING OF RATE IN FIVE YEARS — INCREASED INCOME FROM STATE AND OTHER SOURCES WERE AIDING FACTORS — ACCOMPLISHMENT WINNING ALMOST UNIVERSAL PRAISE — A \$70 RATE HAD BEEN FEARED — MOST OTHER CITIES AND TOWNS OF STATE HAVE BOOSTED RATES.

On Tuesday, June 12, Mayor John B. Hynes made public the 1951 tax rate in the following statement:

Boston's tax rate for this year will be \$62.80 per \$1,000 of valuation, representing a reduction of 20 cents below the figure of 1950.

It is an honest rate, honestly arrived at. It is a true reflection of the operating costs and the fixed obligations of the municipal government. The device of using a book surplus to further lower the rate was avoided. Each item of income and expense has been approved by State Tax Commissioner Henry F. Long.

Higher prices for supplies, materials, and some services, a cost-of-living pay raise granted to municipal employees, and financial burdens inherited from the previous administration were all factors preventing a greater decrease in the rate.

Despite the higher cost of operating the city government and providing most essential services for our people, it would have been possible to lower the rate further below the level of 1950 were it not for the financial obligations left by the last administration, which we must meet from this year's tax levy.

MAYOR JOHN B. HYNES AIDS PEDESTRIAN VISITORS TO FIND PRINCIPAL HISTORICAL SHRINES IN DOWNTOWN BOSTON—PLACES 31 MARKERS AT SITES WITH ARROW POINTING FROM ONE TO OTHERS ALONG "FREEDOM TRAIL" BEGINNING AT STATE HOUSE.

Mayor John B. Hynes, on Monday, at noon, officially dedicated the most direct pedestrian route to "Old" Boston's most famous historical shrines as the "Freedom Trail." The ceremonies surrounding the event consisted of the unveiling of the directional sign at the corner of Washington street and Spring Lane, one of the 30 similar markers put up over the week end to indicate the mile long trail. Ralph M. Binney, president of the Boston Chamber of Commerce, and other civic and business leaders were present.

"Freedom Trail should prove itself to be of considerable convenience to the many thousands of persons who come here annually from all sections of the

City's Debt Also Lowered.

Small though the decrease is below the figure of last year, it is most gratifying to be able to reverse the upward trend which has seen our city's tax rate mount steadily in recent years. The reduction has been accomplished while borrowing no money for current expenses. The city's debt, in fact, will be lowered this year.

The total real estate valuations of the city have been increased but very slightly over last year. Valuations on homes have not been increased. Almost every taxpayer in Boston will receive a smaller tax bill this year.

An important factor in enabling us to lighten somewhat the tax burden on the owners of homes and business properties was that we were able to obtain \$6,000,000 in additional income from the state, and able also to increase our income from other sources.

A determined effort has been made by this administration to eliminate unnecessary spending; to give the people of Boston a dollar in value for every dollar expended; and to make the tax burden they must assume no heavier than is absolutely necessary.

Higher Rate Anticipated.

Only a few months ago it appeared that a rate as high as \$70, or even higher, might be unavoidable. That we were able to accomplish even a small reduction below the \$63 level of last year, while tax rates in most other cities and towns are soaring to record heights, is extremely satisfying.

In our tax levy this year it is necessary to raise \$2,000,000 to apply against an inherited deficit caused by the granting of \$12,000,000 in abatement refunds by the last administration in the closing months of 1949. That one item represents \$1.30 on the tax rate. Unfortunately, this year, and for some years still to come, we will be paying off obligations incurred in 1949 by the previous administration.

MAYOR HYNES PRAISED FOR REDUCTION OF BOSTON'S TAX RATE FOR 1951.

(Continued from page 625.)

Another \$1,015,000 must be provided in the tax levy to meet an installment on a loan floated in 1949 to cover the MTA deficit of the previous year. Other substantial debts incurred by the administration in authority at that time also must be met from this year's tax levy.

Except for those obligations, which have nothing to do with the current operation of the city, we would be able to announce a tax rate of about \$60.

This administration will continue to conduct Boston's municipal affairs as economically as possible, and to protect and strengthen the city's financial stability.

Property owners and rent payers may be assured that every effort has been made, and will continue to be made, to keep the tax burden at the lowest possible level. Unless extraordinary conditions develop, the future holds hope that the current downward trend of the tax rate can be continued.

COMMISSIONER LONG'S LETTER OF APPROVAL.

Mayor John B. Hynes said on Tuesday, June 12: "I am in receipt of a communication from Tax Commissioner Henry F. Long in which he gives approval to the 1951 tax rate for the City of Boston. I am very appreciative of the Commissioner's complimentary reference to me and to my administrative officials, and I am gratified that Mr. Long has referred to the tax rate of \$62.80 as a 'sound rate.'"

Following is letter from Commissioner Long:

DEAR MAYOR HYNES:

It is with great satisfaction and appreciation of your keen understanding of sound municipal financing and a desire to do the best possible under the conditions that have developed that I have approved \$62.80 as the 1951 tax rate for the City of Boston.

You and the assessors who have conferred with me frequently in regard to the financing of the activities of Boston are entitled to great credit. My compliments go to you in facing a difficult situation which has developed on the one hand quite disturbingly and yet on the other hand by careful survey of financial possibilities made possible the approving of a sound rate at \$62.80 per thousand valuation.

The recapitulation sheet has been submitted to me by the assessors and is truly reflective of all that is required to be obtained in order to satisfy the demand for services and materials in Boston in 1951, but at the same time with a keen perception of where there may be some variations, both up and down, and also there is to be called to attention that the recapitulation sheet in no way is brought into balance by the use of surplus funds or so-called free cash, which, because of their not being used, will leave Boston in a sound financial position on December 31, 1951, the end of the calendar year as well as the fiscal year.

We here in Massachusetts have undoubtedly faced in 1951 a most difficult time in our municipalities and the City of Boston under your direction as now expressed, so that all may understand through the recapitulation sheet has a keen perception of what the taxpayer should have by way of consideration and what is definitely needed to satisfy in cash payments the obligation which through the years the City of Boston has incurred and which is lodged as a definite requirement that cannot be overlooked in any way in 1951.

My heartiest congratulations go to you and through you to the citizens of Boston.

It is with great respect that I address this communication to you, and I remain

Respectfully yours,

HENRY F. LONG
Commissioner of Corporations and
Taxes.

RECORD YEAR FOR SUMNER TUNNEL VEHICULAR TRAFFIC INDICATED BY SHOWING OF FIRST FIVE MONTHS.

A new record year for traffic use of the Sumner Tunnel is in the making, because in the first five months of the current year 219,051 more vehicles used the tunnel than in the first five months of last year.

which was a record year. This was announced by Commissioner of Public Works George G. Hyland.

On the basis of the present usage, it is estimated that 9,800,000 vehicles will pass through the tunnel this year, or approximately 450,000 vehicles more than last year, which, as stated above, was the record year since the tunnel opened on June 30, 1934. Incidentally, the tunnel was designed for approximately 6,000,000 vehicles annually.

The tunnel is "bursting at the seams," so to speak, and the necessity of a second vehicular tunnel to East Boston is obvious. When the new Central Artery is completed on the Boston side of the tunnel, and the new overhead artery is completed on the East Boston side, the present single tube very definitely will not be able to handle the volume of traffic going to and from Boston Proper and the North Shore.

In the first five months of this year 3,750,960 vehicles used the tunnel, as compared with 3,531,909 vehicles last year.

MAYOR HYNES INCLUDES TEMPORARY EMPLOYEES IN SALARY INCREASE.

The following announcement has been issued by the Budget Department to all department heads:

June 9, 1951.

To Department Heads.

His Honor the Mayor has directed me to advise you that he has amended the instructions contained in Circular Letter No. 5, dated April 30, 1951, insofar as it concerns the eligibility of temporary employees to receive the \$5.00 per week general increase.

All temporary employees are now entitled to the increase to be effective June 6, 1951. All future appointments, whether temporary or permanent, must be made at the established fixed or minimum salaries for the particular classification. The new fixed salary for laborers will be \$55.25 per week; the new weekly minimum salary for the clerical service will be \$37.60; for Grade I in the engineering service, \$41.44; and for assistant registrars, \$49.11. These are a few of the more common classifications and salaries, and for further information on others, please contact the Budget Department.

Forms to be used in listing this increase will be the same as those used recently for the permanent employees' increase, Civil Service Form No. 62A for all departments, except the Public Welfare Department, which will use Form No. 62. These forms may be secured from the Budget Department. Do not include these increases on the payrolls until the forms have been approved by Civil Service and the Mayor. Please follow the instructions issued in Circular Letter No. 5, dated April 30, 1951.

Your attention is again called to the change eliminating all annual salaries in compensation listing on payrolls. All future appointments submitted to this office must list the compensation either on a weekly, semimonthly, or monthly basis.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

nation to visit our most renowned historical sites," said the Mayor. "Hitherto, because of the tortuous streets in the North End many tourists have failed to find the places they set out to see. From now on all they need do is find the trail, follow the signs, and they will reach their objectives.

Freedom Trail starts at the State House and passes along Park, Tremont, School, Washington, State, Congress streets, through Faneuil Hall square to North square and Charter street, at Copp's Hill, where it ends. It is about a mile long and can be walked at normal gait in approximately 20 minutes.

The Freedom Trail signs are most attractive. They are 24 inches long and 14 inches wide. They are painted red, white, and blue, and all of them have the words "Freedom Trail" emblazoned across the face. Each has an arrow on it pointing in the direction of the nearest shrine. Each is surmounted with the figure of Paul Revere riding to "spread the alarm." They were designed and painted by John A. McAuley, of the Traffic Commission, under the supervision of Philip E. Desmond, chief traffic engineer.

FIREMAN'S RELIEF FUND RECEIVES GIFT OF \$500 AS RESULT OF GOOD WORK IN FIGHTING BLAZE.

His Honor the Mayor has announced that Mr. F. W. Haffenreffer of the Haffenreffer Company, Boylston street, Jamaica Plain, has donated \$500 to the Boston Fireman's Relief Fund in appreciation of the excellent work done at the fire at the brewery on June 9. The following companies, under the direction of Deputy Chief Walter Crouch and Acting District Chief Thomas Manning, participated in the work:

Engines 14, 28, and 42; Ladders 10 and 30; Rescue Company 2; and Light-plant Company 3.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, June 6, 1951.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees of your department who are members of the Army Reserve Corps, the Naval Reserve Force, the National Guard, the Marine Reserve Corps, and the Coast Guard Reserve and Auxiliary, to attend the annual tour of duty.

Respectfully,

JOHN B. HYNES,
Mayor.

HUGE PARADE ON MONDAY TO FEATURE CELEBRATION OF "BUNKER HILL DAY," WITH MORE THAN 10,000 MARCHERS EXPECTED IN LINE.

The annual Bunker Hill Day parade, to be held this year on Monday afternoon, June 18, the final day of the mammoth three-day Charlestown celebration, gives promise of being the largest and most colorful affair of its kind in years, if ever. More than 30 bands and fife, drum, and bugle corps will escort the 10,000 soldiers, sailors, marines. There will be more than 10,000 former servicemen and others in the line of march.

The parade will form at the corner of Bunker Hill and Elm streets in time to step out at 2.15 p.m. It will march over the usual three-mile route followed by all June 17 parades and will take at least two hours to pass a given point. Both Governor Paul A. Dever and Mayor John B. Hynes will march. Both of them will be escorted along the route by military bands.

The parade will be divided into four divisions. The first will comprise large details of sailors and marines from the Charlestown Navy Yard, soldiers from Fort Devens, and the Massachusetts National Guard. Among the bands to march with the first division will be the 18th Army Band; Navy Yard Barracks Marine Band; 23rd Infantry, State Guard, Band; 26th Infantry, Massachusetts National Guard, Band; 215th Army Ground Force, National Guard, Band; Nichols Marine Band; and the Boston Fire Department Band.

The second division will be composed of uniformed delegations of the American Legion, Veterans of Foreign Wars, Spanish War Veterans, Disabled American Veterans, and other servicemen's organizations. Among the musical units will be the Garden City Band; Immaculate Conception Drum and Bugle Corps; John T. Fallon Post, Junior Drum and Bugle Corps; Waltham Post, American Legion, Band; Michael J. Perkins Post, American Legion, Band; Old Dorchester Post, American Legion, Drum Corps; Winnisimmet Veterans' Firemen's Band; and the Veterans' Victory Band.

Superb CYO units from all sections of Greater Boston will compose the third and fourth divisions. Among the musical units to participate are: St. Patrick's Drum and Bugle Corps, Stoneham; Lexington Drum Corps; St. Joseph's Fife and Drum Corps; Church of the Most Precious Blood Band; St. William's Band; St. Theresa's Band; Esso Boys' Band, Everett; St. Catherine's Drum and Bugle Corps, Somerville; Cavaliers Drum Corp; Holy Trinity Band; Pontiac Drum and Bugle Corps; St. Thomas More's Drum and Bugle Corps, Braintree.

The parade has been organized under the personal direction of Mayor John B. Hynes, with Michael S. Costello of his office serving as his personal representative in the working out of the details. Assisting them in its organization are: J. Leo Donovan, chief marshal; Frank J. Donovan, adjutant; Frank J. Tucker, Walter Fields, and John J. Lowney, aides.

Serving on the chief marshal's staff will be 25 representative Charlestown

war veterans, a number of whom are members of the American Legion, Veterans of Foreign Wars, AMVETS, Spanish War Veterans, and Disabled American Veterans Association.

They are Donald Bonfiglio, Alonso P. Brooks, James T. Caffery, Maurice Cavanaugh, James P. Collins, Richard Carroll, Thomas Cody, Frank X. Doherty, Elmer Delano, William Fields, Harriet Fields, Walter J. Caswell, William J. Graham, James J. Kiley, Michael G. Loughman, Joseph A. Maguire, John Maher, Laurence Marino, Charles H. McCormack, Joseph McCabe, Charles Moore, Alberta O'Neil, Joseph Scall, John F. Upton, and Fred Von Hartenstein.

More than 200,000 persons from all sections of New England are expected to visit Charlestown over the week end and to participate in the celebration of the one hundred seventy-sixth anniversary of the Battle of Bunker Hill.

United States Senator Herbert R. O'Connor, of Maryland, will deliver the annual address on Sunday; Mayor John B. Hynes, honorary chairman of the Bunker Hill Day Celebration Committee, will preside.

The high spot among the many social events throughout Charlestown will be the Bunker Hill Ball on Monday night at the Bunker Hill Armory. Vaughn Monroe, the popular orchestra leader, and his attractive "Moon Maids" are among the features. Harry Marshard's well-known dance band also will play.

The traditional "night before" banquets, dinner parties, and open houses were held throughout the district on Saturday night, among them the Bunker Hill Post, American Legion, dinner at the State Armory; the Bunker Hill Council, Knights of Columbus, Banquet at the K. of C. Club House on High street; and the Disabled American Veterans dinner at the D.A.V. Club House on Elm street.

Following the patriotic exercises Sunday afternoon there will be a children's costume parade at Bunker Hill Heights, with prizes for the most original and most attractive costumes.

Sunday night a Charlestown Women's organization will hold its annual banquet at the Hayes Square Hill. The same evening the Charlestown Post of the Veterans of Foreign Wars will be host to fellow members of the V.F.W. from all sections of the state at a dance.

Monday morning there will be a doll carriage parade at Bunker Hill Monument and a "horrible" parade at the Haverhill Street Playground in the Sullivan Square section.

M. SOLIMANDO.

584 COLUMBIA ROAD.

DORCHESTER, May 22, 1951.

JOHN M. GRAY COMPANY, 175 High Street, Boston, Mass.

GENTLEMEN:

I propose to do the following additional work in connection with the addition to the Dowling Building at the Boston City Hospital:

(A) Install new lavatories in examination rooms Nos. 4, 5, and 6.

(B) These lavatories to be serviced by the following procedure:

1. Connections to be made at the corridor ceiling in the basement to the 3-inch sanitary drain, the hot water supply and the cold water supply lines. This to be done to service each lavatory on the floor above.

2. Where lavatory occurs in examination room No. 4, the above mentioned lines are to be cut through the glazed tile partition between the corridor and the women employees room and thence to run across ceiling of said room and then cut up through the furred ceiling and structural slab above to the lavatory location above.

3. Where lavatory occurs in examination room No. 5, the exact same procedure is to be followed with the cutting being done in men employees room in the basement.

4. Where lavatory occurs in examination room No. 6, the lines, with all necessary cutting and patching, are to be run through the glazed tile corridor partition to the small conference room, across the ceiling and a right angle bond made through the glazed tile toilet partition, thence up through the floor and hung ceiling to the lavatory in examination room No. 6.

5. The vent from lavatory in examination room No. 4, to run vertically through the hung ceiling and an access panel installed in this location where vent turns laterally to connect with main vent above corridor furred ceiling. An additional access panel to be installed in corridor ceiling where vent connection is made.

6. The vents from lavatories in examination rooms Nos. 5 and 6 to be connected in like manner except that access panels in these locations on the corridor ceiling are to be omitted.

7. Installation of the above mentioned vents will entail considerable cutting and patching of plaster and rough masonry partitions, all of which is included in the lump sum price of \$965.

I also quote a price to furnish and install a 4-foot door and frame between corridor No. 2 and the old building of \$150. This also includes hardware.

Subcontractors: Ferris & Mahoney Company, \$1,700; general contractor's profit, 10 per cent, \$170—\$1,870; general contractor's work, \$1,115—\$2,985.

Very truly yours,

M. SOLIMANDO

BOSTON, May 21, 1951.

J. W. PRAUGHT & Co., 1049 Dorchester Avenue, Dorchester, Mass.

Subject: Extra Work in Connection with New Addition to Dowling Building, City Hospital, Boston, Mass.

GENTLEMEN:

In connection with the above job, we have been asked by the general contractor to move several existing temperature con-

trol lines in connection with work in the Dowling Building that was not part of our contract.

At the present time, we have performed some work over there, and have been asked to do some more. We have been told that this latest work will be the final amount required.

We are pleased to quote you our price of \$125, net, for the furnishing of the necessary labor and expense, and installing the necessary pipe and fittings to make the above changes. This price includes the work we have already done, together with the estimated amount of the work requested.

We wish you would take this matter up with the proper authorities to see what can be done about receiving extra money for this work. This work as outlined above is in no way connected with our present contract with you.

Thank you for your attention to this matter.

Very truly yours,

JOHNSON SERVICE COMPANY.

GENTLEMEN:

In reply to your inquiry, we will remove the existing 10 fixtures in the waiting room area and install Holophane Correctolites, complete with lamps, for the sum of \$286.

Very truly yours,

M. B. FOSTER ELECTRIC COMPANY,
G. LANGELEIER.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Thomas Worcester, Inc., has been directed to perform the following extra work under the contract for conducting investigation and study, etc., covering disposal of garbage and refuse for entire city, dated August 14, 1950:

Two hundred additional copies of report. Estimated cost of extra work, \$450.

P. V. Barone Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, dated May 10, 1951.

In Lyall street, from Veterans of Foreign Wars Parkway to Brook Farm road, remodel and rebuild three existing catch basins that are about 18 inches high to proper line and grade, including labor, materials, equipment, excavation and backfill, at \$75 per catch basin. Estimated cost of extra work, \$225.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for laying bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road and Risley road, dated May 10, 1951.

In Lyall street, between Addington road and Vermont street, omit 2,200 square feet of artificial stone sidewalks, furnished and laid at 36 cents per foot, \$792, and substitute 250 square yards loam space furnished, laid, and seeded at \$2.50 per yard, \$625. Estimated cost of omitted work, \$792; estimated cost of substituted work, \$625; estimated decrease in cost, \$167.

P. V. Barone Corporation has been directed to omit and substitute the following work under the contract for laying bituminous concrete pavement in Hackensack road, Lasell street, Lyall street, Payson road, and Risley road, dated May 10, 1951.

In Lyall street, between Veterans of Foreign Wars Parkway and Brook Farm road, omit 1,500 square feet artificial stone sidewalks furnished and laid at 36 cents per square foot, \$540, and substitute 160 square yards loam space furnished, laid, and seeded at \$2.50 per yard, \$400. Estimated cost of omitted work, \$540; estimated cost of substituted work, \$400; estimated decrease in cost, \$140.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer and a 10-inch pipe surface drain in Keane road, between Sunnyside avenue and Veterans of Foreign Wars Parkway, in the West Roxbury district, at an estimated cost of \$6,940.

A 10-inch pipe sanitary sewer and a 12-inch pipe surface drain in Veterans of Foreign Wars Parkway, between Corey street and Keane road, in the West Roxbury district, at an estimated cost of \$9,050.

160 feet of 5-foot 9½-inch x 5-foot 9½-inch concrete surface drain and 178 feet of 5-foot 7½-inch x 5-foot 7½-inch concrete surface drain; also 152.50 feet of 24-inch pipe sanitary sewer and 185.50 feet of 21-inch pipe sanitary sewer in Village Brook, in Walter F. Cassidy Playground, in the Brighton district, at an estimated cost of \$47,840.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Walter Reed Corporation has been granted an extension of time until July 1, 1951, for the completion of the contract for asphalt surfacing of roads and walks in Franklin Park, West Roxbury, signed November 9, 1950.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with James D'Amico, Inc., for laying water pipes in Bennington street, Leverett street, Walley street, Waldemar avenue, Orient avenue, and private land of Boston Housing Authority, East Boston, from May 15, 1951, to December 31, 1951. This extension was requested for the reason that continuation of the work at the present time would interfere with traffic into the Suffolk Downs Racing Track.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

BUDGET DEPARTMENT.

From 360, Office Supplies and Materials, \$4.45, to 211, Messenger Service, \$4.45.

FIRE DEPARTMENT ORDERS.

General Order No. 26.

I. FIREMEN'S MEMORIAL SUNDAY.

Firemen's Memorial Sunday will be held on Sunday morning, June 10, 1951. Honorable Richard I. Furbush, President of the Massachusetts Senate, will be Orator of the Day.

A detail consisting of one man from each engine, ladder, and rescue company will act as an escort to the various organizations participating in the memorial exercises. The detail will report to Capt. John E. J. Broughton, chief marshal, in front of Fire Department Headquarters, 60 Bristol street, at 9.15 A.M.

The detail will include the trustees or members of the Charitable Association of the Boston Fire Department who are on duty that day. Regulation uniform with sack coat and white gloves shall be worn on this occasion.

Members on the night tour of duty Saturday, June 9, who are to participate in the services will be excused from roll call if relieved by members of the oncoming shift prior to 8 o'clock.

Members of the department who are off duty on Sunday, June 10, are invited to participate in the memorial exercises and it is hoped that a large number will be present to honor the memory of the deceased members of the department.

Members of the department who are on the Committee on Arrangements will be granted sufficient time to attend to their customary duties and those members of the committee who are sched-

uled to work on Sunday, June 10, will be excused from duty on that day.

The Boston Fire Department Band will furnish the music for the parade and exercises. They shall report to Band Manager-District Chief James F. White, at Headquarters, at 9 A.M. The Color Guard will also take part in the parade and exercises. The Color Guard shall report to Chief White, at 9 A.M., at Headquarters.

Members of the Band and Color Guard who are working the night tour of duty on June 9 will be excused at 7 A.M. Members working the day tour the 10th will be excused until 3 P.M. Captain-Drillmaster Augustus J. Beaupre will be in charge of the formation of the members in the line of march. The buses that will convey the members to the cemetery will return the members, who desire it, to Headquarters.

II. RETURN TO DUTY.

The following-named who was granted leave of absence from the Fire Department, February 13, 1951, in order to serve in the U. S. Navy, has been discharged from the Navy and will return to duty in this department, effective at 8 A.M., June 6, 1951:

PROCEEDINGS OF CITY COUNCIL.

Monday, June 4, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Councilor WENZLER, senior member, presiding. Absent, Councilors Hurley, Kinsella, and P. A. Tracy.

The Reverend John L. Parsons of St. Thomas Aquinas Roman Catholic Church, Jamaica Plain, was escorted to the rostrum.

INVOCATION BY REV. JOHN L. PARSONS.

Let us pray. O God, our Heavenly Father, bless, we beseech Thee, these councilors of the City of Boston. Illuminate their minds to know truth. Fill their hearts with love of their fellow men. Strengthen their will to do right and justice. Let bias, hatred, and prejudice be absent from their deliberations. Bless, we beseech Thee, this Council Chamber and drive far from it all stains of evil spirit. Let Thy holy angels dwell therein and may Thy blessing be always upon us, through Christ our Lord. Amen.

The salute to the Flag was given by the members.

USE OF SCHOOLBOY STADIUM BY CERTAIN VETERANS' ORGANIZATIONS.

The following was received:

City of Boston,
Office of the Mayor, June 4, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the secretary pro tempore to the School Committee, relative to your order of January 15, 1951, requesting the use of the George Robert White Fund Schoolboy Stadium at a fixed fee by certain veterans' organizations.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
School Committee, May 28, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

The School Committee in conference considered the order passed by the City Council on January 15, 1951, regarding the use of the George Robert White Fund Schoolboy Stadium at a fixed fee by certain veterans' organizations.

The School Committee is informed by the Corporation Counsel that the bequest of the George Robert White Fund makes it impossible to act favorably on the suggestion of the City Council.

Very truly yours,

AGNES E. REYNOLDS,
Secretary pro tempore.

DRIVEWAY PERMITS AT 81 WESTMINSTER AVENUE, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, June 4, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of May 7, 1951, requesting that any permits issued for driveway openings, etc., leading to 81 Westminster avenue, Roxbury, be revoked.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 31, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of May 7:

"Whereas, The vicinity of Westminster avenue and Walnut avenue, in the Roxbury district of Boston, is a residential area; and

"Whereas, The erection of an office warehouse and painting contractor's shop at 81 Westminster avenue is a nonconforming use which will be most detrimental and injurious to the neighborhood; therefore be it

"Ordered, That his Honor the Mayor be requested to direct the Building Commissioner to revoke the permit granted on April 13, 1951, allowing the occupancy of 81 Westminster avenue (also known as 317 Walnut avenue rear) as an office warehouse and painting contractor's shop; and be it further

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to revoke any permits issued by his department for driveway openings, etc., leading to said premises for such occupancy; and be it further

"Ordered, That no permits be granted by any city department with regard to nonconforming uses of said premises without first notifying the residents living in the vicinity and holding a public hearing on same."

Under date of March 14 of 1950, I requested an opinion from the Corporation Counsel as to whether I had discretionary powers to refuse to grant a permit for the construction of a driveway across a public sidewalk area, if my reason for so doing was based solely on my opinion, that the purpose for which the private property was to be used was not in the best interests of the public. Under date of May 9 of 1950, I received the opinion from the Corporation Counsel, which read, in part, as follows:

"So far as your present inquiry is concerned, the important point in all this is that the restrictions and requirements to which an abutter's right of access may be subjected are restrictions and requirements having a direct relation to the protection of the public right in the highway. The ground upon which you suggest denying the applications now before you has no relation to the public right of travel, but concerns a different public interest which has already been adjudicated by the appropriate public authority. In my opinion, you have no jurisdiction to review that adjudication, but must confine your consideration to matters directly related to the protection of the public right in the highway."

In view of the above-referenced opinion of the Corporation Counsel, it is my understanding that I would have no right to deny a permit to the owner of 81 Westminster avenue for a driveway opening leading to said premises.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

RESTORING SURFACE OF WASHINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, June 4, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of May 14, 1951, requesting that a report be submitted on the damage to the newly resurfaced sections of Washington street, between Dudley street and Egleston square, said report to set forth the methods whereby the street surface is to be restored to its former first-class condition.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 31, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works submit a report on the damage to the newly resurfaced sections of Washington street, between Dudley street and Egleston square, said report to set forth the methods whereby the street surface is to be restored to its former first-class condition, and please be advised as follows:

Corporation openings at No. 2552 to No. 2996 Washington street, inclusive, were repaired May 18, 1951.

There are three other corporation openings as follows:

Opposite No. 2497 Washington street.

On Washington street, opposite Bartlett street.

Opposite No. 2989 Washington street.

Arrangements have been made to have the above-mentioned openings repaired as of today, May 31, 1951.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BROADWAY EXTENSION BRIDGE REPAIRS.

The following was received:

City of Boston,
Office of the Mayor, June 4, 1951.
To the City Council,
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of May 14, 1951, requesting that something be done about the Broadway Extension Bridge as the present wooden surface causes automobiles to skid when the bridge is wet and many accidents have happened there recently.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
May 31, 1951.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of May 14:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to do something about the Broadway Extension Bridge as the present wooden surface causes automobiles to skid when the bridge is wet and many accidents have happened there recently."

I wish to advise that the drawspan of the Broadway Bridge, over Fort Point Channel, to which the above-referenced order evidently refers, has a spruce wearing surface which is very apt to be slippery, when wet. However, all wearing surfaces are slippery to some degree, when wet, and I feel that the accidents referred to are caused by excessive speed under adverse conditions, rather than to the type of pavement on the structure. Long bridges without intersections, such as the Broadway Bridge, tend to make the average driver operate too fast because of the lack of cross traffic, with the result that skidding accidents on such bridges are higher than normal.

All bridges with wooden wearing surfaces are sanded intermittently during rainy or snowy weather, and particular attention will be given, hereafter, to the Broadway Bridge, in order to make certain that it is kept reasonably well sanded during inclement weather. Suitable "Slippery When Wet" signs will be erected on both approaches to the bridge to warn drivers, in substance, that the wooden surface is apt to be slippery, when wet, and that, therefore, they should use precaution when crossing the bridge.

An investigation will also be conducted to determine the advisability of replacing the existing wooden surface with an open steel grid type of surface which, in general, is less slippery than the wooden surface. If the results of the investigation determine that a steel decking would be advisable, arrangements will be made to have it installed, if we are able to obtain said steel decking, which is very scarce at this time, due to the demands of the Defense Program.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Severally placed on file.

PROPOSED FEE ON TAXICABS AT LOGAN AIRPORT.

Coun. WENZLER, for Councilor Hurley, offered the following:

Whereas, All Boston taxicab operators are duly licensed holders of taxicab medallions in the City of Boston; and

Whereas, None of these Boston holders are licensed to operate in any city, or town, other than Boston, but are restricted in seeking taxi fares to the territory within the corporate limits of Boston; and

Whereas, The Logan International Airport is within the City of Boston; and

Whereas, The Airport Management Authority has announced its intention of establishing a fee of 25 cents per day per cab, or \$6 per month, for the right of a taxicab to take fares from the airport, such plan to be placed in operation on July 1, 1951; and

Whereas, This plan was announced in the public press without prior consultation with the vast majority of taxi operators whom it most directly affects, or with their chosen representatives; and

Whereas, The plan, as now proposed, favors only a small group of out-of-town drivers, to the detriment and financial loss of all operators licensed and doing business in the City of Boston; and

Whereas, This small group, which stands to benefit under the proposed plan, are not licensed in Boston, have no LEGAL RIGHT to do business in Boston, and are in direct and illegal competition with the 1,525 licensed taxi operators in Boston, who carry the major part of the passenger traffic to the airport and who, by virtue of this fact, should have an opportunity to participate on an equitable basis in the return business; therefore be it

Resolved, That the Airport Management be urgently requested to withhold the effective date of the proposed plan and to consider the establishment of a more equitable plan to be decided upon at a conference of interested parties, at which conference there may be a fair exchange of views on the financial effect upon the owners and drivers licensed in the City of Boston; and be it further

Resolved, That the members of the management be requested to consider that 4,500 taxi drivers, licensed in Boston, will be affected by the plan to be finally adopted at this conference and put into permanent operation.

The resolution was adopted under suspension of the rules.

PENSION TO CHARLES J. SERGEI.

Coun. LANIGAN offered the following:
Ordered, That chapter 319 of the Acts of 1951, entitled "An Act Authorizing the City of Boston to Pension Charles J. Sergei, a Member of the Police Department of Said City," be, and hereby is, accepted.

Passed under suspension of the rules.

ADDITIONAL LAND AT CALF PASTURE.

Coun. McCOLGAN offered the following:
Whereas, The Boston Housing Authority has taken by eminent domain a portion of that land in Boston known as Calf Pasture; and

Whereas, The disposition of the remaining land at Calf Pasture does not seem to be of concern to the Boston Housing Authority; and

Whereas, It should be of deep concern because of the effect such use would have on the health and welfare of the future tenants; and

Whereas, The Boston Housing Authority is showing a remarkable lack of foresight in failing to supply necessary adequate room for facilities aside from actual housing, namely, stores, schools, churches, playgrounds, etc.; and

Whereas, The remaining land at Calf Pasture could be used for such facilities; therefore be it

Resolved, That the Boston City Council, in meeting assembled, goes on record as favoring the taking, by eminent domain, of the entire area known as Calf Pasture, with the exception of that land owned by Boston College High; and be it further

Resolved, That the entire area known as Calf Pasture be zoned as a residential area to be spot

zoned at a later date to accommodate necessary business for the convenience of the tenants; and be it further

Resolved, That a copy of this resolution be forwarded to the members of the Boston Housing Authority and his Honor the Mayor.

Referred to the Committee on Public Housing.

SACHEM STREET AS ONE-WAY STREET.

Coun. F. P. TRACEY offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make Sachem street, Ward 10, one way, from Calumet street to Hillside street.

Passed under suspension of the rules.

INKWELLS FOR LEFT-HANDED PUPILS.

Coun. F. P. TRACEY offered the following:
Ordered, That the School Committee be requested, through his Honor the Mayor, to install inkwells on the left side of desks for the left-handed pupils.

Passed under suspension of the rules.

LESTER AND VERRILL STREETS AS ONE-WAY STREETS.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor request the Traffic Commissioner to immediately study the advisability of making Lester and Verrill streets, Ward 14, one way thoroughfares.

Passed under suspension of the rules.

TRAFFIC SIGNALS AT TALBOT AND BLUE HILL AVENUES.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor be requested to ask the Traffic Commissioner to submit a tentative blueprint for Talbot avenue and Blue Hill avenue, which has been under study with a view to placing traffic signals in that area.

Passed under suspension of the rule.

FRANKLIN FIELD HOUSING DEVELOPMENT.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor request the Boston Housing Authority to expedite plans for the construction of the Franklin Field Housing Development.

Passed under suspension of the rules.

WELLINGTON HILL STREET AS ONE-WAY STREET.

Coun. ANSEL offered the following:
Ordered, That his Honor the Mayor request the Traffic Commissioner to immediately make a study of the conditions of Wellington Hill street, Ward 14, with a view to making a portion of that thoroughfare a one-way street.

Passed under suspension of the rules.

LEGISLATIVE RELIEF FROM HIGH COST OF LIVING.

Coun. ANSEL offered the following:
Resolved, That the Boston City Council, in meeting assembled, hereby appeals to the United States Congress to immediately draft legislation that will curb the meat producers and packers, who now have an unwarranted monopoly of the meat industry; and be it further

Resolved, That the United States Congress draft immediate legislative relief from the current wave of the prohibitive cost of living and that penalties be provided for those who create unwarranted artificial shortages and that an investigation be conducted with a view to settling our economic standards so that price levels will become normal; and be it further

Resolved, That copies of this resolution be sent to the Massachusetts delegation in Congress.

The resolution was adopted under suspension of the rules.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. RAMSEY, for the Committee on Ordinances, submitted the following:

Report on message of the Mayor and ordinance (referred May 28) concerning salaries of certain officials—that same ought to pass.

The report was accepted, and the ordinance was passed.

ARC LIGHT IN INDEPENDENCE PARK.

Coun. WENZLER offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to install an arc light in the center of Independence Park, South Boston.

Passed under suspension of the rules.

Coun. WENZLER offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to immediately repair the benches on Thomas Park, South Boston.

Passed under suspension of the rules.

CLEANING OF LOTS AT 420-428 WEST FOURTH STREET.

Coun. WENZLER offered the following:
Ordered, That the Board of Real Estate Commissioners be requested, through his Honor the Mayor, to clean the five lots of land under its jurisdiction at Nos. 420 to 428 West Fourth street, Ward 6.

Passed under suspension of the rules.

ARC LIGHT ON EAST FOURTH STREET.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light on East Fourth street, between P street and Farragut road, Ward 6.

Passed under suspension of the rules.

TRAFFIC SIGNAL AT ARMY BASE, SUMMER STREET.

Coun. WENZLER offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install an automatic traffic signal in front of the Army Base on Summer street, South Boston.

Passed under suspension of the rules.

STRAIGHTENING OF CURBSTONES ON E STREET.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to straighten the curbstones on E street, between West Second and West Third streets, Ward 6, particularly in front of St. Vincent's Church.

Passed under suspension of the rules.

LEGISLATION RE UNEMPLOYMENT COMPENSATION.

Coun. WENZLER offered the following:
Resolved, That the Boston City Council, in meeting assembled, hereby opposes Senate Bill No. 659, the so-called Phillips Bill, because of the hardship it would cause by reducing the unemployment compensation of many persons from \$25 to \$19 a week; also because the bill is designed to protect corporations and public utilities companies who, in the past, have been favored with a one half of 1 per cent payroll tax.

Referred to the Committee on Legislative Matters.

TRAFFIC CHANGES AT GALLIVAN BOULEVARD AND MINOT STREET.

Coun. BEADES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take steps to immediately proceed with the proposed changes at Gallivan Boulevard and Minot street, which plans have been submitted by the Traffic Department to the Public Works Department.

Passed under suspension of the rules.

CONSTRUCTION OF LINWOOD ROAD.

Coun. BEADES offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct Linwood road in Dorchester, Ward 16.

DEATH OF ASSISTANT SUPERINTENDENT

A communication was received from the Superintendent, under date of Dec. 15, 1950, reporting the death of Gerald F. Coughlin, Assistant Superintendent of Schools, on Dec. 10, 1950.

Placed on file.

The following was offered:

WHEREAS, On December 10, 1950, God in His infinite wisdom and mercy summoned from our midst, Mr. Gerald F. Coughlin, our late Assistant Superintendent of Schools; and

WHEREAS, The Boston School Committee with a keen sense of irreparable loss mourns the sudden passing of this able and conscientious administrator who for twenty-six years devoted his rich talents to the service of the Boston Public Schools with effectiveness and distinction; and

WHEREAS, The Boston School Committee is particularly mindful of the many contributions which Mr. Coughlin made to the advancement of our school system through superior service as teacher, department head, head master, and most notably as Assistant Superintendent in charge of development of curriculum and improvement of instruction, a functional assignment firmly established and effectively conducted under his able direction; and

WHEREAS, The Boston School Committee is likewise conscious of the exemplary character and the splendid personal qualities which inspired Mr. Coughlin to dedicate his rare endowments of mind and spirit and his unusual capacity for leadership to the temporal and eternal welfare of his fellowmen to gain for him the lasting respect, admiration, and confidence of all; therefore be it

RESOLVED, That the Boston School Committee formally record this expression of sorrow at the passing of Mr. Gerald F. Coughlin, and this tribute to his years of distinguished service to the Boston Public Schools; and be it further

RESOLVED, That a copy of these resolutions be sent to the family of our late Assistant Superintendent, as a memento of the esteem in which Mr. Coughlin was held, and as an evidence of the sympathy of the Boston School Committee for those who have been so unexpectedly bereaved.

On roll call the preamble and resolutions were adopted by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

APPOINTMENT OF ASSISTANT BUSINESS MANAGER

The following was offered:

ORDERED, That subject to the approval of the Division of Civil Service, Joseph W. Fellows, Voucher Clerk, Office of the Business Manager, is hereby appointed

to the position of Assistant Business Manager, to take effect Dec. 15, 1950.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

SUSPENSION OF SESSIONS

The following was offered:

ORDERED, That the sessions of all Boston public schools are hereby suspended on Friday, Dec. 22, 1950.

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

SALARIES OF LIBRARIANS AND ASSISTANT LIBRARIANS

Mr. Muchnick offered the following:

ORDERED, That librarians and assistant librarians are hereby granted an increase in salary of \$204 per annum, to take effect Jan. 1, 1951.

On roll call, the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—Mr. Ward—1.

CUSTODIAN, GEORGE ROBERT WHITE FUND SCHOOLBOY STADIUM

Mr. Muchnick offered the following:

ORDERED, That the position of custodian in the White Stadium be advertised for bids among senior custodians in the same manner as the positions for senior custodians are advertised in all other school buildings.

On roll call the members respectively stated that they voted as follows:

MRS. DACEY—Yes, because she feels it would be illegal to do otherwise.

MR. McDEVITT—Yes.

MR. MUCHNICK—Yes.

MR. WARD—Yes, because he feels it would be illegal to do otherwise.

CHAIRMAN—No, because he still thinks Mr. Murphy is the assignment of those who were sent to rate him. He was picked out after a review of all custodians, without his request, to be the custodian of the Stadium and nobody has said that he has not done a good job. He thinks it is unfair to remove him at this time.

In connection with her vote on the foregoing order, Mrs. Dacey asked that the statute relating thereto—Chapter 291 of the Acts of 1950, An Act Relative to the George Robert White Fund Schoolboy Stadium in the City of

Boston—be printed in full in the records, as follows:

SECTION 1. So long as the stadium in the city of Boston known as the George Robert White Fund Schoolboy Stadium shall remain in the custody and control of the school committee of said city, said stadium, together with the estate upon which it stands, shall be deemed to be a school building and yard, and shall be repaired, altered, improved and furnished in the same manner as a school building and yard out of funds appropriated under paragraph b of section two of chapter two hundred and twenty-four of the acts of nineteen hundred and thirty-six, and shall be cared for and maintained in like manner out of funds appropriated under paragraph c of said section two.

SECTION 2. This act shall take effect upon its passage.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Secretary pro tempore.

Dec. 27, 1950.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 2:30 P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White.

SECRETARY PRO TEMPORE

In the absence of the Secretary, the Committee proceeded to the election of a Secretary pro tempore.

A roll call was ordered and the members as their names were called stated that they voted as follows:

For AGNES E. REYNOLDS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White.

The Chairman declared Agnes E. Reynolds elected Secretary pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of Dec. 7, 1950, and Dec. 15, 1950, was omitted, the Committee approving them as printed.

COMMUNICATIONS FROM ASSISTANT SUPERINTENDENT GILLIS

The following communications were presented and ordered spread upon the records:

324 Bellevue Street
West Roxbury 32, Massachusetts

December 22, 1950.

Miss Agnes E. Reynolds,
Assistant Secretary,
The School Committee of the City of Boston.

Dear Miss Reynolds:

May I acknowledge your communication of December 13, en-

closing a copy of the preamble and resolve which were adopted at the meeting of the School Committee on December 7, 1950.

Will you kindly convey to the School Committee our appreciation as expressed in the enclosed reply to the School Committee.

Very truly yours,

(Signed) Frederick J. Gillis.

324 Bellevue Street

West Roxbury 32, Massachusetts.

December 22, 1950.

To the Members of the Boston School Committee:

Mrs. Gillis and I and the other members of the family acknowledge with sincere appreciation your expression of sympathy on the death of our dear Daniel.

At all times Daniel tried to make his life exemplify the ideals he had learned in his home, in the public schools, and in the United States Naval Air Force.

Your kind expression of sympathy has been a source of consolation to us all.

Sincerely and gratefully,

(Signed) Frederick J. Gillis.

DEATHS

The Superintendent reported the deaths of the following-named teachers who had been retired on pension under the provisions of the Boston Retirement System:

Girls' High School—Frank A. Kennedy, Dec. 14, 1950; Laura E. Richardson, Dec. 16, 1950.

Placed on file.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Dec. 27, 1950, reporting the retirement from active service of the following-named members of the State-Boston Retirement System, to take effect Dec. 31, 1950, as certified by the Boston Retirement Board:

Board of Superintendents—Katherine C. McDonnell, assistant superintendent.

Charlestown High School—Mary F. Birch, assistant (physical education).

Jamaica Plain High School—Susan H. James, librarian.

School Lunches—Alice M. Donnelly, cafeteria manager.

Department of Music—M. Edith Moran, supervisor in vocal music.

Placed on file.

Chairman: I would like to make a statement at this time. I am reminded by this communication from the Superintendent that today is the last day on which we shall have the pleasure of enjoying the congenial personality of our highly respected Assistant Superintendent, Miss McDonnell, and of receiving her wise counsel and advice which have been a source of strength and confidence to all of us during her long and fruitful term of service on the Board.

I for one am sorry that this Committee and the School Department are to have the benefit of her services no longer. I do not like to see her go but, under the provisions of the retirement law, she must.

I wish, therefore, at this time to express my deep personal appreciation of her responsible and conscientious service to the School Committee and to the children of our public schools to whom she has unselfishly devoted her splendid talents during a distinguished career. It has been a pleasure to be associated with her on this Committee. We shall miss her calm and dignified presence, but we shall always remember her as an outstanding educator and a valued friend who has merited our sincere gratitude and respect. I hope that she will enjoy health and happiness through many years to come.

Mr. Muchnick: I would like to second that.

Mr. Ward: Mr. Chairman, I second those sentiments, and I think that this Committee should confer upon her any honors which are within its power to confer. She is one person whom I am glad to see honors come to as she has brought great credit to our school system.

Mrs. Dacey: I would like to make a motion that Miss McDonnell be granted the honorary title of Assistant Superintendent Emerita.

Mr. McDevitt: I second that motion.

Mrs. Dacey: I would like to add that Miss McDonnell has done honor to the women in the system and to the Board of Superintendents. I for one am certainly grateful for what she has done for all of us. Miss McDonnell was my teacher at Emmanuel College.

Mr. McDevitt: I know that words cannot express my feeling toward you, Miss McDonnell, for the service you have rendered to the School Department not only as an assistant superintendent but all through your teaching career, and you are outstanding in the particular field.

The following was offered:

ORDERED, That in consideration of her many years of devoted and efficient service in the Boston Public Schools, the following-named assistant superintendent who is retiring, is granted the honorary title indicated, to take effect Jan. 1, 1951:

Board of Superintendents — Katharine C. McDonnell, assistant superintendent emerita.

On roll call the order passed by the following vote:

Attest:

AGNES E. REYNOLDS
Secretary pro tempore.

Jan. 2, 1951.

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building, 15 Beacon Street, at 11:36 o'clock, A. M.

The meeting was called to order by Mr. Joseph C. White, the senior member.

Mr. White: Under the provisions of Chapter 479 of the Acts of 1924—An Act Providing for Biennial Election in the City of Boston, etc.—the membership of the School Committee for the year 1951 is the same as that for the year 1950: namely, Mrs. Kathleen T. Ryan Dacey, Mr. Daniel J. McDevitt, Mr. Isadore H. Y. Muchnick, Mr. Michael J. Ward, and Mr. Joseph C. White.

The first meeting of the year of the School Committee is held for the purpose of organization of the body. I am presiding as Chairman pro tempore, being the member whose original election is of the earliest date. The first business before the Committee will be the election of a Chairman.

ELECTION OF CHAIRMAN

The Committee proceeded to the election of Chairman, and the Secretary was directed to call the roll.

Mr. Ward: Mr. Chairman, I have always believed that every member of this Committee should have an opportunity to hold the distinction of being Chairman of the Boston School Committee. I think that you, Mr. Chairman, Mr. McDevitt, and I have all had that honor.

I believe that in justice the senior member in turn should have that opportunity. I would like to see both Mr. Muchnick and Mrs. Dacey have an opportunity to serve as Chairman of this body. However, since Mr. Muchnick's term of office is longer, and if it is within the province of a member to do so, I place in nomination the name of Mr. Muchnick.

Chairman: The Secretary will call the roll.

Mrs. Dacey: What is this for—Mr. Muchnick's nomination?

Chairman: No, there is no nomination. Mr. Ward just made a statement. He nominated Mr. Muchnick, but nominations are not necessary. The procedure is, Miss Kane—?

Secretary: To call the roll.

On roll call, the members respectively voted as follows:

Mrs. Dacey: Mrs. Dacey, because I will be honored to have this position.

Mr. McDevitt: Mrs. Kathleen T. Ryan Dacey.

Mr. Muchnick: Present.

Mr. Ward: Mr. Muchnick.

Mr. White: Mrs. Kathleen Ryan Dacey.

Mrs. Dacey is elected Chairman of the Boston School Committee, and I want to congratulate you, Mrs. Dacey.

Chairman: Former Chairman Joseph C. White, Dr. Haley, and my fellow members of the School Committee:

It is really with a feeling of deep gratitude to you that I accept this Chairmanship of the Boston School Committee today; and in accepting it, I do so with the full consciousness of the responsibilities which it entails.

As Chairman of the Boston School Committee today, as I view the future, our faith in the Boston Public Schools imposes upon us certain immediate and long-range responsibilities. Our immediate problems are those of co-operating fully along the lines of civil defense; and to accomplish this, I feel that first of all suitable and definite plans should be made to safeguard the health and safety of our schoolchildren during the time that they are at school, when they are at home, or at play.

Secondly, our health, our physical training, and athletic training programs must be enriched so as to produce a strong and vigorous generation of young men and women.

Our young girls must be trained in the art of cooking, home nurs-

ing and first aid treatment. Our teachers must be given the proper scientific background to enable them to handle the problems that might result from atomic, biological, and chemical warfare. Our school shops must be put in perfect order and must be held available for immediate use if necessary for war training and war production programs.

There are many long-range objectives to be accomplished in order that our Boston schools may be kept in the forefront in education in the United States; and as I see it, important among these objectives are the following three:

First of all, at the elementary level, there should be greater emphasis on the fundamentals, better reading and greater skills in the field of arithmetic.

At the high school level, I feel that there should be a greater holding power of pupils. In other words, fewer boys and girls should drop out of school before graduation; and this problem, especially in these days, must be met by the wisdom and resourcefulness of our teachers, our administrators, and our school board members; and at all levels in our school program, democracy should be strengthened in the minds and hearts of all of our students.

Good practices must be employed such as assembly programs, radio scripts, and visual aids in order that we may develop in our pupils a passionate and intelligent devotion to our American way of life.

And, in conclusion, may I say to my associates on the School Committee, to the schoolteachers and the school personnel, to the pupils of our schools and to their parents, and finally to the citizens of Boston, that as Chairman of the Boston School Committee for the year 1951 I dedicate myself to the tasks that lie ahead and humbly implore the guidance and blessing of Divine Providence on all of our problems and activities.

Thank you once again.

ELECTION OF TREASURER

The Committee preceeded to the election of a Treasurer, and the Secretary was directed to call the roll.

On roll call, the members respectively voted as follows:

Mr. McDevitt: For Treasurer I vote for Mr. Isadore H. Y. Muchnick.

Mr. Muchnick: Madam Chairman, prior to the calling of the roll, may I say that the position of Treasurer is one, under our rules and regulations, which does not particularly require integrity or trust in view of the fact that the Treasurer is bonded. It does not call particularly for experience or capacity or ability.

As I see it, it is practically a meaningless position with some minor administrative duties attached to it; and therefore, if elected, I will only have to resign from that position, and I intend

to vote for Mr. McDevitt, so I would prefer not to be voted for.

Secretary: Will you name somebody?

Mr. Muchnick: I am voting for Mr. McDevitt for the reasons stated.

Mr. Ward: Mr. McDevitt.

Mr. White: Mr. McDevitt.

Chairman: Mr. McDevitt, in view of the fact that Mr. Muchnick is not interested.

Mr. White: I would like to have it recorded that I would have voted for Mr. Muchnick except for the reason that he wishes not to hold the job and would resign if he was elected. I therefore voted for Mr. McDevitt.

The Chair declared Daniel J. McDevitt elected Treasurer of the Corporation.

ADOPTION OF RULES AND REGULATIONS

The following was offered:

ORDERED, That the Rules of the School Committee, and the Regulations of the Public Schools of last year, which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

EXTENSION OF CONTRACTS, APPROVAL OF SUMMARIZED REQUISITIONS ON CITY AUDITOR, AND OTHER ITEMS

A communication was received from the Business Manager, under date of Jan. 2, 1951, recommending the passage of the accompanying ten orders, as follows:

ORDERED, That during the fiscal year 1951 any member of the School Committee is hereby authorized to approve summarized requisitions and special drafts on the City Auditor prepared by the Business Manager and which cover all pay rolls, vouchers and other documents calling for the expenditure of money, each of which has been previously approved in writing by the Business Manager as required under the provisions of Chapter 231 of the Acts of 1932.

Mr. Muchnick: Madam Chairman, it seems to me that those should be signed by either one, or at most two, members, elected officers of the Committee. There should not be five different people signing. We should have the responsibility centralized.

Chairman: You mean that one member of the School Committee should have that responsibility?

Mr. Muchnick: Either the Treasurer or the President should be given that authority—or both.

Chairman: I feel that any member of the School Committee should be authorized to sign these because of the fact that on many occasions there are emergency documents which have to be signed, and the Treasurer or the President may not be available, and each one of us has authority to do this.

Mr. Muchnick: With proper administration, Madam Chairman, there should be practically no emergency signing necessary.

Mr. Ward: Madam Chairman, I find that invariably coming down from the ninth floor there is only one School Committee member available; and Mr. Muchnick and Mrs. Dacey may be in court. I know that they have gone to the

State House to get Mr. White. They have come to my office to get me, I know that it is a convenience; and I am inclined to believe that any member of the School Committee can and should sign these particular vouchers since precedent has established such a policy over a period of years. Therefore I am going to disagree with Mr. Muchnick on this particular order of the Business Manager.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Ward and White—4.

NAYS—Mr. Muchnick—1.

ORDERED, That during the fiscal year 1951 the Chairman of the School Committee is hereby authorized to accept, enter into and execute on behalf of the School Committee, contracts for equipment, supplies and other items, each contract having been prepared by the Business Manager and previously approved by him in writing as required under the provisions of Chapter 231 of the Acts of 1932.

On roll call the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White—5.

OVERTIME FOR CUSTODIANS

Mr. Muchnick: Madam Chairman, I think we ought to straighten out the custodial overtime problem.

Mr. White: The question is on the forty-hour week. We are all agreed on the forty hours. That is a mandate of the law. Now the question comes on which plan the School Committee is going to accept. Mr. Reardon's recommendations, Mr. Muldoon's recommendations, Mr. Ward's recommendations, Mr. Rahilly's recommendations, or Mr. Muchnick's recommendations.

Mr. Ward: Our own recommendations.

Mr. White: What are they?

Mr. Ward: One hundred junior custodians.

Mr. White: That is yours.

Mr. Ward: I am ready to vote on that now. I am ready to vote on one hundred junior custodians.

Mr. White: That is your plan. That is not according to Mr. Reardon's recommendations or his department. Is it?

Mr. Reardon: One hundred forty-three.

Mr. White: Mr. Muldoon sat down at the suggestion of this Committee, and he brought in a plan. Mr. Rahilly sat down at the suggestion of this Committee and brought in an entirely different one. Mr. Muchnick brings in a recommendation for thirty. Now I do not know which one you are going to vote on.

Mr. Muchnick: Madam Chairman, there is supposed to have been a survey made by Mr. Reardon as of the December 7th meeting. I would like to know how soon we could have that.

Mr. Ward: Are we meeting Thursday or Friday?

Mr. White: We are meeting on Thursday at the Mayor's Office; and on Saturday in this building at 2 o'clock.

Chairman: That is strictly a budget conference.

Mr. Reardon: Do you include high schools, junior high schools, and elementary schools in that?

Mr. White: I don't think we should designate whether the overtime shall be paid to seniors and juniors. Everybody who works overtime should get it.

Mr. Muchnick: I did not say we should designate. I merely asked him to give us a report of his survey.

Mr. White: Every senior and junior who works overtime is entitled to the money.

Mr. Reardon: You agreed at that time that it was about fifty-five hours.

Mr. Ward: Are we going to act on this tonight?

Mr. Muchnick: You said you were going to make a survey, Mr. Reardon, and you could have it done within ten days or two weeks. It is now five or six weeks. I would like to have the survey.

Mr. Reardon: You asked at that time if fifty-five hours was an approximate figure, and I said yes.

Mr. Muchnick: Why don't you read the minutes and see for yourself what was said?

Mr. Ward: Madam Chairman, since the next meeting we will be playing to a bigger house, I move that we meet downstairs on the third floor.

OPENING OF CONFERENCES TO THE PUBLIC

Mr. Muchnick offered the following:

ORDERED, That conferences of the School Committee be open to the public.

Mr. Muchnick: I would like a vote on the foregoing motion, Madam Chairman. We have all had our pros and cons and discussion on this now for weeks, months, and in some cases years; and I

would like to have a vote so that the policy can be established.

Mr. White: We didn't have discussions during that time, but we considered it over that period of time.

Mr. Muchnick: So that we can settle this and get it off the calendar one way or the other. This should not require any particular discussion tonight, and I would like to have a vote.

The Secretary was directed to call the roll and the members, as their names were called, voted as follows:

Mr. McDevitt: Yes. I have no objection to the opening of School Committee conferences to the public inasmuch as it is the desire of the new Chairman that they be held in public. I believe that Mr. White holds the same opinion.

Mr. Muchnick: Yes.

Mr. Ward: Yes.

Mr. White: Ordinarily, to expedite our business, I do not think it is the best procedure to have these conferences open to the public because we have had previous experience with public conferences. However, if a majority of the Committee and the new Chairman are going to vote "yes," I am going to express no objection whatsoever.

Chairman: Yes.

Mr. Downey: Mr. Chairman, it seems to me that in the matter of the budget and in the matter of legislation it is a mistake to have all conferences open.

Mr. Muchnick: Madam Chairman, particularly with reference to matters concerning the budget should these conferences be open to the public. I would like very much to have those people who are interested enough to come in to have the opportunity of getting a play-by-play description of what is being spent and why it is being spent.

The Chair declared the order passed.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

POLICE DEPARTMENT ORDERS.

General Order No. 1,481.

A trial board, consisting of Captains Thomas F. Casey, Edward L. Twohig, and Michael T. Clougherty, having heard by reference a complaint made by Capt. Louis DiSessa, Division 4, against Patrolman Nathan E. Stewart, Division 4, charging him with violation of the rules and regulations of the Police Department, has reported to the commissioner a finding of guilty as charged, recommending punishment duty of two hundred ten hours.

This recommendation is accepted, and it is ordered that the said Patrolman Nathan E. Stewart perform two hundred ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN ANAWAN AVENUE, WARD 20, FROM WEST ROXBURY PARKWAY TO PARK STREET; MEREDITH STREET, WARD 20, FROM CLEMENT AVENUE TO KENNETH STREET, AND IN VARIOUS LOCATIONS OF THE CITY; LOCATIONS TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Anawan avenue, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Anawan Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JUNE 27, 1951, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

SUFFOLK COUNTY.

INVITATION FOR PROPOSALS FOR ALTERATIONS
TO CEILING AND ROOF, SUFFOLK COUNTY
JAIL, 215 CHARLES STREET, BOSTON.

The City of Boston, by the Sheriff of the County of Suffolk, hereinafter referred to as the Awarding Authority, invites sealed proposals for alterations to the main rotunda of the Charles Street Jail.

Proposals will be received until 12 o'clock noon, July 6, 1951, at the office of the Suffolk County Jail, 215 Charles street, the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in the sum of 3 per cent of estimated cost but not over \$50,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at and after 12 o'clock noon, the 19th day of June, 1951, at the Suffolk County Jail. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of thirty-five dollars (\$35) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, July 2, 1951.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939, as amended.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING
UNDERGROUND CONDUIT AND INSTALLING
CABLE TO SUPPLY ELECTRIC SERVICE TO
TRAFFIC SIGNAL AT THE INTERSECTION OF
CAMBRIDGE STREET, PARKER STREET, AND
STARK STREET, CHARLESTOWN, MASS.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing underground conduit and installing cable to supply electric service to traffic signal at the intersection of Cambridge street, Parker street, and Stark street, Charlestown, Mass. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Underground Conduit and Installing Cable to Supply Electric Service to Traffic Signal at the Intersection of Cambridge Street, Parker Street, and Stark Street, Charlestown, Mass." and left at 112 Southampton street, before 12 M. on Thursday, June 28, 1951, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the price bid appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BIDS AMERICANS TAKE STRENGTH AND INSPIRATION FROM BUNKER HILL MONUMENT AND IDEALS WHICH MADE IT POSSIBLE, TO ASSURE POSTERITY A CONTINUANCE OF HIGH MORAL STANDARDS, COURAGE, AND VISION INHERITED FROM A GLORIOUS PAST—U. S. SENATOR HERBERT R. O'CONNOR DELIVERS BUNKER HILL DAY ORATION AT CHARLESTOWN CELEBRATION ON JUNE 17.

The following is the address delivered by Senator Herbert R. O'Connor at the Bunker Hill Monument, during the Bunker Hill Day celebration on June 17:

"We are met in the shadow of a monument dedicated to the faith of our forefathers. This imposing shaft, one of the landmarks in the history of human events, commemorates a battle which can never

TRUE AMERICANS ASSEMBLE EVERYWHERE TO PAY HONOR TO AMERICAN FLAG—WILLIAM G. SCHOFIELD, NOTED COLUMNIST DELIVERS FLAG DAY ADDRESS AT BUDDIES CLUB ON JUNE 14—174TH BIRTHDAY OF NATIONAL EMBLEM OBSERVED WITH FITTING EXERCISES—TELLS AUDIENCE IT IS REMINDER OF SOMETHING STRONG AND PRICELESS AND GOOD STILL IN THE WORLD.

The following is the address delivered by William G. Schofield at Flag Day exercises on Boston Common on June 14:

Throughout this wonderful land of ours—weather permitting, of course—true Americans have been gathering in city parks and at country crossroads to pay honor to their flag.

Whether they have been farmers in Nebraska, or coal miners in Kentucky, or

WE MUST GUARD OUR GREAT HERITAGE SYMBOLIZED BY OUR NATIONAL EMBLEM LEST IT BE TRAMPLED ON AND SMOTHERED BY THE MAD HORSES OF GREED, AVARICE, AND SELFISH INDIVIDUALISM—MAYOR JOHN B. HYNES PAYS NOTABLE TRIBUTE TO AMERICA IN ADDRESS AT FLAG DAY ANNIVERSARY BEFORE MEMBERS OF BENEVOLENT AND PROTECTIVE ORDER OF ELKS, BOSTON LODGE, NO. 10, AT THEIR BANQUET—URGES RESPECT FOR AND OBEDIENCE TO GOD'S LAWS AND ALSO THE LAWS OF OUR COUNTRY.

The following is the Flag Day address of Mayor John B. Hynes at the banquet of the Benevolent and Protective Order of Elks, Boston Lodge No. 10:

During the early stages of the American Revolution each state fought under its own flag, and it was not until almost a year after the signing of the Declaration of Independence—June 14, 1777—that a design for a national flag was agreed upon.

That flag, with more stars in the field of blue and more stripes of red and white, is the flag we fly today as the symbol of freedom, liberty, and justice—as the symbol of hope and opportunity—as the symbol of the God-given rights of man.

To cherish and protect that flag—and all that it stands for—men died at Concord and Lexington, at Bunker Hill and Valley Forge.

To keep our country united under that flag men died at Fort Sumter, at Bull Run, at Vicksburg, and at Gettysburg.

To bring independence to Cuba and the Philippine Islands men died at Santiago, at San Juan Hill, in the waters of Manila Bay.

To guarantee our own democracy—and to light the torch of democracy in the Old World—men died at Belleau Wood, in the Argonne Forest, on the fields of Flanders.

To save humanity from unprincipled dictatorships men died at Guadalcanal, at Iwo Jima, at Okinawa, on the beaches of Europe, in the Battle of the Bulge, along the hedgerows of France.

Freedom Prized Higher Than Life.

For almost two hundred years men who prized freedom higher than life itself have died on land, on sea, and in the air, that the Flag of the United States, the great symbol of human hope, might continue to fly over this free and fruitful land.

Tonight, even as I speak here, our flag flies in faraway Korea, and boys are dying that that flag may continue to fly, that our country may continue to be secure, that the world may be saved from darkness and slavery under the red flag of Communism.

The story of our flag and the history of our nation are replete with deeds of gallant bravery, with examples of courageous self-sacrifice, with acts of bold heroism, which have been the crucibles out of which has been forged the greatest nation of modern civilization.

On this Flag Day it might be well for us to stop and ponder for a moment—to ask ourselves if the flag of freedom, our flag, is as much an inspiration to us as it has been to all those who have gone before us.

OUTSIDE CITIES JOIN WITH BOSTON IN PROTESTING MOVE TO SADDLE THEM WITH AN INCREASED M.T.A. BURDEN TO MEET DEFICIT—CHIEF EXECUTIVES MEET WITH MAYOR JOHN B. HYNES AT CITY HALL TO DRAFT OPPOSING MEASURE—CALL FOR RECESS COMMISSION STUDY TO MEET SITUATION.

Chief executives of 14 cities adjoining Boston, after a meeting in the office of Mayor John B. Hynes of Boston, decided to appeal to the Legislature for a recess commission to study the Metropolitan Transit Authority deficit situation so as to relieve the taxpayers of these districts of the excessive burden which it has been proposed to place on them. In keeping with that effort the meeting drafted and caused to be sent to the Legislature the following resolution:

Whereas, On the basis of current tax rates and valuations, the 14 cities and towns within the Metropolitan Transit Authority territory are annually subsidizing the Metropolitan Transit Authority in an amount exceeding \$2,000,000 by reason of the Authority's exemption from real estate, personal property, and motor vehicle excise taxes; and

Whereas, In addition to such subsidies, said cities and towns are by existing law obligated to meet all principal payments due from the Authority on its tunnel and rapid transit debt, which payments currently exceed \$650,000 and under present statutes will in course of time exceed \$1,500,000; and

Whereas, Said cities and towns have for many years been required by law to hold the Authority and its predecessor, the Public Trustees of the Boston Elevated Railway, harmless for any deficit; and

Whereas, The undersigned officers of said cities and towns firmly believe that through such tax subsidy, direct assessments and deficit assessments, said cities

and towns are bearing more than their fair share of the cost of the Authority's service; and

Whereas, In usual accounting practice, interest on indebtedness is ordinarily charged as an item of operating expense and not to capital; and

Whereas, Under the Authority's system of accounting no allowance is included for depreciation of passenger-carrying rolling stock, but in lieu thereof the principal of bonds and notes issued by the Authority for the purpose of acquiring cars, motor buses, and trackless trolley vehicles is properly charged to the cost of the Authority operation; and

Whereas, It is plainly in the best public interest that the statutes governing the Authority's system of accounting be based on sound accounting practices; now, therefore, it is hereby

Resolved, That the proposed legislation appended to House Document No. 2565 be, and hereby is, vehemently opposed, and that a legislative recess commission be established to study the Metropolitan Transit Authority deficit situation.

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, June 11, 1951.

To All Department Heads.
GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to all city employees who are duly elected Delegates of the Reserve Officers Association of the United States so that they may attend their National Convention.

National Convention in Long Beach, California, from June 20 to June 24, 1951.

Respectfully,

JOHN B. HYNES,
Mayor.

BETTER LIGHTING AT CLEVELAND CIRCLE.

On June 16 the Mayor issued the following statement:

At a joint meeting this morning at Cleveland Circle of officials of the Boston Traffic Commission and the Metropolitan Transit Authority, it was recommended that in the interest of public safety pedestrian lights be installed completely around the traffic circle as soon as expedient.

William A. Reilly, Traffic Commissioner of the City of Boston, announced that in view of this recommendation his department will go forward with the installation in anticipation of a permanent redesigning of that whole area.

General Manager Edward Dana, of the M.T.A., who was also present, gave his wholehearted approval of the plan.

CONSTABLE SEPARATED FROM CITY SERVICE.

On June 15, Mayor Hynes made public the following letter:

MR. HECTOR PALLADINO,
12 Greenough Lane, Boston.

DEAR SIR:

Enclosed please find copy of an order entered by me this day and on file with the City Clerk of the City of Boston removing you from the office of Constable of the City of Boston.

Yours very truly,

JOHN B. HYNES, Mayor.

Ordered, That Hector Palladino be, and he hereby is, this 15th day of June, 1951, at 1:40 o'clock p.m., removed from the office of Constable of the City of Boston, for that on June 7, 1951, at the Municipal Court of the City of Boston he was adjudged guilty of a certain crime.

CITY PLANNING TO LEASE PARKING FACILITIES AT WINTHROP SQUARE FOR 40-YEAR PERIOD AT \$30,000 PER YEAR—TO ACCOMMODATE 600 CARS—REAL ESTATE COMMISSIONERS MAKE ANNOUNCEMENT.

The City of Boston, acting by the Board of Real Estate Commissioners, proposes to lease a parking facility at Winthrop square, Boston, at a minimum acceptable bid of \$30,000 per year, to the high bidder, for a 40-year period.

The successful bidder, in accordance with the terms of the lease, will construct at his own expense, a parking structure that will hold approximately 600 cars, as per plans and specifications as drawn by the engineers of the Board of Real Estate Commissioners.

In accordance with the provisions of the proposed lease, upon the completion of the building which will be constructed entirely at the expense of the successful bidder, title to the building will pass to the City of Boston, and the successful bidder will be awarded a 40-year lease. Under statutory provisions the high bid, which is in the nature of ground rental, is a minimum of 4 per cent of the cost of acquisition of the land and all improvements made thereon to the city, and the successful bidder will also, immediately upon the signing of the lease, present to the city in cash, the entire cost of architectural designing and engineering of the project which the city has expended to date. In other words, over a period of years the great need for off-street parking will have been met with no cost to Boston.

The bids will be opened on August 16, 1951. The lease will be awarded prior to September 1, 1951, and the successful bidder must start construction within two months of that date.

The building, which will hold approximately 600 cars, will have a landscaped sitters' park on the roof, will be modern in design, and will cost approximately \$1,200,000 to construct.

The inside of the building, which will extend from Winthrop square to Federal street, will have customers' waiting rooms and rest rooms at either side of the building and will have special locker rooms and shower rooms for the attendants.

The inside is so designed that customers will be able to easily park without the help of the attendants, and will be permitted to lock the doors of their cars before leaving.

The building will consist of two stories beneath the ground, one floor at the surface, and a substantial roof parking area. Those parking on the roof may leave the building through the outside stairways that lead to both Devonshire street and Federal street, without going back through the building.

There will be benches, grass and trees surrounding the periphery of the roof.

It is expected that a sufficient number of these buildings will be constructed, at no ultimate expense to the city, to care for the tremendous number of parked cars presently slowing traffic in Boston.

The Board of Real Estate Commissioners, at the present time, have completed one such building, and are advertising presently the construction of the building at Winthrop square, and are rapidly completing plans for similar edifices at Post Office square and St. James avenue in the Back Bay district.

MAYOR HYNES' ADDRESS AT BANQUET OF BENEVOLENT AND PROTECTIVE ORDER OF ELKS, LODGE NO. 10.

(Continued from page 661.)

PREVENT INNER ROT AND DECAY.

We know from the lessons of history that no civilization is secure which does not guard itself from the ravages of inner rot and decay—which permits its character to be warped in the blind pursuit of pleasure, riches, and transitory happiness.

The great civilizations of the past have languished and died because accepted standards of official and individual conduct were lost sight of, ignored, or winked at in the mad scramble for wealth—in the senseless search for sensual gratification.

It could happen here. We are no different—in a physical sense—than the men who lived a thousand or more years ago. We are just as subject to the appeals of the world, the flesh, and the devil as were they in their day.

America is now the kingpin among all the nations of the world. We are riding the crest of the waves. We must be alert; we must be ready, we must not shirk our own duties and obligations as individual citizens, or else we, too, as a nation, might go the way of the great nations of antiquity.

NEVER FORGET RIGHTS.

Our duty is clear. We must never forget that the rights we enjoy—and for which blood has been, and is being, shed—are rights which come to us from Almighty God himself.

In any struggle where the God-given rights of man are in jeopardy we have no choice, and any place in this world where there is starvation, where there is economic chaos, where there is war between the forces of ungodliness and the forces of right—any place where the seeds of Communism can flourish and grow—we belong on the side of God, and, if we refuse to aid on that side, we are inviting from the all-seeing Providence who has been so good to our land the same fate as that which befell ancient Rome and ancient Greece.

We must, in our country, take a hitch in our moral standards. No country can long endure, no state can be healthy, no city can resist decay if the population tolerates or encourages crime, glamorizes the criminal, or elevates to posts of public authority men whose known standards of conduct violate the civil or moral code, or both.

We must be willing to sacrifice, if sacrifice is called for. We must be willing to work and produce. We must be fair to our employer, to our employees, to our neighbors. We must be charitable to our brother-men.

BE GOOD CITIZENS.

We must, actually and figuratively, be good citizens, bear our share of community obligations, be willing to fight for our country, if need be, or be willing to volunteer in civil defense if we are beyond fighting age. We must, in short, pull in the reins a little, so that we may see the road ahead, so that the great heritage which is ours is not trampled on and smothered by the mad horses of greed, avarice, and selfish individualism.

The flag under which we live is a great flag. It will be a great flag, symbolic of

a great nation and a great people, as long as we are willing to pay the price—and what a little price it is for most of us to ensure our greatness.

That price—yesterday, today, and tomorrow—is this: respect for and obedience to God's laws; respect for and obedience to our country's law.

As long as we give that respect and that obedience, the flag of our country will continue to be symbolic of all our hopes, and dreams, and aspirations; indeed, it will continue to be the hope of humanity all over the world.

U. S. SENATOR HERBERT R. O'CONNOR'S BUNKER HILL DAY ADDRESS.

(Continued from page 661.)

be forgotten. Rising from the crest of this hill, its towering majesty grandly symbolizes the cause of human freedom. It is the first great milestone in our national history.

"The earliest monument on the battleground was a shaft erected to the memory of the gallant Joseph Warren who lost his life on that memorable June day in 1775 at the very opening of the struggle.

"And here we have the statue of Col. William Prescott, whose immortal words, 'Don't fire until you see the whites of their eyes,' are part of the curriculum of every American schoolboy.

"It is impossible to exaggerate the importance of the battle which was fought here. Twice the seasoned enemy troops under General Howe charged up the hill, only to be hurled back by the withering fire from behind the colonial breastworks. On the third charge, their powder exhausted and now without other weapons, the militiamen were dislodged at the point of the bayonet. One eighth of all the enemy officers killed throughout the entire course of the Revolutionary War fell on this ground. When George Washington heard of the battle and how unflinchingly the patriot troops had met such a terrific assault, he exclaimed, 'The country is safe.'

"On the seventeenth of June, 1825, just one half century after those raw, undisciplined militiamen so bravely resisted the King's troops, the cornerstone of this mighty shaft was laid. General Lafayette, then on his triumphal tour of the country he had helped to create, was present. Daniel Webster, as president of the Monument Association, rose to deliver the principal address. He electrified both his audience and posterity with one of the noblest orations ever uttered on American soil, a worthy companion to those of Demosthenes, of Cicero, of Fox, and of Pitt.

"We live," said Webster, "in a most extraordinary age. Events so various and so important that they might crowd and distinguish centuries are, in our times, compressed within the compass of a single life. When has it happened that history has had so much to record, in the same term of years, as since the 17th of June, 1775? Our own Revolution, which, under other circumstances, might itself have been expected to occasion a war of half a century, has been achieved; 24 sovereign and independent states erected; and a general government established over them, so safe, so wise, so free, so practical, that we might well wonder its establishment should have been accomplished so soon, were it not for the greater wonder that it should have been established at all."

"What would Webster say, or rather not say, were he to stand in this place today? It would not only be a 'changed' world, it would be another world.

"Apart from its dramatic appeal and the natural interest it must always hold for an American, the battle of Bunker Hill is of the highest possible significance. Events, like a stream approaching a cataract, have a way of hastening as they approach the brink, and when, on the morning of June 17, 1775, British regulars and colonial militia faced each other here, the roar of a mighty crisis filled the air. Bunker Hill was the great surge of the cataract which was to draw after it all of the colonies, and plunge them into the storms and buffetings of a fearful war, from which they should emerge a new nation to change the history of the world. Although unperceived on that blistering summer day, it was the final, decisive step from which there would be no turning back.

"Thus, although insignificant as a military engagement, the day of the battle of Bunker Hill must ever be one of the decisive dates in world history.

"On July 3—17 days after the battle—Washington took command of the new army under the famous elm on Cambridge Common. Three days later Congress issued the following spirited declaration of war:

"We are reduced to the alternative of choosing an unconditional submission to the tyranny of irritable ministers or resistance by force. The latter is our choice. Our cause is just, our union is perfect. . . . In defense of the freedoms which is our birthright we have taken up arms. We shall lay them down when hostility shall cease on the part of our aggressors."

"Exactly one year, lacking one day, after Washington took command of the Continental Army, a certain famous document was ratified and its contents proclaimed 'throughout the land unto all the inhabitants thereof.' It was 'The Unanimous Declaration of the Thirteen United States of America.' Colonies no longer, but *States!* English subjects no more forever, but *American citizens!* No more kings, but officials duly chosen by the people themselves! No more peers, save as every man was his neighbor's peer. Taxation without representation no more.

"A perusal of the Declaration of Independence leads to some very interesting reflections. Let us look at the second paragraph—the most famous paragraph of all and, in the perspective of history, one of the most astounding ever penned.

"We hold," wrote Jefferson, "these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty, and the Pursuit of Happiness."

"My friends, do you realize that never, in all the history of mankind, had such a doctrine been affirmed, certainly never solemnly and officially proclaimed? There had been individual philosophers of course, such as Jean Jacques Rousseau, who had advanced such views, but no organized society had set forth such an astounding promise.

"Since the age of Greece, the so-called 'cradle of democracy,' no social group has ever embraced such a creed. Not even England, then unquestionably the most enlightened state on earth, had ever gone so far. Had she not her King, lords, and upper classes? And here was this philosopher from the American wilderness calmly declaring—'by and with the consent' of the Continental Congress—that

all men— all men!—were created equal! It was, indeed, not only rebellion, it was revolution, and it was to alter the face of the earth and affect millions yet unborn.

"Jefferson proceeded to affirm that to secure certain 'unalienable rights' governments are instituted among men; that they derive all their just powers from the consent of the governed. Novel words, indeed, in the year 1776!

"Now, Jefferson, a most able lawyer, was, even at the age of 33, a most consummately skillful statesman. Before he entered upon the long tale of specific grievances against the Royal Government, he was very careful to make the entire list of complaints hang upon the foregoing revolutionary doctrine—that the State belongs to man; not man to the State.

"Nearly a century later Abraham Lincoln, standing in front of that hall from which those flaming words had gone out to the world, face to face with a crisis every whit as grave as that earlier one, said:

"I have never had a feeling, politically, that did not spring from the sentiments embodied in the Declaration of Independence. It was not the mere matter of separation of the colonies from the motherland, but that sentiment in the Declaration of Independence which gave liberty not alone to the people of this country, but hope to all the world, for all future time. It was that which gave promise that in due time the weights would be lifted from the shoulders of all men, and that all should have an equal chance. This is the sentiment embodied in the Declaration of Independence."

"Webster, on that far-off day when the cornerstone of this monument was laid, referring to the mighty influence of our own Revolution in the world, said:

"Europe, within the same period, has been agitated by a mighty revolution, which, while it has been felt in the individual condition and happiness of almost every man, has shaken to the center her political fabric, and dashed against one another thrones which had stood tranquil for ages. On this, our continent, our own example has been followed, and colonies have sprung up to be nations."

"In connection with observance of Bunker Hill Day, it is only natural that our thoughts should turn to another memorable incident of colonial times in which Bostonians demonstrated their devotion to this infant land. I refer to the Boston Tea Party, at which outraged citizens dumped a cargo of tea in Boston Harbor to register forcibly their resentment against unreasonable taxation and their determination to resist it.

"Today we need a world-wide series of events, patterned after the Boston Tea Party, in the harbors of our nation's allies. Such loyal protests on the part of citizens of these countries are needed to deal, not with unwanted imports, but with exports of strategic materials which, despite all the condemnation of Communist aggression by free peoples everywhere, are still being permitted to go to our enemies in Korea and to nations within the Communist orbit who may well be arrayed in arms against us in the not distant future.

"By approving such shipments, our supposed allies, some of whose sons are fighting shoulder to shoulder with American forces in Korea, are aiding and abetting in the slaughter of their own citizens and of our gallant fighting men. Without the vast amounts of critical supplies from the free nations, the enemy

would be seriously hampered in his unjustified attacks.

"To some extent the situation has stemmed from a deplorable lack of alertness on the part of responsible officials who failed to realize the significance and the danger in delivering these supplies. In other instances, the shipments were the result of considered official policy, which cold-bloodedly placed the profits of such trade ahead of the lives and well-being of their and our fighting forces.

"Thus it behooves us, as we stand at the foot of this monument and look back over the centuries that have passed, to take strength from it and the ideals which gave it cause to be erected. Thus we can assure to posterity the high moral standard, the courage, and the vision that will keep Bunker Hill in reverence. This monument and this nation must be the example for all men to follow in keeping the world free and America in the forefront of the battle against oppression and alien concepts that might otherwise engulf us."

WILLIAM G. SCHOFIELD, NOTED COLUMNIST, DE- LIVERS FLAG DAY ADDRESS.

(Continued from page 661.)

fishermen on Cape Cod, they have been Americans like ourselves.

Patriots have made speeches on this day. School children have sung about freedom—many of them too young to appreciate what freedom means. Veterans have felt a sense of pride at the chance to get back into their uniforms—the uniforms in which they followed this flag of ours to faraway victories on distant battlefronts. In many states, hundreds of miles away, perhaps the sunlight has been shining on the Stars and Stripes. Here in New England, the colors have been whipped by the winds and washed by rain.

But wherever a Flag Day crowd has gathered—and regardless of weather or discomfort or political differences—the thought has been the same: to show honor and love for a flag that is 174 years old today.

In other words, the American Flag today is having a birthday party. It is in excellent health. It expects to go on living for many decades to come. This, you might say, is the one day in the year when the flag relaxes long enough to get birthday greetings. During the other 364 days, it is constantly on the job—on government buildings and aboard our ships at sea, in schoolrooms and in baseball parks, in faraway embassies and wherever American men are fighting in battle.

REMINDER TO WORLD.

It gets to a lot of places, and it makes a lot of friends. Wherever it is seen, it reminds spectators that there is something strong and priceless and good in the world, and that the best of it is contained within a land that borders on two oceans and reaches for the stars.

Probably no other city in this land of ours has had more of an influence in the development of the flag than the City of Boston. Reaching far back to the days before the Revolutionary War, Boston began to take a hand in creating the national banner.

Five years before the battles of Concord and Lexington, the Sons of Liberty, in Boston, produced their version of an

American Flag and ran it up to the top of a pine tree here in the center of the city. That pine tree was located at what is now the corner of Boylston and Washington streets. The flag was plain red. I leave it to your imagination to picture what might happen if a red flag were flown at that intersection today.

Later, the Sons of Liberty added a little decoration to the red banner by sewing a picture of a green pine tree onto the cloth.

This flag, with others, was carried at Bunker Hill. Another version of an American Flag was carried at Lexington and Concord by the Bedford Minutemen. The Grand Union flag, forerunner of the Stars and Stripes, was flown here at Charlestown in January of 1776. The American Flag went around the world for the first time on a ship that sailed out of Boston in September, 1787, and returned to this harbor in August, 1790.

The growth of Boston, as you can see, is blended with the growth of the American Flag as closely as the original red and white stripes were sewn together.

FITTING TRIBUTE.

It is particularly fitting, therefore, that here in Boston on this day we take time out to pay our respects to that flag.

And in doing so, what qualities do we recognize? What characteristics, typically American, does the flag stand for? Let us take thirteen of them, one for each stripe on the flag itself.

For one, we recognize ACCORD. It was unity, harmony, and accord that brought the colonies together in the days before the flag existed—that brought them together in the determination to throw off the chains of another nation and to become independent. Today that same spirit of accord is needed if we are to ward off the blows of Communism and save the freedom for which this flag was born.

Next comes MATURITY. As a nation, we have reached maturity after 175 years of struggle. That maturity, that seasoning, shows itself wherever there is good and honest government and wherever wise administrative decisions are made. It is shown also in our generosity toward nations that are suffering hardships.

Third, ENTHUSIASM. The spirit and vigor of the men who first followed this flag into battle must be maintained if we are to survive. It must be shown not only in military affairs but also in the growth of our cities and the progress of our industries.

Next, READINESS. In recent years we have seen to our sorrow—at Pearl Harbor and elsewhere—the terrible toll of lack of preparedness and readiness. We owe it to ourselves and to the flag not to let such a thing repeat itself. We can show our American readiness today not only in maintaining military strength and in building an alert civil defense organization, but also in being ready to take the lead some future day in a world at peace.

174 YEARS OLD.

Fifth, INDEPENDENCE. In the 174 years this flag has existed we have bowed to the dictates of no other nation. Today, more obviously than ever before in our history, there is one nation, Communist Russia, which seeks to amputate that independence from our national body. Even if we stand entirely alone in a warring world, we must and shall defend that independence—or cease to exist as a nation.

Next, COURAGE. It took courage for the men of 1777 to show this flag in the

face of a strong enemy. It takes courage today to face a future that holds a possibility of atomic horrors and widespread agony. It is for us to show the world what real American courage means and to say to Communism: "Stop there! Not one step farther."

Seventh, **ASYLUM**. Since its first hour of life, this country has offered asylum and shelter to the victims of persecution and hardship. Our entire nation exists only because we welcomed into our midst the people of other lands. They built our railroads and our government and our traditions. We would be false to our heritage if ever we shut our eyes to the troubles of other populations. Today, as yesterday, we need their friendship no less than they need ours.

Eighth, **NOBILITY**. Not the nobility of ancestral titles and decayed old aristocracy, but the nobility of a Nathan Hale, a John Paul Jones, a Robert E. Lee. We owe it to our country to see that this quality survives and that it shows itself not only in our dealings with other nations but also in the privacy of our own domestic life.

Next, **HONESTY**. If we had not possessed the quality of honesty, we never could have survived our war of independence, and this flag would never have been born. We were honest enough to declare ourselves, and to fight for what we sought. Our duty is to stay honest—in government, in business, and in our future declarations.

Next, **OPTIMISM**. In the darkest days of our history we have always been optimistic enough to imagine that we were destined to be victorious. We can show today that our optimism still exists. While we get ready for trouble ahead, while we work together for civil defense and prepare for another world war, we can also, in our optimism, go forward with plans for better schools, better transportation, better homes, better health, better American living, and a better tomorrow.

Next, **NATIONALISM**. Not the hysterical nationalism of a Hitler, nor the nationalism of isolation, but, instead, the nationalism of unity and pride—the sort of combination that makes a man proud to contribute to the soundness of his country, and confident enough to stake his life on its future.

LAND OF OPPORTUNITY.

Twelfth, **OPPORTUNITY**. Nowhere in the world has there ever been a land of such opportunity as this, and *never* more so than today. All men are equal under the opportunities of America, whether their path leads to civil service, science, industry, or wherever. As long as we preserve the flag, we preserve our own opportunities for comfort and security.

Finally, **REVERENCE**. Even before the flag was born, this country was dedicated to religious freedom. While the flag has been growing from thirteen stars to forty-eight, we have clung to that privilege. We are a God-fearing country. We *even* say so on our pennies and dimes, and we demonstrate it in our great cathedrals and in our public and private prayers.

Take all of these qualities together—**ACCORD, MATURITY, ENTHUSIASM, READINESS, INDEPENDENCE, COURAGE, ASYLUM, NOBILITY, HONESTY, OPTIMISM, NATIONALISM, OPPORTUNITY, and REVERENCE**. Line them all up, and you'll find that their initials—letter by letter—spell **AMERICAN HONOR**. This above all is what we see in the flag.

She stood for American honor at the dawn of the nation's history, and she

stands for the same thing today. She has *never* stood for anything less.

We may honor her publicly only one day in the year—on Flag Day—but so long as we honor her in our hearts on the other 364 days, we'll still remain the finest country ever created by God.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from the heads of the several departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, June 4, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

SUBJECT: Thomas Gardner School, Brentwood and Athol Streets, Allston.

DEAR MR. MAYOR:

Engineers of this department have informed me of an emergency condition existing in the exterior wall of the

Thomas Gardner School which requires immediate attention. An investigation discloses that masonry of the exterior wall, over an area approximately two to three hundred square feet, has bulged approximately 5 inches to 6 inches and is in danger of falling; also that the parapet immediately above the bulge in the wall has moved to the extent that cracks 1 inch wide have appeared in it.

The condition is not superficial and to correct necessitates the rebuilding of the parapet and the removal of the bulged portions of the wall, and probably portions of the wall to which the bulged masonry was bonded, but there is no way of determining the amount of labor or the quantities and kinds of materials that will have to be used to correct the condition. A cantilevered scaffold of a type that can be jacked to different height elevations or a scaffold erected from the ground will have to be used in the work, and it is quite probable that shoring will be necessary to maintain the existing roof structure in its present location if the bulged area of masonry has to be removed throughout its entire depth.

The whole amount of work is so indeterminate that it is not possible to obtain competitive figures, but I am of the opinion that work necessary to correct conditions described could be accomplished for an amount not in excess of \$4,500.

Mr. Donato Antonellis, 15 Sparhawk street, Brighton, a contractor who has done work for this department for many years, would be employed to do the corrective work necessary, upon receiving your authority to proceed with the work.

The contractor would be required to pay the prevailing rate of wages for mechanics as established by the Massachusetts Department of Labor and Industries, and collect from the city the amounts allotted in the schedule of wages established by this department and used by the City Auditor for payment of mechanics' wages in all city departments which employ contractors. In addition the contractor will be compensated for the cost of all materials and all charges for rented equipment, such as scaffolding, etc., as reflected on certified vouchers, plus 10 per cent.

The condition existing does, in my opinion, constitute an emergency and should be corrected without delay, and inasmuch as it is not possible to determine the amount of work required or the cost of same, I ask your Honor's authority to enter into a contract with Donato Antonellis to perform the work required, without advertising for competitive bids, with the understanding that a force account will be kept of all costs and the total cost shall not exceed forty-five hundred dollars (\$4,500).

I am certain that such procedure will be in the best interests of the City of Boston.

Respectfully yours,

JAMES H. MOONEY,

Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, June 14, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your permission is requested to dispense with advertising and to engage the

services of Markus & Rocka, Architects and Engineers, R. B. Cutler, Associate, 251 Columbus avenue, Boston, as architects for the proposed new fire station for Engine 42, Ladder 30, to be erected at the corner of Columbus avenue, and Bragdon street, Roxbury, in accordance with the terms of the contract.

The cost of the proposed construction is not to exceed \$235,000, and the architects shall be paid a fee equal to the sum of six per cent (6 per cent) of the full amount of the cost of said construction.

In view of the nature of the professional services involved, no benefit would be gained by advertising for bids publicly.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, June 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with publicly advertising for proposals, and to award a contract to Crotty Brothers, Inc., 137 Newbury street, Boston, Mass., to make a comprehensive survey of the food service program at the Boston City Hospital, excepting the Sanatorium Division, and to make a full report thereon, in writing, to the Trustees, the said report to contain a detailed recital of the contractor's findings thereon, together with the recommendations as to all necessary or desirable changes in the methods, techniques, or facilities employed in the handling, processing, preparation, service and/or distribution of all food in the hospital, in order to bring about every economy in the operation of the food service, without impairing in the least and in fact the while improving, if possible, both the quality of the food and the service thereof. The total contract cost is to be the sum of \$12,000.

The above-named contractor is an expert in this field, has had extensive experience and employs a staff well qualified to perform work of this nature.

Furthermore, in view of the very special nature of the services involved, the Trustees are of the opinion that nothing would be gained by publicly advertising for bids for this work.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by MARTIN J. ENGLISH, M.D.,
President.

PARK DEPARTMENT.

BOSTON, June 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On April 17, 1951, you approved our request for assignment of the license, held by the late James P. Hoar, for the refreshment privilege at Castle Island, South Boston, to Benjamin P. Slawsby of 38 Hartmann road, Newton, Mass. The license was originally granted to Mr. Hoar for a period of five years, from May 1, 1948, to April 30, 1953, at rental of \$1,315 per year. The assignment was made for the balance of the term, April

16, 1951, to April 30, 1953, at the same yearly rental.

Mr. Slawsby has now informed us that he does not care to operate this concession and has requested approval of the Board of Park Commissioners to transfer the license to Mary M. Sullivan of 9 Highland street, Roxbury.

The Board of Park Commissioners has no objection to this transfer and at its meeting on May 31, 1951, voted to transfer the license for the Castle Island refreshment privilege from Benjamin Slawsby to the above-named Mary M. Sullivan of 9 Highland street, Roxbury, for the remainder of the term of the original license from April 16, 1951, to April 30, 1953, at the same yearly rental of \$1,315.

Your approval of this action is respectfully requested.

Respectfully yours,

FRANK R. KELLEY,
Chairman,

PUBLIC WORKS DEPARTMENT.

BOSTON, June 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A publicly advertised contract in the amount of \$54,111.10 was awarded under date of May 10 of the current year to the P. V. Barone Corporation of 70 Glencoe street, Brighton, the lowest bidder, involving street construction work in Hackensack road, West Roxbury, and other designated streets.

The work on Hackensack road, as provided in the contract, is divided into two sections; one section includes that area of Hackensack road which extends from Leland road to a point 244 feet easterly, and the other section involves that area of Hackensack road extending from the Brookline line to a point 353 feet southerly. The area of Hackensack road, from Risley road to Hackensack Circle, which is between the above-referenced two sections, was not ordered laid out and constructed by the Board of Street Commissioners until May 2 of the current year, which was approximately two weeks after publicly advertised bids had been opened in this office in connection with the submitting of proposals for the subject contract. Therefore, the work involved in the latter-referenced section of Hackensack road is not included in said subject contract. The work in this section should be done by the same contractor who has been awarded the contract for the other two sections of Hackensack road referred to above.

The bid of the Barone Corporation was obtained as a result of publicly advertising for proposals, and said corporation submitted the lowest bid. In my opinion, no lower bids would be received at this time for reconstructing the section of Hackensack road, extending from Risley road to Hackensack Circle.

I respectfully request, therefore, that you authorize me to dispense with publicly advertising for proposals and that you approve the amending of the above-referenced current contract to provide for highway construction work on that section of Hackensack road that extends from Risley road to Hackensack Circle. All additional work will be done in accordance with the provisions of the existing contract and at the unit prices

included in said contract. It is estimated that the additional work will cost not in excess of \$8,200.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on December 27, 1950, it is further requested at this time to award contracts, without public advertisement, to the following companies for furnishing perishable foods and other edible commodities, as requested, to the various city departments from July 1, 1951, to December 31, 1951, inclusive:

American Sugar Refining Company, 10 Broad street, Boston.

Bartlett Varney & Co., 21 North Market street, Boston.

Berman & Co., Inc., 4 Blackstone street, Boston.

Bolton Smart Company, Inc., 19 South Market Street, Boston.

Doe Sullivan & Co., Inc., 61 Faneuil Hall Market, Boston.

Durkee-McCadam Company, 46 Lansdowne street, Cambridge.

Genoa Packing Company, 130 Fulton street, Boston.

Miller Produce Company, 41 North Market street, Boston.

New England Importation Company, 208 State street, Boston.

Mayflower Fisheries & Busalacchi Brothers Company, 262 Northern avenue, Boston.

Pier Fish Company, Inc. 130 Atlantic avenue, Boston.

Revere Sugar Refinery, 15 Broad street, Boston.

Albert Richards Company, Inc., 23 Commercial street, Boston.

Seagate Fisheries, Inc., 272 Northern avenue, Boston.

Suffolk Grocery Company, Inc., 207 Commercial street, Boston.

Wilson & Co., 44 Commerce street, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, June 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition for 800 tons of ice for the various drinking fountains throughout the city.

Authority is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to the Boston Ice Company. This company has been furnishing the ice for the past several years and is the only company who responded to requests for prices. It is therefore my opinion that no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract will be \$5,600, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, June 11, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for battery parts. Informal requests for prices were solicited among five dealers but only two companies responded which were as follows:

Joyce Brothers Battery Company,
\$1,171.50.

Atlantic Battery Company, \$1,091.75.

Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Atlantic Battery Company, the low bidder as indicated above. Inasmuch as only two vendors responded to informal requests for prices, it is my opinion that no additional prices will be procured by publicly advertising.

Approximate total amount of contract will be \$1,091.75, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.**PARK DEPARTMENT.**

J. F. White Contracting Company has been granted an extension of time until July 15, 1951, for the completion of the contract for construction of by-pass roadway, between Park Drive and Riverway, Boston.

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Susi & DeSantis Company have been directed to perform the following extra work under the contract for relaying water pipes in Arlington street, Elm street, Oak street, Park street, and Westminster street, Hyde Park, dated May 18, 1951.

Relay about 550 feet of 6-inch with 8-inch water pipe in Reddy avenue, River to Frazer street; relay about 750 feet of 6-inch with 8-inch water pipe in Frazer street, Reddy avenue, to Wood avenue, Ward 18. Estimated cost of extra work, \$2,800.

A. Singarella & Son have been directed to perform the following extra work under the contract for bituminous concrete pavement in Barry Park, Hauteville street, Imbaro road, Sunnybank road, and Vallaro road, dated August 8, 1950.

Deliver 25 linear feet of new circular edgestone from Vallaro road to the Hyde Park Paving Yard. Price to be paid, the sum of \$4.32 per linear foot (this price includes the cost of edgestone plus \$1 per linear foot for delivery). Estimated cost of extra work, \$108.

CONSTRUCTION WORK.

The Mayor, upon request of the Public Works Department, has approved the following construction work:

145 linear feet 10-inch pipe sanitary sewer in Staniford street, between South Margin street and Lyman street, in the City Proper district, at an estimated cost of \$3,000.

REVISIONS OF GRADES IN STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice, relating to the public improvement, hereinafter described, and having caused a copy of said order to be published April 13, 14, 16, 17, 1951, in the *Boston Globe* and the *Boston Herald*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that revisions be made in the grades of the following streets:

Kneeland street, Boston Proper district, easterly side, from Albany street to Hudson street; Albany street, Boston Proper district, northerly side, from Kneeland street, approximately 70 feet easterly; Hudson street, southerly side, from Kneeland street approximately 70 feet easterly; as shown on a plan marked "City of Boston, Kneeland street, Albany street, Hudson street, Boston Proper, May 4, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board, having passed the order of notice, relating to the public improvement, hereinafter described, and having caused a copy of said order to be published April 13, 14, 16, 17, 1951, in the *Boston Globe* and the *Boston Herald*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public necessity and convenience require, does hereby order that a revision be made in the grades of the following streets:

India square, Boston Proper district, easterly side, from Storer street to India street; Storer street, Boston Proper district, northerly side, from India square to approximately 38 feet easterly; as shown on a plan marked "City of Boston, India Square, Storer Street, Boston Proper, May 3, 1951, James W. Haley, Chief Engineer, Street Laying-Out Department" and on file in the office of said department.

STREETS ALLOTTED TO FARMERS, ETC., FOR MARKET PURPOSES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That permission be granted to farmers and truck gardeners to occupy the following streets, from June 1, 1951, until such time in the year 1951 as the Director of Markets feels necessary, from 6.30 P.M. to 8 A.M., for the sale of perishable produce from vehicles.

Merchants Row, from the corner of North Market street to Clinton street, on the southerly side of said Merchants Row.

North street, from the corner of Clinton street and Merchants Row to Blackstone street, on the southerly side of said North street.

The said Director of Markets shall direct and control the placing of vehicles of said farmers and truck gardeners.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 11, 1949, determining damages caused by the making of the public improvement consisting of the widening and relocation of Faneuil street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Mary F. Cufflin in said order and inserting in place thereof the amount \$100; that the amount \$100 be, and the same hereby is, awarded to Mary F. Cufflin for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 11, 1949, determining damages caused by the making of the public improvement consisting of the widening and relocation of Faneuil street be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to John Kevill and Margaret Kevill, husband and wife, as tenants by the entirety, in said order and inserting in place thereof the amount \$350; that the amount \$350 be, and the same hereby is, awarded to John Kevill and Margaret Kevill, husband and wife, as tenants by the entirety, for the damages so sustained.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

PUBLIC WORKS DEPARTMENT.**Bridge Service.**

From 572, Public Works Equipment, \$200, to 473, Rental of Equipment (Machinery and Mechanical), \$200.

Sewer Service.

From 579, Public Works Equipment (Not Otherwise Classified), \$315, to 529, Engineering and Scientific Equipment, \$15, 539, Firefighting Equipment, \$225, 545, Household Furniture and Equipment, \$75.

SUFFOLK COUNTY.**MUNICIPAL COURT, SOUTH BOSTON DISTRICT.**

From 360, \$32, to 560, \$32.

CITIES' RELIEF ROLLS RISE.

General relief case loads showed an increase of 9 per cent from January 1 to March 1 in a representative group of 15 major cities, as compared with an increase of 5.6 per cent during the first two months of 1948 in the same cities, according to a recent survey by the American Public Welfare Association. General relief case loads do not reflect all unemployment because many newly jobless are drawing unemployment compensation and are not on general assistance rolls. Cities where case loads mounted in the first two months of 1949 included Boston, Buffalo, Cincinnati, Milwaukee, Minneapolis, and Philadelphia. General assistance means relief to the indigent, as distinguished from the three major categories of federal aid given under the Social Security program—aid to dependent, to the aged, and to the blind.

POLICE DEPARTMENT ORDERS.

General Order No. 1482.

The following letter received by the Police Commissioner, dated June 13, 1951, from John J. Connelly, clerk, City of Boston Employees Credit Union, Room 38, City Hall, Boston, is published for the information and guidance of members of the department:

"The Auditing Committee of the City of Boston Employees' Credit Union is engaged in the process of verifying the passbooks of members. Notifications have been mailed to all members, but to date the number of members' books verified has reached an approximate number of only 70 to 75 per cent. As this verification of passbooks is required by the State Banking Commissioner, it is the desire of the committee to complete the verification of as many books as possible.

"This is to ask if you would include in your orders to the department a further reminder regarding verification of passbooks of employees of the Police Department who are members of the City of Boston Employees' Credit Union, asking that they bring or mail their passbooks to Room 37, City Hall, Boston 8, Massachusetts."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1483.

The resignation of Patrolman James A. Keough of Division 1 having been presented, it is hereby accepted, to take effect Wednesday, June 20, 1951, at 7.45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1484.

The following letter dated June 14, 1951, from the City of Boston Employees' Credit Union, Room 38, City Hall, Boston, is published for the information of the department:

"We would appreciate your cooperation in bringing to the attention of the employees of your department the following information concerning the sale of Credit Union shares:

"It was voted at a meeting of the Directors held June 13 that, beginning June 14 and continuing each month thereafter until further notice, all permanent employees of the City of Boston or of the County of Suffolk, who under the by-laws of the organization are eligible for membership in the Credit Union, and holding less than 100 shares, be permitted to purchase not more than two shares in each month.

"Thank you for your cooperation in bringing this information to the attention of your employees."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

BOARD OF REAL ESTATE COMMISSIONERS.

INVITATION FOR PROPOSALS FOR LEASING OF PUBLIC PARKING FACILITY AT WINTHROP SQUARE.

The Board of Real Estate Commissioners of the City of Boston, hereinafter called the Board, hereby invites proposals for leasing for the term of forty (40) years, beginning September 1, 1951, and ending August 31, 1991, at an annual rental of not less than thirty thousand (30,000) dollars, the public parking facility at Winthrop square, upon the covenants, agreement, and conditions contained in the form of lease which, with the plans and specifications therein referred to and the form of proposal, may be had daily (except Saturdays, Sundays, and holidays), between 9 A.M. and 5 P.M., at the office of the Board, Room 809, City Hall Annex, Court street, Boston. Copies of the plans and specifications may be taken out upon deposit of one hundred dollars (\$100) for each set, refundable only to persons returning the same in good condition within ten days (Saturdays, Sundays, and holidays excluded) after the opening of bids.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Leasing of Public Parking Facility at Winthrop Square, Boston." One copy of the proposal, accompanied by a bid deposit of ten thousand dollars (\$10,000), made under the terms stated in the form of proposal in the form of cash or a certified check on, or bank check payable to, the City of Boston, shall be filed with the Board at its said office on or before 3 P.M., August 16, 1951, at which time and place all proposals will be publicly opened and read. The other copy of the proposal shall be filed by the bidder at the office of the City Auditor, City Hall, School street, Boston, prior to the opening of bids.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO DRAWSPAN OF THE SUMMER STREET BRIDGE, OVER THE RESERVED CHANNEL.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to drawspan of the Summer Street Bridge, over the Reserved Channel. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs to Drawspan of the Summer Street Bridge, over the Reserved Channel," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, JULY 11, 1951, with a certified check for TWO THOUSAND TWO HUNDRED AND FIFTY (2,250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CHAPEL ROAD, WARD 18, FROM TACOMA STREET TO SAFFORD STREET; ELMEN STREET, WARD 18, FROM ALABAMA STREET TO WABASH STREET, AND WABASH STREET, WARD 18, FROM ELMEN STREET TO PRAIRIE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Chapel road, Ward 18, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Chapel Road, Ward 18, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of FRIDAY, JULY 6, 1951, with a certified check for FIFTEEN HUNDRED (1,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BOSTON TO HAVE SERIES OF DAILY AND SUNDAY CONCERTS DURING SUMMER AT PARKMAN BANDSTAND—MAYOR HYNES MAKES ANNOUNCEMENT FOR CITIZENS' ENTERTAINMENT—FIRST CONCERT, SUNDAY, JULY 1—CONCERTS SPONSORED BY COMMITTEE OF PROMINENT MUSICIANS WITH NO COST TO CITY—DAILY, AT NOON, AND SUNDAY AFTERNOON.

Mayor John B. Hynes has announced that a series of noonday and Sunday afternoon organ concerts will be held at the Parkman Bandstand, Boston Common, beginning Sunday, July 1, and continuing through Labor Day. The concerts will be sponsored by a committee of prominent Boston musicians and patrons of music without cost to the city. The group will be known as the Boston Music Committee, with Harry J. Blake, prominent Boston wool merchant, as chairman.

"The concerts," says the Mayor, "will be presented primarily for the benefit

MAYOR HYNES TAKES MEASURES TO SECURE OLD COLONY HOUSING PROJECT IN SOUTH BOSTON FOR BOSTON HOUSING AUTHORITY—ASKS COUNCIL TO PASS ENABLING ORDINANCES FOLLOWING REMINDER AND REQUEST FROM JAMES J. MAHAR, CHAIRMAN OF AUTHORITY—ACTION NEEDED TO PREVENT LAPSE OF OPTION.

Upon June 25, Mayor Hynes addressed the following communication to the City Council:

To the City Council.

GENTLEMEN:

As your Honorable Body knows, the United States of America (Public Housing Administration Housing and Home Finance Agency) owns the Old Colony Housing Project in South Boston. By a resolution adopted by your Honorable Body on December 28, 1950, and approved by me, on the following day,

(Continued on page 687.)

MAYOR JOHN B. HYNES ANNOUNCES CANDIDACY FOR RE-ELECTION AND FILES FOR NOMINATION PAPERS—POINTS TO ACCOMPLISHMENTS OF HIS ADMINISTRATION IN TWO YEARS AND FACT HE HAS KEPT FAITH WITH HIS FELLOW CITIZENS—ASSETS CONSERVED, PLANT IMPROVED, STANDING ENHANCED, TAX RATE REDUCED FOR FIRST TIME IN FIVE YEARS, DEBT LOWERED, YET INCREASED FINANCIAL DEMANDS HAVE BEEN MET—PROMISES SAME COURSE FOR NEXT FOUR YEARS.

In answer to questions concerning my future plans, I hereby announce my candidacy for re-election to the office of Mayor.

During the year and a half of my administration, it has been my steady purpose to keep faith with the people of my city. In 1949, I sought, and accepted the trusts reposed in me. I have respected those trusts. At all times I have carried on my job with two objectives, first, to be fair in my judgments; second, to do what I believed was best for our city, its people, and its future.

In the comparatively short period of time I have been in office the assets of the city have been conserved; the plant of the city has been improved; the standing of the city has been enhanced; and to my great personal satisfaction, the reputation of the city has been guarded and its good name protected.

Tax Rate Reduced.

The recent reduction in this year's tax rate is an achievement in which I take pride. This was accomplished despite higher costs of government. It was accomplished without resorting to exorbitant increases in property valuations and without borrowing money for current expenses. Not only has the tax rate been lowered but it has also been possible to reduce, this year, the debt of the city.

The primary efforts of my administration have been directed toward a well-managed progressive city. With the consent and approval of the voters of Boston I shall continue, for the next four years, to follow that same course. By so doing, our city can meet its responsibilities as a forward-looking metropolitan center.

It is my sincere belief that I have justified the confidence placed in me by my neighbors and fellow citizens. I shall always strive to merit that confidence.

Later, I shall give a more detailed accounting of my administration. For the present, however, I intend to keep on the job, and concentrate on the manifold duties of that job.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

of the shop and office workers who go to the Parkman Bandstand area daily to eat their luncheons or relax, as well as for shoppers and all visitors to the city.

"It is my hope that after the committee has organized the concerts at the Parkman Bandstand it will investigate the possibilities of sponsoring other Boston music activities. With such nationally famous institutions in our midst as the Boston Symphony Orchestra, New England Conservatory of Music, and the Music Departments of Boston, Harvard and Tufts Colleges, Massachusetts Institute of Technology, and Boston University, as well as the Boston Public and Parochial Schools, it would seem to me that with their co-operation we should be able to stage annually in Boston a musical event that would attract national attention.

"Witness what has been accomplished at Tanglewood, in the Berkshires, where the Boston Symphony Orchestra holds its annual summer concerts. In the brief period of eight years those concerts have become so famous that people are going there from all sections of America to attend them, all to the benefit of the commercial and cultural life of the state.

"Boston has been too modest about its musical and other cultural attainments. We have developed here the best musical institutions in America and yet with the exception of the Boston Symphony Orchestra, we have been slow to make this known to the country. I have high hopes that the Boston Music Committee, under the leadership of Mr. Blake, will develop a program that will eliminate the handicap under which we suffer and re-establish Boston in the minds of the people of America and elsewhere for what it is, viz., the leading music center of the United States."

MAYOR HYNES TAKES MEASURES TO SECURE OLD COLONY HOUSING PROJECT FOR CITY.

(Continued from page 685.)

request was made of the Administrator of the Housing and Home Finance Agency for the conveyance of the project to the Boston Housing Authority under the provisions of Public Law 475, approved by the President April 20, 1950.

If this request is not to lapse, your Honorable Body must pass two additional votes before June 30, 1951: (1) a resolution determining that it will be in the best interests of the community to make the project available as low-rent housing for families of low income; and (2) an order enabling the execution of a so-called Cooperation Agreement between the City and the Boston Housing Authority. Attached hereto is a communication received by me from James J. Mahar, Chairman of the Boston Housing Authority, outlining in detail the various factors involved in the matter.

Prudence would seem to dictate that the Boston Housing Authority's option on the project not be permitted to lapse. Accordingly, I recommend that your

Honorable Body adopt before June 30, 1951, both the resolution and the order transmitted herewith.

Respectfully,

JOHN B. HYNES,
Mayor of Boston.

(Communication from Boston Housing Authority to his Honor the Mayor follows):

HON. JOHN B. HYNES,
Mayor of Boston.

Re: Cooperation Agreement, Old Colony Development, Mass. 19051.

DEAR SIR:

Enclosed please find proposed Cooperation Agreement between this Authority and the City of Boston, pursuant to Public Law 475 of 1950, sections 606 and 607. The Old Colony Project is presently owned by the Federal Government and subject to lease to the Boston Housing Authority. You will recall, however, that the City Council of the City of Boston adopted a resolution on December 28, 1950, which was approved by you on December 29, 1950, which, in substance, requested the Administrator of the Housing and Home Finance Agency to convey the Project to the Boston Housing Authority as a federally-aided low-rent housing project.

The principal factors involved in the proposed conveyance are the following:

(a) Under Public Law 475, this Project must be either converted into a low-rent housing project as set forth in the above-cited resolution, or must be disposed of to private interests.

(b) At present ad valorem taxes are being paid to the City on this Project. For example, in 1951 the sum of \$208,371.40 will be paid to the City. Upon conversion to a low-rent housing project the annual Payment in Lieu of Taxes will be approximately \$41,573, which is an amount equal to 10 per cent of the Shelter Rents as provided in the Cooperation Agreement.

(c) Eight hundred and seventy-three families are now in occupancy in the Project. Of this number 566 would continue to be eligible for continued occupancy. The remainder would not inasmuch as their income would be too high.

The proposed Cooperation Agreement provides in substance that upon the transformation of this Project from a war-housing use to a low-income housing project this Authority will pay to the City for the first two years an amount equal to the ad valorem tax for that period. At the end of that period the Authority would then pay an amount equal to ten (10) per cent of the "Shelter Rents" for each subsequent year. Upon conveyance title would, of course, be then vested in this Authority.

It also provides that no Payment in Lieu of Taxes for any year shall be made to the Municipality in excess of the amount of real property taxes which would have been paid to the Municipality for such year as the Project was not exempt from taxation.

It likewise provides that during the period commencing with the date of acquisition of the Project and continuing so long as either (1) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes; or (2) any contract between the Authority and the PHA in connection with such Project remains in force and effect; or (3) any monies due to the PHA in connection with such Project remain unpaid,

whichever period is the longest, the Municipality, without cost or charge to the Authority or the tenants of such Project (other than the Payments in Lieu of Taxes), shall:

(a) Furnish or cause to be furnished to the Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality.

(b) Recommend to the proper boards or officers (i) such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the administration of such Project, and at the same time safeguard health and safety; and (ii) such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the protection of such Project and the surrounding territory.

(c) Accept grants of easements necessary for the administration of such Project; and

(d) Cooperate with the Authority, by such other lawful actions or ways as the Municipality and the Authority may find necessary in connection with the administration of such Project.

JAMES J. MAHAR,
Chairman.

In respect to the Project, the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Authority it will recommend to the proper board or officer the laying out as public ways of all streets and roads with their adjacent sidewalks, within the area of such project, and the acceptance of all storm and sanitary sewer mains in such streets and roads.

If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public service or facility which it agrees to furnish or to cause to be furnished to the Authority or to the tenants of any Project, the Authority incurs any expense to obtain such service or facility, then the Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Authority and assisted by the PHA.

The Cooperation Agreement must be executed on or before June 30, 1951. Because of the shortage of time and the urgency of the situation we respectfully request speedy action. Thanking you for your cooperation in this matter, I am,

Sincerely yours,

JAMES J. MAHAR,
Chairman.

City of Boston.
In City Council.

Whereas, The United States of America, acting through the Housing and Home Finance Agency, Public Housing Administration, owns permanent war housing now known as PHA Project No. 19051, consisting of 873 dwelling units, located in the City of Boston, Commonwealth of Massachusetts; and

Whereas, By a resolution adopted by this Council on December 28, 1950, and approved by the Mayor on December

29, 1950, the Mayor and the City Council of the City of Boston did request of the Administrator of the Housing and Home Finance Agency the conveyance of said PHA Project No. 19051 to the Boston Housing Authority under the provisions of Public Law 475 approved by the President April 20, 1950; and

Whereas, A question has arisen as to the form of said resolution; now, therefore, be it

Resolved by the City Council of the City of Boston, that said resolution be, and the same hereby is, amended by inserting after section 1 thereof the following new section: *Section 1A.* That it be, and hereby is determined that it will be in the best interests of the community to make said PHA Project No. 19051 available as low-rent housing for families of low income.

This resolution shall be in full force and effect from and after its approval by the Mayor of the City of Boston.

Ordered, That the City of Boston enter into a Cooperation Agreement with the Boston Housing Authority in the following form, and that the Mayor of the City of Boston be, and he hereby is, authorized and empowered to execute and deliver such agreement in the name and behalf of the City of Boston.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors, and commercial houses for furnishing supplies, labor, etc. Communications from heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, June 6, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award, without public advertising, to the General Alarm Corpora-

tion, 89 Broad street, Boston, Mass., a contract for the installation of a combination watchman-recording and fire-alarm system in the Central Library Building, in the amount of \$5,925.

This installation will consist of the following:

1. Thirty individually-coded signal stations, equipped with watchman-recording mechanisms, and 30 manual fire alarm stations.

2. Thirty fire alarm gongs, one above each watchman-fire alarm station, to sound simultaneously and recurrently when an alarm is rung.

3. One centrally located annunciator and bell to indicate visually the exact location of trouble in addition to summoning the Boston Fire Department.

4. All necessary power supplies, relays, central panels and appurtenant equipment to constitute a complete Fire Underwriters' approved system.

The only other company known to be active in this field was also invited to submit a plan for the installation of a watchman-recording and fire-alarm system. The system which could be provided by this company would not, however, be a combination watchman and fire alarm system, and that would not meet the needs of the Library. The Trustees have therefore

Voted. That there be awarded, without public advertising, to General Alarm Corporation, 89 Broad street, Boston, Mass., a contract to install a combination watchman-recording and fire-alarm system in the Central Library Building, in the amount of \$5,925.

Your approval of this award, without public advertising, is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

L. M. FRIEDMAN,
President.

PUBLIC CELEBRATIONS.

BOSTON, June 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Authority is hereby requested to award contracts, without advertising, to the following companies:

Pearl Fireworks Company, Rockland Fireworks Company, and Providence Fireworks Company, in conjunction with the Independence Day celebration, at the following locations and at the following prices:

Boston Common and Jamaica Pond, at the charge of \$3,100, to the Providence Fireworks Company.

Franklin Field and Billings Field, at the charge of \$1,000, to the Rockland Fireworks Company.

Ronan Park and Roberts Field, at the charge of \$1,000, to the Pearl Fireworks Company.

These companies have proved by their performances in past years that they are able to execute these fireworks displays in a safe manner. They employ trained technicians who are under direct supervision of the managers of these three companies. These companies are fully covered by insurance for all personal and public liability damages.

Inasmuch as the type of skilled services and quality of goods, necessary for proper and safe fireworks displays, are such as cannot be secured through pub-

lic bidding, no advantage could be gained by public advertisement.

Respectfully yours,

JOHN D. BROWN,

Director of Public Celebrations.

PUBLIC WORKS DEPARTMENT.

BOSTON, June 11, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 20 of the current year, you authorized the awarding of a contract in the amount of \$5,000, without publicly advertising for bids, to the Pitometer Company, of New York, for the conducting of a so-called water waste survey in the Brighton and Hyde Park districts.

The survey in the latter-referenced districts has been completed with very satisfactory results, and it is my opinion that this type of survey work should be extended at this time to include the Charlestown area. The above-referenced company conducted a similar survey in Charlestown in 1941, and at that time underground leakage from the water mains, amounting to 795,000 gallons per day, was located, and under-registration of industrial meters was uncovered, in the amount of 902,000 gallons per day.

There are many heavy industrial users of water in the Charlestown section, including the Charlestown Navy Yard, and it is necessary, therefore, that we take every reasonable step to insure such users with an adequate supply of water. Aside from this point, there is a good possibility that some of the meters measuring water furnished to industrial establishments are under-registering, because, from experience, we know that such conditions do exist, to the financial loss of the city.

Aside from these points, the large volume of construction work now going on in the Charlestown area will result in some curtailment in the supply of water furnished to the district, and it is most essential that we conserve as much water as possible by locating and repairing any substantial underground leaks. Incidentally, it is reasonable to assume that such leaks do exist, because no water waste survey work has been conducted in the Charlestown district since the one that was undertaken in 1941.

I am in receipt of a proposal from the Pitometer Company to the effect that they will undertake such a survey for a maximum sum of \$5,000 which compares very favorably with the fee of \$4,900 that they received for a similar survey in 1941. The proposal from the Pitometer Company contains the following important provisions:

"We will undertake such a survey with the understanding that we will be paid a sum equal to the value of the water waste actually located in accordance with the following schedule of values, but in no event will our fee exceed the sum of \$5,000:

"(a) Water loss through underground leaks of the mains and services will be valued at 5 cents per thousand gallons per day extending over a period of one year.

"(b) Water passing through industrial meters from which the city receives no revenue due to under-registration will be valued at the regular

meter rates extending over a period of one year. The amount of revenue lost will be determined by applying the percentage of under-registration to the meter readings for the previous quarter less 2 per cent. No claim will be made for meters under-registering 5 per cent or less.

"(c) For illegal use of water through fire lines or otherwise, the value shall be based on actual meter rates extending over a period of one year."

You will note that the maximum amount that the city will be required to pay is established at \$5,000, regardless of the value of the underground leaks and under-registration of meters uncovered by the contractor.

I respectfully recommend, therefore, that a contract, without publicly advertising for bids, be awarded to the Pitometer Company, of New York, for the conducting of a water waste survey in section No. 1 in the Charlestown district, in accordance with the recent proposal submitted by that company, and in accordance with the specifications of this department, with the express understanding that the obligation of the City of Boston is limited to \$5,000.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under date of February 9, 1951, your Honor approved a contract, which was awarded without publicly advertising for bids, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton Water District.

This contract was awarded on the basis of bids that were obtained after publicly advertising for same on January 25, 1949, from the deceased Edward X. Taaffe, based on the same unit prices and under the same terms and conditions of that proposal.

The current contract will expire on July 1 of this year, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory and the service rendered has been exceptionally good. The current prices for which the contractor is doing the work are fair and reasonable, and I question if lower prices would be obtained if publicly advertised bids were requested.

In view of the rising market, I believe that it would be in the best interests of the city to take advantage of the prices that were obtained after publicly advertising for bids more than two years ago. This contractor is well organized at this time, is thoroughly familiar with all aspects of the work, and has responded with alacrity in all cases where the Water Division has called on her for assistance in connection with water breaks.

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe of 35 Presentation road, Brighton, in the amount of \$12,000, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton district. The work to be performed under this contract is to be completed on or before December 31, 1951, under the same terms and conditions and on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, a contract is in effect in this department with Construction Units, Inc., 294 Washington street, Boston, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the City Proper water district.

This contract was awarded without publicly advertising for proposals, but it is based on bids that were obtained after publicly advertising for same on January 25, 1949. The current contract will expire on July 1 of this year, but it is most essential to provide for a continuance of the work provided in the contract. Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Construction Units, Inc., of 294 Washington street, Boston, in the amount of \$35,000, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the City Proper district. The work to be performed under this contract is to be completed on or before December 31, 1951, on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, a contract is in effect in this department with James A. Freaney, Inc., 1 West street, Hyde Park, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the West Roxbury water district.

This contract was awarded, without publicly advertising for proposals, but it is based on bids that were obtained after publicly advertising for same on October 25, 1950. The current contract will expire on July 1 of this year, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory and the service rendered has been exceptionally good. The current prices for which the contractor is doing the work are fair and reasonable, and I question if lower prices would be obtained if publicly advertised bids were requested.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, June 25, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, a contract is in effect in this department with Appel & O'Toole Company, 78 Moreland street, Roxbury, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester water district.

This contract was awarded, without publicly advertising for proposals, but it is based on bids that were obtained after publicly advertising for same on January 25, 1949. The current contract will expire on July 1 of this year, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory and the service rendered has been exceptionally good. The current prices for which the contractor is doing the work are fair and

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to Appel & O'Toole Company of 78 Moreland street, Roxbury, in the amount of \$3,500, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester district. The work to be performed under this contract is to be completed on or before December 31, 1951, on the basis of the unit prices that are included in the current contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

IX. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter for the information of members of the department:

"June 12, 1951.

MICHAEL T. KELLEHER,
Fire Commissioner.

MY DEAR COMMISSIONER:

On Saturday, June 9, at 6 A.M., a fire was discovered in our grain storage bins at our Boylston brewery.

Through the very prompt response to our alarm, and efficient action of the men of District 12, damage was kept at a minimum.

It is my understanding that Engines 14, 28, and 42, Ladders 10 and 30, Rescue 2, and Lighter 3, responded to this alarm. The men manning this equipment and their officers are to be commended.

In appreciation for the excellent service rendered by your department we enclose our check for \$500, payable to the Boston Firemen's Relief Fund.

Very truly yours,

HAFFENREFFER & Co., INC.,
F. W. HAFFENREFFER."

X. COMMENDATIONS.

Hoseman James L. Collins of Engine Company 49 and Ladderman Francis G. Linso of Ladder Company 32 are hereby commended for volunteering to attempt to recover the body of a 12-year-old boy in Sprague's Pond, Readville, on June 6, 1951. These two men removed their outer clothing and swam out to a raft from which the boy had fallen, diving several times into the muddy water in an attempt to locate the body.

XI. MUTUAL AID ASSIGNMENT.

Arrangements have been made for Ladder 12 to cover at Cambridge, Ladder 3, Massachusetts avenue, at Lafayette square.

Company commanders shall make the following addition on assignment card, Box 8218, second alarm:

Ladder covering—add "12 to Cambridge 3."

This change will become effective at 8 A.M., Wednesday, June 27, 1951.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

BRIDGE CLOSED FOR REPAIRS.

Public Works Commissioner George G. Hyland ordered the Chelsea Street Bridge, over the Chelsea River, between East Boston and Chelsea, closed to water traffic, from Tuesday, June 26, 1951, at 8 A.M., until Thursday, June 28, 1951, at 6 P.M., to permit the Public Works Department to make necessary repairs to the operating machinery of this draw-bridge.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Harvard park, Dorchester district, as a highway, from Harvard street approximately 150 feet south-easterly, bounded and described as follows:

A highway named Harvard park is hereby laid out, from Harvard street approximately 150 feet southeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Harvard street, forty feet; easterly by the easterly line of said Harvard park as hereby laid out, one hundred forty-eight and 55-100 feet; southerly by the southerly line of said Harvard park as hereby laid out, forty feet, and westerly by the westerly line of said Harvard park as hereby laid out, one hundred forty-eight and 92-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land situated on the easterly, southerly, and westerly sides of said Harvard park, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Arboretum road, West Roxbury district, as a highway, from Washington street approximately 350 feet northwesterly, bounded and described as follows:

The highway named Arboretum road is hereby laid out, from Washington street approximately 350 feet northwesterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by the northeasterly line of Arboretum road, as hereby laid out, three hundred forty-five and 30-100 feet; northwesterly by the northwesterly line of the location of the Boston & Providence Railroad Company, by three measurements, twenty-three and 59-100 feet, seven and 25-100 feet, and eighteen and 10-100 feet; southwesterly by the southwesterly line of Arboretum road, as hereby laid out, three hundred fifty-eight and 80-100 feet, and southeasterly by Washington street, forty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Arboretum road, as hereby laid out, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 11, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair, and all the members present.

Reverend Joseph P. Mantle, of St. Theresa's Roman Catholic Church, in West Roxbury, was escorted to the rostrum.

INVOCATION BY REV. JOSEPH P. MANTLE.

In the Name of the Father and of the Son and of the Holy Ghost. Amen. Almighty and Eternal God, in whose divine providence we place our entire confidence and hope, Heavenly Father whose creatures we are and whose servants we ever wish to remain, Omnipotent Benefactor of mankind, to whom we must look for grace and courage to overcome the difficulties of life and upon whom we must depend for all we have and dare to maintain, O Courageous Giver of all good things, we Thy humble servants ask Thy blessing upon this honorable assembly so that its deliberations may be in accordance with Thy divine light. May their enactments be based on love for Thee, O Eternal God, and love for their fellow men. May their decrees be tempered with justice. May their laws be for common good. Shower down Thy blessings, O Lord, upon these men whose duty it is to protect the activities of our beloved city. Grant to them generosity and affection toward mankind and courage to uphold truth and righteousness, through Christ Our Lord. Amen.

In the Name of the Father and of the Son and of the Holy Ghost. Amen.

The salute to the Flag was given by the members.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the appointment of Roy C. Peck, 176 Havre street, East Boston, as Weigher of Coal for term ending April 30, 1952.

Referred to the Committee on Confirmations.

ONE-YEAR RESTRICTION ON GASOLINE STATION PERMITS.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the secretary of the Board of Street Commissioners relative to your order of May 28, 1951, requesting that steps be taken immediately to place a one-year restriction on the granting of gasoline station permits in compliance with chapter 329 of the General Laws which was amended in the first paragraph of section 13 of chapter 148 and in section 27 of chapter 550 of the Acts of 1948 and which was further amended on May 19 of this year.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
June 5, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge for the Board receipt of your communication of May 31, 1951, enclosing order introduced by Councilor Beades requesting that steps be taken immediately to place a one-year restriction on the granting of gasoline station permits.

Printed copies of the new legislation enacted this year have not been issued up to the present time, and in view of the fact that this legislation will not become effective until some time in August, the Board is not in a position to act in the matter until the new legislation has been studied, after which time, you may rest assured, immediate steps will be taken to comply with the provisions of the law.

Very truly yours,
L. W. COSTELLO, Secretary.

CHARLOTTE STREET AS ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of May 7, 1951, requesting that Charlotte street, in Ward 14, be made a one-way street.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
May 31, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated May 7, 1951, Requesting Charlotte Street, in Ward 14, Be Made a One-Way Street.

Dear Sir:

In reply to above Council order please be advised that at a meeting of the Traffic Commission held on May 24, 1951, it was voted to make Charlotte street, Dorchester, one way, from Bradshaw street to Blue Hill avenue.

This regulation becomes effective on June 11, at which time the necessary signs will be erected.

Respectfully submitted,

WM. ARTHUR KELLY, Commissioner.

City of Boston,
Office of the Mayor, June 11, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of May 28, 1951, requesting the repair of the backstops at Columbus Park, particularly the one in the center, and also to replace the broken seats in Columbus Stadium, South Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, June 4, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated May 28, requesting the repair of the backstops at Columbus Park, particularly the one in the center, and also to replace the broken seats in Columbus Stadium, South Boston.

We are making the necessary arrangements to comply with this request.

Very truly yours,

PLANTING OF TREES, WARD 17.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of May 28, 1951, requesting the placement of trees on Galty avenue, Regan road, and Mercier avenue, in Ward 17.

Respectfully,

JOHN B. HYNES, Mayor.

City of Boston,
Park Department, June 4, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting the placement of trees on Galty avenue, Regan road, and Mercier avenue.

Councilor Farin wrote me a week ago relative to this matter and at that time I answered him to the effect that we would not be doing any planting until the fall and, at that time, if the opportunity presented itself, we would plant trees on these streets.

Very truly yours,

FRANK R. KELLEY, Chairman.

ARC LIGHT IN INDEPENDENCE PARK.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of June 4, 1951, requesting the installation of an arc light in the center of Independence Park, South Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, June 7, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order requesting the installation of an arc light in the center of Independence Park, South Boston.

This park is under the care and supervision of the Park Department, but all lighting comes under the direction of the Street Lighting Division of the Public Works Department.

We spoke to Mr. Hyland several weeks ago about the possibility of having a light erected in the center of this park. This area is one of the beauty spots of South Boston and there is no question that a light here would be welcomed by all citizens of the area and particularly the church authorities.

This matter should be referred to the Public Works Department.

Very truly yours,

FRANK R. KELLEY, Chairman.

J. B. HYNES, Mayor.

City of Boston,

Public Works Department.

June 1, 1951.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Re: City Council Order of May 14, 1951.

Requesting the Construction of a Sewer on Walnut Street, Ward 20, to Replace the Present Cesspools.

Dear Sir:

In reply to Council order of May 14, 1951, requesting the construction of a sewer in Walnut street, Ward 20, to replace the present cesspools, we find that this is a private street with three houses and a factory employing about eight persons, all the buildings being connected to cesspools. We believe a sanitary sewer should be constructed in this street and will request the Street Commissioner to order same, following which we will proceed with its construction.

June 8, 1951.

Mr. S. J. Polson, Division Engineer, New York, New Haven & Hartford Railroad, South Station, Boston.

Dear Sir:

Enclosed herewith please find a copy of an order in City Council requesting that a suitable fence along your right of way at Boston street, Ward 7, be erected to protect the children in that neighborhood.

It is my understanding that this type of work is done on the program-budget arrangement, and it will be appreciated if this matter be given your attention as soon as possible.

I would also like to call to your attention the dangerous condition along your right of way parallel with Fenway street, Boston. It is my understanding that fence construction on this site is included in your present program, and I hope that construction thereof will be started in the immediate future.

GIFT OF MOTOR VEHICLE TO CIVIL DEFENSE DEPARTMENT.

The following was received:

City of Boston.

Office of the Mayor, June 11, 1951.

To the City Council.

Gentlemen:

I transmit herewith a communication received by me this day from the Director of Civil Defense, which seems to be self-explanatory.

The Columbia Motor Mileage Corporation, with offices at 181 Harvard Avenue, Allston, has certainly been most gracious in offering to Boston's Department of Civil Defense the vehicle referred to in Mr. Malone's letter. I therefore respectfully urge the immediate approval by the Honorable Body of the order submitted herewith.

Respectfully,

JOHN B. HYNES, Mayor.

City of Boston,
Department of Civil Defense,
June 11, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Columbia Motor Mileage Corporation, with offices at 161 Harvard avenue, Allston, has very kindly offered to the City of Boston for civil defense purposes a 1948 International panel truck provided, that the city agrees that within five days after such truck ceases to be used or held for civil defense purposes or the Director of Civil Defense or, if there be no such director, the Mayor receives from the corporation a written request for the return of the truck, whichever event first occurs, the city will deliver and convey the truck to Columbia Motor Mileage Corporation in whatever condition the same may then be without representation or warranty of any kind.

St. 1950, c. 639, s. 15, provides that whenever any person, firm or corporation shall offer to any political subdivision of the Commonwealth services, equipment, supplies, materials or funds by way of gift, grant or loan, for purposes of civil defense, such political subdivision, acting through its governing body, may accept such offer, and upon acceptance such governing body may authorize any officer of the political subdivision to receive such services, equipment, supplies, materials or funds on behalf of the political subdivision and subject to the terms of the offer. It would seem to be plain from this statute that City Council action is necessary for the acceptance of the above-entitled offer. I therefore respectfully recommend to your Honor that the enclosed order be transmitted to the City Council for adoption.

Respectfully yours,
JOSEPH L. MALONE,
Director of Civil Defense.

Whereas, Columbia Motor Mileage Corporation, a Massachusetts corporation with a usual place of business in Boston, acting under section 15 of chapter 639 of the Acts of 1950, has offered to the City of Boston by way of gift for civil defense purposes a certain motor vehicle, to wit, a 1948 International panel truck, Model KB3, Engine No. 204645, Serial No. 44697, provided that the city agrees that within five days after such motor vehicle ceases to be used or held for civil defense purposes or the Director of Civil Defense or, if there be no such director, the Mayor receives from the Corporation a written request for the return of such vehicle, whichever of said events first occurs, it will deliver and convey such vehicle to Columbia Motor Mileage Corporation in whatever condition the same may then be without representation or warranty of any kind; now, therefore, it is hereby

Ordered: 1. That the above-recited offer be, and the same hereby is, accepted with thanks; and

2. That the Director of Civil Defense be, and he hereby is, authorized to receive said motor vehicle on behalf of the city and on such behalf to execute and deliver such instruments as may be necessary or convenient for agreeing to reconvey and return said vehicle as aforesaid and for reconveying and returning said vehicle pursuant to such agreement.

Referred to the Executive Committee.

LICENSE TO CONSTRUCT STRUCTURE OVER SEWERAGE WORKS.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1951.
To the Honorable City Council.
Gentlemen:

I transmit herewith a communication received from George G. Hyland, Commissioner of Public Works, relative to the granting of a license to Transport Manufacturing and Equipment Company to build over a sewer easement in Rena street, a private way, in the Brighton district.

Since the erection of the proposed building will not interfere with the City of Boston's easement in Rena street, I recommend the adoption of the accompanying order whereby the City of Boston licenses the Transport Manufacturing and Equipment Company to build over the said sewer easement subject to the City of Boston's right to maintain and operate the sewerage facilities.

Respectfully,
JOHN B. HYNES, Mayor.

City of Boston,
Public Works Department,
June 11, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

By an order of the Board of Aldermen passed November 23, 1891, the City of Boston acquired an easement for a main drain or common sewer in Rena street, a private way, in the Brighton district.

The Transport Manufacturing and Equipment Company, the present owner of premises located at the intersection of Rena and Kingsley streets, desires to erect a building over the sewer easement. Plans for the erection of the building have been examined by this department and it is my opinion that the proposed structure will not interfere with the City of Boston's easement in the premises. I therefore respectfully request your Honor to introduce an order in the City Council whereby this department may license the building of the structure by Transport Manufacturing and Equipment Company.

Respectfully,
GEORGE G. HYLAND,
Commissioner.

Whereas, The City of Boston, by an order of the Board of Aldermen, approved by the Mayor of Boston, November 24, 1891, made a taking for sewerage purposes in a certain parcel of land in Rena street, a private way, in the Brighton district, of the City of Boston; and

Whereas, Transport Manufacturing and Equipment Company is the present owner of a portion of the lands in which the aforesaid sewerage easement is located; and

Whereas, The said Transport Manufacturing and Equipment Company desires to construct a building over the sewerage works located as aforesaid; now, therefore, it is hereby

Ordered, That the Commissioner of Public Works be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston to Transport Manufacturing and Equipment Company, a corporation duly organized and existing under the laws of the State of Illinois, with a usual place of business in the City of Boston, an instrument under seal whereby the City of Boston licenses the said Transport Manufacturing and Equipment Company to construct and maintain in a manner satisfactory to the Commissioner of Public Works a structure over said sewerage works as shown in red on a plan marked "City of Boston, Street Department, Sewer Division, Taking for Sewer in Rena Street, Brighton, K-80, on File in the Public Works Department," and reserving to the City of Boston the right to enter upon the premises at all times for the purpose of constructing, operating, maintaining, repairing and renewing said sewerage works.

Referred to the Executive Committee.

PRELIMINARY ESTIMATES

The following communication was presented:

City of Boston
Office of the Mayor
City Hall

January 8, 1951

Kathleen Ryan Dacey, Chairman
Boston School Committee
15 Beacon Street
Boston 8, Massachusetts

Dear Madam:

I have consulted with City Auditor Charles J. Fox, with respect to the preliminary estimates of the School Department, and I offer the following views for consideration of the School Committee:

That the appropriations for school purposes in 1951 not exceed, in total, the appropriations for 1950.

The table following indicates how such a result may be achieved:

	1950 Actual	1951 Proposed
Appropriations	Appropriations	
General school purposes*	\$22,537,219.75	\$23,400,000.00
Alterations and repairs	2,545,135.31	2,545,000.00
Land and buildings	755,628.08	5,600.00
	\$25,938,983.14	\$25,950,600.00

*Exclusive of School Lunches Supported by Cafeteria Receipts.

The following comments are offered in connection with the three divisions indicated in the foregoing table:

GENERAL SCHOOL PURPOSES—School officials have estimated that an increase of \$1,315,000 will be required in the appropriating power available under Chapter 117 of the Acts of 1949 in order to meet the full year cost

of the \$204 general increase to teachers voted by a majority of the Committee as of September 1, 1950; the cost of 150 additional custodians necessary to place the custodial force of the department under a 40-hour week; annual increments to those teachers who are still below the maxima of their positions, and allowances for emergency reserves to meet contingencies that may arise in 1951. In making this estimate, no consideration has been given to the possibility of unexpended balances being available in the School Budget when 1950 accounts are closed. While it is obvious that the necessity for absorbing the cost of the \$204 general increase within budget appropriations originally made will shorten and curtail unexpended balances, nevertheless, it is felt in a budget totaling in excess of twenty-three million dollars, balances of at least 1% may be anticipated. In addition, shortages in civilian materials and supplies which undoubtedly will develop during the year, should result in enforced savings. I, therefore, think it reasonable to assume that the estimate of the school officials may be reduced without endangering the school program in any sense by at least \$315,000., or, in other words, allowing an increase of one million dollars in the appropriation limit at present in effect. The proposed appropriation shown against general school purposes is based on this increase of one million dollars in the existing appropriating power of the School Committee.

Alterations and Repairs—The 1951 preliminary estimates prepared for the Department of School Buildings total \$2,722,750 under this item, or an amount roughly \$180,000 in excess of the proposed appropriation shown in the foregoing schedule. Included in the preliminary estimates is an allowance of \$1,200,000 to complete public safety requirements resulting from the Coconut Grove disaster. This would leave only \$1,500,000 for all other work involved in the general upkeep of the school plant. Undoubtedly strong protest may be anticipated against any reduction in the preliminary program of the School Buildings Department. On the 1950 record, however, it is questionable whether, especially with the material and supply shortage which will prevail during 1951, a program of the magnitude involved in these estimates could be carried out to completion. The 1950 program which was comparable in size to that proposed for 1951, is, in view of actual payments made, only one-half completed, and from the records available to me at this time it would appear as though roughly 17% of the program had yet to be authorized. The drafting of plans and specifications together with the execution of contracts and the issuance of work orders consumes time, and naturally work in progress must be kept within the

limits of the inspectional force of the department. I, therefore, do not believe that the reduction represented in the proposed appropriation would seriously impair the 1951 program of the Department of School Buildings. If there is an urgent demand for an increase in this particular appropriation then I would suggest that the amount of the increase be deducted from the appropriation for General School Purposes. In other words, any change required in any one item in the proposed appropriation program should be obtained within the other items and thus not affect the overall total.

Land and Buildings — During the past two years roughly one and one-half million dollars has been appropriated for the construction of four schools in various sections of the city. At the present time work is progressing on three of these buildings with the fourth scheduled for early advertisement. It is apparent, therefore, that the program of the last two years will not be completed until the end of 1951. It would, therefore, seem logical to assume that no appropriation is required this year for new construction, and the proposed appropriation in the foregoing schedule merely covers miscellaneous recurring items.

I am most hopeful that the School Committee will agree to the above proposal.

From present indications, it would appear that an increase in the 1951 tax rate, irrespective of School Department requirements, will be inevitable. Your Committee, by adopting the suggestions contained in the preceding paragraphs will enable us to keep that anticipated increase to the lowest possible figure.

Respectfully,

(Signed) J. B. Hynes
Mayor

Placed on file.

The following memorandum from the Board of Apportionment to the Superintendent was submitted by the Superintendent as his recommendation to the School Committee:

The School Committee of the
City of Boston
Office of the
Board of Apportionment
February 3, 1951

Memorandum for the Superintendent:

The Board of Apportionment respectfully recommends that the School Committee submit to His Honor the Mayor the accompanying estimates of the proposed expenditures for school purposes for the fiscal year 1951.

The Board of Apportionment respectfully suggests that in response to the communication of His Honor, addressed on January 8, 1951, to the Chairman of the School Committee, attention be called to the amount which the School Committee proposes to leave unappropriated under present statutes, in Land and Build-

ings and in Alterations and Repairs as indicated in the following table:

AMOUNT AVAILABLE	
Approximate	
Land and Buildings	\$770,687.08
Alterations and Repairs	2,765,917.09
Total	\$3,536,604.17
PROPOSED ESTIMATE	
Land and Buildings	\$7,920.00
Alterations and Repairs	2,542,680.00
Total	\$2,550,600.00
AMOUNT UNAPPROPRIATED	
Land and Buildings	\$762,767.08
Alterations and Repairs	223,237.09
Total	\$986,004.17

The Board of Apportionment respectfully suggests also that if one million dollars be added to the present appropriating power for General School Purposes, there will be left unappropriated in this item approximately \$415,000.00 as indicated in the following table:

AMOUNT AVAILABLE	
Approximate	
General School Purposes	\$23,815,000.00
PROPOSED ESTIMATE	
General School Purposes	\$23,400,000.00
AMOUNT UNAPPROPRIATED	
General School Purposes	\$415,000.00

In connection with the item for General School Purposes, the Board of Apportionment respectfully suggests that His Honor be informed of the desire of the School Committee to cooperate in every way in his effort to keep the tax rate as low as possible, as indicated by the above estimates of proposed expenditures, but that it may be necessary for the School Committee between now and April 2, 1951, to ask his indulgence in adding something to the proposed estimates for General School Purposes in the event that the proposed estimates would endanger the established school program.

The Board of Apportionment makes the above recommendations and suggestions in the belief that only by accepting the Mayor's proposal may the existing salary schedule be maintained.

Regardless of the merits of other proposed legislation, it is the conviction of the Board of Apportionment that increased appropriating power will be granted by the Legislature only with the approval of the Mayor and with the active support of his legislative representatives.

Respectfully submitted,

(Signed) Mary L. O'Brien
Clerk, Board of Apportionment

On roll call, the members accepted the foregoing report by the following vote, and the Secretary was directed to send this memorandum as the response of the School Committee to the communication of the Mayor of January 8, 1951:

Placed on file.

It was agreed by the School Committee on roll call that the following letter, embodying the estimates of proposed expenditures for school purposes for the fiscal year 1951 be forwarded to His Honor, the Mayor, John B. Hynes:

February 3, 1951

Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts
My dear Mayor Hynes:

In compliance with the provisions of Chapter 513 of the Acts of 1945 and Chapter 224 of the Acts of 1936, as amended by Chapter 117 of the Acts of 1949, and subject to favorable action of the General Court on the petition of the School Committee for increased appropriating power, the School Committee submits its estimates of the proposed expenditures for school purposes for the fiscal year 1951, as follows:

Construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations	\$7,920.00
Alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards	\$2,542,680.00
The above sum of \$2,542,680.00 may be obtained in part by the appropriation of unexpended balances from 1950, totalling approximately \$150,000.00.	
The appropriation of \$2,542,680.00 includes an appropriation on account of \$1,000,000.00 passed at the meeting of January 11, 1951.	
Maintenance, exclusive of alterations, repairs, furniture and fixtures	\$23,400,000.00
The above sum of \$23,400,000.00 may be obtained in part by the appropriation of unexpended balances totalling approximately \$240,000.00 and estimated income totalling approximately \$1,375,000.00.	
In addition to the unexpended balances and the estimated income, the School Committee will receive credit for approximately \$1,809,533.00 which is the estimated amount to be received by the City and credited to the School Committee in 1951 in order to reduce the amount to be raised by taxation for the support of schools, in accordance with provisions of Chapter 643 of the Acts of 1948.	
Total	\$25,950,600.00

Very truly yours,

(Signed) Agnes E. Reynolds
Assistant Secretary

On roll call, the members agreed to submit the foregoing communication to His Honor, the Mayor, by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, and Mr. White—3.
NAYS—Mr. Muchnick—1.
ABSENT—Mr. Ward—1.

In connection with the foregoing, the Secretary was directed to transmit the following communication to His Honor, the Mayor, John B. Hynes:

February 3, 1951

Honorable John B. Hynes
Mayor of Boston
City Hall
Boston, Massachusetts
My dear Mayor Hynes:

In connection with the accompanying statement of the School Committee as to the estimates of the proposed expenditures for school purposes for the fiscal year 1951, a copy of a memorandum of the Board of Apportionment to the Superintendent of Schools is enclosed.

This memorandum, which was submitted by the Superintendent as his recommendation to the School Committee at its meeting today, was accepted by a vote of 3-1. Mr. Muchnick dissented from this report and desired to have his dissent spread upon the records and reported to you in this communication.

The Secretary was directed to send you this memorandum as the response of the School Committee to your communication of January 8, 1951, to the Chairman of the School Committee.

Very truly yours,
(Signed) Agnes E. Reynolds
Assistant Secretary

In connection with the foregoing, Mr. Muchnick requested that there be included in the public record that portion of his remarks which had to do with the 1950 budget.

Mr. White suggested that the whole discussion be included as part of the public record.

As there were no objections, the Chairman declared that the entire conference discussion should be included in the minutes of today's meeting.

The following is the discussion in Conference on the Preliminary Estimates:

Chairman: The purpose of the meeting today is to accept the preliminary budgetary estimates for 1951, which should be in the hands of the Mayor by this coming Monday.

Before taking a vote on these preliminary estimates which we have before us, we have some correspondence from the Board of Apportionment.

The Superintendent then read the memorandum of the Board of Apportionment to him under date of Feb. 3, 1951 which was submitted as his recommendation to the School Committee.

Superintendent: As I said earlier, Madam Chairman and Members, I submit this report to you representing the Board of Apportionment.

Mr. McDevitt: Madam Chairman, I move that we accept the preliminary estimates as outlined and recommended by the Board of Apportionment.

Chairman: Will you call the roll, Miss Reynolds? Is there any discussion?

Mr. Muchnick: Well, it seems to me, Madam Chairman, that you cannot properly evaluate a preliminary estimate or any other kind of budget without first going over the budget of the year just past and try to learn from that one what errors, if any, there were, what savings could have been made that were not made, and in general what the picture was in the prior year.

Chairman: We have been doing that, Mr. Muchnick.

Mr. Muchnick: We don't yet have the official figures of 1950. We have been given—or at least I have been given—the unofficial figures on a balance sheet which, as of last Saturday, Mr. Smith told me, were probably "on the nose" with the official figures, and I assume that that is so and that if there is any variance, it will be a minor variance.

Business Manager: The total, Mr. Muchnick, is absolutely correct. There are scattered through here three or four small changes which do not run, in total, \$1000. It would be \$200 added to this figure and it would be \$200 minus on another figure.

Mr. Muchnick: Madam Chairman, if I may continue, using the unofficial balance sheet that was submitted to the School Committee as of December 31, 1950, we are informed that as of that date there was an unexpended balance of \$287,432.

Chairman: Correct.

Mr. Muchnick: That figure is the grand total of the five major divisions of the annual budget, which, as I received them were the following:

Administration payrolls, \$10,327; Supplies and Incidentals, \$7,548; Instruction payrolls, \$56,659; Instruction supplies, \$50,919; Auxiliary Services payrolls, \$26,608; Supplies, \$78,840; Operation of Plant payrolls, \$34,818; Supplies, \$13,465; Fixed Charges payrolls, \$5,144; Supplies and Incidentals, \$3,099. I have omitted any of the pennies that were involved.

Now, I find it impossible to reconcile this unexpended balance with the statements, the recommendations, and the predictions of potential chaos of the administrators of the School Department during the calendar year 1950. The balances are all the more unbelievable in view of the fact that these statements and predictions were based on the assumption that the salary increase to teachers should not be granted.

If this increase, which cost approximately \$225,000, had not been granted, the unexpended balance would have been in excess of \$500,000. At all times, beginning with the early part of 1950 when the budget was first under consideration, the School Com-

mittee was informed that it was a very tight budget and that there was no water present.

At many meetings, and in newspaper releases, the Superintendent and the Members of the Board of Apportionment, in opposing the salary increase of \$204 to the teaching staff, predicted curtailment of services, closing of schools, payless paydays, and chaotic conditions. The records of School Committee meetings are full of such dire prophecies, each one based on the most careful, time-consuming, and painstaking analysis of the figures according to the administration.

By way of illustration, I shall quote the following sample characteristic utterances from the records of School Committee meetings.

On July 24th, 1950, after submitting to the School Committee a detailed report compiled by the Board of Apportionment as of July 21, 1950, the Superintendent said on page 11 of the record:

"We have projected the system through from September 1st to December 31st. It is the unanimous opinion of the Board of Apportionment that unless the vote of June 16, 1950, granting the salary raise of \$204 is rescinded, the School Committee will be compelled to eliminate educational activities and curtail essential services."

On page 84 at the same meeting the Superintendent said:

"We have actually taken into consideration here every dime we have paid out, every dime that we have contracted for on a temporary basis up until September 1st; and then we projected the system through on a permanent basis, and we have projected it through on the balance of this page on all the temporary activities that we feel we should have. You have in this detailed budget every item of every expense that we are going to have."

Then, on August 8th, on pages 1 and 2 of the record at a public hearing held on this question, the Superintendent, the first speaker recognized by the then chairman, proceeded as follows:

"Mr. Chairman and members, on July 24th, as chairman of the Board of Apportionment, I presented to the Boston School Committee a report of the situation confronting the School Committee, as a result of the salary increase voted on June 16, 1950. Representatives of the press were present at that time, and on every occasion when the School Committee considered this matter, they were present, with the result that through the press the public has had an opportunity to become acquainted with the problem at hand."

At this point the Superintendent asked to have distributed the schedule that had been prepared by the Board of Apportionment.

The Superintendent went on to quote a Supreme Court decision which discussed the matter and

summed up his discussion with the following statement on page 4 of the record:

"In short, there are presently outstanding two votes of the School Committee which are in clear conflict with each other. Unless this conflict is resolved at once by the School Committee, it will be impossible to proceed with the proper organization of the school system for the coming school year."

At page 9 of the record, after some discussion by Mark Dalton, counsel for the Alliance, the Superintendent said:

"Mr. Chairman, as stated in the Board of Apportionment's report to the School Committee, we have reviewed the entire budget. We made a particular study of the item of Instruction because it is in that item that the vote for the increase was passed. That item is the largest item, as you know, of the entire budget. It involves the teaching personnel in large measure.

"We did, however, as stated here, make a review of the other items in the budget. The Business Manager made a careful study, and we reviewed his study; and his study and our concurrence in his study indicate that there will be perhaps unexpended balances in other sections of the budget or other items of the budget, if you want to think of it as such.

"Our study reveals in the other items of the budget that there will be such unexpended balances. It is predicted that in the section of the budget known as Administration or Item #1, there will be approximately \$46,000. Approximately \$30,000 is in Instruction. There is approximately \$12,000 in Auxiliary Services, \$1,500 in Fixed Charges, and a probable deficit of \$4300 in Operation of Plant. The estimated unexpended balance for the entire budget is approximately \$86,000."

Now, it must be borne in mind that this \$86,000 would be the unexpended balance, according to the Superintendent, in the event that the increase of \$204 had not been granted.

On pages 31 and 32 of the record of August 8th, the Superintendent went on:

"Mr. Chairman, I think that in fairness to Mr. Smith and in fairness to the administration, I should answer Mr. Muchnick. Mr. Muchnick pressed and pressed and pressed for these figures. We had the Business Manager's office operating overtime, working on figures of actual payrolls and expenditures. I had Miss Sheehan, who was here on the platform with me, working on projected figures, taking the individual cards of every person who is employed and taking their salaries from the 1st of September until the 31st of December.

Then there was some further discussion, and following that the Superintendent went on:

"Following that Committee conference, we have reconciled all of these figures, and we have worked assiduously until late in the evening trying to see if we can find any possibility of any surplus money that we can recommend to the School Committee to deflect into the proposed or passed salary increase. We have our projected figure in the field of Instruction right down to a penny; and Mr. Smith, I feel certain, has the payrolls at his hand up to the 1st of September, and Miss Sheehan has projected the system's permanent personnel through, I am certain, very accurately."

Then he went on to illustrate how it was done.

"And that is the method used for projecting this system through from September to December; and I maintain, Mr. Chairman and Members, that it is a very accurate method, and she has used the same method in the other sections of the budget."

A little farther on, in answer to a question from Mr. Dalton, the Superintendent stated:

"We have projected these figures, Mr. Dalton, in fairness to all concerned, on the bare, bare minimum basis. We have not taken advantage of a single dollar that we can think of anywhere in our projected figure. We shouldn't, but I am just saying to you that we took it on the mere minimum basis."

And then, on November 21st, at the time when there was a request made to transfer, the Superintendent said:

"We are very anxious to be sure that all temporary activities are continued and that there is no curtailment of temporary teachers and no curtailment of evening schools or athletics or related activities; and unless money is transferred into Item #2, Salaries, you will have to discontinue some of these activities approximately the 1st of December, and that is why the Board of Apportionment is now recommending that transfers be made."

On the same day, the Superintendent said:

"I can only give you the figures that we have worked out here very, very carefully."

Now, based on these statements, I have no desire and no intention to make any accusations as a result of them. These facts, however, cause me to speculate whether the administration has been inefficient or incompetent, or whether there might even be the slight possibility that there was a deliberate desire or intent to avoid giving the public full disclosure of School Department finances and expenditures.

Based on that—and on many other reasons—I very frankly have absolutely no confidence in this preliminary estimated budget.

Chairman: Mr. Muchnick, you might state that in the petition or the fight for a teacher salary increase, Mr. McDevitt and Mrs.

Dacey were with you all along the line and that we were all present when the Superintendent made these statements, which to me seemed a little overcautious but which I understand were made at the advice and at the demand of Mr. Kerr, the Corporation Counsel, whose opinions we have chosen to disagree with on many occasions.

Be that as it may, Mr. Kerr gave the orders to the Superintendent and the Board of Superintendents as to budgetary outcome. However, as a practical matter, in a \$27,000,000 budget, a \$200,000 surplus or cushion is not a tremendous amount such as to warrant your lack of confidence or your doubt of any part of the administration.

I certainly do not think that it is enough to cause any discredit to anybody concerned when there is a \$200,000 surplus in a \$27,000,000 budget.

Mr. Muchnick: Madam Chairman, these things are all a matter of opinion.

Chairman: Yes, they are, Mr. Muchnick.

Mr. Muchnick: And I have expressed mine.

Chairman: I have expressed mine. We will now proceed to take a vote on the acceptance of the preliminary estimates.

Mr. White: Madam Chairman, before you proceed to take a vote, I want to say that I listened with avid attention to that statement of Mr. Muchnick, and I also listened with deep interest to his conclusion. He makes no accusation whatsoever, but by a clever manipulation of words, he simply makes some implications, and I do not think that the Superintendent or the Business Manager should let that statement go unanswered.

I think that there are very definite answers to Mr. Muchnick's statement here today. I also am not unmindful of the fact that Mr. Muchnick all during that period to which he is referring had an opportunity as a member of this Committee to inform them where the money was.

I spent limitless hours and valuable time, at great sacrifice both to my own occupation and to the time that I should devote to my family, to give Mr. Muchnick an opportunity to tell this Committee where these balances were coming from; and at no time could he convince this Committee that the Superintendent or the Business Manager was wrong at that time.

I upheld the Superintendent and the Business Manager at that time because of the fact that when the motion was made to give the increase of \$204, it was with full knowledge of Mr. Muchnick that it was after the budget was passed. He did not put it in the budget, although he thought of it before the budget was passed and had considered it very seriously before the budget was passed.

An item of that magnitude certainly should have been consider-

ed at the time that the budget was being made up so that Mr. Muchnick could have done what he asks be done now—have the public advised of the appropriations and what they meant. They would have been advised definitely if that was discussed before the budget, but Mr. Muchnick went further. He waited until after the last opportunity was given to us to ask the Mayor and the City Council to appropriate the money if there was not enough money there, and it was generally assumed that that money might curtail essential school services. That argument was very definitely brought up here, as Mr. Muchnick very clearly stated in his argument.

With the reports of the Business Manager and also, I think, the unanimous opinion of the Board of Superintendents in addition to that of the Superintendent, this Committee was informed, and we voted accordingly—some against and some for.

The only request I made at that time was to wait until September or November to see if this money would be available, certainly, if you were going to vote this raise.

I think the Superintendent and Mr. Smith said that it would not be available at that time, and I think they had very definite and fundamental answers to this; and I think the Committee and the press and the public should be informed of it, and they should not be allowed to rest on the implications of the statement that Mr. Muchnick just made.

Chairman: Dr. Haley, do you wish to be heard on this?

Superintendent: Yes, Madam Chairman. I think that you, Madam Chairman, clarified many things which can be very definitely verified by the records; because you said, I would assume, in essence that at all times the Superintendent, the Business Manager, and the Board of Apportionment were following the advice and direction of the Corporation Counsel. In that, Madam Chairman, you are absolutely right, and at no turn of the road did I or Mr. Smith or the Board of Apportionment ever make that turn or ever bring anything in here to this School Committee without the complete advice of the Corporation Counsel; and I think that if you examine the records of the various dates—and I can show them to you if you care to see them—you will find that that is true.

Now going back as a further proof of that, if I may, for a moment, please, and turning to the memorandum that I believe Mr. Muchnick mentioned dated July 24, 1950—was that included in your discussion, Mr. Muchnick?

Mr. White: July 24, 1950?

Superintendent: Yes. You read from what I presented, Mr. Muchnick, which was correct; and may I say, Madam Chairman and Members, that this report from which Mr. Muchnick read and of which I have a copy here was prepared under the direction of the

Corporation Counsel, and all I have to do is to cite from my report to have you believe—and I know you will—that as a layman I would not be in a position to make this report without legal advice.

For example, it says: "... as was said by the Supreme Judicial Court in July 1936 in the case of MacHenry vs. Lawrence ..." That case was cited on June 26th by the attorney from the Law Department.

I think that this is pretty strong evidence that I was following the advice of the Corporation Counsel. These were the words given to me by the Corporation Counsel, and I will quote them:

"In short, there are presently two outstanding votes of the School Committee ... which are in clear conflict with each other."

So, Madam Chairman, you expressed it very succinctly, I think, when you said that we were following the advice of the Corporation Council in every respect.

Now in regard to the unexpended balances, and with regard to the projected figures, and all of those matters which are under discussion, Mr. Smith has here, I think, substantial evidence to show why there are unexpended balances over which the Superintendent and the Board of Apportionment had no control.

Mr. White: Could it be foreseen?

Superintendent: No, Mr. White. For example, under Instruction in the 1950 budget there was \$20,000 put in there for nine elementary secretaries. I would like to point out to the Committee and to the public that under the present statute I do not have the power to nominate civil service employees. That was taken from me, as you know, by a statute not so long ago.

I think Mr. Smith will bear me out that in the budget of the previous year there was provision made for 21 elementary secretaries. Is that true, Mr. Business Manager? It was in the budget, I think, and it went by default during that year.

The nine elementary secretaries would have cost the city during 1950, if the School Committee saw fit to appoint them—and that is their prerogative and their privilege, and I am not saying they are right or wrong, although I am for their appointment—\$20,000.

We did not have a group-to-group promotion of secretaries under salaries in Instruction. That is to say, there were no group-to-group increases for the secretarial force, and that netted \$3,000.

I am sure, Madam Chairman and Members, that I could not predict that the School Committee would close schools on October 13th and again on December 22nd. The closing of schools on those two days by the School Committee saved the city approximately \$15,000 gross.

Mr. White: May I ask you now, Mr. Superintendent: Could you predict, either, that the School

Committee would take no action on the secretaries' and stenographers' salaries or the clerks' salaries in connection with raises from group to group?

Superintendent: No, I could not, Mr. White. In fact, we had on the agenda on different occasions throughout the year 1950 the appointment of elementary secretaries, which was not acted upon by the Committee.

Mr. White: You made that perfectly clear about the elementary secretaries. I am referring to the item that you mentioned.

Superintendent: Yes, group-to-group increases, Mr. White.

Chairman: Group-to-group increases and salary adjustments?

Superintendent: That is right. That is within the province of the School Committee.

Also, we had a great many men who went into military service—many more men than we expected would go into military service. A saving resulted from these war leaves.

Mr. Smith points out the "etc." here. I spoke of war leaves. We had more who retired, resigned or died. The aggregate of all three of these was larger than predicted.

Mr. White: Now may I ask a question? In June could you anticipate the number of war leaves that might come due to the situation that arose subsequent to that time?

Superintendent: No, I could not.

Mr. White: And I do not know anybody else outside of the President who would anticipate that situation. Even the Congress did not know that anything was going to happen in Korea, to my knowledge.

Superintendent: And when Mr. Kerr told me to project this system through, he said: "Project this system through absolutely for every person presently on the payroll."

There were war leaves. There were more people who retired. We have better retirement conditions at the present time, and I hope that they improve even beyond what they are now. As a result of both of these, there was a net saving to the city, over which I had no control and which I could not predict, namely \$29,000.

We had a little problem on playground teachers; Mr. McKenney found that because of the staggering of the playground system, bringing in a certain number of girls reaching down into lower levels, there were many girls who did not want to take this job for a half period or a portion of a summer, and he came in here and asked the Committee to change the plan or to give him certain powers, through me.

As a result, in both playgrounds and physical training, \$20,000 was saved in each. The records will show that when Mr. Joseph Gould was here the other day—and I think, Mr. Muchnick, you will bear me out—you heard him say that the evening schools for the

fall of 1950 dropped off precipitously beyond anything of previous years. Is that a reasonable statement, Mr. Muchnick?

Mr. Muchnick: Not "beyond anything." "It dropped off substantially" is correct.

Superintendent: Over and above previous years.

Mr. Muchnick: It dropped off substantially, as I remember it.

Superintendent: All right—dropped off substantially, and he said, Madam Chairman—and the records will show it—much more than previous years or than he had anticipated.

Now, all of those things resulted in a saving of \$30,000. Also, the Business Manager has had a problem of buying supplies, and back some time ago he had ordered approximately \$60,000 worth of Manual Arts supplies. Is that a true statement or a fair figure, Mr. Smith?

Business Manager: Yes.

Superintendent: It involved steel and things like that. The back orders that are on his books now that have not been delivered and that will have to be paid out of 1951 funds amount to \$39,206.72.

I have dwelt, Madam Chairman and Members, only in the field of Instruction because that is the field in which the raise was voted, and that was the field in which the Corporation Counsel told me to direct my complete attention. "Legally," he said, "that is where the vote was made, and that is where you should concentrate your attention."

I have shown this Committee that in Instruction alone this total, over which I had no control in many cases and could not predict, and no human being could predict, amounted to \$176,206.72.

If I may just quote one little paragraph here, I will appreciate it. Mr. Muchnick says that we are wrong. We gave you the honest estimate following the Corporation Counsel and following the advice of the City Auditor, back on June 16, 1950, talking now on Instruction Salaries, Mr. Muchnick says:

"Mr. Chairman, there is enough evidence from Mr. Smith's explanation of the salary figures for teachers and the amount spent so far this year to satisfy me that there are ample funds in that portion of the budget so that there is no danger at all of any necessity of transfer."

Now I followed the expenditure of temporary money through the fall by calling in the principals, and I did it again at the advice of the Corporation Counsel and the City Auditor; and as a result we were able to know right up to the minute how much money was being expended, and we came in here and asked for transfers; and if we did not ask for those transfers and if we had not followed that the way we did, the salary item under Instruction would have been short approximately \$73,000. Is that true, Mr. Smith?

Business Manager: That is right.

Superintendent: In other words, we would have run into the red. We would have acted illegally, although on June 16, 1950. Mr. Muchnick addressed the Chairman and said that there was sufficient evidence to show that there was no danger whatsoever of the need for the transfer of money.

I do not question Mr. Muchnick's sincerity at that time any more than he has said here now that he questions mine; but I am simply pointing out to him and to the Committee, as he pointed out to me and to the Committee, that the best estimates that I could give and that the Board of Apportionment could give were what we gave to you; and I assume that the best thought that he could give at that time was what he said here officially in the records of the minutes of the meeting of June 16, 1950.

Mr. White: Then, Mr. Superintendent, you disagree with the statement Mr. Muchnick just made in so far as the Instruction item is concerned?

Superintendent: That is right.

Mr. Muchnick: Madam Chairman, there are several statements which, while not inaccuracies, are a little off the point, it seems to me. Much reference has been made to opinions given by the assistant in the Corporation Counsel's office who gave such opinions; but when that assistant was questioned by me and also, if I remember correctly, by you, he took great pains to state that his opinions were based on the facts as they were given to him by the administration.

It has also been said here that I could have told the administration where the money was. Frankly, I am not getting either \$18,000 a year or \$10,000 a year to point out those things to them. I think in some instances that I did.

Mr. White: May I make a statement? If you are referring to the statement I just made, I do not think I used the word "administration" at all. I said "inform us," because I stayed here to be informed.

Mr. Muchnick: All right. I have no quarrel with that at all. There was some talk made by the Superintendent about the nine secretaries and the group-to-group increases and the playground teachers and evening school teachers. I think that at least some of those items were taken into consideration in that July 24th projection when we were told about the overall \$86,000 unexpended balance, assuming that no increase were given.

Then there was mention of \$39,000 of back orders. If my memory is correct, last year at this time there was \$25,000 of back orders as of the previous year. That happens every year.

Business Manager: May I correct that figure?

Chairman: Yes, you may.

Business Manager: Ordinarily, back orders will run around \$25,-

000 in the all-over budget, not in the item of Instruction.

Mr. Muchnick: How much was it in Instruction?

Business Manager: The actual back orders in Instruction were about \$14,000.

Mr. Muchnick: So there is a \$25,000 differential instead of a \$15,000 differential.

This year, it must be remembered, at the rate of approximately \$10,000 each we had three more cafeterias than we had the year before; and that had not been accounted for in the projection given by the administration, but there was always difficulty or potential difficulty, we were told, of curtailment; but the fact of the matter is that there not only wasn't any curtailment of services, but there were more services in some divisions, as Mr. McKenney told us just last night.

There was much more physical education this past year than in any previous year. More pupils are participating and more equipment is being used and everything else. Of those directors who were in here during this past week, some 7 or 8 or 10, not one director mentioned that any of the instruction that came under his or her particular jurisdiction suffered as a result of the failure to get the supplies that had been ordered and had not been delivered or had not been ordered.

Everybody said they got along and there would not have been any better education if they had the extra few dollars of supplies.

Mr. White: May I make a statement?

Mr. Muchnick: Let me finish this one point. Then, again, it must be borne in mind that these departments did not get just what they asked for by way of appropriation. Some departments which asked for \$5,000 worth of supplies got \$6,000 or \$7,000. They got more than they originally asked for. Some got less than they asked for, so that that supply figure could not have been a completely accurate figure when it was first given to us because in and among departments those transfers were made, but not one bit of harm came to our educational system.

In this talk of \$73,000 having been saved in Instruction—the figure that the Superintendent just gave—nobody has yet accounted for the \$230,000 that was actually spent on these salaries. We were told that there is \$176,000, rather, of money accounted for in the secretaries that were not appointed and the group-to-group raises, and so forth, but how about the \$230,000 plus which is still left? I can't see it, and there are many other reasons why—in addition to last year's budget, there are many things that have happened since November.

Chairman: We are very grateful to both of you. Dr. Haley, do you wish to say something?

Superintendent: I would like to say this, because I think the public ought to know this, and I think the press ought to know it. It is true that we will have an unexpended balance, according to the figure, of \$287,000.

This is what I want right on the record—and clear. A new law went into effect dealing with the use of money that comes in over the counter in cafeterias. Up to the time of that law, the money that came in over the counter in cafeterias came to the Business Manager, went to City Hall, and was recorded as income.

Business Manager: General income.

Superintendent: Yes, general income. Because of that new law, this School Department is entitled to utilize some of the money that is coming in over the counter to buy more food to sell the next day, to have more money coming in to buy more food to sell the next day, and so on. I am just trying to express it in simple terms.

If that law had not come into existence, Mr. Smith would have had to expend \$100,000 more for food than he expended in the 1950 budget.

Business Manager: Which we had appropriated.

Superintendent: And which we had appropriated—made an appropriation for—and the unexpended balance of \$287,000 in the overall would have been reduced to approximately \$187,000 in the overall. Is that a true statement?

Business Manager: That is correct.

Mr. White: And when did that bill take effect?

Business Manager: That statute took effect in the fall, Mr. White, and we had to start about the 1st of December to spend against that income in that special account at City Hall instead of spending against the appropriation that we had already made.

Mr. White: So that money was not available at the time the \$204 increase was granted?

Superintendent: That is true.

Business Manager: It was not.

Mr. Muchnick: But I think it was available as of the bill's having been passed in August.

Superintendent: May I say this, Mr. Muchnick? That was not available until Mr. Smith and the City Auditor and Mr. Stalker drew up the general plans under which the use of this fund on a sort of rotary basis could be put into effect, so we had no choice in this matter.

Mr. White: This bill was approved on July 20, 1950, and it went into effect ninety days after that. Is that right?

Mr. Downey: Yes.

Mr. Muchnick: Madam Chairman, it seems to me that the least that could have happened to that bill is that we could have been told about its passage and its potential coming into effect in July, in August when we met several times,

in September, October, or November, instead of being given all the statements about chaos and lack of availability of any funds from any portion of the budget in sufficient amounts to meet this increase, but the 1950 picture is not the only reason that I have no particular confidence in this budget.

We were given these booklets on Monday, as I remember it, for the first time when some department heads came in.

Superintendent: Excuse me—

Chairman: They were available Saturday.

Superintendent: Saturday, a week ago, too.

Mr. Muchnick: I don't think we got them.

Chairman: They were right there on the table.

Mr. Muchnick: And then Mr. Smith collected them and took them back, as I remember it.

Superintendent: Do you remember my holding them up and asking the Committee—?

Mr. Muchnick: I am perfectly willing to concede that it was available Saturday.

Business Manager: They were available beforehand.

Mr. Muchnick: And we could have studied them over the weekend, but unfortunately it would not have made the slightest bit of difference if we had them Saturday and had studied them over the weekend because the figures that are written in here in ink opposite the crossed-out printed figures were changed with almost every director when the directors were in here and I would ask how much you want to have—\$500 for supplies? and Mr. Smith would say, "No, I have changed that figure but didn't have a chance to write it into your budget."

Chairman: And he was going to give us those minor changes last Saturday if we sat quietly and patiently and listened to his changes. We were going to insert them.

Now, having completed the discussion of last year's budget, we will proceed to the 1951 question.

Mr. Muchnick: Which I am trying to discuss, Madam Chairman.

Chairman: Well, may I ask you: Are you of the opinion now that you will not go along with the recommendation of the Board of Apportionment? Three of the members here today are willing to go along with this recommendation, and we wish to state our vote accordingly.

Mr. White: I don't know, Madam Chairman, whether you can make that statement or not until the vote is taken.

Chairman: All right. I can't see much point in staying all afternoon.

Mr. Muchnick: Well, if you want to adjourn now, I am perfectly happy to have you make a motion to adjourn. I don't intend to rush into this problem or any other, frankly. I have some observations to make.

Chairman: Probably it will be some sort of a rush if it has to be in by Monday.

Mr. Muchnick: I have some observations to make which, in my opinion, are fairly important. They may not be important in your opinion or in the opinion of any other person in this city, but while they are of importance to me, I intend to make them, and I would like to make them, if I may, uninterruptedly. I find it impossible to have any confidence in a budget in which we were told from time to time did not contain the figures that were supposed to be the budget estimate when we were given these books, whether it be last Saturday or last Monday. The only figure—as a matter of fact, there was a correction made on my book within five minutes before the meeting started in the totals.

Business Manager: There was a change, Madam Chairman.

Mr. Muchnick: That is just what I mean, Mr. Smith; and it seems to me that you cannot have a budget where the total changes as of the last minute. It does not show any particular thought as far as I am concerned.

Business Manager: The changes that you listened to.

Superintendent: I am just going to say, Madam Chairman, that these are preliminary estimates and that these figures now, if accepted by the Committee, will not be the final figures accepted by the School Committee necessarily on April 1st and submitted to the Mayor as a final budget, so the words "preliminary estimates" express it.

Mr. Muchnick: I have no particular objection to being interrupted, but I would like to finish my statement.

Chairman: You had an opportunity to answer his statement, and he has an opportunity to answer yours.

Superintendent: These figures will change. They will change by action of the School Committee, and they will change in the final budget. They are preliminary estimates.

Chairman: Mr. Muchnick will please go on with his full discussion of his side of the question if he wishes to present it as a citizen.

Mr. Muchnick: I understand the meaning of the word "preliminary." I also understand the definition of the words "estimates." I learned them way back in grammar school in our own system. I got a pretty good training, and I know just what is meant.

Mr. White: I was educated in the public schools, too. I got a pretty good training, also.

Mr. Muchnick: I know just what they mean, and I know that they are subject to change; but I don't think that they are figures that should be slapped together without any real thought given to them.

These figures are going to reach the public, and the public does not know that we change them from time to time; and it seems to me that at the very least they are a moral commitment on our part.

Mr. White: Up until now, Mr. Muchnick—and please pardon this interruption—they have never been a moral commitment, to my knowledge. We have sat down with the Mayor in the last thirteen years I have been a member of this Committee after the preliminary estimates and had conferences and changed these whole preliminary estimates many times and finally came down with the budget and even changed them after the budget was passed.

Mr. Muchnick: I think that if you will check the records of the last two years, and possibly the last three years, I objected to that type of procedure because I said that at least as far as I was concerned, I considered it a moral commitment.

Mr. White: I will agree with that, knowing that you did not live up to it.

Mr. Muchnick: What you know is, of course, your own affair.

Mr. White: You made a motion on June 16th to adjust the whole budget of this department to the tune of \$204 for each teacher without waiting to see whether the money was there or not, and that proves my statement, Mr. Muchnick. However, I do not wish to get into a controversy. Go ahead.

Mr. Muchnick: Let's not.

Chairman: There will be an editorial about you if you do!

Mr. Muchnick: I don't think any real thought was given to this budget, frankly.

Superintendent: By whom?

Mr. Muchnick: I have several examples of it. When Miss Upham was here, she told us that she did not receive, to her knowledge, any help from the man whom we are paying as a nutritionist, and I heard nothing from the Superintendent or anybody else as to whether our nutritionist was doing anything else or as to whether he was doing anything.

Chairman: Didn't you deem it worthy to ask him? He reports to Dr. Keenan. He makes his reports to Dr. Keenan, and not to Miss Upham.

Mr. White: To whom does Dr. Keenan report?

Chairman: I don't know to whom Dr. Keenan reports.

Superintendent: To Dr. Gillis and to me.

Mr. White: Is Dr. Gillis a member of the Board of Superintendents, which approves these preliminary estimates?

Chairman: Why aren't these comments carried out to their conclusions?

Mr. Muchnick: I didn't ask any questions on that particular subject.

Mr. White: Well, I would like to know that answer now. I think I have a right as a member of this Committee to know.

Chairman: Dr. Maraldi is answerable to Dr. Keenan.

Mr. Muchnick: I, frankly, would like to continue without interruption; but if it has to be with interruption, I will do it that way.

Chairman: How long is your complete statement going to take?

Mr. Muchnick: From now until the time I finish.

Chairman: Then I will ask everybody to be quiet.

Mr. White: Then I will make no observation provided I can reserve the right to ask him those questions subsequent to the statement.

Mr. Muchnick: There has been nothing done, to my knowledge, on that nutrition problem, and I think that the Committee as a whole should have been told, if anything had been done. We asked several weeks ago, and then again last Saturday, for a map indicating where schools were with potential plans of consolidation. That has not been given to us as yet.

We were told that the position of Director of Extended Use was being abolished—that is, its abolishment was recommended by the Board of Superintendents—and that that position carried, I think, a maximum salary of \$6300, that the duties were going to be transferred to the Department of Evening and Summer Schools, and that—and this may sound funny but it really isn't—in the interests of economy, there would be created the position of Associate Director of the combined Department with a maximum salary of \$6500.

That to me shows, to put it mildly, not much consideration and thought for the taxpayer's money. I don't see how we can go ahead and eliminate almost completely Item C. Land and Buildings, and say that we are not going to build any new schools this year or contract for any new school this year when there is crying need, everybody agrees, in many sections of the city.

I assume, although I don't know, that there is presently in the budget some \$30,000 or \$40,000 for temporary secretarial help in the summer time. Am I correct in that, Mr. Smith, for Beacon Street and Myrtle Street?

Business Manager: It is for the whole year, Mr. Muchnick.

Mr. Muchnick: How much is spent for the summer, roughly?

Business Manager: I cannot answer that.

Mr. Muchnick: \$25,000 or \$30,000?

Business Manager: It would not run that much.

Mr. Muchnick: Well, whatever the figure may be, it seems to me that some thought should have been given to the advisability and almost the necessity of asking high school secretaries to come into Beacon Street for a few weeks in the summer instead of getting a little better than \$60 per week for ten weeks of vacation in the summer time.

There is presently going on a job study survey in the City of Boston by some people from Chicago, and they are helping to stabilize positions in the city. It seems to me that it might have been a good thought to ask those people to come in and check our system to see whether we could save any money; and I know that it may be inferred or intimated or stated plainly when I finish that I could make that motion and could have made it, and before we get through I hope to make it if nobody else does, but it seems to me that people who are giving thought to the budget should consider those things during the course of making up a budget.

There should be some consideration given as well, it seems to me, to the possibility of having our secretaries up here in a pool so that when they are not doing some work for Director "A," they can be doing it for Director "B" and save considerable money that way.

But for the life of me, I cannot understand how we can pick any kind of a budget, whether we call it a preliminary estimate or any kind of an estimate, until we settle the custodial problem. That is going to cost us varying amounts, depending on which plan is adopted. I do not know how we can go to the Mayor and say that the custodial service is going to cost \$5,000,000 or \$3,000,000 or whatever the figure may be without saying to him, "It is going to be that way because we are paying overtime in putting on 200 men or 100 men or 12 men or no men."

Now, in the interests of economy, I have two specific situations that I am going to move as soon as such motions become proper after the budget. I am going to move the closing of the Champlain School and combining it forthwith with the Oliver Wendell Holmes School, which is directly adjacent to it and has almost a common school yard. I think there is a fence separating it, as I remember it.

I also am going to move that as of the close of the school year in June, we merge Dorchester High School for Girls the Jeremiah E. Burke Roxbury Memorial for Girls, and the Boston Clerical School into, and use only, the Memorial and the Burke buildings, where there were in 1941 more pupils in the two schools than there presently are in the four schools.

Those are just a couple—a few—situations. That would result in heat and light savings. It would result in maintenance and repair savings. It would result in eliminating the appointment of many new custodians, and we could run into hundreds and hundreds of thousands of dollars of savings if we were willing to put a little thought and effort into it.

Superintendent: Have you finished, Mr. Muchnick? Madam Chairman, may I speak?

Chairman: Mr. Superintendent.

Superintendent: I would like to pick up some of Mr. Muchnick's thoughts, if I may, please. First, he said that no real thought has been given to the budget. May I ask one question—by whom, Mr. Muchnick? No real thought has been given by whom? To whom do you refer?

Mr. Muchnick: If I did not convey the intention, I intended to convey the impression it was my opinion that no real budgetary thought had been given or used by those who were charged with the responsibility of preparing the budget.

Superintendent: I see. In other words, you mean the Board of Apportionment, Mr. Muchnick?

Mr. Muchnick: And all those who helped them.

Superintendent: Yes.

Mr. Muchnick: Yes.

Superintendent: Well, I deny that emphatically, and I think that the evidence is on our side, Madam Chairman, because we have been working on this budget very, very intensively—the Board of Apportionment, the directors, and the secretaries involved—Miss O'Brien and Miss Sheehan and Miss Conway—since the 30th of September, and I will call any of them in here and they can testify to you here or testify under oath.

Mr. Muchnick spoke about the doctor in charge of nutrition and his report, and he inferred that nothing was being done about that; and, Madam Chairman, these inferences are bad, and I cannot let them go unchallenged because it leaves a wrong impression with the public, with the parents, and with the taxpayers, and that impression really is not fair to the school system, in my opinion, and so I must answer them.

On the 16th day of October, 1950, I sent the following memorandum to Dr. Gillis: "Recommendation regarding the Department of School Hygiene: In connection with the yearly reports filed by the school doctors with Dr. Keenan, are there any recommendations that you could give to me after looking over these reports which might be put into effect for the good of the Department?"

I am convinced that Dr. Gillis has those reports, that he has been studying them, and that he has been carrying out his assignment in that particular activity in every way; and I know that when Dr. Gillis can find something good in those reports, he will immediately come to me or he will put them into effect himself and perhaps tell me about them afterwards.

Mr. Muchnick: May I interrupt once?

Superintendent: Yes—and don't forget that I conceded!

Mr. Muchnick: We are even! You recall Miss Upham's saying when she was here the other day that while the inspectors of the Board of Health make visits and that those visits by them get reported to the cafeteria managers,

only on one occasion does she recall anybody's telling her that Dr. Maraldi had been through the schools. Do you recall also her saying, at least indirectly if not directly—and the records, I think, will back it up—that Dr. Maraldi's opinions on nutrition would not have any particular value to her?

Now, we are paying this man, and if he is not doing nutrition work and if his nutrition work is not going to be helpful even if he were doing it, let's have him doing something else. I do not think it is particularly good though to keep him—and I don't know what his salary is—on a salary for doing something that is not valuable to us. If he can do something else, let him do something else.

Superintendent: Are you through?

Mr. Muchnick: Yes.

Superintendent: Thank you. Now, you spoke about Miss Upham, and do you also recall, Mr. Muchnick, that she said that she did not ask her cafeteria managers to report to her whether or not Dr. Maraldi had been in the cafeterias?

Mr. Muchnick: Yes, but she also said that they reported whenever anybody came in. I think the records will show it.

Superintendent: So that Dr. Maraldi could have been in those cafeterias many times, could he not, and Miss Upham would not know it?

Mr. Muchnick: That's what I object to.

Superintendent: All right, but whether you do or not, is that true?

Mr. Muchnick: He could have been there.

Superintendent: That's right.

Mr. Muchnick: But the inference that I got pretty directly, too, was that if he had been around there, her cafeteria managers would have reported it the same as they reported the visits by the members of the Board of Health and various other agencies.

Superintendent: Do you remember, Mr. Muchnick, she said that not in response to a question that you asked her but rather as a fact? She said "he could have been in without its being reported because I don't ask my managers"?

Mr. Muchnick: Let's get the records.

Superintendent: Do you agree to that?

Mr. Muchnick: Not directly.

Superintendent: All right.

Mr. White: I would like to make one observation, if I may, at this time, Madam Chairman.

Chairman: You may.

Mr. White: I do not think it is physically possible for the Superintendent alone to check the daily routine and activities of Dr. Maraldi or any other employee in the whole system, but I submit to this Committee that there is a Board of Superintendents here who are elected at a very fine

salary either to support or object to the way the divisions assigned to them under the Superintendent are being run; and if Dr. Maraldi has not been doing his job such as you say, Mr. Muchnick—

Mr. Muchnick: I don't say it. Merely I point out what happened at the hearing.

Mr. White: Well, at least by implication you are saying so. I hesitate to get into an argument with you over the interpretation of words, but certainly if it wasn't worthy of bringing to our attention, you would not have mentioned it; and if I didn't have the right to assume that, you would not have said it.

Mr. Daley: Madam Chairman—?

Mr. White: Wait until I conclude, Mr. Daley. I am saying that if there is any other situation, it certainly should be brought to our attention and the attention of the Superintendent by the Assistant Superintendent in charge of those particular divisions because this system is too big and is so constituted that we recognize its largeness for us to hold one man directly responsible for every single item that goes wrong, especially when we are paying out \$60,000 or \$70,000 a year for his assistants.

I do not have the complaint. I never heard of this complaint before. I am sorry I was not at the meeting last Saturday, but I had a very fundamental excuse for not being here. However, I am surprised and disappointed that a director should make a statement that has such varied interpretations by both you, Mr. Muchnick, and the Superintendent.

However, there is one conclusion I draw from it. I have had no complaint from the assistant superintendent in charge, and that is the person who should be responsible; and I do not think you should be placing it all on the Superintendent, Mr. Muchnick. You should be calling it to the attention of the Assistant Superintendent in front of us, too.

Mr. Gillis: Madam Chairman, last September I wrote to Dr. Keenan and asked him for a written statement of the duties of Dr. Maraldi, and I received an answer from Dr. Keenan which satisfied me that if Dr. Maraldi carried out all that Dr. Keenan had put on that paper, he would be very busy.

I would have checked, since Mr. Muchnick and Miss Upham and myself sat here, with Dr. Keenan or Dr. Maraldi except for the fact that the holiday came, and I have had Dr. Keenan very busy in the schools checking on some of the sub-special class children, the final report of which I expect to have Monday.

I am satisfied that as set forth by Dr. Keenan, Dr. Maraldi has a full schedule to carry out.

Chairman: Mr. Gillis, do you know to whom Dr. Maraldi is responsible for any reports? Is he

responsible to Miss Upham or is he responsible to Dr. Keenan?

Mr. Gillis: No, he is responsible to Dr. Keenan.

Chairman: And at no time in any of these so-called jobs of his is he required to report to Miss Upham?

Mr. Gillis: No, he does not have to report to Miss Upham, but he is perfectly free to visit any of Miss Upham's cafeterias or any elementary school or any lunchroom.

Chairman: And as far as you know, he has been carrying out his work?

Mr. Gillis: As far as I know, he has been carrying out his assignments as given to him by Dr. Keenan, and I will be very happy to check with Dr. Keenan.

Chairman: Now let's hear from the Superintendent.

Superintendent: Much has been said for many days about a map; and, as I see it, today is not the day, but if you want it, Madame Chairman and Members, I am perfectly willing to present the map. However, here is the map that has been mentioned time and time again. We have it, and it is a part of my whole problem of the budget.

The matter of consolidations was also mentioned by Mr. Muchnick—that they become a part of the budget or part of our work. We have gone into the problem of consolidations, possible consolidations, and I have all the evidence here for you at the proper time in regard to consolidations.

Chairman: The Superintendent may continue uninterruptedly until he finishes.

Superintendent: On consolidations, we have the evidence here. If the School Committee wants to recommend consolidations, then I will put them into effect.

The third point had to do with the Director of Extended Use. Mr. Muchnick indicates that there is a conflict between what we said was economy in eliminating the position and recommending an associate director of Adult Education.

The economy is not in the director's salary one way or another, and at no time did I say that it would be in that particular feature. It is in the general overall duplication of activities in school centers under Extended Use and evening schools, some classes of which are State-aided; and it is out in the field of these classes that I said we hope there would be some economy.

Mr. Muchnick spoke about the crying need in many sections of the city for school buildings. Well, there is need, but we are anticipating that need in every section of the city as of the present.

He spoke about the custodial problem. That is something that is up to the School Committee. He spoke about the possible closing of the Oliver Wendell Holmes and the Champlain, and the merging of Dorchester High and the Burke and Memorial and the

Clerical School and using only two schools. Whenever the School Committee wants to have me and the Board discuss those matters, I will be glad to do so.

That is all. Thank you, Madam Chairman.

Chairman: Is there any further discussion of this matter? Mr. Muchnick.

Mr. Muchnick: Madam Chairman, I would like to ask this. On what page, Mr. Smith, is the Department of Extended Use in the budget?

Business Manager: On page 110.

Mr. Muchnick: Is that the whole budget for that?

Business Manager: With changes, Mr. Muchnick. It runs over to the middle of the next page. The vacancy for the Director is taken out, Mr. Muchnick.

Mr. Muchnick: And what other savings have been put in?

Business Manager: The salaries for the custodians have been taken out of this part of the budget.

Mr. Muchnick: I know, but what actual savings are being effected—what economies as shown by this budget as just indicated by the Superintendent?

Superintendent: May I answer it, Madam Chairman? They will be shown, Mr. Muchnick, in the effects of possible elimination of classes out in the school centers. Perhaps I should not call them classes. Perhaps I should say activities or clubs. We cannot show you those, Mr. Muchnick, tomorrow morning. We cannot show them to you in a month or two months, but we can show them to you, I believe, and will show them to you in the long range.

Mr. Muchnick: Well, Mr. Superintendent, wouldn't that have been possible if this position had not been eliminated?

Superintendent: Not as comfortably, and I would like to add this—

Mr. Muchnick: I don't get that at all. Why?

Superintendent: I would like to add this, Mr. Muchnick. Let's take a shop activity. Cite one in the school center, Dr. Gillis.
